THE FOUNDER'S IDEAL

“It is my conviction that the well-being of any country depends much upon the culture of her women, and I have done what I could to found a college that would provide for women thorough and liberal education, so that for them the highest motives may become clear purposes and fixed habits of life; and I desire that the instruction and influence of Converse College be always such that the students may be enabled to see clearly, decide wisely, and to act justly; and that they may learn to love God and humanity, and be faithful to truth and duty, so that their influence may be characterized by purity and power.

“It is also my desire and hope that Converse College be always truly religious, but never denominational. I believe that religion is essential to all that is purest and best in life, here and hereafter. I wish the College to be really, but liberally and tolerantly, Christian; for I believe that the revelation of God in Christ is for salvation; and I commend and commit the College to the love and guidance of God, and to the care, sympathy, and fidelity of my fellowmen.”

—Dexter Edgar Converse

THE COLLEGE

MISSION

The primary mission of Converse College, founded in 1889, is the liberal education of undergraduate women in a residential setting. Converse reaffirms the founder's original conviction that a small undergraduate residential college of the liberal arts is a uniquely powerful environment for developing the talents of women. As a community of scholars, where students and faculty pursue excellence and collaborate in the search for truth, Converse develops in students scholarly excellence, personal honor, confidence, and skills to be life-long learners. The college draws much of its character from its Christian heritage and welcomes students of all faiths. Converse expands its mission by offering graduate degrees and other programs for women and men. Ultimately, graduates embody the qualities of a Converse education as they assume roles of leadership, service, and citizenship.

THE EDUCATION OF WOMEN

Converse College believes that one of the best ways to help women realize their potential for constructive and creative living is to bring them together in small groups in which their special educational needs and expectations can receive the attention of the entire College. By emphasizing the intellectual and personal growth of each individual student, Converse seeks to prepare women for informed and responsible decision-making, reasoned and humane action, and significant and influential achievement. This goal for Converse women was first expressed by Dexter Edgar Converse, one of the founders of the College. He asked that the "instruction and influence of Converse College" enable the students "to see clearly, decide wisely, and to act justly" and that their education help them to "learn to love God and humanity, and be faithful to truth and duty, so that their influence may be characterized by purity and power."

THE FOUNDING OF THE COLLEGE

Converse College had its beginning on March 22, 1889, when thirteen of Spartanburg's leading citizens met to explore a proposal to establish a college for women. Among the men present was Dexter Edgar Converse, a pioneer in South Carolina's cotton textile industry. A native of Vermont, with a daughter of college age, he was keenly aware of the need in the South for a college for women which would provide a thorough and liberal education.

These citizens agreed to form a stock company and raise enough money through private subscription to buy the site and main building of old St. John's College. Within 18 months these goals were achieved, and on October 1, 1890, the College, named for Mr. Converse, began its first academic session.

From its opening, Converse was operated as a private stock company supported mainly by Mr. Converse. On February 25, 1896, however, the stockholders voluntarily relinquished their stock and claims upon the property and the College, by special act of the South Carolina legislature, was incorporated as a non-profit institution with a self-perpetuating board of trustees. Thus, Converse College was established as an absolute and permanent gift to the cause of higher education for women.

LOCATION

Located in the Upstate region of South Carolina, Spartanburg is a city full of exciting attractions, beautiful scenery, historically significant sites, and friendly people. As the sixth largest city in the state (population: 45,000), Spartanburg is South Carolina's melting pot, mixing Southern culture and hospitality with traditions and cultures of other countries.

Spartanburg's ideal proximity to the North Carolina mountains, the South Carolina coast, and major cities such as Atlanta and Charlotte make Spartanburg a very attractive place to live. Greenville-Spartanburg International Airport, located twenty minutes west of the city, is served by a number of major airlines.

The Converse campus is located in downtown Spartanburg on seventy landscaped acres.

ACCREDITATIONS AND AFFILIATIONS

Since its founding, Converse has become one of the leading colleges for women in the South. At the time of its admission in 1912, Converse was the only college in South Carolina that held membership in the Southern Association of Colleges and Schools. Admitted to the American Association of Colleges and Universities in 1915, Converse is a founding member of that organization. Converse College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award degrees at Level IV (Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Science, Bachelor of Music,

Master of Music, Master of Liberal Arts, Master of Arts in Teaching, Master of Education, Master in Marriage and Family Therapy, Master of Fine Arts, and Educational Specialist). Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404.679.4500 for questions about the accreditation of Converse College.

Converse was also the first South Carolina college with graduates admitted to membership in the American Association of University Women, as well as the first to have a chapter of Mortar Board, the national honor society for seniors. It is a member of the Southern University Conference and the Women's College Coalition. The Converse College Petrie School of Music is a charter member of the National Association of Schools of Music. The Music Therapy Program is accredited by the American Music Therapy Association. The College has attained NCATE accreditation for all professional education programs. In addition, the Converse program for teachers of the deaf is accredited by the Council for Exceptional Children. The Marriage and Family Therapy program is accredited by the Commission on Accreditation for Marriage and Family Therapy Education. The Art and Design programs are accredited by the National Association of Schools of Art and Design while the interior design program is accredited by the Council for Interior Design Accreditation. The documents relating to Converse College accreditation are on permanent reserve in the Mickel Library. Anyone desiring to review these documents may do so during the College's normal operating hours.

STUDENT DEVELOPMENT AND SUCCESS

Time outside the classroom is as essential to Converse student life as the hours spent in study. Students participate in organizations that provide a unique support structure within the College's environment. The offices which comprise the Division of Student Development and Success include Counseling Services, Health Services, Student Activities, Residential Life, Judicial Programs, the Julia Jones Daniels Center for Leadership and Service.

The Honor Tradition

Each student of Converse, by virtue of enrolling, is bound by, commits to abide by and strives to actively support the Honor Tradition. At the beginning of each year, during Opening Convocation, the student body affirms their commitment to the Honor Tradition. The Honor Board is comprised of faculty and students whose responsibility is

to determine, by measure of preponderance of evidence, whether a student is or is not responsible for the charges presented. The Honor Board is advised by a member of the Student Life staff who is charged with providing guidance and support to the Chair to ensure that the process is fair and follows the due process as outlined below. Ultimate authority of the Honor System and its outcomes resides with the President of the College.

Student Government

Elected by the student body, the Student Government Association ensures student self-governance. The association represents the diverse interests of the Converse community and provides a link between the student body and the College administration. The Student Senate is an instrumental part of SGA and serves as a deliberating team to evaluate, inform, discuss, research, and establish solutions to student and campus concerns. There are over 30 SGA-funded organizations that exist to involve and to serve the student body.

A yearly student activities fee includes, but is not restricted to, class dues, school calendar, yearbook, and admission to select programs and events presented by the Student Government Association and the Converse Activities Board.

Residential Life

Converse College is a residential college and views on-campus living as an integral part of the educational experience. All undergraduate students, under the age of 24, must reside in college residence halls unless they make their home with their parents/legal guardian in their permanent residence within a 35 mile radius of the college. Also, students with custodial children residing with them and/or students who are married may reside off-campus, and must submit in writing to the Dean of Community Life a request for a waiver from this policy. No married students may live in the residence halls without permission from the Dean of Community Life. Students living in college residence halls must be full-time students. Infractions of the residency requirement policy will be handled by the Dean of Community Life. Students found in violation of this policy may be charged College room and board fees.

Students living in college residence halls must be full-time students (registered for not less than 12 course credits in Fall and Spring Terms and not less than 3 course credits in January Term). Infractions of the residency requirement policy will be handled by the Dean of Community Life.

Each residence hall has a staff that is responsible for working with residents to ensure a healthy, safe living and learning environment. Full time professional Director of Residential Life and /Student Conduct, Assistant Directors of Residential Life or graduate Resident Directors staff each residence hall. Each floor is staffed with a Community Advisor who is an undergraduate student. The staff facilitates the development of a community through programming, community builders and student interactions. A member of the Residential Life Staff is on-call when the residence halls are open.

Each year, upperclassmen select rooms through a lottery within each class. Assignments for new students are based on a Roommate Preference Card. The Director of Residential Life and Student Conduct pairs each student and places the pairs in designated first year buildings. All policies and procedures governing the residence hall are in the Student Handbook.

Judicial Programs

Judicial Programs include the Honor Board, Civitas Council and the Appeals Board. These student judicial boards are comprised of students elected from each class. The Honor Board also includes Converse II representatives elected by the student body. Honor Board has jurisdiction over Honor Code violations, and Civitas Council has jurisdiction over Community Values violations. The Appeals Board is convened in the case of an appeal of a judicial decision or sanction. For a detailed description of case procedures and jurisdiction, see the Student Handbook.

Religious Life

Converse College recognizes the fact that religious and spiritual development is an important part of the educational process for many students. The college employs a full-time chaplain and charters several religious groups, led by students and local ministers from Spartanburg, to foster the spiritual growth of students.

The Chaplain's Office

The Office of the Chaplain provides programs and support to nurture the spiritual growth of Converse students, faculty and staff within their own faith traditions, and to promote awareness of various religious expressions. The Chaplain is available to students whether they come from a "churched" background, a religion other than Christianity or no faith tradition at all. Through fellowship, prayer, outreach, study and worship,

members of the Converse community can deepen their understanding of spirituality and service. This integration of personal reflection and social action leads to the fulfillment of the Converse College Founder's Ideal to "see clearly, to act justly, and be faithful to God and humanity."

Learning about different Christian denominations and other religious traditions helps students to affirm what they already believe and enables them to relate to people from diverse backgrounds with respect. The College is committed to assisting students in developing these interpersonal skills which are essential for living and working productively in our global society. This commitment stems from the Founder's Ideal, which states that Dexter Edgar Converse wished for the college to be "liberally and tolerantly Christian."

For specific information or questions about services, programs and local places of worship, students are asked to contact the Chaplain at 864.596.9078 or to visit the Chaplain's Office in the Montgomery Student Center.

Student Groups

The Interfaith Council of Converse College fosters a welcoming environment at Converse by supporting and promoting opportunities for the Converse College community to learn about and participate in a variety of religious opportunities on campus and in the surrounding community. The Interfaith Council is led by the College Chaplain, the Student Chaplain and the Associate Student Chaplain and the membership is composed of representatives from a diversity of religious perspectives both within and beyond the Christian faith.

Baptist Collegiate Ministries and UKirch provide campus ministers whose outreach includes Converse, Wofford, University of South Carolina Upstate and Spartanburg Methodist College. The Newman Club (Catholic) is led by Converse students and supported by a local parish priest. Jewish students can find fellowship and support at the B'Nai Israel Temple close to the campus. For those interested in starting your own student religious organization or Bible study, please contact the Chaplain directly.

Student Activities

The Student Activities Office serves as a resource for students and student organizations that are planning events on campus. Campus Traditions such as Big Sister/Little Sister Week, 1889 Week, and May Day are all planned with assistance from this office. Student Activities also plans

large-scale concerts, trips, weekend excursions, and social events for students. The office advises student organizations on fund-raising projects. The Converse Activities Board (CAB) sponsors a wide variety of entertainment, including dances, parties, comedians, lectures, variety performers, and weekend events.

WELLNESS CENTER

The staff at the Wellness Center believes staying healthy is critical to achieving academic success. Students can find help for stress management, nutrition, exercise, emotional concerns, medical issues, sexual responsibility, interpersonal relationships, alcohol and drug awareness, and academic concerns. The Center has two divisions: Counseling Services and Health Services. The Center is located at the rear of Andrews Hall and is open regular and posted hours Monday through Friday. A library/relaxation room is also available. Books, magazines, and audio/visual materials are available on a variety of physical and mental health subjects. Some of these materials may be checked out by students, faculty, and staff.

Counseling Services

Counseling Services provides individual and group counseling for students, as well as outreach programs and workshops designed to educate students on issues related to emotional well-being. The staff includes the Director of Counseling and Wellness, as well as a part-time counselor. Both members of the Counseling Services staff are licensed practicing counselors (LPC). Counseling Services are available Monday through Friday, and appointments are necessary except in crisis situations. Counseling sessions are available at no extra charge to traditional undergraduate boarding and commuter students. If a referral is made off campus to a local mental health professional, the cost is the responsibility of the student and/or her family. Students who frequently make appointments but do not attend without calling to cancel may be referred off-campus for any future counseling needs.

Health Services

Health Services offers an outpatient service for evaluating health problems with treatment for minor illnesses, such as sore throat, poison ivy, stomach ache, etc. and chronic health management such as asthma, birth control, high blood pressure. Health Services are available Monday through Friday, and appointments are necessary except in crisis situations. The staff includes a nurse practitioner (NP), who is contracted through Mary

Black Health System. Referrals are made to local physicians or specialists as deemed necessary by the NP. The fee for utilizing these services is included in the student's tuition. Additional fees will be charged for lab work; these fees may be paid via cash or check, or may be billed to the student's account. All students must submit a vaccination record to the Wellness Center prior to entrance.

ADMISSIONS

Converse College seeks to enroll, in its undergraduate programs, academically well-prepared students who have demonstrated potential to complete the requirements for graduation with success. Admission to Converse is based on a broad range of the applicant's academic and personal qualifications including high school or college GPA, class ranking, curriculum rigor, SAT or ACT scores, and qualitative information gleaned from extracurricular records, personal statement, teacher and guidance counselor recommendations.

Detailed information including timelines, requirements, and application forms are available from the Office of Admissions either online or on-campus. The early action deadline for submitting an application for admission for fall term is November 15, and candidates should complete their application and submit materials by this date for the fullest scholarship consideration. All admissions decisions are made on a rolling basis with candidates typically informed of a decision within two weeks of completing their application and submitting required materials.

Students are encouraged to visit the campus to meet with an admission counselor as well as Converse faculty and students. Contact the Office of Admissions to make arrangements for campus visits. Appointments are available Monday-Friday at 9:30 am and Saturday at 11:00 am by appointment, except during holiday weekends and the summer months.

SECONDARY SCHOOL PREPARATION

Applicants for admission from a secondary school should complete an academic program that prepares them to be successful at Converse. While course offerings vary among schools, students should complete at least 20 academic units including 13 of the following at a college preparatory level:

English	4
Foreign language	2
Algebra	2
Geometry	1
History	1
Social Science	1
Laboratory Science	2

Additional units should be elected from the above areas of study.

Home-schooled applicants should provide proof of enrollment in a certified program of study.

CREDENTIALS REQUIRED FOR FRESHMAN APPLICANTS

1. A completed application.
2. An official secondary school transcript at the time of application or a copy of the General Education Development (GED) transcript showing satisfactory completion.
3. An official record of scores on either the SAT or ACT test (does not need to include a writing score). Students whose first language is one other than English should submit scores from the Test of English as a Foreign Language (TOEFL). A minimum score of 550 (paper), 213 (computer), or 79-80 (Internet) is required.
4. Before registering for classes, an official secondary school transcript showing all coursework and that the student has graduated from high school.
5. International students must also submit the Declaration and Certification of Finances form. Please see below for more detailed instructions for International applicants.

CREDENTIALS REQUIRED FOR TRANSFER APPLICANTS

1. A completed application.
2. Applicants who have not completed 30 hours of college work must submit official transcripts from all colleges/universities attended and official transcripts of their high school record including SAT or ACT scores.
3. Applicants who have completed 30 or more hours of college work must submit official transcripts from all colleges/universities attended.
4. The transcript of courses taken at another college should reflect a high quality of work. No credit is transferable for work below C- grade. A 2.75 cumulative grade-point average is required for admission to a teacher education program.
5. Transfer music credits for those pursuing majors in music will remain tentative until students have taken examinations in theoretical and historical studies to determine whether equivalent standards have been met.

CREDIT BY EXAMINATION

Converse gives credit for the nationally standardized Advanced Placement Tests of the College Entrance Examination Board. Credit will usually be given for a score of 3 or better on these tests. For specific information about the relationship of these tests to required courses, contact the Associate Vice President for Academic Affairs.

In addition, Converse recognizes the International Baccalaureate program and awards credit to students who score a 4 or above on any General Level Examination. College-Level Examination Program (CLEP) credit will usually be awarded with a score of 50 or better on these tests. For specific information about the relationship of these tests to required courses you should consult the Associate Vice President for Academic Affairs.

HEALTH FORMS

Entering students are required by state law to submit a completed health form prior to enrollment in the College and may be required to show proof of certain vaccinations. These forms must be completed prior to a student attending classes. Specific information regarding these forms and requirements is available through the Office of Admissions and will be provided to students after their admission to Converse.

NON-DEGREE SEEKING ADMISSION

The Office of Admissions will consider for admission students interested in taking one or more courses at the undergraduate level who are not intending to complete a degree program of study. This includes students wishing to take courses only during summer terms, high school students who would like to concurrently enroll in college courses, or other students interested in completing specific coursework. Admission for non-degree seeking students is on a term and course basis and does not guarantee admission to a degree program. Specific application requirements, timelines, and processes can be found by contacting the Office of Admissions.

READMISSION OF FORMER STUDENTS

Students whose enrollment in a program of study at Converse is interrupted will need to apply for readmission. Students desiring to be considered for readmission should complete the application for readmission available from the Office of Admissions or on the College website.

ADMISSIONS REQUIREMENTS AND REGULATIONS FOR INTERNATIONAL STUDENTS

Converse College encourages the enrollment of students from other countries. Application processes, timeline, requirements, and materials, including the Declaration and Certification of Finances, are available on the College website.

Admission of international students is based on academic credentials and English proficiency of the candidate as well as completion of any US Federal or State requirements. Students must submit proof of financial means to study in the United States by completing the Declaration and Certification of Finances Form. Financial verification for international students is required to issue the immigration document (I-20). The I-20 is an immigration document used for the purpose of visa issuance outside the United States or for the immigration process “notification transfer” for students already in the United States.

Eligibility for admission is based on the applicant's total academic record, including grades, test results, academic courses, and overall academic performance. Converse College admission standards require the equivalent of graduation from a U.S. secondary college preparatory program and an average grade of “B” on all academic courses. Applicants who have completed university-level work overseas must have earned satisfactory grades on all such university-level work attempted and be in good standing.

Converse College requires that all international academic documents (secondary or post-secondary transcripts, mark sheets, certificates, leaving examination results, etc.) be formally evaluated by the World Education Service (WES) or Educational Credential Evaluators (ECE). WES can be contacted at www.wes.org and ECE at www.ece.org. Secondary/ High school students must request a “Document-by- document report” and college students must request a “Course-by-course report”. Students are required to pay a fee to either WES or ECE for such services. More information on evaluation services can be found on the college website and by contacting the Office of Admissions.

International applicants whose first language is not English are required to take the TOEFL (Test of English as a Foreign Language). Converse College requires a minimum score of 550 (paper), 213 (computer), or 79-80 (Internet). SAT I and ACT results must also be submitted for admission and scholarship consideration. The TOEFL requirement may be waived under certain circumstances. Contact the Office of Admissions for details.

In addition to meeting the regular admission requirements, international applicants needing a student visa (F-1) must show ability to meet financial obligations of tuition, fees, and living expenses before an I-20 can be issued. Current (less than one year old) letters of financial support must accompany the Declaration and Certification of Finances Form. Having sufficient funds for the cost of living and educational expenses is required by US Immigration regulations. Undergraduate international students with (F-1) visas are required to carry a full course load (minimum of twelve semester hours or four courses). The Declaration and Certification of Finances form is required before an I-20 can be issued.

International students on nonimmigrant visas are not eligible for state or federally-funded loans or scholarships in the United States. Limited scholarships may be available from the college based on athletic ability, talent, and academic qualifications.

Health and accident insurance is mandatory for all international students on nonimmigrant visas enrolled at Converse College. Proof of insurance is required before the student can be admitted.

Converse College provides the following services for international students:

- International Student Orientation Program
- Confidential counseling services
- Academic advising

TUITION AND FEES

The Catalog statement is considered sufficient notice of the time and terms of payment. Statements, however, are sent monthly via the my.converse.edu portal, as reminders and for the convenience of parents and guardians. All traditional undergraduate students should set their parents up for use on the parent portal. This will be the only means of seeing your billing statement. Fees must be paid promptly at the times specified.

Converse alumnae who are below the age of 24, have graduated from Converse College, and wish to pursue either a second degree, a second major, or take specific classes, such as student teaching, may do so at prevailing tuition costs for Converse II students. A student has graduated from Converse when she has a diploma. These fees are not available for students who have not completed their early commencement requirements or who are returning to Converse to take hours required for receiving a diploma.

All boarding students will maintain a damage deposit of \$100 with the Student Billing. This fee will be refunded upon the student's separation from the College after the room has been inspected and no damage noted.

Off-Campus Study-Travel Fees

Students participating in study-travel programs conducted by another institution will pay Converse the actual cost of the program plus an administrative fee (currently \$500 for Spring and Fall Terms and \$250 for Summer and January Terms). When Converse receives a bill from the other institution, Converse will bill the student the cost of the other institution's program as well as the administrative fee. Converse will remit payment to the other institution only after payment in full has been received from the student.

Students participating in a study-travel program with a Converse College professor must pay the costs of the program, in addition to normal tuition and fees. Deadlines for payment of the appropriate fees will be announced by the professor.

SPECIAL PROVISIONS

Refund of Fees

1. Only tuition and board (meal) fees are eligible for refund.
2. If a student, after registration, is dismissed from the College, she is not entitled to any refund of fees, or cancellation of any sum due and payable to the College.

All students withdrawing through the first Friday following the first day of classes for Fall or Spring will be refunded 100% of tuition and board fees, less meals and undergraduate students withdrawing through the second Friday following the first day of class will be refunded 80% of tuition and board fees, less meals, Students withdrawing through the third Friday following the first day of class will be refunded 30% of tuition and board, less meals.

All students withdrawing must file the appropriate paperwork with the appropriate officials prior to a refund being granted. Please contact the Office of the Registrar for details.

No refund will be granted to an undergraduate student who matriculates for the Fall and January Terms and elects not to register for the January Term.

Students withdrawing in January and Summer term refund dates refer to the current year academic calendar (available at www.my.converse.edu)

Students withdrawing during or after January term will be charged for the meals for the January term.

Delinquent Accounts

Until all tuition, fees, and other charges of the student are paid in full, Converse College:

1. will not provide a diploma or transcript.
2. reserves the right not to allow a student to enroll in a new term, participate in graduation exercises, or register the student's course grade on the transcript.
3. After all reasonable attempts at collecting a past due balance have failed, accounts will be referred to a collection agency. Students will be responsible for reasonable collection costs associated with such referral, including but not limited to attorney fees and court costs. Students should understand and that their financial obligation to Converse College constitutes an educational loan to assist in financing their education and, is not dischargeable under the United States Bankruptcy Court.
4. It is the student's responsibility to drop a course from your schedule and if you fail to do so you will be responsible for all tuition and fees related to the course. Please refer to the academic calendar for drop dates.

Miscellaneous

Students desiring to register for less than a full course of study should consult Student Billing for rates and terms.

Students may use their Financial Aid credit to purchase textbooks in the campus bookstore. Students with a credit will be notified by email when your book voucher is ready to use. Students may not purchase apparel, and personal toiletries using your financial aid book voucher. The bookstore is located in the Montgomery Building.

A service fee of \$20.00 is assessed each time a check is presented to the College which is subsequently returned for insufficient funds.

The College does not carry insurance on the personal belongings of students and therefore cannot be responsible to students for losses incurred by theft, fire, water, or other damage.

FINANCIAL PLANNING AND SCHOLARSHIPS

Converse has been committed to helping qualified students finance a Converse education through a combination of aid based on financial need and academic merit or talent. Alumnae, trustees, and friends of the College have been generous in their support of the excellent scholarship programs that Converse provides. We encourage prospective students and their parents to visit our website at www.converse.edu/FinancialPlanning to explore any type of aid that might be available.

To participate in federal financial aid programs, Converse is required by federal regulations to coordinate the delivery of all funds from all sources to students. Students who receive aid in addition to federal or state financial aid should report the amount and source to the Financial Planning Office.

When and How to Apply

To determine whether a student is eligible for a federal financial aid program or S.C. Tuition Grant, the student and her family must complete the Free Application for Federal Student Aid (FAFSA). The address for FAFSA on the Web is www.fafsa.gov. The student and parent (if dependent) should apply for a FSA ID (previously referred to as a PIN) prior to starting FAFSA on the Web so that the application can be signed electronically and tax information can be transferred from the IRS. Converse's Title IV school code is 003431.

How Does the Process Work

Complete and file your IRS tax return. Next, approximately two weeks after filing the IRS tax return, complete the FAFSA and include Converse's Title IV school code, 003431. For S.C. Tuition Grant purposes, it is best if you put Converse's school code as your first choice. Simplify the process by using the IRS Data Retrieval option when tax return data is requested. This saves you time and expedites the application process. After submitting the FAFSA, the student will receive a Student Aid Report (SAR), and Converse will receive the application data electronically.

If additional information is needed to complete a student's file, she will receive a letter. Items needed may also be viewed through my.converse.edu under Financial Aid and Financial Aid Document Tracking. Submit the requested information as soon as possible and make sure all documents are signed. Forms are available at my.converse.edu or on our website at www.converse.edu/FinancialPlanning.

Once the student's file is complete, she will receive an award notice. The student may also view all financial aid awards through my.converse.edu under Financial Aid and Financial Aid Awards.

Communication with Students

The majority of communications from the Financial Planning Office will be sent to the email address listed on the FAFSA and/or the Converse email account. To ensure you receive all communication from the Financial Planning Office, please remember to let us know of any mailing address or email address change. The Financial Planning Office staff is here to assist you with any questions you may have. You may call us at (864) 596-9019 or email Financial.Planning@converse.edu. Please allow one business day for a response.

Determination of Financial Need

Converse's financial aid programs assist students who have financial need as determined by the federal processor. One of the principles behind need-based aid is that students and their families should pay for educational expenses to the extent they are able. A financial need exists if the resources of the family (expected family contribution or EFC) do not meet the total cost of attending the College. The total cost of attendance (student budget) is an estimate of the total cost a student incurs as a full-time student for the nine-month academic period (fall, Jan and spring semesters). The indirect costs (the costs not paid to Converse College) may vary depending on your living arrangements, priorities

and other personal obligations. Samples of student budgets for 2015-2016 follow:

Traditional	On-Campus	With Parent	Off Campus
Tuition	\$16,500	\$16,500	\$16,500

Student Eligibility Requirements

A student must meet the following eligibility requirements to receive federal assistance:

- Be enrolled or accepted for enrollment in an eligible program, and
- Be a regular student, and
- Have a high school diploma or GED, and
- Be a U.S. citizen or an eligible non-citizen, and
- Not be a member of a religious community that directs the program of student or provides maintenance (except for unsubsidized Direct Loans), and
- Be registered with the Selective Service (males only), and
- Not be in default on a federal student loan borrowed for attendance at any institution, and
- Not have borrowed in excess of federal loan limits, and
- Not owe a repayment on a federal grant or scholarship received for attendance at any institution, and
- Maintain satisfactory academic progress, and
- Not be enrolled concurrently in an elementary or secondary school, and
- Provide a valid social security number.

Eligible Courses, Enrollment Status and Repeated Courses

Enrollment status can only consist of those courses required for graduation or as a prerequisite for courses required in the program. Audited classes will not be considered in determining a student's enrollment status. For federal aid programs only, once a student has completed a course two times, that course cannot count in the enrollment status. The amount in the original award notification is

based on full-time enrollment. A student who is not full-time will have her award reduced based on the actual number of credit hours enrolled. Students who are not full-time do not pay as much for tuition and fees. A student's enrollment status is determined through the census date of each semester. Adjustments, including complete withdrawal of aid, are made based on the enrollment status through the census date.

For Converse II students: Effective for the 2015-2016 academic year, if you enroll during the Jan 2016 semester, the credit hours you take will be added to any spring 2016 credit hours to determine your enrollment status for the spring 2016 semester. Any anticipated aid you have for spring 2016 can be used to cover your costs for the Jan 2016 semester, and any resulting credit balance will be disbursed for the spring 2016 semester.

All the terms in a summer semester are combined to determine the enrollment status for the summer semester. Full-time status consists of enrollment in a minimum of 12 credit hours. Three-quarter time status consists of enrollment in 9 to 11 credit hours. Half-time status consists of enrollment in 6 to 8 credit hours. Less than half-time status is enrollment in 1 to 5 credit hours.

How a Student Receives Assistance

A student who applies in time and is eligible can use financial aid award(s) (excluding Federal Work-Study, FWS) to pay tuition and fees and to make book purchases. A student may request to "opt out" of purchasing books with a book voucher at Converse and may request an allowance to purchase books and supplies elsewhere by submitting to

Student Billing a Request to Opt Out form by the first day of class for each semester the student wishes to use an allowance. Funds available after direct costs have been paid will be disbursed by the Student Billing Office. All financial aid awards are considered estimated or anticipated until aid disburses to student accounts in the Converse Student Billing Office.

Students who receive a Federal Work-Study (FWS) award and obtain employment through this program are paid once a month.

Transferring

Financial aid awards cannot be transferred from one college to another. Students must have the results of the FAFSA released to the new college.

Students transferring to Converse College must request a duplicate Student Aid Report (SAR) if the results of the FAFSA have not been released to Converse. Converse's Title IV school code is 003431. It is the student's responsibility to notify the Financial Planning Office of prior attendance at another post-secondary school.

Summer Aid

Financial aid for summer is available to those students who qualify and will be awarded separately from the fall and spring semesters. Students do not have to complete another FAFSA just for summer if they have already applied for the previous award year. If a student begins classes during a summer semester, she must complete the FAFSA for the current award year and complete the FAFSA for the next award year which begins with the fall semester. To be considered for aid during a summer semester, the student must complete a *Summer Application for Financial Aid*.

Summer funding is limited and not all funds are available during the summer. Federal Pell Grant is only available if a student has not been enrolled full time during the previous fall and spring semesters. S.C. Tuition Grant cannot be awarded for the summer semester. If during the previous fall and spring semesters the student borrowed the annual loan limit, she will not have any Direct Loan eligibility.

Satisfactory Academic Progress (SAP)

Students receiving financial assistance through a federal program or S.C. Tuition Grant must be making satisfactory academic progress toward a degree. The Financial Planning Office must monitor the progress of all students to ensure that they are making satisfactory progress toward completion of their program in a reasonable period

of time. This policy is in addition to the academic standards required by the College. The cumulative review determines the student's eligibility for financial assistance based on her academic history. Whether the student has received financial assistance previously is not a factor in determining eligibility. A student's SAP status will be evaluated each year when the initial Free Application for Federal Student Aid (FAFSA) is received and then at the end of an academic year (after spring semester grades are posted) in which the student attended.

Qualitative Standard (Completion Rate and Grade Point Average)

- For undergraduate students, the minimum completion rate requires a student to earn at least 67% of the cumulative credit hours attempted.
- Courses with grades of F, W and I are not considered completed courses.
- Undergraduate students are required to maintain a minimum cumulative grade point average as defined below:

1-24 hours attempted	1.50 GPA
25-56 hours attempted	1.75 GPA
> 57 hours attempted	2.00 GPA
- Students are placed on financial aid suspension if the completion rate and/or the cumulative GPA fall below the minimum requirements. To reestablish eligibility, a student must have an approved appeal and be placed on financial aid probation. (See Appeals below.)

Quantitative Standard (Length of Eligibility)

- Students may receive financial aid for 150% of the published length of the program of study.
- Undergraduate students who have attempted 180 hours or more will be placed on financial aid suspension.
- Transfer hours are added to the total hours attempted at Converse to assess the length of eligibility.
- A student may repeat a course, but repetitions will count toward the length of eligibility.
- A student who completes the academic requirements for a program but does not yet have the degree is not eligible for additional financial aid funds for that program.
- Once the maximum number of hours is attempted, a student is placed on financial aid suspension.
- To reestablish eligibility, a student must have an approved appeal and be placed on financial aid probation. (See Appeals below.)

Appeals

- Appeals for suspension of financial aid are reviewed by the Financial Aid Appeals Committee.
- The number of appeals will be limited to two (2) per student and forms may be obtained from the Financial Planning Office.
- Appeals must include an academic plan signed by the Director of Student Development and Success detailing the requirements the student must meet to ensure SAP standards are met by a specific time or to ensure the student graduates. Appeals for length of eligibility should include the remaining classes needed to graduate and an anticipated graduation date.
- Appeals also must include an explanation from the student of why satisfactory progress was not made and what has changed that will make it possible to meet standards. Examples of acceptable extenuating circumstances include prolonged hospitalization during the academic year, death in the family during the academic year, change in work hours that conflicted with the class schedule during the academic year or other extenuating circumstances directly affecting academic performance.
- If the Committee determines that justifiable evidence of extenuating circumstances exists, a student may receive an extension of financial aid eligibility and be placed on financial aid probation.

Financial Aid Probation

- During the probationary period, a student must take at least 6 credit hours, complete 100% of the attempted hours, have at least a 2.0 term GPA and follow the academic plan. If a student does not meet these stipulations, she will be placed on financial aid suspension. (See Suspension for Failing to Meet Probationary Stipulations below.)
- If a student meets the probationary stipulations but has a minimum cumulative GPA or a completion rate that does not meet minimum requirements, she will remain on financial aid probation and must continue to meet probationary stipulations and follow the academic plan.
- If a student meets the probationary stipulations, has a minimum cumulative GPA and a completion rate that meets minimum requirements and has not attempted 150% of the hours required to graduate, she will be removed from financial aid probation and must continue to meet the SAP policy.

Suspension for Failing to

Meet Probationary Stipulations

- To reestablish eligibility a student must submit and have an approved appeal **after** completing a semester at Converse College without financial assistance. During the semester attended without financial assistance, a student must take at least 6 credit hours, complete 100% of the attempted hours and have at least a 2.0 term GPA.
- Exceptions to this policy will only be allowed if the student encountered some type of extenuating circumstance during the probationary period that hindered her from meeting the stipulations.
- Examples of acceptable extenuating circumstances include: prolonged hospitalization during the probationary period, death in the family during the probationary period, change in work hours that conflicted with the class schedule during the probationary period or other extenuating circumstances directly affecting academic performance. Because a student is aware prior to the probationary period that she must meet the stipulations, extenuating circumstances do not include being a single parent or working full-time while attending school.
- Students are advised to solve difficulties prior to registering for a probationary period.

Federal Sources of Financial Aid

Funding for programs is contingent on federal approval. These guidelines may not be inclusive of all eligibility criteria and are subject to change. To apply you must complete the Free Application for Federal Student Aid.

Federal Pell Grant (PELL)

The Federal Pell Grant does not have to be repaid and is a program for students who have not previously earned a baccalaureate degree. Pell Grant is considered the foundation of federal financial aid to which aid from other federal and non-federal sources might be added.

A student can only receive the Pell Grant for up to 12 full-time semesters. Students can track their remaining Pell Grant eligibility on NSLDS at www.nsls.ed.gov or on the Student Aid Report.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant is a program from which students may obtain up to \$4,000 each year depending on their financial need, the availability of FSEOG funds at Converse and the amount of other aid received.

Federal Work Study Program (FWS)

The Federal Work Study Program is a federal student aid program that provides part-time jobs for eligible students. Interested students must complete the Free Application for Federal Student Aid (FAFSA) and a Student Employment Application.

Federal Direct Loans

The Federal Direct Loan is a low interest loan made by the U.S. Department of Education. To determine eligibility, a student must complete a FAFSA and the College's financial aid process.

A **Subsidized** Direct Loan is awarded on the basis of financial need. No interest payments are required before repayment begins or during an authorized period of deferment. The federal government "subsidizes" the loan during these periods by paying the interest for the student.

An **Unsubsidized** Direct Loan is not awarded on the basis of financial need. The student will be charged interest from the time the loan is disbursed until it is paid in full. If interest is allowed to accumulate, it will be capitalized which means the interest will be added to the principal amount. Then interest will be charged based on this higher amount. Capitalization will increase the amount that must be repaid. If the student chooses to pay the interest as it accumulates, loan payments will cost less.

A student must be enrolled in at least 6 credit hours each semester. Repayment begins six months after graduating or dropping below half-time enrollment. This six month period is referred to as a grace period.

The Financial Planning Office will counsel students as to the types of loans for which they are eligible and as to the amount they may borrow. Before a loan is available, the student must complete an online entrance loan counseling session and sign a Master Promissory Note (MPN).

Federal Direct Parent Loan for Undergraduate Students (PLUS)

The PLUS loan is available to parents of dependent students, and eligibility is determined by a credit check. The parent must be the student's biological or adoptive parent or the student's stepparent if the biological or adoptive parent has remarried at the time of application. Payments vary based upon the amount borrowed and the interest rate in effect. The amount you can borrow cannot exceed the cost of attendance less other aid awarded.

Teacher Education Assistance for College and Higher Education Grant Program (TEACH)

The TEACH Grant Program provides grants to students who intend to teach full-time in high-need subject areas at a public elementary or secondary school that serves students from low-income families. In exchange for receiving a TEACH Grant, the student must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. The student must also teach at least four academic years within eight calendar years of completing the program of study for which you received a TEACH Grant. If the student fails to fulfill this obligation, all amounts of the TEACH Grant received will be converted to a Federal Direct Unsubsidized Loan. Interest will be charged from the date the original grant was disbursed, and the student must repay this loan to the U.S. Department of Education.

Sources of Financial Aid from the State of South Carolina

Funding for programs is contingent on state approval. These guidelines may not be inclusive of all eligibility criteria and are subject to change.

S.C. Tuition Grant Program (SCTG)

This program is a need-based grant program for S.C. residents who attend one of the 21 in-state private colleges or universities on a full-time basis. To qualify, the student must meet the academic criteria of the program: rank in the upper 75% of the high school class, score 900 on the SAT (19 on the ACT) or graduate from a S.C. high school with a minimum 2.0 GPA on the S.C. Uniform Grading Scale. The student must also show need as determined by filing the Free Application for Federal Student Aid (FAFSA). For continued eligibility, a student must meet the federal satisfactory academic progress policy and earn at least 24 credit hours during the previous academic year. The deadline for applying is June 30th for the following academic year.

S.C. Palmetto Fellows Scholarship (Palmetto Fellow)

This scholarship is awarded by the South Carolina Commission on Higher Education to academically outstanding South Carolina students who attend an in-state college or university full-time. Need is not a factor; however, the student must meet the academic criteria of the program and apply by the deadline dates (usually December 15th and June 15th) of her senior year. Additional information and applications are available through the high school guidance office or at www.che.sc.gov.

S.C. LIFE Scholarship (LIFE)

This scholarship is available to South Carolina students who attend an in-state college or university full-time. Students must meet two of three criteria: (1) score a minimum of 1100 on the SAT (24 ACT), (2) have a minimum 3.0 GPA on the S.C. Uniform Grading Scale or (3) rank in the top 30% of their high school graduating class. The student's final, official high school transcript must reflect a calculation date that falls between graduation and June 15th. For additional information visit www.che.sc.gov.

S.C. HOPE Scholarship (HOPE)

This scholarship is available to South Carolina students who do not meet the criteria for the LIFE Scholarship but who graduate from high school with a minimum 3.0 GPA on the S.C. Uniform Grading Scale. The HOPE Scholarship is awarded for the freshman year only, and the student must attend full-time. For additional information visit www.che.sc.gov.

S.C. Teachers Loan Program (SCTL)

This loan is available to South Carolina students who plan to teach in the public sector in South Carolina upon graduation from college. Students must meet the academic criteria of the program, and financial need is not a factor. For additional information visit www.scstudentloan.org.

Veterans Educational Benefits

Eligible veterans can receive assistance by applying for education benefits through Converse's VA Certifying Official in the Financial Planning Office. The U.S. Department of Veteran Affairs is the only agency that can determine eligibility for and award this benefit. To determine eligibility, call the VA Regional Office at (888-442-4551), then contact the Financial Planning Office to obtain the appropriate forms for certification.

The following is a synopsis of Veterans Assistance (VA) Program Chapters.

Chapter 30 The Montgomery G.I. Bill. This program provides educational benefits to individuals entering military service after June 30, 1985. A form DD 214 Member 4 is required.

Chapter 31 Vocational Rehabilitation for Service-Disabled Veterans. This program is for individuals who have a compensable service connected disability and the U.S. Department of Veteran Affairs determines that training and rehabilitation services are needed to overcome an employment handicap.

Chapter 35 Dependents Educational Assistance Program. This program is for dependents (spouse or children) of individuals who die or are permanently disabled from service connected causes.

Chapter 1606 Montgomery G.I. Bill-Selected Reserve. This program is available to members of the Selected Reserve, including the National Guard. A form DD 2384 (NOBE) is required.

Chapter 1607 Reserve Educational Assistance Program. This program is available to members of a reserve component who serve on active duty on or after September 11, 2001, for a contingency operation. A form DD 214 or a copy of the orders is required.

Chapter 33 Post 9/11 Veterans Education Assistance Act of 2008. To be eligible, the service member or veteran must have served at least 90 aggregate days on active duty after September 10, 2001. A form DD 214 or a copy of orders is required.

Academic Requirements

A student receiving VA benefits is required to maintain the same academic progress standards to be considered in "good standing" by the College. See Academic Progress Standards in this Catalog. A student receiving VA benefits who is academically disqualified and subsequently relieved by the Vice President of Academic Affairs and allowed to register for classes must have documentation that the student has a reasonable likelihood to maintain satisfactory attendance, progress and conduct in the future. This documentation is used to support a statement required to be submitted with the re-certification of enrollment to VA.

Address Changes

VA students must notify the Certifying Official of any address change by completing the address change form.

Advanced Payment Request

VA students should be prepared to pay tuition, fee, book and supply expenses when due; however, you may request advanced payment of the first VA benefit check. To qualify for advanced payment, the VA student must have been out of school for at least a full calendar month, completed the admissions process at Converse and completed a VA advanced payment application at least 45 days prior to the first day of class. The Department of Veterans Affairs mails the check to the College for disbursement. VA students must complete the registration process, including fee payment, before receiving the advanced payment check.

Class Attendance

VA students must adhere to the attendance policy established by the College. VA students who accrue more than the allowable number of absences will have VA benefits terminated.

Drops and Withdrawals

VA students must report course drops or a term withdrawal to the Certifying Official. To ensure timely notification to VA, reports will be run monthly to identify VA students who have dropped courses or withdrawn from the term. At the end of each semester, VA students who earn a grade of “F” are reported to VA with the last date of attendance.

Eligible Courses

VA students may receive benefits only for those courses that are required for graduation or are a prerequisite for courses required in the program of study. When additional courses beyond the courses required for graduation are needed to overcome a grade point deficiency, the additional courses may be approved with required documentation outlined in VA regulations.

Internet/Online, Hybrid and Video Courses

Converse offers a variety of course delivery methods. Non-traditional course delivery methods are listed in the course schedule and on the College’s web site. Converse expects students to participate in all instructional activities since these courses are comparable to resident (traditional classroom) courses. Converse requires that each course offered in one of these non-traditional formats meets prescribed academic standards.

Each course delivery method must include:

- a provision for an assigned instructor;
- a provision for instructor-student interaction on at least a weekly basis and a stipulation that this interaction is a regular part of the course program;
- a statement that appropriate assignments are required for completion of the course;
- a grading system similar to the system used for resident (traditional classroom) courses;
- a schedule of time required for the course that demonstrates that the student will spend at least as much time in preparation and training as is normally required for resident (traditional classroom) courses.

Non-punitive Grades/Mitigating Circumstances

Regulations prohibit payment of VA benefits for a course from which the student withdraws. Unless the student submits to VA documentation of mitigating circumstances, the student must repay to VA all the money paid to him or her for the pursuit of that course from the start of the term - not just from the date she dropped the course.

Prior Credit

VA students who have attended another college must submit all collegiate transcripts to the Converse Admissions Office for evaluation even if transfer credit is not requested.

Program Changes

VA students who change programs must complete a change of program form in the Financial Planning Office. Credit hours earned that fulfill requirements in the new program must be transferred as required by regulations.

Repeated Courses

There is no limit on the number of times a course may be repeated for which a failing grade (or a grade which does not meet the minimum requirements for graduation) was received as long as the grade assigned to the repeated course at the end of the term is punitive.

Tutorial Assistance for Veterans

VA students may receive monetary assistance from the VA to pay for a tutor if one is required.

South Carolina National Guard College Assistance Program (NGCAP)

This program was established to provide financial assistance to members of the South Carolina Army and Air National Guard. NGCAP covers the cost of attendance as defined by federal regulations up to a maximum amount each award year. The maximum amount will be determined annually by the S.C. Commission on Higher Education (CHE). Students who have earned a bachelor’s or graduate degree are not eligible. To qualify, the student must be in good standing with the active National Guard at the beginning of each academic year and remain a member in good standing throughout the entire academic year, maintain satisfactory academic progress, be a U.S. citizen or a legal permanent resident and satisfy additional eligibility requirements as may be promulgated by CHE. The S.C. National Guard is responsible for providing a list of all eligible Guard members to CHE which will in turn notify the College. To be awarded, the student must be on the list from CHE.

ENDOWED ACADEMIC SCHOLARSHIPS

Converse College awards merit based scholarships to well qualified candidates both at the time of admission and at various points throughout the admissions process. Scholarships may be offered based solely on a candidate’s individual academic accomplishments or through a competitive process.

All academic scholarships are made possible by the generous gifts of supporters of the college to endowed and annual funds. Students who receive endowed academic scholarships will be notified prior to classes which donor(s) made their funding possible.

ENDOWED TALENT-BASED SCHOLARSHIPS

Converse appreciates the diverse set of talents students bring along with their academic achievements. Endowed talent based scholarships may be available to those students who qualify through their involvement in particular programs and through auditions, portfolio reviews, or performance evaluations.

Petrie School of Music Scholarships

Awards are given to incoming students who show exceptional promise as musicians. Students must be planning to major in music or double major in music and another field. An audition is required in order to be considered for scholarship aid.

Visual Arts Scholarships

Awarded to qualified students majoring in studio art, interior design, art history, art education, or art therapy. Students must complete a portfolio review. Interested students should contact the Art Department at 864.596.9181 to request an application form and portfolio requirements.

Theatre and Musical Theatre Scholarships

Awarded to qualified students majoring in theatre or musical theatre. Students must complete an audition portfolio review. An audition is required in order to be considered for scholarship aid.

Athletic Scholarships

These scholarships are offered by the Converse Athletic Department to qualified students eligible for participation in an NCAA sport or IHSA equestrian riding. Interested students should contact the coach of their individual sport or the Athletic Department at 864.577.2050.

ACADEMIC LIFE

THE CURRICULUM

To prepare students for full participation in their society, Converse College offers a coherent academic program that encompasses a variety of educational experiences. All students complete a sequence of general education courses, which provide instruction in language and writing, analysis and problem solving, and physical coordination. Furthermore, they develop knowledge, understanding, and appreciation of the various disciplines of the liberal arts to which they are introduced. All students also complete either a double major, a major and a minor, or a single major. Students concentrate on these areas of study in the last two years of their college work. Students may choose majors from the disciplines within the liberal arts or from career-related areas that have their foundations in one or more of these disciplines.

An outstanding feature of the Converse curriculum is the double major, which most students have the opportunity to complete in the regular four-year academic program. In a double major, students may choose two subjects within the liberal arts or may choose a traditional discipline and a career-related program. Thus, students interested in an area directly related to career preparation also have the opportunity to study one of the liberal arts subjects in depth, and students interested in more than one of these liberal arts subjects have a structure whereby they may pursue sophisticated and specialized work within two of these disciplines.

THE MICKEL LIBRARY

The Mickel Library holds more than 200,000 books, scores, music CDs, DVDs, microforms, and archival materials. It currently provides access to a variety of online databases, including 39,500 journals in full text, reference works, and 230,000 ebooks. These resources are available to students and faculty 24 hours a day.

Seating more than 200 users and generally open 85 hours a week, the library provides reference service to help students with research assignments, an interlibrary loan department to obtain materials from other libraries, and direct borrowing privileges at the libraries of other colleges and universities in South Carolina.

Computers and Wi-Fi access within the library enable students not only to search the catalog, other online resources, and the open Internet,

but to use software applications such as Microsoft Word and Excel. Notable sections within the library include a separate music library and a curriculum resources center.

THE ACADEMIC CALENDAR

The academic year is divided into three terms: Fall, January, and Spring Terms. The Fall and Spring Terms are approximately 13.5 weeks in length and the January Term is twenty instructional days. Students normally enroll in 12 to 16 hours in the Fall and Spring Terms and 3 to 5 hours in the January Term. Students must enroll in an adequate number of hours to make satisfactory progress toward a degree and for financial aid purposes.

The January Term enables students to engage in internships, participate in a study/travel program, devote the term to an intensive study of a single subject, or, if they prefer, enroll in the regular courses of the curriculum, which are provided in adequate number and variety.

THE CONVERSE II EXPERIENCE

Through Converse II, women ages 24 and older may enter or return to college to complete undergraduate degrees, earn second undergraduate degrees, or enrich themselves personally or professionally. Converse II students are fully integrated and receive the same high-quality education as our traditional undergraduate students. Outstanding features of the program are a reduced tuition rate, simplified application procedure, no SAT or entrance test scores required, career counseling, and individualized academic advisement. The Converse II experience is an integral part of Converse College—the teaching faculty and academic requirements for the degree are the same for both traditional-aged and Converse II students.

Any woman who is a high school graduate or has obtained a GED and who is at least 24 years old, or has her 24th birthday within the semester for which admission is requested, is eligible to apply. Steps in the application process include submitting an application and fee, submitting official high school and all official college transcripts, and having a personal interview with the Director of Converse II.

Each admitted applicant is assigned one of three classifications:

1. Degree Seeking candidate (including Second degree seeking candidate)

2. Non-degree Seeking candidate
3. Provisional candidate
(degree candidate)

Degree candidates may be full-time or part-time and may enroll in any major course of study, subject to departmental criteria. There are no time limits on graduation, but the student must maintain the academic standards set forth in the "Academic Regulations" section of the Student Handbook and in this catalog. Non-degree seeking candidates may take courses for credit without completing the full admission process. Provisional students are those applicants whose high school record is below that of students who are usually accepted, and those who have college work with a GPA below 2.5. Women being considered for provisional status must show maturity and motivation that would indicate potential for success at Converse. Once accepted into Converse II, women may, with departmental approval, enroll in any of the courses and degree programs available at the College. When Converse II students complete at least 60 semester hours of work at Converse, they may graduate "with honors" when grade point ratios are 3.5 or above. Academic regulations are the same for Converse II students as for other students, **and it is the student's responsibility to know and fulfill curriculum requirements.**

Converse II students are eligible to apply for federal and state grants as well as a variety of loan programs. Certain restrictions apply to students receiving financial assistance such as a minimum number of credit hours enrolled per semester and classification as a full degree candidate. For fees and financial assistance see "Fees and Financial Assistance" section in the Undergraduate Catalog.

Readmission of Former Converse II Students

A student whose enrollment at the College has been interrupted for two or more consecutive sessions is not automatically readmitted. Students desiring to be considered for readmission should complete the application for readmission (available from the Office of Converse II or on the College website). The Office of Converse II will notify the student regarding eligibility for readmission or registration.

CAREER AND PRE-PROFESSIONAL PROGRAMS

The faculty of Converse College believes that studies in the liberal arts provide the best preparation for career and pre-professional training. In addition, the College offers majors in selected career-related areas and a number of programs that provide the foundations for particular occupations. These

programs are not intended to be substitutes for technical education or for graduate professional training. Rather, they provide introduction to the essential knowledge and basic skills of the vocation.

These programs are offered in the conviction that the liberal arts provide the most practical preparation for all of life. The programs, therefore, consist of a set of liberal arts courses, which are organized in a sequence or pattern having relevance to a recognized occupation or vocation.

To enrich these programs, as well as the career-related majors, most departments offer internships in which students earn academic credit for study and work at a business, a government office, a service agency, or another organization within the profession. Many of the internships are offered in locations other than Spartanburg. Since the studies in the classroom are primarily theoretical, the internship brings theory and practice together, thereby enriching the educational process.

These programs are described in the Career and Pre-Professional section of this Catalog.

THE CENTER FOR PROFESSIONAL DEVELOPMENT

The Center for Professional Development is located in the Montgomery Student Center and can be reached at 596.9614. The Center serves to advance Converse students toward success in academic, personal and professional areas.

The staff strives to offer services, programs and opportunities for students to create networks for professional learning and growth. The staff of the Center works to meet the needs of all Converse students wherever they are in their academic and personal development journey. See the Student Handbook for the support services that are offered.

Internships

Internships, work experiences which earn academic credit under the direction of a faculty member, are extremely valuable for career decision-making and in providing career related experience. Internships must be arranged with the student's faculty advisor and the personnel in the Center. In order to arrange for an internship, a student must make an appointment with the appropriate Center personnel.

Prior to being placed in an internship, a student must meet departmental requirements and be approved by the appropriate departmental faculty advisor. The faculty advisor assumes the responsibility of determining the student's eligibility and awarding academic credit.

Although every attempt will be made to locate an internship for each eligible student, Converse College does not guarantee placement. A listing of agencies providing internships is maintained in Center.

Students typically earn one credit hour for every 40 hours worked at the internship site. At the end of the internship, each student will be evaluated by the site supervisor. In turn, the student will evaluate the placement in terms of its educational value.

Most internships are not paid. Transportation costs and expenses of a personal nature are borne by the student.

Academic Regulations for Internships

Internships are limited to sophomores, juniors and seniors who have a 2.0 cumulative GPA at the time of application and who have completed at least 12 credit hours at Converse College prior to approval. Individual departments may require additional requirements and prerequisites.

All internships are graded on a pass/fail basis. A student may apply a maximum of 12 credit hours of internship credit toward graduation.

PROGRAMS FOR STUDY ABROAD

January Term Travel

Converse offers a number of unique opportunities during the January Term for off-campus study. These programs, which are designed and led by Converse faculty, are often interdisciplinary and provide students with the opportunity to earn general education, major, minor, or elective credit. Course offerings vary from year to year and have included travel to various destinations in Europe as well as South and Central America. Recent examples include a trip to Argentina for Spanish or music credit, a trip to England for theatre or English credit, Spain for interior design or Spanish credit, and Germany/Amsterdam to study German or philosophy. In addition to international study during the January Term, Converse also will occasionally offer students the opportunity to travel domestically for academic credit. These courses are also designed and led by Converse faculty and have included travel to Florida, New York City, and the Southwest.

Iceland

Converse has an exchange agreement with the University of Iceland, a European university with an extensive selection of courses taught in English. The agreement allows a Converse student with a strong academic record to study at the university and pay no additional tuition beyond the student's regular tuition and fees paid to Converse.

Participants pay only living expenses while abroad. A special Converse scholarship pays for the round-trip airfare between the United States and Iceland. For further information see the Director of International Studies.

Scotland

Through an invitation to participate in the selective Principia Consortium, students in the Converse Nisbet Honors Program are eligible for consideration for a special honors study abroad experience at the University of Glasgow, Scotland. The Scotland program is offered in the fall semester.

Other Opportunities

Arrangements can be made for students to study abroad for a semester, an academic year, or during the summers in other countries throughout the world. Recently Converse students have spent semesters in Spain, Italy, Ireland, and on the Semester at Sea program. Students interested in studying abroad for a semester or an entire academic year are encouraged to start planning for this opportunity as early as possible in consultation with their academic advisor(s) and the Director of International Studies. The Director of International Studies will work with students to select an appropriate program based on academics, time frame, and other considerations such as cost and housing arrangements. In many instances, it is possible to establish consortium agreements with other institutions so that grades and credits are recorded as if the courses had been taken at Converse. In other cases, grades will be recorded as transfer credits.

Study Abroad Scholarships

Converse provides scholarship opportunities to support study abroad. All students may apply for a Chapman scholarship, which honors alumna Anne Morrison Chapman. Chapman awards can be applied to either a January Term course or a semester/year abroad. Online applications open in March and are due before Spring Break. Scholarship amounts vary depending on the number of applicants and the cost of the trip.

Students majoring in interior design are eligible to apply for the Caughman scholarship, which honors alumna Pamela Caughman. Preference may be given to students with financial need.

Students majoring in English are eligible to apply for the Morgan scholarship, which honors Professor Charles Morgan. Preference is given to students participating in Converse travel experiences, particularly those for English credit, and for those students demonstrating financial need.

Students are encouraged to contact the Director of International Studies to learn more about study opportunities abroad or visit the Study Travel section of the Converse website.

ACADEMIC ADVISEMENT

The Converse College advising program provides academic guidance to students from their entrance until their graduation. Freshman Advisers help students adjust to college life, guide their choice of academic programs, and assist in the development of their talents and goals. Advisers schedule conferences with students at regular intervals, but are available for consultation at any time. While it is possible to declare a major upon entering Converse, each student is assigned a Freshman Adviser for her first fall term. If the student declares a major upon entering she may switch to her major adviser during the advisement period for January and Spring terms. If the student does not declare a major upon entering she may do so at any time, switching during for January and Spring terms advisement period or after.

Declaring a major means that the student transfers to a major adviser in a particular academic department for advice in a specific program of study. Students choosing double majors are assigned advisers in both academic areas, and should regularly consult **BOTH** advisers. Students should complete plans for the major(s) and/or a minor no later than the spring of the sophomore year, but preferably sooner.

WRITING CENTER

Located on the second floor of the library in Suite 204, the Writing Center provides assistance to all students seeking to build their writing skills. The Writing Center is dedicated to providing academic support to the needs of student writers across the curriculum. In addition, any student who wishes to enhance her skills, independent of specific coursework, or have a friendly reader for her newest poem, essay or story, can find assistance in the center.

The Writing Center offers assistance with learning pre-writing strategies, understanding the writing process, developing a thesis, strengthening the focus of a paper, including supporting details, creating effective introductions, recognizing strengths and needs, and increasing understanding of proper grammar.

The Writing Center provides students with one-on-one tutoring, small group workshops focusing on specific writing topics, reference books, handbooks, and English as a second language assistance. While

the Center cannot provide a proofreading/editing service or a guarantee of better grades, it will serve as a caring and concerned trial audience for what students have written.

THE NISBET HONORS PROGRAM

Although Converse has offered some honors courses in the past, the Nisbet Honors Program began in 2000 when Converse alumna Marian McGowan Nisbet '62 and her husband Olin established an endowment to support a full Honors Program. The Nisbet Honors program seeks to offer the academically gifted student the challenge and community in which she may grow to her full potential. The Honors Program includes opportunities to do independent research with faculty mentors, to take honors courses with other academically gifted students, to meet nationally known visiting scholars, to receive funding for study-travel, and to meet socially to discuss intellectually challenging topics. For further information concerning the requirements of the Nisbet Honors Program, refer to the academic department section of the Undergraduate Catalog.

ACADEMIC HONORS

Honors at Entrance

Students who because of their academic record in high school and their test scores receive named scholarships are awarded honors at entrance.

Class Honors

The three students with the highest average in each of the returning classes are designated annually as Class Honor Students based on the previous year's GPA.

Dean's List

Eligibility for the Dean's List, prepared at the end of each Fall and Spring Term, is based on the following criteria:

1. The student must be full-time.
2. The student must have no incomplete grades in that term.
3. First year freshman must have a 3.4 GPA in that term.
4. All other full-time students must have a 3.6 GPA in that term.

Students graduate with "academic distinction" from Converse according to the following criteria:

1. *cum laude*, GPA of 3.5 but less than 3.75.
2. *magna cum laude*, GPA of 3.75 but less than 3.90.
3. *summa cum laude*, GPA of 3.90 and above.

These standards refer to the Converse grade point average. To qualify, a student must have a minimum of 60 hours of work at Converse or in Converse programs.

Other honors accorded graduating seniors include the Elford C. Morgan and the Pi Kappa Lambda Awards for the highest cumulative average earned, respectively, by a student in the disciplines of arts and sciences and a student in The Petrie School of Music.

HONORARY ORGANIZATIONS

Alpha Lambda Delta

Alpha Lambda Delta is a national honor society for the recognition of high academic achievements in the freshman year. To be eligible for Alpha Lambda Delta, the student must have a cumulative average of not less than 3.5 and carry a full class load through the January Term of the freshman year.

Alpha Psi Omega

Alpha Psi Omega is a national honorary fraternity in Theatre Art. Candidates for admission must be active members of the Palmetto Players and demonstrate outstanding and continual contributions to the Theatre Program at Converse.

Alpha Sigma Lambda

The Alpha Sigma Lambda National Honor Society was established in 1946 to recognize the special achievements of nontraditional adult students who accomplish academic excellence while managing the demands of family, work, and community. Membership in the Chi Delta Chapter of Converse College is by invitation to first-degree seeking Converse II students with a minimum of 24 graded semester hours earned at Converse College and a 3.2 GPA or above.

Delta Omicron

Delta Omicron is a professional music fraternity whose purpose is to encourage the highest possible scholastic attainment, excellence of individual performance, and appreciation of good music, to create and foster fellowship through music, to develop character and leadership, and to give material aid to worthy music students. Membership is open to freshmen, sophomores, juniors, seniors, and graduate students of outstanding scholarship and musicianship.

The Gamma Sigma Society

The Gamma Sigma Society is the honorary scholarship society of Converse College. The purpose of the Society is to encourage scholarship among the students of Converse College and to honor by election to membership in the Society those seniors, not to exceed ten percent of the graduating class, who have demonstrated superior scholastic attainment throughout their entire college course. To be eligible for election, students must be candidates for a bachelor's degree in the

liberal arts and sciences. Criteria for selection to Gamma Sigma are based on the Phi Beta Kappa standards.

Mortar Board Gavel Chapter

Mortar Board is a national honor society of college seniors whose purpose, in part, is "to support the ideals of the university, to advance a spirit of scholarship, to recognize and encourage leadership, and to provide the opportunity for a meaningful exchange of ideas as individuals and as a group." Qualifications for membership in Mortar Board include outstanding leadership, scholarship, and service. All juniors with a cumulative scholastic average of 3.0 or above are considered for membership. Selection and tapping of new members occurs in the spring of their junior year.

Phi Sigma Iota

Phi Sigma Iota is a national foreign language honor society. Its primary objectives are the recognition of above average ability and attainments in languages and literature, the stimulation of advanced work and individual research in this field, and the promotion of a friendship and understanding between our nation and the nations using these languages.

Students eligible for membership must meet the following requirements: Junior or Senior standing (Sophomore in exceptional circumstances); a curriculum with an emphasis in foreign language; at least a "B" average in their entire college work as well in all courses in language; and completion of at least one course in foreign language at the third-year level or beyond. Membership is by faculty recommendation and invitation.

Pi Gamma Mu

The purpose of Pi Gamma Mu is to improve scholarship in the social sciences and to provide an equal opportunity for an exchange of ideas between individuals involved in the various fields of social science. Only students with at least twenty semester hours of social sciences with an average grade therein of not less than "B" are considered for membership.

Pi Kappa Lambda

"Strive always for the beautiful" is the motto of Pi Kappa Lambda National Music Honor Society. Membership is by invitation to those faculty members, graduate students, seniors, and juniors in the field of music who show outstanding leadership and scholarship. Graduating seniors in The Petrie School of Music whose averages in all subjects rank among the upper one-fifth of the class and juniors whose averages in all subjects rank among the upper one-tenth of the class are eligible for election.

Pi Lambda Theta

Pi Lambda Theta is a national honorary organization in education. Its purpose is to recognize persons of superior scholastic achievement and high potential for professional leadership. Additionally, Pi Lambda Theta stimulates independent thinking educators who can ask critical questions to improve educational decision making. The organization does this by fostering: 1) a spirit of fellowship; 2) high standards of scholastic attainment; and 3) professional ideals among members. Membership in the Converse College chapter of Pi Lambda Theta is by invitation to undergraduate applicants who plan to major or Minor in education; have attained a minimum of 30 semester hours ; and have a GPA of 3.5 or better.

Student Marshals

Student Marshals are chosen from the rising junior class each year on the basis of academic excellence. They are among the most honored students on campus. They officially represent the college in the formal ceremonies of the academic year, including Formal Opening Convocation, Founder's Day, Awards Day, Baccalaureate and Commencement, where they add order and dignity to the proceedings. In addition, marshals serve at other functions such as the Festival of Lessons and Carols, Senior Assembly, certain required assemblies and Honor Emphasis Assembly.

Theta Alpha Kappa

Theta Alpha Kappa is the national honor society for Religious Studies and Theology. It promotes excellence in the study and teaching of these fields and seeks to bring students, teachers, and writers of Religious Studies and Theology together both intellectually and socially. Membership is open to students who have completed 12 hours in religion or related courses, who have a cumulative grade point average of at least 3.0, who have a grade point average of at least 3.5 in religion courses, and who are in the upper 35 percent of their class.

ACADEMIC REGULATIONS

Converse College offers the degrees of Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music and Bachelor of Science. Students may complete two degrees; however, this is usually a complicated and demanding process. Students planning to earn two degrees should talk with their advisers as soon as they have decided that they want to do this. It is the responsibility of each student to know the requirements for the completion of her degree.

REQUIREMENTS FOR THE BACHELOR'S DEGREE

The requirements for the bachelor's degree include the completion of a minimum of 120 credit hours and a cumulative grade point ratio of at least 2.0 on the cumulative hours attempted. Also, in all majors or majors and minors a minimum GPA of 2.0 is required. Included in the minimum number of credit hours to graduate are the General Education Program (GEP) requirements, and the requirements for a single major, major and minor, or double major.

The general education requirements for students seeking a BA, BS or BFA are detailed in the section of the catalog "Requirements for the General Education Program." For students majoring in music the GEP requirements are listed in each program of study in the section of the catalog "Carroll McDaniel Petrie School of Music."

Most majors consist of 24 to 42 credit hours of coursework in one academic discipline and a double major consists of the course requirements for the major in two academic disciplines. No more than four courses that are cross-listed or that are required for both majors may count toward the satisfaction of the major requirements in the two majors. For cross-listed courses, the student will receive credit in the subject area for which she has chosen to register. She may not change her choice of course designation at a later date.

If a student takes more than 42 hours in one academic discipline, the hours over 42 will not count toward hours for graduation. Exception: This limitation will not apply to a unified program offered with the approval of the General Faculty.

A minor consists of a minimum of 18 credit hours in a planned program of study within a given department. Refer to the portion of the catalog devoted to the departments for specific information about the minor programs offered. The College permits interdisciplinary minors, which require a

minimum of 21 credit hours in planned programs between two (or more) departments.

Students may select a major, major and minor, or double major during the spring term of the freshman year or during the sophomore year. The student completes the "Declaration of Major" form that is available in the Office of the Registrar to declare or to change a major, minor or degree.

Students are assigned an adviser in the academic discipline that is declared as a major and in the case of double major the student must also consult an adviser in the second major. The department chair of the minor usually directs the course work in the minor.

Elective courses are those that are taken not to satisfy the requirements of the GEP, the major, or the minor, but to complete the minimum 120 hours necessary for the bachelor's degree. Students choose these courses according to their own preferences from the general curriculum. Students who seek admission to graduate professional schools, such as law or medicine, should consult the section titled "Career and Pre-Professional Programs."

To be eligible for the bachelor's degree, the student must complete no fewer than the last 42 credit hours of coursework at Converse. Exception: Upon approval of the Associate Vice President for Academic Affairs a student may be permitted to complete up to six of the last 42 hours at another accredited institution. Ordinarily this exception does not apply to students who have earned a total of only 42 hours of coursework at Converse.

To be eligible for graduation with honors, students must have completed a minimum of 60 hours of credit at Converse College.

In addition to the academic and residency requirements, the College requires as a condition for the awarding of any diploma, the payment of all fees and fines owed to the College; the performance of any obligation, such as an exit interview, connected with a student loan; the completion of any sanction resulting from the student judicial system; and completion of assessment instruments during their freshman and junior years. Students must also apply through the Office of the Registrar for graduation no later than the last week of the Fall Term prior to the regular commencement exercises.

SECOND BACCALAUREATE DEGREE

1. Converse does not grant to an individual two baccalaureate degrees of the same kind, e.g., two BA, two BFA, two BS or two BMus degrees.
2. Students who wish to add another major program to a degree already completed may do so, but this accomplishment is recognized only by notation on the permanent transcript record, not by issuance of a second diploma.
3. A person who wishes to take at Converse a baccalaureate degree of the same kind as one previously completed at another college is eligible under the same conditions as those that apply to students working for a second Converse baccalaureate degree.
4. A student can earn a second baccalaureate degree by satisfying the following requirements
 - a. the major requirements for the second degree;
 - b. the residence requirement of a minimum of 42 hours at Converse; and
 - c. the grade average required for graduation.
5. Any issue concerning the acceptability of previously earned credits, such as their appropriateness to the second degree or the length of time since their completion, should be referred to the Registrar.

EARLY COMMENCEMENT REQUIREMENTS

Under certain conditions, students who have not completed the degree requirements are allowed to participate in graduation exercises. The following regulations govern this privilege:

1. A student must be present and participate in the graduation ceremony.
2. Only students who lack no more than four hours to meet the minimum hour requirement for the degree are eligible. Students must complete the remaining hours by the end of the spring term of the following academic year. The residency requirement that a student may take no more than 6 of the last 42 hours of coursework at another institution applies to all students who are participating as early commencement candidates.
3. To qualify for early commencement, a student must have achieved a cumulative grade point ratio of 2.00 by the end of the Spring Term in which she has applied to early commence, must have a 2.00 GPA in her major and no incomplete grades that have not been made up or completed.
4. In case of illness or emergency, students may appeal the requirements stated above to a

committee comprised of the president of Faculty Senate, the student's academic adviser and the Associate Vice President for Academic Affairs

5. In the official commencement program, the early commencement candidates are identified with an asterisk. The following statement appears at the end of the roster of graduates: "Early commencement participants who will complete their requirements within the following academic year."
6. The early commencement participants receive blank diplomas at the May exercises. They receive their official diplomas at the end of the summer or the following May, contingent upon the completion of all requirements, with the date of the appropriate commencement appearing on the diploma.
7. An early commencement student who fails to achieve the required grade-point ratio, or fails to meet the required number of hours for graduation by the end of the summer, is automatically disqualified from receiving the official diploma until the academic deficiencies are removed. Ordinarily this means that such students are not eligible to receive their official diplomas until the following May or the next official date of graduation.
8. Participation in the graduation exercises is regarded by the College as ceremonial and symbolic. Students may not consider themselves graduates of the college in any legal or official sense until the Registrar of the College has certified that the students have met all the requirements for graduation.
9. Students who participate in early commencement cannot be recognized as qualifying for honors at graduation.

GRADES AND QUALITY POINTS

Grades for undergraduates are recorded in the following terms:

Grade	Quality points earned
A Excellent.....	4.00
A-.....	3.75
B+.....	3.25
B Good.....	3.00
B-.....	2.75
C+.....	2.25
C Satisfactory.....	2.00
C-.....	1.75
D+.....	1.25
D.....	1.00
D-.....	.75
F Failure.....	0

Other Symbols

I.....	Incomplete
W.....	Withdrawn
P or F.....	Pass/Fail (used only in specified courses)
Au.....	Successful audit

A grade of I automatically becomes an F unless the student completes the course requirements by the end of the next long term. To receive an incomplete, the student must have the permission of the instructor who is teaching the course. The instructor, in consultation with the student, determines the requirements that the student must complete to receive a grade. These requirements are listed on an "Incomplete Contract" form that may be obtained from the Office of the Registrar. The grade of I will continue to show on the student's record with the grade the student receives after the course requirements are met.

A student may receive a grade of W in the regular terms (Fall and Spring) until two weeks before the end of any course during the regular term and four days prior to the last day of January Term. No one may withdraw from a course after this final date.

In courses designed to be graded Pass/Fail, no quality points are granted for a grade of Pass, while a grade of Fail will be regarded as hours attempted and failed.

Pass/Fail

The Pass/Fail regulation allows students to take courses of interest without affecting the student's GPA, unless a grade of F is received in the course. Students are allowed to enroll in courses that are normally graded courses for pass/fail credit providing they adhere to the following guidelines.

1. Courses that are required Pass/Fail, such as Computer Literacy, internship or practicum are not part of this policy.
2. Each student may take up to eight (8) credits of her 120 required credits for graduations on a Pass/Fail basis at her discretion. The student and her advisor are responsible for keeping track of these hours.
3. A student may not take the following for Pass/Fail:
 - a. Courses that will be a part of the student's major, minor, or general education program.
 - b. Honors courses.
 - c. Directed Independent Studies.
4. To be eligible for a Pass/Fail course, a student must have:
 - a. Completed 30 credit hours of college courses.

b. A GPA of 2.5 or higher.

c. Permission of her advisor. Students not meeting these minimum criteria may be allowed to receive Pass/Fail credit with permission of their advisor.

5. A student must tell the Registrar that she plans to take a course for Pass/Fail by the end of the drop/add period at the beginning of the semester. The student must have the advisor's signature indicating permission to take the course on a Pass/Fail basis.
6. Grades of P do not count toward the student's GPA, but the credits are awarded towards the degree. Grades of F are recorded as such on the student's transcript, and are calculated as part of the student's GPA.
7. Repeated courses must be taken for letter grades, regardless of how they were originally taken.

Final Exams

At the discretion of the instructor, the Registrar may schedule final exams or they may be self-scheduled. The professor shall indicate on each course syllabus whether or not the final examination in the course is scheduled. Faculty who choose to give self-scheduled exams must use the published dates and times for scheduled exams. Thus, students in courses with self-scheduled exams must schedule them during the times listed by the Registrar. Students who have three or more scheduled exams in one day may petition the Associate Vice President for Academic Affairs or the Head of the Petrie School of Music to reschedule the last of the three exams for another day.

Retaking a Course

1. A student will be allowed to retake any course in which she has earned a deficient grade of D or F at Converse, subject to the following conditions:
2. The student may retake a course no more than one time.
3. The student must take the course at Converse to receive any benefits provided by these regulations in the grade average.
4. The course must be retaken before the student has successfully completed more than two courses for which it is a prerequisite.
5. The student will not be permitted to take an overload during any term in which she retakes a course.
6. The grade and quality points earned in the retaken course will be entered upon the student's record; however, no grade will be removed from the student's academic record.

7. Quality points and credit hours earned in the course retaken will be substituted for the quality points and credit hours in the course with the deficient grade.
8. A course retaken will count once in the GPA calculation.

Academic Standards

The academic standards for continued “good standing” are determined in accordance with the following criteria:

Semester Hours Attempted	Probation if cum. GPA is less than
0-24	1.75
25-56	1.90

Students placed on academic probation must attain a probationary period GPA of at least 2.0.

Semester Hours Attempted	End of Year Disqualification if cum GPA less than
1-24	1.50
25-56	1.75
57 and up	2.00

Students placed on academic probation must attain a probationary period GPA of at least 2.0.

Students are placed on academic probation at the end of the Fall and Spring Terms. Any student whose cumulative GPA falls below 1.00 at the end of fall term will be disqualified. Students placed on academic probation must attain a probationary period GPA of at least 2.0. This is not the cumulative GPA but the GPA attained during the probationary period.

Students cannot be removed from probation by credits earned in any summer school other than the Converse summer session. They may, however, earn credits at any approved summer school for the purpose of advancement to the next classification.

Students placed on academic disqualification are ineligible to continue their studies at Converse during the summer or the regular terms. Students are academically disqualified for failure to meet the academic standards as outlined in the Catalog. When there is evident cause for mitigation of this penalty, the Provost may relieve students from academic disqualification.

Students receiving federal financial aid and/or S.C. Tuition Grant are required to also meet the College's federal Satisfactory Academic Progress policy to remain eligible. See Satisfactory Academic Progress (SAP) under Financial Planning and Scholarships.

Grade Reports and Transcripts

Final grades are reported at the end of every term, while midterm grades are reported for Fall and Spring Terms only. Midterm grades are reported for all undergraduate students. A student may view her midterm and final grades at my.converse.edu by entering her username and password. Advisers also can view their advisees grades via the faculty website.

The Office of the Registrar issues a transcript of a student's academic record only upon receiving a written, signed request from the student. The charge is \$10 per copy and a transcript will not be issued until all fees and fines are paid to the College.

REGISTRATION AND ENROLLMENT

Students must properly register through the Office of the Registrar to assure they receive credit for the courses they attend. Registration for the January and Spring Terms generally occurs in October and for Summer School and Fall Term in April. A student must schedule an advisement conference with her adviser prior to registration each term.

The full-time enrollment for a student is 12-16 hours for Fall and Spring Terms and three to five hours for the January Term. Students will be required to enroll in no fewer than twelve semester hours in the Fall and Spring Terms and no fewer than three semester hours in the January Term, unless specifically exempted from this requirement by the appropriate dean. Any student who seeks such an exemption must submit a petition to this effect no later than three weeks prior to the beginning of the term.

Cross Listed Courses

For cross-listed courses, the student will receive credit in the subject area for which she has chosen to register. She may not change her choice of course designation at a later date except by special approval of the Associate Vice President for Academic Affairs

Overloads

Students may take more than the maximum normal number of hours (16) in the Fall and Spring Terms and January Term (5) in accordance with the following regulations.

1. Students must have their adviser's and the Registrar's approval for overloads in all terms.
2. With the approval of the adviser and a cumulative grade point ratio of at least 2.25, a junior or senior may add no more than three hours in Fall and Spring (total 19 hours), and no more than two hours in January Term (total 7 hours) as an overload.

3. With the approval of the adviser and a cumulative grade point ratio of 2.5, a freshman or a sophomore may add no more than three hours in Fall and Spring (total 19 hours), and no more than two hours in January Term (total 7 hours) as an overload.
4. First semester freshmen and first semester transfer students may not take an overload.
5. Any exceptions to the foregoing regulations must be sought by petition, endorsed by the academic adviser, to the Associate Vice President for Academic Affairs. In addition, an overload fee of \$500 per credit hour will be charged for more than 19 hours in the Fall and Spring Terms and more than 7 hours in January Term.

Directed Independent Study

While the college cannot guarantee that students can be offered a DIS in an existing course, under unusually compelling circumstances a student can request such a course. Typically, the request should be made only:

1. If a course is required for a graduating student but is not scheduled.
2. If a student has an unalterable schedule conflict in the major or minor sequence.
3. If a student needs a course to correct an out-of-sequence program.
4. If a student has compelling personal circumstances, such as a health problem.

The student meets with the instructor who has agreed to direct the course to develop a plan. The student and instructor complete the "Directed Independent Study Course" form that is available in the Office of the Registrar. A student is not enrolled in the DIS until the completed form is filed with the Office of the Registrar. Students may generally count no more than two DIS courses toward hours for graduation. Students who cannot secure the support of a faculty member may first discuss individual problems with the academic adviser and second with the appropriate dean.

Audit

The purpose of auditing a class is to allow a student to study in a class without the pressure of grades, while indicating on her transcript that she has attended and participated in the class.

Full-time students may audit one course per term by obtaining permission from the instructor and their academic adviser. Non-enrolled women may register to audit up to two classes per term by obtaining the permission of the instructors and the Registrar no later than the last day of the add

period. Audited classes do not count toward a student's academic class load.

Auditing students must also pay all fees for laboratory classes or classes with additional materials. Students taking courses for credit will have priority over auditors when space is limited.

A student who wishes to change from credit to audit or audit to credit in a course may do so only during the drop/add period at the beginning of the term.

Auditing students are required to fulfill the same attendance requirements in the course as enrolled students. Beyond attendance, instructors may require an auditor to participate in whatever requirements of a course that they determine constitute adequate participation. Instructors and auditors will stipulate by contract at the beginning of the term the amount of work that will be required.

Students who successfully complete the instructor's requirements will receive an "AU" on their transcripts. Audits that are not successfully completed will not appear on a student's transcript.

Changing Courses

Students may add courses only during the first week of the term. Dates for adding courses are in the academic calendar. A student may drop a course in accordance with the following conditions:

1. Without a grade – through the published date for 100% refund of the term
2. "W" - a student may receive a grade of W in the regular terms (Fall and Spring) until two weeks before the last day of any course in the regular term and four days prior to the last day of January Term. No one may withdraw from a course after this final date.
3. Students who drop below the minimum number of hours (12 hours in Fall and Spring Terms; 3 hours in January Term) to be considered full-time should be aware of potential problems with both financial aid and on-campus housing. Therefore, part-time status for undergraduate students is strongly discouraged.

After the first three days of a term, students who withdraw from courses with special fees, e.g. applied art, applied math, etc. may apply to the Vice President for Finance and Administration for a partial refund of such fees if any refund is due.

Warning: Anyone adding or dropping a course without following the proper procedure will: 1) not receive credit for the course added; and 2) receive an "F" for any course not officially dropped.

NOTE: Choosing to drop one or more courses should not be confused with **SEPARATION FROM THE COLLEGE.**

Classification Requirements

Class Standing	Min./Hrs./Quality Pts.
For Sophomore Class	24/48
For Junior Class	56/112
For Senior Class	87/174

& 2.0 avg.

Undergraduate Students

Enrolling in Graduate Courses

Undergraduate students desiring to enroll in a graduate course prior to completion of the undergraduate degree must meet the following criteria:

1. The student must have senior class standing.
2. The student must have a cumulative GPA of 3.0 or better.
3. Space must be available in the course.
4. Permission of the instructor must be obtained.
5. An undergraduate student is limited to a total of no more than three graduate courses.

The student may obtain the appropriate form from the Office of the Registrar. The form must be completed and approved before the student can be registered in the course.

Advanced Placement

Converse awards credit for the nationally standardized Advance Placement test of the College Entrance Examination Board. Credit will usually be given for a score of 3 or better on these tests. For specific information about the relationship of these tests to required courses, you should consult the respective department or the Associate Vice President for Academic Affairs.

CLEP

Converse awards credit for the nationally standardized College-Level Examination Program (CLEP). Credit will usually be awarded with a score of 50 or better on these tests. For specific information about the relationship of these tests to required courses you should consult the Associate Vice President for Academic Affairs

International Baccalaureate

Converse College recognizes the IB Diploma Program and awards credit to Diploma holders. Credit is awarded in subject areas in which the individual scores 4 or higher. You may consult the Associate Vice President for Academic Affairs for particular questions.

Converse will grant no more than 30 semester hours of credit by examination to any student.

Acceleration

Although the Converse Baccalaureate degree normally requires four academic years of study, a student may complete the program in three and one-half or even three years by taking additional courses beyond the normal load and during summer school. A student who wishes to accelerate should consult her academic adviser and the Registrar.

The Three-Year Degree

Students may complete the requirements for the BA degree in three years. The three-year degree is not a scaled-down education. It has the same components as the traditional four-year program. It differs only in the pace of the student's work.

Any student who is able to maintain a satisfactory academic average is eligible, but obviously the more capable and highly motivated student will adjust more easily to the accelerated pace of study.

The Plan:

Year	Fall Term	January Term
First	5 courses Physical Ed.	1 course
Second	5 courses	1 course
Third	5 courses	1 course

Year	Spring Term	Summer
First	5 courses Physical Ed.	4 courses*
Second	5 courses	3 courses
Third	4 courses	

**May be taken at any institution*

This plan involves a maximum normal load of coursework during most of the college experience. In addition, it requires one full schedule and one part schedule of summer courses, at least some of which may be taken at another college, if the student prefers. As outlined, the plan is only a guide. It may be altered to suit the purpose of the individual student. Students who complete college courses in the summer before entry into the freshman class, or who receive credit by Advanced Placement or International Baccalaureate, will proceed through the three-year program with greater ease and convenience. Summer work before the freshman year should be undertaken upon the advice of the Registrar.

Transfer of Credits from Other Institutions

During the academic year, students in residence at Converse will be allowed to take courses at other institutions with the approval of their adviser, the Registrar, and the Associate Vice President for Academic Affairs. Grades earned in these courses will not affect the grade-point ratio earned at Converse. Students taking courses at other institutions while in residence at Converse are governed by the overload regulations that are listed in this section. These students must also meet the requirements for the bachelor's degree as stated in the section "Requirements for a Bachelors' Degree."

Courses taken in summer school at another institution will be credited toward the degree provided:

1. The courses to be taken are approved in advance by the student's adviser and the Registrar of Converse College. It is the responsibility of the student to provide the adviser with a course description from the institution and, to guarantee approval in advance, to submit the request before the last day of classes in the spring term. After that date students who enroll at other institutions do so at their own risk.
2. The summer school is regionally accredited.

No credit will be given for any course in which a student makes below a C-, nor will work be acceptable toward satisfaction of degree requirements. Grades transferred from the summer school of another institution will not affect the grade-point ratio earned at Converse College and will not be used to remove a student from probation.

Converse participates in a number of cooperative programs with other institutions. Therefore, the College will accept by transfer from these institutions at full quality point value and in other respects as if taken at Converse, any course for which Converse has charged tuition or which has been integrated into a Converse degree program.

Converse does not accept course credit for transfer from institutions that are not regionally accredited.

Summer School at Converse

Converse College operates four summer sessions, two five-week terms, one ten-week term to accommodate online courses, and one three-week term. Courses offered are chosen largely on the basis of student demand. Special fees are in effect for the summer session.

Courses taken in the Converse summer school are in all respects credited as if taken during the regular academic year. Converse students will be placed on, or removed from academic probation in accordance with the standards of the Fall Term of the academic year, provided that they attend Converse summer session for both terms, taking the regular course load of two courses per term. The summer session bulletin is published in late March and is available at www.converse.edu.

Alternate Year Courses

Some courses are offered only in alternate years. As they plan ahead to take any particular course, students should confer with the department to confirm the date when these courses will next be offered.

Individualized Major (IM)

Students with interdisciplinary academic interests linking at least three disciplines may design degree programs that reflect those interests. Individualized Majors must be designed in conjunction with the student's academic adviser in each of the chosen disciplines (the IM committee) with the approval of the chair of the department in which each discipline falls. After departmental approval, students must submit their proposal to the Associate Vice President for Academic Affairs for review/approval. The Associate Vice President will submit the proposal for approval to the Curricular Programs Committee. Students must complete the design and approval process prior to the end of the sophomore year. NOTE: The student should contact the Associate Vice President for Academic Affairs to discuss logistics, expectations, and requirements before proceeding further.

This program is designed for highly motivated students. Each IM proposal must show a clear theme that justifies granting an exception to single or dual major programs and must provide a list of proposed courses linked by that theme. The Curriculum Committee must approve any subsequent changes in the approved list of courses. All students choosing the IM option must complete:

1. All GEP requirements;
2. At least sixteen major courses (minimum of five courses in each of three disciplines), including a seminar-level course in at least two different disciplines;
3. A capstone project linking all disciplinary areas of the IM, designed by the student with the approval of the faculty adviser in each area. The capstone project is a separate requirement, and not related to the requirements within the two seminar-level courses the student must complete.

A written proposal for the capstone project must be submitted to the student's IM committee by April 15th of her junior year to receive formal approval of the project. She should also register for a special 3-credit course related to the IM capstone project. A presentation of the project will be scheduled during the Spring Term of the senior year, with all members of the college community invited to attend. Four weeks before the formal public presentation the student must provide appropriate documentation to her IM committee for comment and feedback. The student's IM committee will evaluate the public presentation and award a grade of high pass, pass, or fail, with "pass" or better required for graduation.

IM students will be encouraged to incorporate collaborative undergraduate research and Honors work in their course of study.

Due to the number of requirements involved, students completing degrees in professional programs (BM, BFA) will not be able to complete an IM. However, students may combine areas of music or art in IM programs aiming at completion of a BA degree, with the approval of the Head of the Carroll McDaniel Petrie School of Music (for Music) or the Chairperson of the Department of Art and Design (for Art).

Courses of Instruction Key to the Numbering System

100-199	Introductory courses
200-299	Intermediate courses
300-499	Advanced courses
500-699	Graduate Courses
101:102	Indicates a course for which credit is not given unless the work of two terms has been completed.
101-102	Indicates a course for which credit for one term may be given but which may not be entered after the first term.
300/500	Indicates a course offered for both undergraduate and graduate credit.
101, 102	Indicates a course that may be entered in any term.

*The asterisk indicates a course that is offered for credit toward satisfaction of General Education Program requirements.

A student may enter a course at a level higher than that normally permitted her class with the permission of her major professor or academic adviser and the instructor of the course.

The College reserves the right not to offer a course for which the enrollment is fewer than five.

Wofford College Cooperation Program

In some cases Converse students may take courses at Wofford College, a neighboring institution in Spartanburg, as part of their undergraduate degree programs. The cooperative arrangement allows both colleges to enrich the educational opportunities of their students. The cooperation is limited, however, and no student at one institution may complete a major program offered only at the other institution. Other limitations are:

1. Enrollment in each class depends upon space being available. The Registrar of the institution, not the instructor, determines space availability. The Registrar at the student's home institution will handle registration of courses at the cooperating institution.
2. Students may not use courses in the cooperative program to meet the requirements of the General Education Program, Major, Minors or concentrations at their home institution except courses in Greek and Chinese, which may be used toward meeting the foreign language requirement at either institution. Other exceptions are the art history and German programs that are offered jointly between the two institutions. Courses offered simultaneously at both colleges will be taken at the home institution if space is available.
3. The privileges of this agreement are available to full-time students who are in good standing, academically and socially.
4. Enrollment in Directed Independent Studies, supervised practical applications, private lessons, and internships are not included in the agreement.
5. When the colleges have academic terms with different beginning and ending dates, students must adjust their schedules. Dates for final examinations and for reporting grades will be those set by the institution in which a course is taken. The Summer Terms are excluded from the agreement, except for courses jointly sponsored by the two institutions.
6. Students participating in the program will not be charged additional fees except for those courses for which students at the host institution must pay extra. Students are responsible for fines or fees normally assessed for traffic or parking violations or for misuse or loss of supplies.
7. The Converse Honor Code applies to students enrolled in Wofford courses. The principles and regulations of the Converse Student Handbook, when applicable, govern the student's conduct on the Wofford campus.

Otherwise, the Converse student enrolled at Wofford adheres to the regulations and procedures imposed on Wofford students.

8. Grades earned by students at the cooperating institution will be treated as if they were received at the home institution and are included in the calculation of the grade-point averages.

Converse Clemson Dual-Degree Program

Students enrolled in a liberal arts or science program at Converse College who wish to prepare for a career in engineering may, upon successful completion of an approved three-year pre-engineering curriculum, transfer to Clemson University to complete requirements for the Bachelor of Science degree in an engineering curriculum from Clemson and the Bachelor of Arts (or Science) degree from Converse College. The College of Engineering and Science at Clemson University recommends a program of pre-engineering study to include the general education courses required by an engineering curriculum. The details of the program and the understanding are as follows:

1. During the first three terms at Converse College, the student participating in the pre engineering program must complete and send to the Associate Dean of the College of Engineering and Science at Clemson University the form "Intention to Pursue the Dual Degree Program at Clemson University." The Associate Dean at Clemson will appoint an academic advisor for the student and will forward the name and address of the appointed advisor to the student and to the Converse College pre-engineering program director.
2. A three-year pre-engineering program of study will be developed by the Converse College faculty in consultation with the Clemson Associate Dean of Engineering and Science from courses offered at Converse College. This program of study shall include the general education courses required by Converse College and by the engineering curricula at Clemson University. A list of basic course requirements recommended by Clemson may be obtained from the pre-engineering program director. However, the specific course requirements to best prepare and facilitate progress toward graduation varies with engineering major. Specific pre-engineering programs recommended for various Clemson engineering majors are available at www.ces.clemson/dual-degree.

3. The total study program at Converse College shall include a minimum of 90 semester hours. Dual-degree candidates shall complete all basic requirements at Converse College for the Bachelor of Arts or the Bachelor of Science degree before transfer to Clemson.
4. The student will apply to the Clemson University Office of Admissions after completion of the second academic year at Converse College. A student with grades no lower than "C" in all courses in the pre engineering program, and a grade point average of at least 2.5/4.0, is assured of admission into the Clemson engineering program of her choice. Students not meeting these requirements will be considered for admission under Clemson's general transfer student admissions standards. Prior to enrollment at Clemson, the student must be certified by the Converse College academic official as having satisfactorily completed the academic requirements of Converse College as stated above.
5. Credit for courses in the approved pre-engineering program at Converse College and passed with a grade of "C" or higher will be transferred to Clemson University. It shall be the joint responsibility of the Clemson University and Converse College academic advisors to coordinate the transfer equivalency of the Clemson and Converse College courses in the pre-engineering program.
6. Upon completion of an engineering curriculum at Clemson University, the student will be awarded a Bachelor of Science degree in an engineering discipline from Clemson. Converse students enrolled in this program will receive their Converse Bachelor of Arts or Bachelor of Science degree after completing a minimum of 90 hours of study at Converse, a total of 120 hours of study combined at Converse and Clemson, and the General Education and major program requirements of Converse as specified by Converse. The student must apply to the Converse College Registrar for her diploma.
7. Converse College will provide academic advising to assist students in the pre-engineering program with all matters related to their transfer to Clemson University. The Associate Dean of Engineering and Science, or duly appointed representative, at Clemson University will cooperate in the advising of these students. While advice and counsel will be offered, the final responsibility with regard to transfer remains with the student.

8. Pre-engineering students at Converse College will be encouraged to attend summer school at Clemson (or another engineering college) and take certain basic engineering courses in order to ease the transition into engineering coursework and facilitate timely completion of the engineering program. A list of recommended courses for each Clemson University engineering program is maintained at www.ces.clemson/dual-degree.
 9. Conferences between the Clemson University engineering and Converse College pre engineering advisors will be held regularly to review the curricula and all matters related to the dual-degree agreement.
 10. Dual-degree candidates from Converse College are eligible to seek Bachelor of Science degree in the following majors at Clemson University: Biosystems Engineering, Computer Engineering, Chemical Engineering, Electrical Engineering, Ceramic and Materials Engineering, Industrial Engineering, Civil Engineering and Mechanical Engineering.
- b. The student will obtain the following signatures:
 - Dean of Community Life OR Dean of Professional Development
 - Associate Vice President for Academic Affairs
 - Counselor
 - Financial Planning
 - Student Accounts
 - Registrar
 - c. The student will return the completed signature page to the Office of the Registrar.

Students who are granted a leave of absence during the term will receive grades of W for courses that term. Students who do not complete documentation will receive a grade of “F” unless, for reasons of health or family emergency, she provides appropriate evidence of treatment and receives the approval of the appropriate dean in consultation with the representative of the Wellness Center.

A leave of absence from the College may negatively impact a student’s financial aid eligibility if the student has not completed a sufficient number of hours. For further information concerning financial aid, contact the Financial Planning Office.

Transportation

Converse College does not provide transportation to off-campus classes and events.

SEPARATION FROM THE COLLEGE

There are four categories of separation from the College:

1. Leave of Absence

A student in good standing may take a leave of absence from her studies at Converse for one academic term and a maximum of one year. The leave may be approved for various reasons, including but not limited to financial considerations, travel plans, medical needs, personal reasons, or alternate schooling. If, after a leave of absence of one calendar year a student does not subsequently enroll, the student will automatically be withdrawn from the College.

To be granted a leave of absence during a term, the procedures listed below must be followed:

- a. Upon request, the student will be provided the Leave of Absence signature form from one of the following offices:
 - Associate Vice President for Academic Affairs
 - Dean of Community Life
 - Dean of Professional Development
 - Registrar
 - Wellness Center

2. Withdrawal

A student may choose to withdraw from the College at any time. To be granted a withdrawal the following procedure must be followed:

- a. Upon request the student will be emailed the link to the “Separation from the College” Google form by one of the following offices:
 - Associate Vice President for Academic Affairs
 - Dean of Community Life
 - Dean of Professional Development
 - Registrar
 - Wellness Center
- b. The student will complete the form; the completed form will be sent to the Wellness Center.
- c. Within 1-2 business days of completing the form, a counselor from the Wellness Center staff will email the student with the Separation from the College signature form.
- d. The student will obtain the following signatures:
 - Dean of Community Life OR Dean of Professional Development
 - Associate VP for Academic Affairs

- Financial Planning
 - Student Accounts
 - Registrar
- e. The student will return the completed signature page to the Office of the Registrar.

Students who complete a withdrawal during the term will receive grades of W for courses that term. Students who do not complete documentation will receive a grade of “F” unless, for reasons of health or family emergency, she provides appropriate evidence of treatment and receives the approval of the appropriate dean in consultation with the representative of the Wellness Center.

A withdrawal from the College may negatively impact a student’s financial aid eligibility. For further information contact the Financial Planning Office.

3. Administrative Withdrawal

The College reserves the right to suspend, expel or enforce the withdrawal of any student whose academic standing is unsatisfactory, who violates the Honor Code, who persistently violate College regulations, or whose influence, by word or deed, is determined to be injurious to the best interest of the student body or the institution.

The College, upon the advice of its professional staff, may require a student to withdraw temporarily from the College for medical or psychological reasons. In these cases, the student will be encouraged to seek professional care. Such action is not taken for punitive reasons, but because the welfare of the individual and community mandates this procedure.

4. Involuntary Withdrawal Policy

The College is committed to providing student health and counseling services which promote optimal educational opportunities for all its students. However, there are occasions when a student’s physical or emotional health places unmanageable risks on the individual or the College. To ensure that the institution and its members may carry out their proper activities, the College has adopted policies and procedures for the involuntary withdrawal of students.

These policies and procedures apply to students:

- who pose a threat of danger and /or injury to herself or others, and/or who pose a threat of disruption of the lawful activities or educational processes of

other members of the campus community, and/ or who pose a threat of destruction of the property of the College or others, and/or who are severely disruptive to others, including behavior which causes emotional, psychological or physical distress to fellow students or staff substantially above that normally experienced in daily life (Disruption may be in the form of a single incident or somewhat less severe but persistent disruption over a more extended period.), and/or who create an unusual responsibility to monitor, supervise, treat, protect, or restrain the student to ensure her safety and the safety of those around her, and/or whose physical or psychological disorder is such as to require highly specialized services beyond those available locally, and whose condition will deteriorate without additional resources, as deemed by the Director of Counseling or counseling staff, and/or who refuse or are unable to cooperate with a recommended evaluation or treatment procedure that the Dean or other College staff considers necessary to provide reasonable assurance of the safety of the student or others in the community.

For further information see the Student Handbook.

OTHER REGULATIONS

Converse College reserves the right to add or drop programs and courses, change fees, change the calendar, and institute new requirements when such changes are necessary. Every effort will be made to minimize any inconveniences for students caused by such changes. Suitable substitutions will be allowed for required courses that have been withdrawn. Any difficulties arising from changes in published dates, requirements, or courses should be brought to the attention of the appropriate Dean.

POLICY ON STUDENT’S RECORDS

In the handling of student records, Converse College complies with the provisions of the Family Educational Rights and Privacy Act of 1974. Information about this policy can be found in the Student Handbook.

CAMPUS SAFETY AND SECURITY

In accordance with Title II of Public Law 101-542, known as the Crime Awareness and Campus Security Act of 1990, Converse College provides information relating to crime statistics and security

measures to prospective students, matriculated students, and employees. This information is published annually and can be obtained from the Department of Campus Safety, or viewed on Converse College Website.

Further information about campus safety and security can be obtained from the Director of Campus Safety, (864) 596-9061.

GRADUATION RATE

In 2013-14 the graduation rate for students who entered Converse College in 2010 on a full-time basis was 51%.

POLICIES AND PROCEDURES

ACADEMIC POLICIES ON DISABILITIES

Converse College complies with Section 504 of the Rehabilitation Act of 1973 (as amended through 1998), the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1972, and the non-discrimination requirements of Section 35.107 of the Department of Justice regulations. Converse does not discriminate with regard to race, color, sex, national or ethnic origin, age, sexual orientation, religion or disability in admission or access to, or treatment or employment in, its programs and activities. However, admission to undergraduate programs and courses is limited to women. As a recipient of federal funds such as Work/Study, Pell and SEOG Grants, and Perkins and Stafford Loans, Converse recognizes its responsibility to provide equivalent access to academically qualified students with documented disabilities while maintaining standards that are essential to the academic program. A student with a disability is someone with either a physical or mental impairment that substantially limits one or more major life activities. Temporary impairments of short duration without permanent impact usually do not qualify as disabilities under the ADA.

Students are responsible for notifying the College of their need for accommodations, obtaining and submitting a Request for Accommodations Form to the Director of Student Support Services, providing supporting documentation in a timely manner, and actively participating in developing and implementing an accommodation plan for each term. As legal adults, students must self-advocate, and parents can be included in the process only with the student's permission. Reasonable accommodations will be provided both to students and employees with disabilities upon written request. No otherwise qualified individual will be denied accommodations for a disability unless the accommodation would cause an undue hardship on the College.

Any faculty member who receives a request for academic accommodations on the basis of disability must refer the request to the Director of Student Support Services. No modification of the present program or promises of modification should be made until the Director has made a recommendation.

Questions or concerns regarding ADA compliance should be addressed to the Vice President for Finance and Administration at 864.596.9028.

Information on EEOC or Section 504 compliance issues can be obtained from the Director of Human Resources at 864.596.9029.

ADMISSION

Students are admitted to Converse on the basis of academic credentials and additional information submitted to the Admissions Office. A student who feels a disability makes achieving representative scores on the SAT or ACT Tests unlikely may apply through a high school guidance counselor for accommodations on these tests. Students that receive accommodations either in high school or on standardized tests are not necessarily eligible for accommodations in higher education under the ADA or Section 504.

Applicants are not required to disclose any disability on their applications for admission to Converse. Once admitted, however, a student seeking reasonable academic accommodations for a disability should immediately contact the Director of Student Support Services at 864.577.2028 to obtain an accommodation form. Residential students seeking physical accommodations for a disability should contact the Dean of Community Life at 864.596.9614 upon notification of acceptance, so reasonable provisions can be made before their arrival on campus.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Converse will make reasonable accommodations within its academic programs for otherwise qualified students with documented disabilities. However, students and parents should understand that accommodations provided in elementary and secondary schools under P.L. 94.142 (IDEA) are not necessarily required by law under the ADA or Section 504 or provided by Converse. Many of the practices and procedures of special education (goal setting, progress reports, team meetings, program and exam modifications, related services, and annual reviews) have no parallels in higher education. Behavior standards are the same for all students. Converse does not provide transportation for students. Personal care attendants, orientation/mobility training and tutors are considered personal services in higher education and are the student's responsibility.

Although Converse offers no specialized services for students with disabilities, we will provide them

equal access to services offered to all students. All students are eligible to use group tutoring sessions in selected disciplines, offered several hours per week during the academic year by peer tutors, as well as services through Division of Student Development and Success. Requests for course substitutions are evaluated individually, on the basis of documentation provided, but the college is not required to fundamentally alter essential course/program requirements.

Testing to determine the need for accommodations is the student's responsibility and is not provided by Converse. IEP's or 504 plans do not automatically meet the documentation requirements for receiving accommodations in higher education. Documentation from an appropriate, licensed professional or agency is required in order to determine reasonable accommodations necessary to serve a student with a disability. Diagnostic evaluations or reports should be current, in most cases within three years, and should be sent directly from the qualified professional to the Director of Student Support Services. The documentation should indicate diagnosis, describe the manifestations of and the extent of the disability, and make recommendations for reasonable accommodations the professional deems necessary to assist the student with a disability in the college setting. A current comprehensive psycho-educational evaluation is required for learning disabilities and is strongly recommended for attention deficit hyperactivity disorder (ADHD).

Students should complete a Request for Accommodations Form on www.converse.edu and submit supporting documentation to the Director of Student Support Services at least thirty working days prior to the first day of class in order to allow time for review and consultation, as needed, with the student, professors, counselors, psychological consultants, and Director of Health Services, to prepare an appropriate accommodation plan, and to secure available support services and/or equipment. This deadline is for administrative purposes only and does not preclude admission to programs or services. All information and records regarding students with disabilities, including accommodations for them, are strictly confidential, and the Division of Student Development and Success complies with the Health Insurance Portability and Accountability Act (HIPAA) and the Family Educational Rights and Privacy Act (FERPA). Records are stored in a secure location and reviewed only by authorized personnel.

It is the student's responsibility to discuss accommodations with each professor at the beginning

of each term. If a student has concerns about or encounters problems with accommodations during the term, the student should contact the Director of Student Support Services. so accommodations may be appropriately adjusted. A student who is not satisfied with accommodations may contact either the ADA or Section 504 Compliance Officer indicated above and initiate the student grievance procedure as outlined in the Student Handbook.

RESOLUTION PROCEDURES FOR STUDENT COMPLAINTS

Converse provides all members of its academic community the opportunity to present grievances for resolution. The college has established procedures for students, as well as faculty and staff, to register and resolve complaints. The Student Handbook outlines for students the procedures for filing grievances against faculty and staff; for reporting sexual harassment and sexual misconduct; and for pursuing Honor Board, Civitas Council, and alcohol and drug abuse cases. The Campus Life Office, located in the Montgomery Student Activities Center, can provide students copies of the Student Handbook and additional information about procedures.

GENERAL EDUCATION PROGRAM

The General Education Program, which is required for the Bachelor of Arts, Bachelor of Fine Arts, and Bachelor of Science degrees, is a carefully designed plan of study which provides the Converse graduate with a broad foundation in the liberal arts. Students who complete this program should be able to demonstrate:

1. Effective **oral and written communication**;
2. Effective **critical thinking skills**;
3. Effective **quantitative reasoning skills**;
4. An appreciation of creativity/creative expression;
5. An understanding of **international/global perspectives**; and
6. An awareness of **wellness and healthy lifestyles**.

Internships and courses designed primarily to prepare students for certification or professional examination are not included in the GEP.

Courses that are available for general education credit and which may also be taken for credit in the major, minor, or a career preparation area may be used to satisfy both requirements. Courses that satisfy a GEP requirement are indicated by an **asterisk (*) in this catalog**.

GEP requirements in place at the time a student is admitted will be valid for a period of eight years from the date of the last enrollment.

Each student must meet the requirements below by completing specific courses or by exemption as described

CATEGORY I: SKILLS

A. WRITTEN COMMUNICATION

ENG 101 or 290 or exempt. ENG 290: Advanced Composition, does not satisfy the GEP except for those placed there via an AP score three (3).

Exemption is possible via:

1. a score of 4 or higher on either AP English exam (credit awarded);
2. a score of 4 or higher in a course completed within the International Baccalaureate Program (credit awarded);
3. an SAT verbal score of 700 or above (no credit awarded);
4. an ACT verbal score of 31 or above (no credit awarded).

B. LANGUAGE AND CULTURE

1. Proficiency at the third semester level in one of the following languages: ASL, French, German, Italian, or Spanish. Students must have upon entrance, or achieve at Converse, a competence equal to that achieved by completing three semesters of language at the college level.

Exemption is possible via:

- a. a score of 4 or higher on the AP exam in a foreign language (credit awarded); or a score of 4 or higher in a course completed within the International Baccalaureate Program (credit awarded); or 3 or 4 years of language in high school AND passing required written and oral placement tests administered by Converse (no credit awarded);
- b. placement at the intermediate (3rd semester) level is determined by: a score of 3 on the AP exam in a foreign language AND a written placement test administered by Converse (credit awarded); or by the number of years completed in high school and the written placement test (no credit awarded);
- c. students are strongly advised against registering for the next level in a foreign language without having earned a grade of C- or higher in the prerequisite course(s).

C. QUANTITATIVE REASONING

1. Mathematics 108 or higher, or exempt.

Exemption is possible via:

- a. a score of 3 or higher on one of the AP math exams (credit awarded);
 - b. a score of 4 or higher in a course completed within the International Baccalaureate Program (credit awarded);
 - c. an exemption exam administered by Converse (no credit awarded).
2. One course making substantial use of mathematical, logical, or computational reasoning. Designations for such courses are indicated in the Undergraduate Catalog.

D. HEALTH AND WELL-BEING

1. One 2-hour or 3-hour wellness course. Designations for such courses are indicated in the Undergraduate Catalog.
2. One 1-hour or 2-hour activity course from among PE or dance.

Exemption Policy: Students 24 years of age or older at the time of admission to Converse are excused

from the health and well-being requirement.

Students may also exempt one physical education activity class based upon fulfilling one of the conditions listed below:

- a. verification of participation in a school-sponsored competitive sport for four years with a letter from the coach of the team. Evidence for exemption must be presented no later than the end of the freshman year.
- b. verification of participation in an intercollegiate sport, Dance Ensemble, or Tarpon Sharks for one year with a letter from the coach/director in the area.
- c. verification of participation and completion with a passing grade of the Army ROTC Physical Training Program conducted at Wofford College.

CATEGORY II: PERSPECTIVES

Students are required to take the specified number of 3- or 4-hour courses from each of the five academic areas listed below. Within each academic area, each course must be in a different discipline. At least two courses from different academic areas must be at the 200 level or above. All courses that count for GEP credit are indicated by an asterisk* in the Undergraduate Catalog. Some courses may have prerequisites; also indicated in the Catalog.

A. Humanities

Two courses from history, philosophy, religion, women's studies or humanities

B. Literature

One course selected from English or foreign language (in translation or upper-level literature courses in the language).

C. Fine Arts

Two history or appreciation courses from art, design, dance, film, music or theatre. (No studio or applied courses)

D. Natural Sciences

Two courses from astronomy, biology, chemistry, geology, or physics. At least one of these courses must include a laboratory.

E. Social Science

Two courses from economics, politics, psychology, or sociology, anthropology or geography.

CATEGORY III:

OTHER REQUIREMENTS

First year seminar: Required for all first year students entering directly from high school in the fall semester. Transfer students and those entering in the spring are exempt.

A course that is designated as writing intensive, non-European/non-Anglophone and Capstone. Designations for such courses are indicated in the course descriptions in the Undergraduate Catalog.

THE SCHOOL OF HUMANITIES, SCIENCES AND EDUCATION

ANN M. PLETCHER, *Dean*

DEPARTMENT OF BIOLOGY, CHEMISTRY, AND PHYSICS

HATICE NEVAL ERTURK, *chair*, JEFFREY BROTHERTON, WILLIAM CASE, DOUGLAS P. JENSEN, ELENA MENDEZ, EDNA STEELE, SHARON STRICKLAND

MISSION

The Department of Biology, Chemistry, and Physics strives to provide a rich and rigorous course of studying the natural sciences and an environment in which students explore scientific principles. The curriculum is designed to enable majors to achieve employment in laboratories and secondary education; to pursue graduate degrees in biology, biochemistry, and chemistry; and to enter professional programs in medical fields.

DEGREES AND PROGRAMS OFFERED

The Department of Biology, Chemistry, and Physics offers majors in biology and chemistry with either a Bachelor of Arts or a Bachelor of Science degree. The department also offers majors in biochemistry and medical technology with a Bachelor of Science degree. Students earning biology or chemistry majors may earn secondary teaching certification.

The department also offers minors in biology, chemistry, physics, and environmental studies. The Environmental Studies minor is described in the Interdisciplinary minors section of this catalog. Many students participate in pre-health professions programs, described elsewhere in this catalog. These are not part of the major, and the major is not required for them.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as	
Quantitative Reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course	1-2 hours
Humanities	6 hours
Literature	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total	49-52 hours

Graduation requirements but not a separate course:

- First Year Seminar
- Writing Intensive course
- Non-European/non-Anglophone course
- Capstone experience

For more information see the GEP requirements in this catalog.

BACHELOR OF ARTS AND BACHELOR OF SCIENCE WITH A BIOLOGY MAJOR

Students majoring in biology may receive either a Bachelor of Arts or a Bachelor of Science degree. Both degrees require students to take 38 credit hours in biology, to complete cognate coursework in mathematics and science outside biology, to complete a research requirement, and to take an assessment exam. The requirements are identical for the BA and BS except for the cognate coursework.

A student interested in biology should inform her adviser as early as possible. It is highly recommended, although not necessary, that she begins the general chemistry sequence (CHM 201-202) during her freshman year and that she begins biology coursework within her freshman year. She should work closely with her adviser to plan her course of study.

PROGRAM OUTCOMES OF THE BIOLOGY PROGRAM:

Through completion of the Bachelor's Degree in Biology, our graduates will;

1. acquire an intermediate understanding of the fundamental biological principles and integrate these principles from the major areas of biology (cellular biology, organismal biology, field biology, genetics, and evolution).
2. acquire laboratory and field skills in biology.
3. develop communication skills in written and oral forms that are appropriate for biologists.
4. engage in the scientific process demonstrating an advanced understanding of research, methods, and analysis.

REQUIRED COURSES

The biology major requires 38 credit hours of biology coursework. At least 20 of these 38 credit hours must be at the 300-level or higher. The 38 hours must include coursework as listed below. The remainder of the 38 hours is elective coursework.

- Concepts in Biology (BIO 100).....4 hours
- Cellular Biology (choose one).....4 hours
- BIO 210: Cell Biology
- BIO 312: Microbiology

Animal Diversity (choose one).....	4-5 hours
BIO 202: General Zoology	
BIO 305: Human and Comparative Anatomy	
BIO 308: Invertebrate Zoology	
BIO 309: Parasitology	
Plant Biology (choose one)	4 hours
BIO 203: General Botany	
BIO 303: Systematic Botany	
Genetics (choose one)	4 hours
BIO 301: Genetics	
BIO 408: Molecular Biology of the Cell	
Evolution	3 hours
BIO 302: Evolutionary Biology	
Field Biology (choose one)	4 hours
BIO 303: Systematic Botany	
BIO 411: Ecology	
Seminar (both BIO 391 and 491)	3 hours

The following courses do not apply to the biology major: BIO 105, 120, 199H and 481. A maximum of 4 credit hours each of BIO 317 and 490 may apply to the biology major.

MTH 113: Introduction to Statistics	
MTH 210: Calculus and Analytical Geometry II	
BAD 300: Descriptive and Inferential Statistics	
ECN 300: Descriptive and Inferential Statistics	
PSY311: Statistics and Experimental Design II	
POL 303: Social Statistics	

Total Cognate Hours.....22-23 hours

*BA students must be mathematically prepared for the first calculus course (MTH120). Students who enter the college placed at that level or higher have fulfilled the requirement with 0 credit hours. Students who enter the college placed at a lower level must pass MTH 110 (3 credit hours) to fulfill this requirement.

RESEARCH REQUIREMENT

All biology majors are required to gain research experience. Students may fulfill this requirement by performing a research project under the direction of biology faculty at Converse College, by performing a research project under another person, or as part of a summer program. All research performed away from Converse must be approved by the biology faculty at Converse College. Students who prefer not to perform a research project may fulfill this requirement by successful completion of BIO 480.

ASSESSMENT EXAM

In addition to the academic and research requirements, all biology majors must complete an assessment exam during the last semester of their senior year.

SECONDARY TEACHING CERTIFICATION

Majors who plan to complete secondary certification to teach high school must declare an Education minor, and meet with an advisor in the Education Department to discuss specific requirements. They are encouraged to do this as early as possible. These students must complete all of the following Biology courses: BIO 100, 202, 203, 312 and 411. They must complete one of PHY 242 and 252, and they must complete one of BAD 300, ECN 300, PSY311 or POL 303.

THE BIOLOGY MINOR

Students who minor in biology must complete 24 credit hours of biology, including BIO 100. The following courses may not count towards the minor: BIO 105, 120, 199H, 391, 481, 491 and 497.

MEDICAL TECHNOLOGY

Edna Steele, *Director*

Converse offers a major in medical technology with a Bachelor of Science degree for students who are ASCP-certified Medical Laboratory Technicians. Students completing this major must make their own arrangements for their certification examinations (check www.ascp.org for eligibility) and must complete all requirements for a Converse degree.

PROGRAM OUTCOMES OF THE

MEDICAL TECHNOLOGY PROGRAM:

Through completion of the Bachelor of Science Degree in Medical Technology, our graduates will

1. acquire an intermediate understanding of the fundamental biomedical principles.
2. acquire additional laboratory skills in biomedical sciences.

3. develop communication skills in written and oral forms that are appropriate for medical technology professionals

COURSES OF INSTRUCTION IN BIOLOGY

***100. CONCEPTS IN BIOLOGY/FOUR CREDITS**
GEP, Major, Minor, Elective credit. An introduction to the fundamental principles of biological activity and scientific methodology. Lecture and laboratory. *Lab fee. Offered Fall and Spring Terms.*

***105. HUMAN BIOLOGY/FOUR CREDITS**
GEP, Elective credit. Not accepted for major or minor credit. A study of the principles of biology focusing on human issues, including diseases, impact of human population on ecosystems, physiological functions of the human body, and role of biotechnology in our society. The ethical aspects of various issues will be discussed. Lecture and laboratory. *Lab fee.*

110. MEDICAL TERMINOLOGY/THREE CREDITS
Elective credit. Not accepted for Biology major or minor credit. An introduction to medical terminology through the study of the human body systems. The course begins with building medical terms from roots, prefixes, suffixes and combining forms and then progresses into relating these terms to the human body system. Each body system lesson includes terms for anatomy, physiology, pathology, diagnosis, medical procedures, pharmacology and abbreviations.

***112. HUMAN BODY AND FUNCTIONS/FOUR CREDITS.**
GEP. This course is designed to provide students with a general understanding of how the human body functions. Topics include its levels of organization and the structure and function of the major organ systems. This course is not acceptable in programs requiring two semesters of Anatomy and Physiology (e.g., Pre-Nursing, Pre-Med, and most Allied-Health Professions programs) and does not satisfy the Biology major or minor requirements.

***120. SPRING FLORA/FOUR CREDITS**
GEP, Elective credit. Not accepted for major or minor credit. This course introduces students to the variety of plants that live locally and form much of the spring bloom. Lectures will cover a broad range of general botany and ecology topics. Weekly laboratories will be held outdoors at a variety of plant habitats. Students will learn many of the local plants during laboratory, and they will perform field experiments and collect ecological data. *Lecture and laboratory. Lab fee.*

***125. FIRST- YEAR SEMINAR/THREE CREDITS**
GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

***150. SPECIAL TOPICS/ THREE OR FOUR CREDITS**
GEP, Elective credit. Four hour course will have a laboratory component. Some offerings may be eligible for major or minor credit. Selected topics in introductory level biology. *Special topic: Human Nutrition will meet the GEP requirement for wellness.*

***199H. FRESHMAN HONORS SEMINAR/THREE OR FOUR CREDITS**
GEP, Elective credit. Not accepted for major or minor credit. A study of a selected subject within the discipline, which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward

graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines. *Lab fee.*

***202. GENERAL ZOOLOGY/FOUR CREDITS**

GEP, Major, Minor, Elective credit. Prerequisites: BIO 100 or adviser placement. A study of the morphology, taxonomy, and physiology of representative types from the Animal Kingdom. Lecture and laboratory. *Lab fee. Offered Fall Term.*

***203. GENERAL BOTANY/FOUR CREDITS**

GEP, Major, Minor, Elective credit. Prerequisites: BIO 100 or adviser placement. An introduction to plants, their activities, and their relationship to humans. Lecture, laboratory, and field trips. *Lab fee. Offered alternate Spring Terms.*

210. CELL BIOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent. Pre- or co-requisite: CHM 202. A study of cell structure, function, and reproduction. The course covers both prokaryotic and eukaryotic cells. Laboratories are designed to offer students a wide variety of both traditional and modern techniques. *Lab fee. Offered Spring Term.*

211. HUMAN PHYSIOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: CHM 202 and either BIO 100 or 202. A study of the functions of the basic human organ systems. Physiological processes will be related to organ structures and integrated with the functioning of the whole organism. Lecture and laboratory. *Lab fee. Offered alternate Spring Terms.*

270. HUMAN SEXUALITY/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: one of BIO 100, 202 or 203. A study of the human reproductive system with primary emphasis on anatomy and physiology. Consideration also will be given the psychological, religious, and ethical aspects of human sexuality. Lecture.

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

301. GENETICS/FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 100 or its equivalent and either BIO 210 or 312. A study of the fundamental principles of heredity with

emphasis on its molecular basis. Experimental work with *Drosophila melanogaster*, bacteria, and viruses will be included. Lecture and laboratory. *Lab fee. Offered Fall Term.*

302. EVOLUTIONARY BIOLOGY/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and BIO 301 or permission of the instructor. Junior or senior class standing is recommended. A survey of the theory, history, and principles of evolutionary biology. Both macroevolutionary and microevolutionary topics are covered and primary literature is discussed. *Offered Spring Term.*

303. SYSTEMATIC BOTANY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 100 or its equivalent. A study of the taxonomy of the vascular plants with emphasis on the angiosperms. Laboratory will include work in the field. Lecture and laboratory. *Lab fee. Offered alternate Spring Terms.*

304. COMPARATIVE VERTEBRATE EMBRYOLOGY/ FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and either BIO 202 or 203 or permission of the instructor. A comparative study of the development of selected vertebrates. Lecture and laboratory. *Lab fee. Offered alternate Fall Terms.*

305. HUMAN AND COMPARATIVE ANATOMY/FIVE CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 100 or its equivalent. A comparative study of the origin, structure, and function of organ systems of humans and other selected vertebrates. The gross anatomy of organ systems in relation to their functions are studied. Laboratory includes a hands-on approach to the identification of anatomical structures. Lecture and laboratory. *Lab fee. Offered Spring Term.*

308. INVERTEBRATE ZOOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 100 or its equivalent. A study of the morphology and biology of invertebrates. Lecture, laboratory, and field trips. *Lab fee.*

309. PARASITOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 100 or its equivalent. A taxonomic approach to the ecology, physiology, and pathology of parasites, with emphasis on those of medical and veterinary importance. Lecture and laboratory. *Lab fee. Offered alternate Fall Terms.*

312. MICROBIOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent; one of BIO 202, 203, and 210; and CHM 202. A study of the physiology and morphology of bacteria, algae, and fungi, and their roles in sanitation, agriculture, and medicine. Lecture and laboratory. Lab fee. Offered alternate Fall Terms.

*317. STUDY/TRAVEL PROGRAM/ THREE OR FOUR CREDITS

GEP, Major, Minor, Elective credit. Maximum of 4 credit hours allowed for major credit. Prerequisites: BIO 100 or its equivalent and consent of instructor. A special program offering the student the opportunity to learn about ecosystems in the United States and in foreign countries. The student will incur additional costs.

330. INTRODUCTION TO IMMUNOLOGY/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and one of BIO 301, 310, or 312. A study of the mechanisms of the immune defense of the human body. Vaccination, grafting, tumor immunology, and autoimmune diseases are also discussed. Lecture.

350. SPECIAL TOPICS IN BIOLOGY/ THREE OR FOUR CREDITS.

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and consent of the instructor. Selected topics in advanced biological study.

391. JUNIOR SEMINAR/ONE CREDIT

Required of all junior majors. Major credit. Prerequisites: BIO 100 or its equivalent and either BIO 202, 203 or consent of the instructor. Directed reading, study, and discussion designed to reemphasize the fundamental principles of biology, to correlate and summarize the coursework of the major program and related fields, to introduce new areas and ideas, and to provide experience in literature review and oral presentation. Conferences as needed. Offered Fall Term.

401. BIOLOGY FOR TEACHERS/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and either BIO 202 or 203. A special course covering the modern techniques for the teaching of biology on the secondary level. Lecture, laboratory, and field trips. Offered Summer Session I.

408. MOLECULAR BIOLOGY OF THE CELL/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and one of BIO 301, 310 and 312, pre- or corequisite: CHM 303. The study of molecular mechanisms lying behind the workings of the cell, with emphasis on DNA, RNA and proteins. Both lecture and laboratory will involve the study and use of modern biotechnological protocols and procedures. Lecture and laboratory. Lab fee. Offered alternate Spring Terms.

411. ECOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent and one of BIO 202 or 203. A study of the principles governing the relationships between organisms and their environment. Laboratory will include extensive field work. Lecture and laboratory. Lab fee. Offered alternate Fall Terms.

420. HISTOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: one of BIO 100 or its equivalent and either BIO 202 or 203 or consent of the instructor. The study of animal tissues with emphasis on how structure and function interrelate. The laboratory emphasizes tissue recognition at the microscopic level. Lecture and laboratory. Lab fee.

480. RESEARCH METHODS IN BIOLOGY/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 100 or its equivalent, junior or senior class standing, and completion of one biology course at the 300 or 400 level. This course fulfills the research requirement for the biology major. This course introduces students to scientific research from both philosophical and practical perspectives. Activities include reading and discussions of philosophical approaches to science and biology and research project design and criticism.

481. INTERNSHIP IN BIOLOGY/ THREE OR FOUR CREDITS

Elective credit. Not accepted for major or minor credit. Prerequisites: BIO 100 or its equivalent and consent of instructor. A special course to afford the student practical work experience for academic credit. Open to juniors and seniors with an adequate background in biology. A journal and oral report of the internship are required. Credit and work to be arranged according to the experience desired. Pass/fail grading.

485. RESEARCH/ONE TO FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 100 or its equivalent and consent of the instructor. A special course to allow the student to pursue a research project. *May be repeated for a maximum of six credit hours. Lab fee.*

490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE TO FOUR CREDITS
Major, Minor, Elective credit. Maximum of 4 credit hours allowed for major credit. Prerequisites: BIO 100 or its equivalent and consent of the instructor. A special course to allow the student to pursue independent study or research. Credit and work to be arranged according to the problem, and topic must be approved by the instructor. *May be repeated for credit.*

491. SENIOR SEMINAR/TWO CREDITS

Required of all senior majors. Major credit. Prerequisite: BIO 391 or consent of the instructor. In addition to the requirements as listed under BIO 391, the senior biology major will conduct independent research on an assigned topic and submit a written report. Conferences as needed. *Offered Fall Term. Writing intensive and capstone.*

497. HONORS/THREE CREDITS

Major credit. Prerequisite: BIO 100 or its equivalent, senior class standing, approval by the department, and consent of the instructor. This course is for qualified students pursuing honors in biology. Students perform independent research and write a thesis under the direction of a biology faculty member.

BACHELOR OF SCIENCE WITH A CHEMISTRY MAJOR PROGRAM

OUTCOMES OF THE CHEMISTRY PROGRAM:

Through completion of the Bachelor's Degree in Chemistry, our graduates will;

- acquire an intermediate understanding of the fundamental chemical principles and integrate these principles from the major areas of chemistry (analytical chemistry, inorganic chemistry, organic chemistry, and physical chemistry).
- acquire laboratory skills in chemistry.
- develop communication skills in written and oral forms that are appropriate for chemists.
- engage in the scientific process, demonstrating an advanced understanding of research, methods, and analysis.

The Bachelor of Science degree with a major in chemistry requires a minimum of 41 credit hours of coursework in chemistry.

All chemistry majors are required to participate in a research project as evidence that they understand the scientific method.

REQUIRED COURSES

CHM 201: General College Chemistry..... 4 hours
CHM 202: General College Chemistry..... 4 hours
CHM 251: Quantitative Analysis 4 hours
CHM 303: Organic Chemistry..... 4 hours
CHM 304: Organic Chemistry..... 4 hours
CHM 315: Physical Chemistry 4 hours
CHM 316: Physical Chemistry 4 hours
CHM 410: Instrumental Analysis..... 4 hours
CHM 405: Junior Seminar 1 hour
CHM 407: Senior Seminar..... 2 hours
Chemistry Electives 6-8 hours

ADDITIONAL REQUIREMENTS:

PHY 251: Essentials of Physics I 4 hours
PHY 252: Essentials of Physics II 4 hours
MTH 120: Calculus I 3 hours
MTH 210: Calculus II..... 3 hours
MTH 220: Calculus III 3 hours

TOTAL HOURS FOR BACHELOR OF SCIENCE WITH A CHEMISTRY MAJOR.....

58-60 hours

BACHELOR OF ARTS WITH A CHEMISTRY MAJOR

The Bachelor of Arts degree with a major in chemistry consists of a minimum of 33 hours of coursework in chemistry, as well as some additional requirements.

REQUIRED COURSES

CHM 201: General College Chemistry..... 4 hours
CHM 202: General College Chemistry..... 4 hours
CHM 251: Quantitative Analysis 4 hours
CHM 303: Organic Chemistry..... 4 hours
CHM 304: Organic Chemistry..... 4 hours
CHM 315 or 320: Physical Chemistry 4 hours
CHM 405: Junior Seminar 1 hour
CHM 407: Senior Seminar..... 2 hours
Chemistry Electives 6 hours

ADDITIONAL REQUIREMENTS

PHY 241: Elements of Physics I 4 hours
PHY 242: Elements of Physics II..... 4 hours
Choose one from the following:..... 3 hours
MTH 115: Survey of Calculus
MTH 120: Calculus and Analytical Geometry

TOTAL HOURS FOR BACHELOR OF ARTS WITH A CHEMISTRY MAJOR.....

44 hours

THE CHEMISTRY MINOR

A chemistry minor requires 23-24 credit hours of coursework in chemistry (6 courses). The program of study is as follows:

CHM 201: General College Chemistry.....	4 hours
CHM 202: General College Chemistry.....	4 hours
CHM 251: Quantitative Analysis	4 hours
CHM 303: Organic Chemistry.....	4 hours
Chemistry Electives	7-8 hours
CHM 304: Organic Chemistry	
CHM 311: Environmental Chemistry	
CHM 315: Physical Chemistry or	
CHM 320: Short course in Physical Chemistry	
CHM 316: Physical Chemistry II	
CHM 402: Advanced Organic Chemistry	
CHM 403: Advanced Inorganic Chemistry	
CHM 410: Instrumental Analysis	
CHM 415: Biochemistry	
CHM 416: Biochemistry	

TOTAL HOURS FOR A

CHEMISTRY MINOR..... 23-24 HOURS

Internship and research courses may not be included in the total hours for the minor.

BACHELOR OF SCIENCE WITH A BIOCHEMISTRY MAJOR

The Bachelor of Science degree with a major in biochemistry is based upon the recommendations of the American Society for Biochemistry and Molecular Biology and requires 35 credit hours of chemistry, 16 credit hours of biology, 8 credit hours of physics, and 6 credit hours of mathematics. All biochemistry majors are required to participate in a research project as evidence that they understand the scientific method.

PROGRAM OUTCOMES OF THE BIOCHEMISTRY PROGRAM:

Through completion of the Bachelor's Degree in Biochemistry, our graduates will

1. acquire an intermediate understanding of fundamental biochemical principles and integrate these with principles from major areas of chemistry (analytical chemistry, inorganic chemistry, organic chemistry, and physical chemistry) and biology (cellular biology, organismal biology, genetics and molecular biology).
2. acquire laboratory skills in biochemistry.
3. develop communication skills in written and oral forms that are appropriate for biochemists.
4. engage in the scientific process, demonstrating an advanced understanding of research, methods, and analysis.

REQUIRED CHEMISTRY COURSES

CHM 201: General College Chemistry.....	4 hours
CHM 202: General College Chemistry.....	4 hours
CHM 251: Quantitative Analysis	4 hours
CHM 303: Organic Chemistry.....	4 hours

CHM 315 or 320: Physical Chemistry	4 hours
CHM 415: Biochemistry	4 hours
CHM 416: Biochemistry	4 hours
CHM 405: Junior Seminar	1 hour
CHM 407: Senior Seminar.....	2 hours

REQUIRED BIOLOGY COURSES

4 courses	16 hours
One or two courses from	
BIO 100: Concepts in Biology	
BIO 202: General Zoology	
BIO 203: General Botany	
BIO 210 Cell Biology	
Two or three courses from	
BIO 301: Genetics	
BIO 312: Microbiology	
BIO 408: Molecular Biology	

ADDITIONAL REQUIREMENTS:

PHY 251: Essentials of Physics I	4 hours
PHY 252: Essentials of Physics II.....	4 hours
MTH 120: Calculus I.....	3 hours
MTH 210: Calculus II.....	3 hours

TOTAL HOURS FOR THE BACHELOR OF SCIENCE WITH A BIOCHEMISTRY MAJOR.....65 hours

Statistics, computer science, and additional math courses are recommended for majors in chemistry and biochemistry, but are not required.

Majors desiring certification to teach must include CHM 311, CHM 403, CHM 415, BIO 202 or 203 plus four more hours in biology, and specific courses in education in their program. Students may also double major in Biology and Biochemistry.

COURSES OF INSTRUCTION IN CHEMISTRY

*105. SPECIAL TOPICS IN CHEMISTRY/ THREE OR FOUR CREDITS

GEP, Elective credit, with some offerings eligible for major or minor credit. Lecture- only courses will be offered for three credit hours. Four hour course will have a laboratory. Selected topics in introductory level chemistry.

***140 FRANKENFOOD AND YOU/
THREE CREDITS**

GEP, Elective credit. Not accepted for major or minor credit. The science, history, politics and sociology of genetically modified food will be reviewed. Students will build from the biochemistry of these technologies a basis for evaluating their use and the policies that govern their use. This information will be applied to related science based issues.

***150. CONCEPTS OF CHEMISTRY/FOUR CREDITS**

GEP credit. Not accepted for major or minor credit. A survey of some of the major concepts of chemistry in order to gain insight into the nature of this science. Lecture and laboratory. *Lab Fee.*

***125. FIRST-YEAR SEMINAR THE CHEMISTRY OF ENVIRONMENTAL ISSUES/THREE CREDITS**

GEP, Elective credit. The purpose of this course is to expose first-year students to the chemistry involved in current environmental issues. We will explore not only the application of chemistry to technological solutions for these issues but also the ethical and societal implications of their use. Special emphasis is given to cultivating critical thinking, effective speaking, and writing skills. *Such a course is required for all first-year students and may be taken with the corresponding Student Success Seminar.*

***160. INTRODUCTION TO GEOLOGY/FOUR CREDITS**

GEP credit. Not accepted for major or minor credit. A course emphasizing the theories of geology, the techniques of rock, mineral, and fossil identification and classification, their habits and uses, and local geology. Field trips are part of the course. The course is offered for four credits as an on-campus course and for four or six credits as an off-campus travel course. Off-campus travel costs will be in addition to the regular fees. Lecture and laboratory. *Lab fee.*

***199H. FRESHMAN HONORS SEMINAR/FOUR CREDITS**

GEP credit. Not accepted for major or minor credit in biology, chemistry, or the pre-med program. A course for non-science majors who are interested in understanding some contemporary technological issues within the discipline of chemistry. The course provides the basic scientific knowledge necessary to understand these issues. The laboratory will introduce students to the scientific method and some of the laboratory techniques of chemistry. Offered periodically in rotation with seminars in other disciplines. Lecture and laboratory. *Lab fee.*

***201-202. GENERAL COLLEGE CHEMISTRY/ EIGHT CREDITS**

GEP credit. Required for major and minor. Prerequisite or Co-requisite: Math 110 or permission of the instructor. A course suitable for all science majors and pre-med students. Topics covered include atomic and molecular structure, chemical bonding, stoichiometry, chemical reactions, gas laws, thermodynamics, kinetics, equilibria, electrochemistry, qualitative analysis and some descriptive chemistry. A good background in algebra is required. Grade of C- or better is required for advancement to CHM 202. Lecture and laboratory. *Lab fee. Quantitative GEP requirement.*

***251. QUANTITATIVE ANALYSIS/FOUR CREDITS**

Major, Minor credit. Prerequisite: CHM 202. A study of the principles, methods, and applications of quantitative analysis including some instrumental techniques. Offered during January Term. Lecture and laboratory. *Lab fee. Quantitative GEP requirement.*

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

303-304. ORGANIC CHEMISTRY/EIGHT CREDITS

Major, Minor credit. Prerequisite: CHM 202. A systematic survey of the typical compounds of carbon. Study includes nomenclature, reactions, synthesis and mechanisms. Lecture and laboratory. *Lab fee.*

311. ENVIRONMENTAL CHEMISTRY/FOUR CREDITS

Major, Minor, or Elective credit. Prerequisites: CHM 201- 202 and 251. A study of those chemical substances, both naturally occurring and synthetic, which are the major causes of pollution in our environment. Lecture and Laboratory. Offered during Spring Term in alternate years. *Lab Fee.*

***315-316. PHYSICAL CHEMISTRY/EIGHT CREDITS**

Major, Minor, or Elective credit. Either CHM 315 or 320 is required for the chemistry and biochemistry majors. Prerequisites: CHM 201-202, physics, and calculus. An in-depth study of such topics as thermodynamics, chemical kinetics, bonding theory, molecular and atomic structure, and various properties of gases, liquids, and solids. Lecture and laboratory. *Lab fee. Offered in alternate years. Quantitative GEP requirement.*

***320. A SHORT COURSE IN PHYSICAL CHEMISTRY/FOUR CREDITS**
Major, Minor or Elective credit. Either CHM 315 or 320 is required for the chemistry and biochemistry majors. Prerequisites: CHM 201-202, physics, and calculus.
A course covering the basic areas of gas laws, thermodynamics, kinetics, and molecular structure and energies. This course is not as in-depth as is CHM 315-316, but does include more emphasis on biological applications than does CHM 315-316. Cannot be taken along with CHM 315-316. Lecture and laboratory. *Lab Fee. Offered in alternate years. Quantitative GEP requirement.*

402. ADVANCED ORGANIC CHEMISTRY/THREE CREDITS
Major, Minor, or Elective credit. A course designed as a continuation of study of important theoretical concepts, reaction types, and reaction mechanisms of organic chemistry. Topics that may be included are photochemistry, organic synthesis, carbocations and neighboring group participation, electrocyclic reactions and linear free energy relationships. *Offered in alternate years.*

403. ADVANCED INORGANIC CHEMISTRY/THREE CREDITS
Major, Minor, or Elective credit. This course focuses on the bonding theories and chemical and physical properties of the elements and their inorganic compounds. *Offered in alternate years.*

404. SPECIAL TOPICS/THREE CREDITS
Major, Minor, or Elective credit. Advanced courses that will be offered depending on the available staff and student interest. Topics that may be included are physical, organic, nuclear, and polymer chemistry, and hazardous wastes.

405. JUNIOR SEMINAR/ONE CREDIT
Required of all majors in the junior year. Not accepted for minor credit. Offered during Spring Term. Capstone.

407. SENIOR SEMINAR/TWO CREDITS
Required of all majors in the senior year. Not accepted for minor credit. Offered during Spring Term. Capstone. Writing Intensive.

***410. INSTRUMENTAL ANALYSIS/FOUR CREDITS**
Major, Minor, or Elective credit. Prerequisites: CHM 251 and 303-304. A course that focuses on the principles, instrumentation, and applications of various instrumental methods of analytical chemistry. Some of the topics covered include UV-visible, IR, and NMR spectroscopy, mass spectrometry, gas and high pressure liquid chromatography, atomic emission

and absorption spectroscopy, and electroanalytical methods. Lecture (2 hours/week) and laboratory (6 hours/ week). *Lab Fee. Offered in alternate years. Quantitative GEP requirement.*

415, 416. BIOCHEMISTRY/EIGHT CREDITS
Major, Minor, or Elective credit. May be used for biology major credit. Prerequisite: CHM 304. A study of the structure, properties and function of biomolecules and cell membranes and a detailed examination of reactions and mechanisms of metabolism, replication, transcription, and translation. Lecture and laboratory. *Lab fee. Offered in alternate years.*

480. RESEARCH/ONE TO SIX CREDITS
Major, Minor, or Elective credit. Prerequisite: Permission of department. A special course to allow the student to pursue a research problem. May be repeated. Maximum of six total credits. *Lab fee.*

481. INTERNSHIP IN CHEMISTRY/FOUR CREDITS
Major credit only. Not accepted for minor credit. Prerequisite: Permission of department and junior or senior standing. A special course to afford the student practical work experience. Three types of chemical internships are offered: industrial (for students planning to work in industrial or governmental laboratories) pharmaceutical (for pre-pharmacy chemistry majors), and environmental. *Pass/fail grading.*

490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE, TWO OR THREE CREDITS
Major credit only. Prerequisite: Permission of department. An independent course of advanced study of a particular topic not covered in any other course. Students receive minimum guidance from faculty. *May be repeated for credit.*

THE PHYSICS MINOR

A physics minor requires 22 hours of coursework in physics, not including 100 level courses.

REQUIRED COURSES

PHY 251: Essentials of Physics I	4 hours
PHY 252: Essentials of Physics II.....	4 hours
PHY 331: Modern Physics I.....	3 hours
PHY 332: Modern Physics II.....	3 hours
Two terms of PHY 310: Laboratory in Modern Physics.....	2 hours
Additional Physics Electives	6 hours

TOTAL HOURS FOR A PHYSICS MINOR22 hours

Students seeking initial certification in secondary physics must complete a minor in physics and must

take MTH 120, CHM 201, CHM 202, EDU 387 and BAD/ECN 300 or PSY 303.

COURSES OF INSTRUCTION IN PHYSICS

*125. FIRST-YEAR SEMINAR/THREE CREDITS

GEP First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first-year students are required to take a 3 credit-hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

*140. CONCEPTS OF PHYSICS/FOUR CREDITS

GEP credit. A survey of some of the major concepts in physics. Designed for the non-scientist with limited background in mathematics. Lectures and laboratory. *Lab fee*.

*143. ASTRONOMY/FOUR CREDITS

GEP credit. A course in descriptive astronomy in which emphasis is placed upon the basic principles involved. Lectures and laboratory. *Lab fee*. Offered yearly. *Quantitative GEP requirement*.

*153. ASTRONOMY OF ANCIENT CULTURES/FOUR CREDITS

GEP credit. Students will explore the astronomy and cosmology of different cultures including those of Australian aborigines, Costa Rican indigenous tribes, Maya, Inca and the Egyptians. They will learn the fundamentals of naked eye astronomy and the methods used to learn about ancient astronomy.

*241. ELEMENTS OF PHYSICS I/FOUR CREDITS

GEP credit. A course of mechanics, properties of matter, heat, and sound. Lectures and laboratory. *Lab fee*. Offered yearly. *Quantitative GEP requirement*.

*242. ELEMENTS OF PHYSICS II/FOUR CREDITS

Minor, Elective credit. *Prerequisite: PHY 241*. Study of light, static and current electricity, magnetism, and modern physics. Lectures and laboratory. *Lab fee*. Offered yearly. *Quantitative GEP requirement*.

*251. ESSENTIALS OF PHYSICS I/FOUR CREDITS

GEP credit. *Minor, Elective credit*. *Prerequisite or co-requisite: MTH 120*. This course studies mechanics, heat, and waves using calculus to derive relationships and find solutions to problems. It is required for all physics minors. Lectures and

laboratory. *Lab fee*. Offered yearly. *Quantitative GEP requirement*

*252. ESSENTIALS OF PHYSICS II/FOUR CREDITS

Minor, Elective credit. *Prerequisite: MTH 120*. This course is a continuation of PHY 251 and studies light, electricity, and magnetism using calculus. It is required for all physics minors. Lectures and laboratory. *Lab fee*. Offered yearly. *Quantitative GEP requirement*.

280. SPECIAL PROBLEMS/ONE TO THREE CREDITS

Study in the area of a student's special interest. Offered on demand. *Quantitative GEP requirement depending on topic*.

*299H. INTERDISCIPLINARY HONORS COURSE

GEP, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office. *Quantitative GEP requirement depending on topic*.

*310. LABORATORY IN MODERN PHYSICS/ONE CREDIT PER TERM

Minor credit. An advanced laboratory taken in conjunction with PHY 331 and 332. Offered on demand. *Quantitative GEP requirement*.

*331. MODERN PHYSICS I/THREE CREDITS

Minor credit. *Prerequisites: PHY 242 or 252, MTH 120*. A study of relativity and quantum theory with applications in atomic physics. Offered on demand. *Quantitative GEP requirement*.

*332. MODERN PHYSICS II/THREE CREDITS

Minor credit. *Prerequisites: PHY 331, MTH 120*. A study of nuclear structure and interaction. Lectures and laboratory. *Lab fee*. Offered on demand. *Quantitative GEP requirement*.

*411–412. SEMINAR/ONE CREDIT PER TERM

Minor credit. *Prerequisite: PHY 242 or 252*. A study of various topics in physics. Offered on demand. *Quantitative GEP requirement*

*431. ANALYTICAL MECHANICS/THREE CREDITS

Minor credit. *Prerequisites: PHY 242 or 252, MTH 120*. Study of statics and dynamics of particles and rigid bodies. Harmonic oscillations. Offered on demand. *Quantitative GEP requirement*.

DEPARTMENT OF ECONOMICS, ACCOUNTING & BUSINESS

AMY E. COX, *chair*; WOODROW W. HUGHES, JR., ROGER F. LUTTRELL, W. THOMAS MAYNARD, ANN M. PLETCHER, MADELYN V. YOUNG

MISSION

The mission of the Economics, Accounting and Business department is to offer students the high quality of education they need to succeed in a continuously changing business environment. The faculty strives for academic excellence in teaching. The Department of Economics, Accounting and Business has three separate majors: economics, accounting and business administration. Within the business administration major the department offers six concentrations: economics, finance, human resource management, international business, marketing, and sports management. The department also offers a degree completion program for students wishing to complete a Bachelor of Arts degree with a major in business administration. The department prepares students who wish to pursue graduate education for entrance to and successful completion of graduate school. All students majoring in the department must be able to communicate ideas and information effectively in oral and written methods.

Each student must have a GPA of 2.0 or above within the major. The GPA will be computed using all courses taken within the department and major requirements outside the department.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total.....	49-52 hours

Graduation requirements but not a separate course:
 First Year Seminar
 Writing Intensive course
 Non-European/non-Anglophone course
 Capstone experience.

For more information see the GEP requirements in this catalog.

ECONOMICS

The economics major is designed to provide students with an understanding of market processes and institutions. Policies and laws affect economic activity. Past economics majors are currently working for a wide variety of businesses or in local, state or the federal government. Some are also in graduate school or law school, as it is widely recognized that economics provides one of the best backgrounds for the study of law.

The Department offers either a Bachelor of Arts or Bachelor of Science with an Economics major. Students earning the Bachelor of Arts with an Economics major will achieve the following economics student learning outcomes (ESLO):

1. Produce business writing that meets professional standards.
 2. Deliver a professional oral presentation.
 3. Gain a basic understanding of the working of markets, the nature of market structures, and the linkages in the world economy.
 4. Understand basic research methodology including literature surveys, data gathering, statistical analyses of economic data and policy implications of economic theory and empirical research in economics.
 5. Understand economic institutions such as the Federal Reserve.
 6. Be prepared for employment in the public and private sectors at levels appropriate for baccalaureate holders. Students will also be prepared for master's level studies in economics or related fields.
- In addition to achieving the above student learning outcomes, students earning the Bachelor of Science with an Economics major will:
7. Understand the mathematical underpinnings of key economic principles and models.

BACHELOR OF ARTS WITH AN ECONOMICS MAJOR

Required Courses:

ECN 201: Microeconomic Principles.....	3 hours
ECN 202: Macroeconomic Principles	3 hours
ECN 300: Descriptive and Inferential Statistics	4 hours
ECN 301: Intermediate Microeconomic Theory.....	3 hours
ECN 302: Intermediate Macroeconomic Theory.....	3 hours
ECN 304: Decision Tools for Business.....	4 hours
ECN 321: Money and Financial Institutions..	3 hours

ECN 326: Labor Economics	3 hours
ECN 327: International Economics	3 hours
ECN 400: Senior Seminar.....	3 hours
Nine additional hours in other economics courses numbered 300 or above, excluding ECN 361 and 499	9 hours

**TOTAL HOURS FOR BACHELOR OF ARTS
WITH AN ECONOMICS MAJOR.....41 hours**

**BACHELOR OF SCIENCE
WITH AN ECONOMICS MAJOR**

For a Bachelor of Science degree with an economics major the student must complete the following courses:

ECN 201: Microeconomic Principles	3 hours
ECN 202: Macroeconomic Principles	3 hours
ECN 300: Descriptive and Inferential Statistics	4 hours
ECN 301: Intermediate Microeconomic Theory.....	3 hours
ECN 302: Intermediate Macroeconomic Theory.....	3 hours
ECN 304: Decision Tools for Business	4 hours
ECN 321: Money and Financial Institutions.....	3 hours
ECN 325: Managerial Economics	3 hours
ECN 326: Labor Economics	3 hours
ECN 327: International Economics	3 hours
ECN 400: Senior Seminar.....	3 hours
Nine additional hours in other economics courses numbered 300 or above, excluding ECN 361 and 499.....	9 hours
MTH 115: Survey of Calculus or	
MTH 120: Calculus.....	3-4 hours

**TOTAL HOURS FOR BACHELOR OF
SCIENCE WITH AN ECONOMICS
MAJOR.....47- 48 hours**

THE ECONOMICS MINOR

An economics minor is comprised of 24 credit hours of coursework, including the following:

ECN 201: Microeconomic Principles	3 hours
ECN 202: Macroeconomic Principles	3 hours
ECN 301: Intermediate Microeconomic Theory.....	3 hours
ECN 302: Intermediate Macroeconomic Theory.....	3 hours
ECN 321: Money and Financial Institutions.....	3 hours
ECN 326 Labor Economics	3 hours
ECN 327 International Economics	3 hours
Three additional hours in the department with the approval of the adviser	3 hours
Total Hours for the Economics Minor.....	24 hours

Students who major or minor in economics should complete their GEP math requirement during their freshman year. It is recommended that MTH 108 be chosen to fulfill this requirement. Students are also encouraged to take HPE 126: Beginning Golf as their GEP activity course requirement.

ACCOUNTING

The accounting major is designed to prepare a student for a career in private accounting, financial management, public accounting or graduate school. It is recommended that the student pursuing a career in accounting consider taking additional courses beyond the major requirements including, but not limited to computer science, money and financial institutions, and other elective accounting and finance courses. Business ethics concepts are integrated throughout the accounting curriculum to expose future accountants to the variety and depth of ethical dilemmas present in the business world. Accounting graduates are currently working in banking, public accounting, manufacturing, service companies and attending graduate school in both masters level and doctorate programs.

Students earning the Bachelor of Arts in Accounting will achieve the following accounting student learning outcomes (ASLO):

1. Produce business writing that meets professional standards.
2. Deliver a professional oral presentation.
3. Exhibit an understanding of basic business, economic and accounting concepts.
4. Exhibit professional business conduct.
5. Develop an intermediate level of knowledge within their major or concentration.
 - a. Graduating accounting students will be able to prepare GAAP based financial statements.
 - b. Graduating accounting students will be able to demonstrate a basic knowledge of federal income tax as it applies to both individuals and business entities.
6. Be able to analyze problems using critical thinking skills and offer defensible solutions within their major or concentration.
 - a. Graduating accounting students will be able to assess and evaluate internal and external accounting information to help managers make decisions.
 - b. Graduating accounting students will be able to evaluate accounting systems and controls.

In addition to achieving the above student learning outcomes, students earning the Bachelor of Science in Accounting will:

7. Gain broader knowledge of the business environment in which the accounting profession operates.

Bachelor of Arts Degree Completion Program

Completion programs are offered for completion of the Bachelor of Arts or Bachelor of Science degree and require a minimum number of incoming, transferable undergraduate credits from regionally accredited institutions. These programs are designed for adult learners returning to college to complete an undergraduate degree. Programs may be offered through entirely online instruction, hybrid courses combining online and in-classroom teaching, summer workshops, or in limited off campus locations depending on the program. Course schedules and requirements are posted by each academic department responsible for the degree.

Converse offers a Bachelor of Arts with a major of Business Administration as a degree completion program. This program is a separate program from the Bachelor of Arts and Bachelor of Science degree with a business administration major which requires a concentration in a business related area. The degree completion program has different admissions requirements as well as major requirements .

Students applying to this degree program will have completed a minimum of 48 undergraduate credits from regionally accredited institutions including at least one course in each of the following areas; natural science and math, social and behavioral sciences, humanities and fine arts; English 101 Composition or equivalent and Math 108: Finite Math or equivalent.

COURSES OF INSTRUCTION ECONOMICS

*125. FIRST- YEAR SEMINAR/THREE CREDITS

GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

*150. ECONOMIC CONCEPTS/THREE CREDITS

GEP, Elective credit. This course examines the basic micro- and macroeconomic principles as found in the real world. The ideas of opportunity cost, supply and demand, the workings of markets, monopoly, unemployment, inflation, economic growth, international trade and other selected topics are discussed. *No credit will be granted to any student taking ECN 150 who successfully completed ECN 125.*

191. APPLICATIONS OF EXCEL IN ECONOMICS/ ONE CREDIT

Elective. This course will give students hand-on experience in applying Excel spreadsheets to real-world situations and problems. Topics discussed include but are not limited to the following: writing basic formulas: using the statistical, financial, and other formulas in the Excel package; using the regression and the correlation analysis tools of Excel; creating and formatting tables, charts and graphs to express quantitative data in a visual format; writing Macros to fit business situations.

*199H. FRESHMAN HONORS SEMINAR/ THREE CREDITS

GEP, Elective credit. The Honors course selects subjects within the discipline that will vary from term to term. The course is designed to encourage student participation in class discussions, special projects, solutions of problems, and defense of positions. Honors classes are often concentrated in current problems that are topics of other particular course offerings. A maximum of three credits shall be granted for duplicated course work. Offered periodically in rotation with seminars in other disciplines.

*201. MICROECONOMIC PRINCIPLES/

THREE CREDITS

GEP, Major, Minor, Elective credit. This course is an introductory study of market structures, products, and factors of production. *Quantitative GEP requirement. Writing Intensive.*

*202. MACROECONOMIC PRINCIPLES/ THREE CREDITS

GEP, Major, Minor, Elective credit. This course is an introduction to national income determination, monetary and fiscal policy, and international trade. *Quantitative GEP requirement. Writing Intensive.*

*291. SPECIAL TOPICS IN ECONOMICS/ THREE OR FOUR CREDITS

GEP, Major, Minor, Elective credit. The topics in this course will vary depending on available staff and interest of the students. It is intended to expose students to some introductory studies in the area of economics.

*299H.INTERDISCIPLINARY HONORS COURSE/ THREE CREDITS

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

*300. DESCRIPTIVE AND INFERENCE STATISTICS/ FOUR CREDITS

Major, Minor credit. This course examines some of the methods of describing and presenting both quantitative and qualitative data. Probability techniques and principles are studied as these are necessary for conducting and interpreting inferential statistical tests and techniques. *Meets Quantitative GEP requirement.*

301. INTERMEDIATE MICROECONOMIC THEORY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. This intermediate-level price theory course deals with the economic behavior of individual units such as consumers, firms and resource owners.

302. INTERMEDIATE MACROECONOMIC THEORY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. This intermediate-level course examines the determination of national income, employment and monetary policy.

304. DECISION TOOLS FOR BUSINESS/

FOUR CREDITS

Major, Minor credit. Prerequisites: ECN 201, 202, ECN 300 or permission of the instructor. Various mathematical techniques are employed in examining problems encountered in business and economics. These techniques include optimization, regression, decision-making, linear programming, PERT/CPM and inventory management models.

321. MONEY AND FINANCIAL INSTITUTIONS/ THREE CREDITS

Major, Minor, Elective credit. Prerequisite: ECN 202. This course examines the role of money and of monetary and financial institutions on the aggregate economy. There is an emphasis on the history, structure, and function of the banking system. The tools of monetary policy and how monetary policy impacts the aggregate economy are also discussed.

323. ECONOMIC PROBLEMS OF DEVELOPING COUNTRIES/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. Economic progress and development in the emerging nations of the world are the main points of investigation. This is an interdisciplinary approach to the economic, political and sociological factors involved in developing the economies of low per capita income countries.

324. BUSINESS AND THE PUBLIC SECTOR/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. This course is an examination of the rationale for government involvement in the economy, a study of the sources and uses of public funds, and the impact of these policies on the economy. Regulation and anti-monopoly policies are also examined.

325. MANAGERIAL ECONOMICS/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. This course illustrates the role of economic intuitions in making sound business decisions. The course emphasizes logic and conceptual modeling, reinforced by real-life examples, to highlight the pivotal link between economics and key business concerns such as costs, prices, markets and personnel. Students will learn to weigh the strategic costs and benefits of each business choice, instead of relying on popular quick-fix solutions.

326. LABOR ECONOMICS/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. Labor supply, labor demand, and their interaction in the determination of wage rates are the points of examination for this course. Wage differentials are examined in light of market,

institutional, and sociological factors. Discussions of labor unions and their economic effects are held as are examinations of macroeconomic topics such as unemployment and inflation.

327. INTERNATIONAL ECONOMICS/THREE CREDITS

Major, Minor, Elective credit. Prerequisite: ECN 201 and 202. This course examines the theoretical bases for international trade, comparative advantages, and the Heckscher-Ohlin model. The effect of trade barriers on the world economy is also explored. The importance of trade in the world economy, the mechanism of international payments, and the nature of fixed and flexible exchange rate systems are studied. The firm's decision making process in entering a market in a foreign country is examined. The course also examines the cultural, historical and political environments that impact multinational firms' operations.

331. PERSONNEL ECONOMICS FOR MANAGERS/ THREE CREDITS

Major, Minor, Elective credit. Prerequisite: ECN 326. This course uses economic theory to examine issues related to hiring, compensation, productivity measures, motivation, and employee turnover. Human capital theory is also addressed as is internal politics and employee empowerment.

*345. AMERICAN ECONOMIC HISTORY/ THREE CREDITS

GEP, Major, Minor, Elective credit. Prerequisites: ECN 201 and 202 or consent of instructor. This course studies the economic development of the United States from the colonial period to the present. The interrelated changes in economic performance, technology, institutions, and governmental policy are emphasized. Such topics as early development, transportation, population growth, technological change, financial development, and the role of government are covered.

349. SPORTS ECONOMICS AND FINANCE/ THREE CREDITS

Major, Minor, Elective credit. Prerequisite: ECN 201. The course examines the basic concepts of economics, supply and demand, and applies these concepts in a sports environment, seeking to determine how sports teams derive revenues and how the teams convert those revenues into profits for the owners. Other topics include the value of new franchises, the value of expansion of teams, the location of teams in different markets, and competitive balance. Issues of player salaries and labor relations, the role of government, and the economics of college athletics will be discussed. *Cross-listed with BAD 349.*

365. COMPARATIVE ECONOMIC SYSTEMS/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and 202. A study of the major economic models and

philosophies used by various countries is the focus of the course. Emphasis is placed on theoretical and real world comparison and assessment. Capitalism, communism and democratic socialism are the models covered.

380. HEALTHCARE ECONOMICS AND POLICY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: ECN 201 and ECN 202. Healthcare economics and policy applies microeconomic principles to healthcare delivery and healthcare policies. The course explores the changing nature of healthcare, social and political issues, and the future of healthcare delivery and finance under the Affordable Care Act. This course will also compare and contrast the United States and its lifestyle, cultural and economic characteristics to those of other developed countries to help students challenge their assumptions about healthcare.

399. STUDY/TRAVEL SEMINAR/ ONE TO FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: ECN 201 and ECN 202 or permission of the instructor. This course will focus on an economic or business question that will vary from year to year. Students will be involved in intense seminars prior to and following a short-term travel program.

400. SENIOR SEMINAR/THREE CREDITS

Major credit. Prerequisite: Senior status, or permission of department chair. A capstone course is required of all majors in the department, including accounting, business administration, and economics. The course is designed to simulate real-world experiences faced by managers and executives in for-profit, not-for-profit, and governmental organizations. Students are assigned to teams to explore solutions to various problems. Each team and team member will submit written reports and give oral presentations of their findings. Quantitative GEP requirement. Capstone.

401. SPECIAL TOPICS/THREE CREDITS JANUARY TERM/FOUR CREDITS

Major, Minor, Elective credit. The topics in this course will vary depending on available staff and interest of the students. It is intended to expose students to some advanced studies in the area of economics.

490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/THREE CREDITS

Major, Minor, Elective credit. Prerequisite: Departmental approval. This independent course is for advanced study of a topic not covered in any other course, under faculty guidance and instruction. May be repeated for credit.

DEPARTMENT OF EDUCATION

ANSLEY H. BOGGS, *chair*, D. WAYNE CHESER, REED CHEWING, KATHY GOOD, JULIE JONES, KELLY MAGUIRE, DELIA MALONE, MARGARET PARK, TERRELL S. TRACY, SUSAN WASHBURN

THE IDEAL EDUCATOR

Converse College designed its professional education courses to help the student meet the goals established in the Conceptual Framework. That framework follows from the Founder's Ideal, in which Dexter Edgar Converse said his desire was that Converse students "may be enabled to see clearly, decide wisely, and to act justly." Those three ideas are at the heart of the Conceptual Framework and guide instruction in all Converse professional education courses, both undergraduate and graduate. These ideas define our concept of The Ideal Educator.

The Institutional Standards

Professional education courses and experiences, combined with liberal arts courses, promote the acquisition of knowledge, skills, and dispositions essential for The Ideal Educator. These learning outcomes embody the following "Institutional Standards" that the instructional program meets.

The Ideal Educator:

1. Demonstrates knowledge of and respect for individual differences by differentiating instruction for the diverse needs of all learners.
2. Demonstrates knowledge of and competence in innovative instructional strategies.
3. Demonstrates knowledge of content and standards by integrating them into planning and instruction.
4. Demonstrates knowledge of technology and the value of its use by integrating it into a variety of areas.
5. Demonstrates knowledge of and competence in assessment and evaluation of students, instruction, and self through the utilization of informal and formal methods.
6. Demonstrates skills in management.
7. Demonstrates a positive attitude toward professionalism.

The Department of Education is the central undergraduate home for teacher education programs in Education. The Department of Education offers the Bachelor of Arts degree in the following teacher education programs: art (PK-12), early childhood (PK-3), elementary (2-6), comprehensive special education (PK-12), deaf and hard of hearing (PK-12), intellectual disabilities (PK-12), learning disabilities (PK-12), English (9-12), mathematics

(9-12), science (biology or chemistry) (9-12), and social studies (9-12).

Bachelor of Music degree in music education (choral and instrumental) (PK-12), resides in the Petrie School of Music. This degree has a specific course of study. Details are in the Petrie School of Music Student Handbook and the Undergraduate Catalog. The Department of Art and Design offers the Bachelor of Arts in Art Education (PK-12). Details are in the Undergraduate Catalog. Full-time Converse faculty members teach a majority of the education courses in each program. Students interested in teaching as a career may complete one or more of the programs described in this section. Students who fulfill the requirements of one or more of these programs can meet the certification requirements for teachers in South Carolina and in several other states. Those who wish to teach on the secondary level complete a 30-hour minor (32 for science teachers) in secondary education to complement appropriate liberal arts major.

The teacher education certification program prepares students to become well-qualified teachers and licensed professionals. These students follow the teacher education program as outlined in the Teacher Education Handbook found on the Converse College website. Student teaching is the capstone experience for all teacher education programs.

All education majors must take the CORE PRAXIS (or have qualifying SAT/ACT scores) and PRAXIS II examinations as well as the Principles of Learning and Teaching examination before graduation.

ADMISSION TO TEACHER EDUCATION

Teacher candidates should be familiar with the department website that contains descriptions of majors/minors, The Teacher Education Handbook, the Clinical Experience Handbook, the Student Teaching Handbook, important details, policies and announcements.

After completing 45 hours of coursework, a student applies for admission to the Teacher Education Admission Program. The student must have at least 2.75 cumulative GPA for admission. In addition, the student must successfully complete the first major clinical in their major program, pass the CORE PRAXIS exams or have qualifying SAT or

ACT scores, complete the application and secure the approval of the Teacher Education Admission Committee. Resources are available to help a student prepare for the CORE PRAXIS exams. Admission to the Teacher Education Program is a prerequisite to enrolling in Benchmark II courses. For transfer students, Converse uses all attempted course work prior to enrollment at Converse and all course work at Converse to determine cumulative GPA. Converse will cancel a failing grade at another institution if a student retakes and passes a comparable course at Converse, and if the Registrar approves. Such cancellation makes the policy for transfers compatible with the Converse policy for retaking courses.

During the senior year students are eligible for a placement in student teaching. A student planning to student teach in the Fall Term of her senior year must submit her request for placement by **March 1** of the junior year. A student planning to student teach in the Spring Term of her senior year must submit her request for placement by **October 1** of the senior year. Only those students currently accepted in a degree program can be eligible for student teaching.

Other requirements prior to student teaching include an application for certification to the South Carolina State Department of Education and a FBI background check. Details about this application and other requirements are available on the department webpage at www.converse.edu, on the South Carolina State Department website: <https://ed.sc.gov> and from departmental staff. Generally, the applications for certification are due to the Education Department by **December 1**, a year in advance of Fall Term student teaching, and by **May 1**, a year in advance of Spring Term student teaching. Passing scores on both the CORE PRAXIS and the appropriate PRAXIS II tests are among the requirements for certification. Because test requirements change, students should contact the State Department website: <https://ed.sc.gov> to be sure they register for the appropriate PRAXIS II test(s). Students must request that the Educational Testing Service submit their scores for CORE PRAXIS and PRAXIS II to Converse and to the South Carolina State Department of Education.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

Course work in all major and minor teacher education programs includes instruction in the use of computer technology and software, Education and Economic Development Act, SC Academic Standards and SC Safe School Climate Act. Before student teaching, students must complete two sequential, incremental clinical experiences and ADEPT training. The two clinicals include at least 100 hours of participation. Teacher candidates complete work and projects throughout their major coursework aligned with the South Carolina SAFE-T dossier, including the Teacher Work Sample.

All states require completion of a program of general education for teacher certification. The requirements of these programs vary from state to state. The Converse GEP includes many of the requirements of other states. However, if a student wants to meet the requirements of a specific state, she may need to make certain choices in the GEP. The student should write directly to the state department of education for complete and up-to-date information about teacher certification in states in which she may wish to teach.

BACHELOR OF ARTS WITH AN EARLY CHILDHOOD EDUCATION MAJOR

The early childhood major is a program for students interested in working with children in pre-kindergarten through third grade. This program leads to PK–3 certification in South Carolina. The early childhood major combines observations of young children, instructional methodology, program planning for PK–3 children, and information about the child’s social, emotional, physical, and intellectual development. All early childhood majors must take the PRAXIS II ECE

exam prior to graduation. Teacher candidates should verify the code number of the South Carolina requirement, as they are subject to change.

Required courses: Teacher candidates may only take courses in Benchmark I before being admitted to the Teacher Education Program. See the departmental webpage at converse.edu for a list of Benchmark courses and other important information.

with an individual child (usually in grades 1-2) on reading instruction. In the second clinical, EDU 103, they work with large group instruction in an elementary setting. The students' transcripts will reflect the completion of these clinicals.

SECONDARY EDUCATION MINOR

The program in secondary education gives teacher candidates of grades 9–12 professional competence and allows them to meet varying certification requirements. A student may complete secondary education as a minor by taking a sequence of 30 (32 for science teachers) hours of approved courses in education and psychology. The secondary education teacher candidate must major in an appropriate academic area corresponding with the secondary school curriculum, i.e., biology, chemistry, English, mathematics, and for prospective social studies teacher candidates, either politics or history. Secondary education minors must complete the academic major requirements, all admission requirements for the Teacher Education Program, and the minor in education. Students interested in secondary teaching should declare their minor and meet with an education advisor in the Department of Education during their sophomore year. They must select a teaching area and follow a prescribed sequence of courses necessary for graduation and teacher certification. Beginning in 2011, all four methods courses and Clinical I that accompanies each will only be taught in Spring Term. EDU 425: Teaching of Reading in the Content Area and the corresponding Clinical II will only be taught in the fall. Teacher candidates must take the appropriate PRAXIS II exams before the completion of student teaching in order to complete the requirements for the minor. All teacher candidates pursuing certification in secondary education must meet with the designated minor adviser in the pertinent certification area.

Required courses: Teacher candidates may take only courses in Benchmark I before being admitted to the Teacher Education Program. See the department webpage at converse.edu for a list of Benchmark courses and other important information.

BACHELOR OF ARTS WITH A COMPREHENSIVE SPECIAL EDUCATION MAJOR

The comprehensive special education block major, designed to prepare special education teacher candidates in grades PK–12, includes 69 hours of coursework in intellectual disabilities, learning disabilities, emotional disabilities, and elementary education. Teacher candidates complete an approved program in intellectual disabilities and the add-on requirements for certification in the additional areas.

All comprehensive special education majors must take the PRAXIS II Core Content Knowledge exam and the PRAXIS II exam in each of the three areas of special education prior to graduation. Requirements for certification and add-on certification are subject to change, and teacher candidates should consult their program worksheets and their advisors with questions about the code numbers for correct exams.

Directed student teaching will be in intellectual disabilities or learning disabilities. It is particularly important that students who choose this major confer with the Education Department at the earliest possible date.

Required courses: Teacher candidates may take only courses in Benchmark I before being admitted to the Teacher Education Program. See the department webpage at converse.edu for a list of Benchmark courses and other important information.

BACHELOR OF ARTS WITH A SPECIAL EDUCATION: DEAF AND HARD OF HEARING MAJOR

This program is designed to offer comprehensive course work for educating students who are deaf and hard of hearing in grades PK–12. The Deaf and Hard of Hearing Program meets all the requirements for national accreditation by the Council on Education of the Deaf and leads to PK–12 (Deaf and Hard of Hearing) certification in South Carolina. The major includes the courses required for add-on certification in elementary education (grades 2–6). Student teaching is arranged at the South Carolina School for the Deaf and the Blind or in deaf and hard of hearing classes in area public schools. All special education: deaf and hard of hearing majors must take the PRAXIS II exam (Deaf and Hard of Hearing) prior to graduation. The required exams are subject to change and teacher candidates should consult their program worksheets and their advisors with questions about the code numbers for correct exams.

The Deaf and Hard of Hearing Program, along with the South Carolina School for the Deaf and the Blind and the Spartanburg County Hearing Impaired Program, have a Professional Development School partnership. The purpose of this collaborative agreement is to provide opportunities for sharing joint responsibility for pre-service teacher preparation. Faculty from the partnership programs assist in developing, planning, and teaching selected courses and classes, serve as consultants

and mentors, and participate in planning and reviewing the curriculum.

Required courses: Teacher candidates may take only courses in Benchmark I before being admitted to the Teacher Education Program. See the department webpage at converse.edu for a list of Benchmark courses and other important information.

COURSES OF INSTRUCTION

EDUCATION

075. DEVELOPMENTAL/REMEDIAL MATH/ NO CREDIT

This remedial course helps students develop and improve their skills in arithmetic concepts and operations, measurement, geometry and problem solving. The student will complete a pre-test and post-test of math proficiency. *Pass/fail grading. Special fee.*

076. DEVELOPMENTAL/REMEDIAL WRITING/NO CREDIT

This remedial course prepares the student for writing a good composition. The student will complete a pre-test and post-test of composition proficiency. The students/instructors will use a four-point holistic scale, which includes the specific skills of composing, sentence formation, usage, and mechanics; to score compositions. The Writing Center is available to aid all students preparing for the writing portion of the CORE PRAXIS exam at any time on an informal basis. *Pass/fail grading. Special fee.*

077. DEVELOPMENTAL/REMEDIAL READING/NO CREDIT

This remedial course aids the student in developing literal and inferential comprehension skills, reference usage skills, and contextual word meaning skills. The student will complete both a pre-test and a post-test of reading proficiency. *Pass/fail grading. Special fee.*

100. CLINICAL I: EARLY CHILDHOOD READING AND LANGUAGE ARTS/NO CREDIT

Co-requisite: EDU 307. This supervised clinical of 50 hours in the first of two sequential, incremental clinical experiences for early childhood majors. Emphasis for this clinical is on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results in the area of reading and language arts in the early childhood classroom. *A student must take this course concurrently with EDU 307. Pass/fail grading. Offered Fall and Spring Terms.*

101. CLINICAL I: READING/ONE HOUR CREDIT

This supervised clinical is the first of two sequential, incremental clinical experiences for special education, early childhood and elementary majors. Students work with an individual child, assess and plan instruction in the area of reading, assist in building the child's self-esteem and confidence, aid in the development of thinking skills, and gain experience, practice, and training in the application

of theory and skills when working with others. A student must take this course concurrently with EDU 301 or EDU 307. A pre-assessment at the beginning of the experience and a post-assessment at the end of the experience will determine the candidate's impact on student learning. *Pass/fail grading. Offered Fall and Spring Terms.*

102. CLINICAL II: EARLY CHILDHOOD EDUCATION/ NO CREDIT

Prerequisites: EDU 101. Admission to Teacher education. Co-requisites with one of the following: EDU 403 or EDU 405. This supervised clinical is the second of two sequential, incremental clinical experiences required of early childhood majors. Teacher candidates work in a public school setting and observe, plan, and instruct young children. In this early childhood placement, teacher candidates apply their knowledge of discipline, management, and instructional theory acquired in core courses. *This course is a prerequisite to student teaching EDU 412b. Pass/fail grading. Offered every term.*

103. CLINICAL II: ELEMENTARY/ THREE CREDITS

Prerequisites: EDU 101. Admission to Teacher education. This supervised 50-hour clinical is the second of two sequential, incremental clinical experiences for elementary majors. Students work in a public school setting and observe, manage, plan for and instruct a large group, as opposed to an individual child. The course gives students the experience, practice, and training in technology, arts integration, and classroom management and the application of theory and skills acquired in core courses in elementary education. This practicum builds on the experiences in EDU 101. *Sign-up deadlines are involved. Offered Fall and Spring Terms.*

*125. FRESHMAN YEAR SEMINAR: LEARNING IN AMERICA/THREE CREDITS

GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common number (except for designated honors sections). Each FYS course is designed to have no more than 18 students and counts in some designated category of the General Education Program. Strong writing and speaking components are required of the course.

201. CLINICAL I: SECONDARY/THREE CREDITS
Minor credit. Prerequisite: EDU 360; Co-requisites: EDU 331, EDU 333, EDU 334 or EDU 335. Required of all prospective secondary teachers. The course is for prospective secondary school teachers in all academic areas. Students observe and participate in the instructional program of a secondary school under the supervision of a classroom teacher and a college supervisor. Requirements include seminars, assigned readings, and the preparation of a journal to supplement the field experiences. Faculty advisers can supply sign-up deadlines for each term. *Pass/fail grading. Offered Spring Term.*

202. CLINICAL II: CONTENT READING/
NO CREDIT

Prerequisites: EDU 201. Admission to Teacher education. Co-requisite: EDU 425. This supervised clinical is the second of two required sequential, incremental clinical experiences for secondary education majors. In a classroom setting appropriate to their major, teacher candidates focus on such topics as self-esteem, thinking skills, and vocabulary development. Faculty advisers can supply sign-up deadlines for each term. *Pass/fail grading. Offered in Fall Term.*

203. TECHNOLOGY IN EDUCATION/

of elementary math. Students analyze Tactics for Thinking, curriculum frameworks, SC Mathematics Standards, NCTM Curriculum and Evaluation Standards, and school-to-work transition. *This course is a prerequisite to EDU 412. Offered Fall, Spring and Summer Terms.*

305. BEHAVIOR AND DEVELOPMENT
OF THE YOUNG CHILD/THREE CREDITS

Major credit for Early Childhood. This course combines elements of learning theory and child growth and development with actual observation of children. Special topics include self-esteem and confidence, multi-ethnic and pluralistic preschool settings, and principles of tests and measurements. This course covers the social, physical, emotional, and intellectual development of the child from birth to preadolescence and gives special emphasis to language acquisition and pre-operational thought. *The course requires observation of children and is a prerequisite to EDU412b. Offered Fall Term.*

307. READING AND LANGUAGE IN THE EARLY
CHILDHOOD CLASSROOM/ THREE CREDITS

Major credit. Prerequisites for Early Childhood majors only: EDU 360, EDU 309. Co-requisite: EDU 101. This course is a study of the language arts; theoretical models for early literacy development and learning; and methods of literacy instruction specific to emergent readers. Topics include the connection between oral and written language, reading and writing processes; and approaches to teaching language arts in the early childhood classroom including assessing, planning, implementing, and evaluating outcomes. *This course is a prerequisite to student teaching.*

309. LITERATURE FOR THE CHILD/
THREE CREDITS

Major credit. This course acquaints the student with traditional and modern literature for children, interests of children of different age levels, criteria for evaluating children's books, creative writing, and methods of integrating children's literature into the curriculum. *This course is a prerequisite to EDU 412a and 412b.*

314. SCIENCE FOR THE CHILD/THREE CREDITS

Major credit. This course is designed to familiarize students with science content appropriate for the elementary child (grades 2–6) to develop pedagogical skills in science, and to build positive attitudes toward science and science instruction.

315. SOCIAL STUDIES FOR THE CHILD/
THREE CREDITS

Major credit. This course will focus on the content and methodology of social studies in the school. Students will study goals (knowledge, attitudes, values, and skills); objectives; content; materials; methods; scope and sequence; Curriculum Standards for the Social Studies (the National Council for the Social Studies); and evaluative techniques of the social studies. *Offered Fall and Spring Terms.*

327. TEACHING THROUGH THE ARTS/
THREE CREDITS

Elective credit. Designed for those without previous art training, it guides teacher candidates in the exploration and use of the visual arts, music and dance, and creative integration of the arts into the basic curriculum for increased academic achievement.

331. SECONDARY CURRICULUM AND
METHODS FOR MATHEMATICS/THREE
CREDITS

This course includes a study of methods, techniques, and materials of instruction appropriate to mathematics teaching in the secondary school. *Offered Spring Term.*

333. SECONDARY CURRICULUM AND
METHODS FOR SCIENCE/ THREE CREDITS

This course includes a study of methods, techniques, and materials of instruction appropriate to science teaching in the secondary school. *Offered Spring Term.*

334. SECONDARY CURRICULUM AND
METHODS FOR SOCIAL STUDIES/
THREE CREDITS

The course will include best practices in teaching social studies, strategies and methods that emphasize active student engagement, and development of units of study that are based on South Carolina Standards and integrate technology. *Offered Spring Term.*

The course will include best practices in teaching English Language Arts, strategies and methods that emphasize active student engagement, and development of units of study that are based on South Carolina Standards and integrate technology. *Offered Spring Term.*

336. LANGUAGE ARTS: INTEGRATING
INTERMEDIATE READING AND
WRITING/THREE HOURS

Major credit. This course focuses upon methodology for scaffolding reading and writing development of the student in intermediate grades. Teaching candidates will focus on the transition from beginning reading and writing to reading and writing in the content area. Effective strategies and materials for teaching the fluent reader and writer will be emphasized.

360. INTRODUCTION TO EDUCATION/
THREE CREDITS

Major credit. This course is a pre- or co-requisite to all education courses. This course is an introductory study of the historical, philosophical, and sociological foundations of the American educational system; it should be the first course in a student's education curriculum. It concentrates on current issues such as multicultural education, disabilities, affective, cognitive, and vocational education programs. The study reviews current impacts on curriculum, SC Standards, students, and teachers and examines career opportunities in education. Students begin the ADEPT portfolio and begin using the Converse electronic system powered by Livetext. *Offered Fall, Spring, January, Summer I and once during summer terms.*

361. CURRICULUM DESIGN AND
CLASSROOM MANAGEMENT/THREE CREDITS

Major credit. The relationship among classroom diversity, management, assessment, short and long term planning and instruction are explored. Students will develop knowledge and skills in the interaction of these classroom elements. The course has an imbedded clinical. *Offered Fall, January and Spring Terms.*

372. DIAGNOSTIC READING/THREE CREDITS

Major credit. This course will equip the elementary teacher candidate to diagnose and remediate the struggling reader in the regular classroom. It is the third literacy course in the elementary curriculum. Content delivered in this course is meant to build upon the foundations laid in elementary reading and intermediate language arts. These assessments, skills, strategies, and tools used in this course are well researched and rated highly by such learned societies as the International Reading Association and the reading Recovery Council of North America. Teacher candidates will become proficient with the use of such formative assessments as Marie Clay's Running Record and Fountas and Pinell's Guide for Observing and Noting Reading Behavior. They will

become familiar with and will employ planning and strategy instruction to teach a network of processing systems. A ten-hour clinical will allow students the hands on experience necessary for developing appropriate teaching repertoires responsive to the strengths and weaknesses of the elementary reader.

378. READING AND LEARNING STRATEGIES/THREE CREDITS

Major credit. Prerequisite: EDU 301. This course is primarily for students in special education. It includes methods and materials for a wide number of reading problems encountered among exceptional learners. The course emphasizes diagnosing reading difficulties and techniques of remediation. *This course includes a clinical. Offered Fall Term.*

382g: CLINICAL II: PRACTICUM IN EARLY CHILDHOOD EDUCATION/THREE CREDITS

This course offered for students seeking early childhood add-on certification provides students an opportunity to observe, plan for and work with young children. Emphasis is upon the early childhood curriculum, the nature of the learner, and management of young children. *Pass/fail grading.*

387. LABORATORY SCIENCE MANAGEMENT- READING/ TWO CREDITS

Prerequisites: Upper-class status and approval of instructor. This course gives the prospective secondary science teacher an opportunity to develop the laboratory skills necessary to manage a laboratory and to design experiments, laboratory and field activities, and demonstrations. In addition, the student must satisfactorily complete required reading and assignments. This required course for prospective secondary science majors is available (with the approval of instructor) when there is a demand from juniors or seniors.

403. METHODS AND MATERIALS FOR EARLY CHILDHOOD/THREE CREDITS

Major credit for Early Childhood. This course is a hands-on, activity-oriented course designed to guide students in the preparation of teacher-made instructional materials in each area of the preschool curriculum and the implementation of carefully prepared lessons for an actual preschool setting. Students plan appropriate lessons. The course emphasizes language development and listening, speaking, writing, and reading readiness experiences; explores a variety of teaching techniques and organizational arrangements; and emphasizes individualized instruction. *This course is a prerequisite to EDU 412b. Offered Spring and Summer Terms.*

405. CURRICULUM FOR EARLY CHILDHOOD/THREE CREDITS

Major credit for Early Childhood. Prerequisites: EDU 403. Admission to Teacher Education. This course is a study of the curricular needs of preschool children, a review of preschool programs/settings, and an exploration of applying teaching/learning theory to the preschool setting. Special topics include working with parents, classroom management techniques/strategies, and curricula in math, language arts, science, social studies, art, physical education, and music. Students make on-site visits to a Montessori school, a private kindergarten, public-school kindergartens, a university laboratory preschool, and a hospital-based child development center. *This course is a prerequisite to EDU 412b. Offered Fall Term.*

409. ELEMENTARY CURRICULUM/THREE CREDITS

Major credit for Elementary and Early Childhood. This course surveys each subject area of the modern elementary curriculum, trends and issues in curriculum development, teaching/learning theory, effective and efficient teacher characteristics or behaviors, effective communication skills between teacher and parent/ child, techniques for diagnosing student abilities, and current structured programs of observation and analysis of different teaching models. Special topics include microcomputer literacy/usage; classroom discipline and management; principles of tests and measurements; use of audio-visual equipment; multicultural education; affective education; self-esteem; thinking skills (e.g., problem solving, critical thinking skills, etc.); parent involvement; awareness of differing economic; social, racial, and religious groups; development and analysis of teacher-made tests; and varying organizational sizes (individualized, small and large). *This course is a prerequisite to student teaching in, elementary education, and early childhood education.*

412a. DIRECTED STUDENT TEACHING: ELEMENTARY/ TWELVE CREDITS

Major credit. Students normally take this course, which integrates theory and practice, during the senior year. The 60-day course includes observation, participation, and directed teaching experience in a local public school. The experience requires conferences with the Program Director, College Supervisor and the cooperating teacher, demonstration of the integration of technology into instruction, and attendance at such required seminars as training sessions, orientation sessions, and other workshops. The College Supervisor

visits the student teacher periodically during the semester. Students must request a student teaching placement by March 1 for Fall Term placement in the following year or by October 1 for Spring Term placement in the following year. *Pass/fail grading. Offered Fall and Spring Terms. Special fee. Meets the GEP capstone and writing intensive requirements.*

412b. DIRECTED STUDENT TEACHING:

425. TEACHING OF READING:
CONTENT AREAS/ THREE CREDITS

Minor credit. Prerequisites for prospective secondary teachers: EDU 201 and 340. Prerequisites for art students: ART 312L and EDU 340. EDU 201 is a prerequisite to EDU 202 Clinical. EDU 202 must accompany or follow EDU 425. Admission to Teacher Education. This course assists teachers in the teaching of reading in a variety of content areas. Teachers will learn to develop study guides, introduce content area texts, use study plans, determine reading expectancy and levels, develop comprehension questions at various levels, and assess readability of text materials. *Offered Fall Term.*

490. DIRECTED INDEPENDENT STUDY
IN SPECIAL TOPICS/ONE TO THREE CREDITS

Major credit. Prerequisite: Permission of instructor. This course is an academic experience in a special topic not covered in depth in regular course work. The student works independently and researches a topic approved by a faculty member in the department. The instructor prescribes the specific requirements (normally one or more papers). Students must observe the College limit of hours within a discipline. *May be repeated for credit.*

491. DIRECTED INDEPENDENT STUDY IN
CLINICAL EXPERIENCES (IN A SPECIFIED
AREA)/ THREE CREDITS

Major credit. Prerequisite: Permission of instructor. This course allows students to take additional coursework that is centered primarily around a clinical experience on a more comprehensive level than other clinical experiences included in specific major courses. *Pass/fail grading.*

497. HONORS IN EDUCATION/THREE CREDITS

Major credit. This course is for qualified students pursuing honors in education. Students either

complete independent research and write a paper or conduct action research and write a paper in conjunction with field experiences.

MUSIC EDUCATION:

DEPARTMENT OF ENGLISH

ANITA ROSE, *chair*; LAURA FEITZINGER BROWN, EMILY HARBIN, RICHARD MULKEY,
SUSAN TEKULVE, ERIN TEMPLETON

MISSION AND GOALS

The Department of English offers a Bachelor of Arts with a major in English, Bachelor of Arts with a concentration in creative writing, and a Bachelor of Fine Arts with a major in creative and professional writing.

The Bachelor of Arts (BA) in English offers advanced study of literary texts and criticism across a broad span of historical periods, genres, and traditions. During their course of study, students will learn about specific authors and texts and will develop their abilities in critical thinking, writing, and public speaking. In the fall semester of their senior year, students will enroll in English 496, the capstone course for literature majors. This course and its final project, both written and oral, should represent the culmination of student achievement and learning outcomes.

At the completion of their degree, students should be able to

1. demonstrate fundamental critical thinking skills in the analysis of literary texts,
2. demonstrate proficiency at sentence-level writing, effectively select, evaluate, and integrate secondary sources into written and oral presentations,
3. demonstrate the ability to give oral presentations that are persuasive, informative, clearly delivered, and well-organized, produce a work of extended written literary criticism
4. demonstrate an advanced understanding of a literary topic, argument structure, and writing style, and understand a variety of theoretical approaches to literature and deploy them effectively.

The Bachelor of Fine Arts (BFA) in English offers advanced study and practice in the composition of creative and professional writing. The program strives to create a broadly diverse environment necessary to foster creative and critical thinking, and reading and writing skills. In addition to the BFA track, students may pursue a BA degree with a concentration in Creative and Professional Writing. In the spring semester of their senior year, students in both tracks will enroll in English 498, the capstone course for BFA and BA Concentration students.

At the completion of the Bachelor of Fine Arts degree, students should be able to

1. demonstrate proficient level critical thinking skills in the analysis of creative work, whether published or student work,
2. demonstrate proficiency at sentence-level writing, including syntax and grammar,
3. demonstrate proficiency with the basic elements of form in genres in which they studied,
4. demonstrate an understanding of formal structure in the genres studied,
5. demonstrate proficient ability to move work from draft through the stages of revision,
6. demonstrate proficient knowledge of the literary traditions in which they write.

In addition to serving majors, the department offers ENG 101: Composition as a service course for the College in which students gain writing experience, confidence and fluency.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

BACHELOR OF FINE ARTS WITH A CREATIVE AND

PROFESSIONAL WRITING MAJOR

The Bachelor of Fine Arts degree with a creative and professional writing major will provide serious, aspiring women writers an intensive and challenging apprenticeship in the writing arts, informed by the close study of literature. The program is designed to offer writing students an exciting, sound liberal arts education based on the belief that writers and artists need to be grounded in the cultural, historical and intellectual contexts of the tradition in which they work. The program will prepare students seeking careers as professional creative writers or in other literary professions, such as journalism, editing, publishing or arts management. The program also prepares students to pursue a master's degree in creative writing, communications or in other programs. The creative and professional writing major requires 42 hours in addition to the GEP requirements. Major requirements include 27 hours in writing, 12 hours in literature, and three hours in additional art areas. Students seeking admittance to the major in creative and professional writing must achieve at least a 2.75 in ENG 292: Introduction to Creative Writing and receive a recommendation from the creative writing faculty before being accepted into the major. Upon completion of ENG 292, students may apply for admission in the creative and professional writing major by sending a letter of application and a 10 page writing sample to the director of creative writing. Application to the creative and professional writing major must be submitted no later than the end of the spring semester of the junior year.

THE ENGLISH MINOR

The department also encourages the election of English as a minor. Students who follow this course must complete a minimum of 18 hours of coursework above the 100 level. Although the minor in English does not need to follow the precise program of courses required of majors, students who minor in English must nevertheless arrange their course of study in consultation with the department chair.

COURSES OF INSTRUCTION

***98, 99. ENGLISH AS A SECOND LANGUAGE/
THREE OR SIX CREDITS**

GEP. This course is designed to aid international students with the English language and with the English-language educational style so that they might read, write, speak, and understand English sufficiently well to benefit from other classes and experiences.

***101. COMPOSITION/THREE CREDITS**

GEP. This course encourages the student's achievement of a clear and concise prose style by emphasizing expository and argumentative essay writing. The course includes readings in the essay, level-appropriate instruction in research, in-class exercises, discussions of the student's own writing, and conferences with the instructor. At minimum, students should produce 4-5 papers and 12 pages (3000 words) of thesis-centered writing.

***102. INTRODUCTION TO
LITERARY TYPES/THREE CREDITS**

GEP. Readings in the major literary genres—poetry, fiction and drama. This course introduces critical concepts and vocabulary that enable students to analyze literature seriously and to create well-organized essays demonstrating their own competence in literary interpretation. Students will receive level-appropriate instruction in research.

***125. FIRST YEAR SEMINAR/THREE CREDITS**

GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

***150. STUDIES IN FILM/FOUR CREDITS**

GEP course for Fine Arts. A critical examination of notable examples of film. Films representing a variety of genres (comedy, film noir, musical) and countries will be viewed and analyzed. *Offered during January Term only.*

***195. SPECIAL TOPICS/THREE
CREDITS/FOUR CREDITS JAN TERM**

GEP. A study of a theme, genre, or period; the course may include film, video, or other media in addition to printed text. Course is intended for non-majors; will not count toward the English major or minor.

***199H. FRESHMAN HONORS
SEMINAR/THREE CREDITS**

GEP, Elective credit. A study of a selected subject within the discipline, which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. *Offered periodically in rotation with seminars in other disciplines.*

***201 MAJOR BRITISH WRITERS I/THREE CREDITS**

GEP, Major, Minor, Elective credit. Selections from British literature beginning with the Anglo-Saxon period. The works of major writers are studied in chronological order and appropriate attention is given to backgrounds and characteristics of major literary periods. The first half studies the literature to 1660.

***202 MAJOR BRITISH WRITERS II/
THREE CREDITS**

GEP, Major, Minor, Elective credit. The second half of the British Writers survey studies the literature from 1660 to the present.

***203. SURVEY OF AMERICAN LITERATURE I/**

THREE CREDITS

GEP, Major, Minor, Elective credit. Selections from the body of American literature from the beginning to 1865. The works of representative writers are studied in chronological order and appropriate attention is given to backgrounds and characteristics of major literary periods.

*204. SURVEY OF AMERICAN LITERATURE II/ THREE CREDITS

GEP, Major, Minor, Elective credit. Selections from the body of American literature from 1865 to present. The works of representative writers are studied in chronological order and appropriate attention is given to backgrounds and characteristics of major literary periods.

290. ADVANCED COMPOSITION/ THREE CREDITS

Major, Minor, Elective credit. A workshop approach to the writing of expository prose. The course is designed for levels of experience and is structured to give beginning and advanced practice in exposition, description, and argument. Advanced Composition will satisfy the GEP composition requirement only for those students who place in the course by a score of three or more on either the Literature/Composition or the Language/Composition Advanced Placement tests. *Writing Intensive.*

291. INTRODUCTION TO PROFESSIONAL WRITING/THREE CREDITS

Major, Minor, Elective credit. An introduction to the elements of professional news and public relations writing, including basic news stories, features, editorials, interviews, press releases and PSAs.

292. INTRODUCTION TO CREATIVE WRITING/ THREE CREDITS

Major, Minor, Elective credit. Instruction in the writing of poetry and short fiction. Regular writing and reading assignments will be required. Student writing will be discussed in a "workshop" format.

*299H. INTERDISCIPLINARY HONORS COURSE

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

*300. TOPICS IN MEDIEVAL LITERATURE/ THREE

CREDITS/FOUR CREDITS IN JANUARY TERM

GEP, Major, Minor, Elective credit. A study of selected topics in the literature of the middle ages with concentration on British literature. Topics may include individual authors, genres or periods.

*301. CHAUCER/THREE CREDITS

GEP, Major, Minor, Elective credit. This course is a study of selected works of Geoffrey Chaucer. The concentration will be on his two major works: The Canterbury Tales and Troilus and Criseyde. While the concentration of classroom discussion will be on the literary texts, an understanding of various 14th century concerns will be integral to the course.

*302. ARTHUR AND THE MATTER OF BRITAIN/ THREE CREDITS

GEP, Major, Minor, Elective credit. The story of Arthur and his followers has fascinated people for 1500 years. In the middle ages it was the most significant secular subject in "history" and literature, and its appeal to the imagination has persisted through the centuries down to our own time. This course is an introduction to the story of origins and development of the Arthurian legend as it has been presented in history and literature.

*303. ENGLISH LITERATURE TO 1500/ THREE CREDITS

GEP, Major, Minor, Elective credit. English Literature to 1500 is a study of Old and Middle English literature (exclusive of Chaucer) in translation. To develop students with the traditional liberal arts skills: to read and analyze challenging material within their discipline, to write coherently, and to articulate their views competently. Through this preparation, our students will have the skills to pursue graduate study in various fields or to enter the job market successfully.

STUDENT LEARNING OBJECTIVES FOR HISTORY MAJORS

Because no common core of specific content knowledge is expected, each student through the individual course curriculum that she selects will pursue a somewhat different path. However, whatever the mix of specific study in different time periods and geographical areas, she will develop the liberal arts skills designated in the department mission statement. We trust that each student enhances her capabilities in the learning objectives as she gains experience through completion of individual courses. The department's assessment of the fulfillment of the learning objectives resides in the Senior Capstone Seminar in which each student is expected to validate that she can:

1. Read and interpret historical material and demonstrate how a historian approaches the study of the past.
2. Conduct historical research by formulating valid research questions, identifying source materials, organizing data, and completing an article-length paper that reflects proper documentation and citation practices.
3. Demonstrate the oral skills to present and defend research conclusions in a presentation before peers.

Consistent with the emphasis on preparing students for graduate study in a diverse array of fields or for success in whatever vocational fields that they pursue, a secondary identification that reflects that the department's mission statement is being achieved is the annual record of our students' post undergraduate accomplishments. Traditionally our majors have pursued law, international diplomacy, public policy, public administration, business, public history, teaching at the secondary or college levels, the nonprofit sector, library science, and many other fields too numerous to list. The department maintains records of the next step in the life process for each member of each graduating

class of majors.

MISSION

DEPARTMENT OF LANGUAGES, CULTURES AND LITERATURES

MIRKO M. HALL, *chair*, B. BRANT BYNUM, RAFAEL E. HERNANDEZ, CATHERINE JONES, NASHIELI MARCANO

The mission of the Department of Languages, Cultures and Literatures is to enable Converse students to embrace diversity and complexity in the world through communication in other languages. The department will achieve this goal by preparing students in the following areas:

1. competence in oral comprehension, speaking, reading, and writing of the target language;
2. knowledge of the culture and literature of the major language;
3. preparation to enter an advanced degree program, public service, business, or the professions.

The Department of Languages, Cultures and Literatures offers a Bachelor of Arts degree with the majors of German Studies and Spanish. Students majoring in German or Spanish must complete 30 credit hours in courses numbered 202 and above.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as	
Quantitative reasoning	3–4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1–2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7–8 hours
Social Science.....	6 hours
Total.....	49–52 hours

Graduation requirements but not a separate course:
 First Year Seminar
 Writing Intensive course
 Non-European/non-Anglophone course
 Capstone experience.

For more information see the GEP requirements in this catalog.

The requirements for the major are as follows:

GER 202.....	3 hours
GER 302, 303, 304.....	9 hours
GER 499.....	3 hours
Additional Electives.....	15 hours

Allowance of two courses with a substantial Germanic component in other departments for the major only.

TOTAL HOURS FOR A BACHELOR OF ARTS WITH GERMAN STUDIES MAJOR..... 30 hours

SPN 202	3 hours
SPN 300, 301, 304, 305.....	12 hours
Senior Seminar 499	3 hours
Additional Electives.....	12 hours

Allowance of either SPN 400 or HIS 477 for the major only.

TOTAL HOURS FOR A BACHELOR OF ARTS WITH A SPANISH MAJOR..... 30 hours

It is strongly recommended that all majors and minors participate in at least one internship and one study abroad program.

LANGUAGES, CULTURES AND LITERATURES MINOR

A minor in French, German Studies, or Spanish consists of 21 credit hours of courses at the level of 202 and above with the same requirements as the major except that the senior seminar is optional. The following courses are required for the French minor: FRN 202, 303 and 304. A minor in a foreign language is the minimum language requirement for the international business major.

COURSES OF INSTRUCTION

Students are highly advised against registering for the next level in a foreign language without having earned a grade of C- or higher in the prerequisites course(s).

ARABIC

*101–102. ARABIC I AND II/SIX CREDITS

GEP, Elective credit. Courses for beginners designed to initiate a student not only into a foreign language, but also into a new and exciting culture. Up-to-date teaching methods and techniques are employed throughout the courses. Non-European/non-Anglophone.

314. SPECIAL TOPICS/THREE OR FOUR CREDITS

Elective credit. This course will introduce students to various aspects of the social and cultural realities of the target cultures using historical readings and literary selections supported by film and/or travel. Topics of consideration may include history, women, the media, immigrants and racism, and colonialism.

CHINESE

Through the Converse-Wofford Cooperative program, Converse students may enroll in Chinese language and cultural courses at Wofford.

FRENCH

***101–102. ELEMENTARY FRENCH/SIX CREDITS**
GEP credit. A course for beginners designed to initiate students not only into a foreign language, but also into a new and exciting culture. Up-to-date teaching methods and techniques are employed throughout the program.

***125. FIRST-YEAR SEMINAR/THREE CREDITS**
GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

***199H. FRESHMAN HONORS SEMINAR/THREE CREDITS**
GEP, Minor, Elective credit. Offered periodically in rotation with seminars in other disciplines. A study of a selected subject within the discipline that will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines.

***201. INTERMEDIATE FRENCH/THREE CREDITS**
GEP credit. Prerequisites: French 101-102, or placement in FRN 201. This course is a structural review of the language.

202. INTERMEDIATE FRENCH/THREE CREDITS

Minor credit. Prerequisites: FRN 201 or placement in FRN 202. This course will emphasize speaking and listening with progressively increased practice in reading and writing.

***210. TOPICS IN READING, WRITING AND CONVERSATION/THREE CREDITS**
GEP credit. Prerequisite FRN 201. A study of a particular topic of French culture selected by the instructor. Subjects will vary from year to year. *Non-European/non-Anglophone.*

***265. LANGUAGE, CULTURE, AND LITERATURE STUDY SEMINAR/THREE CREDITS**
GEP credit. Students will study the target language and enroll in a foreign study program or participate in a Converse designed program, studying the language and discussing important topics on culture and contemporary life. Grades in the course will be determined either by the native language teacher or by a Converse professor, based on class participation, tests and graded assignments. *Offered during January Term or Summer Terms, contingent upon sufficient enrollment. Non-European/non-Anglophone.*

***299H. INTERDISCIPLINARY HONORS COURSE/THREE CREDITS**
GEP, Minor, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

***303, 304. A SURVEY OF FRENCH LITERATURE/THREE OR SIX CREDITS**
GEP, Minor, Elective credit. Permission of instructor. A study of selected themes in French literature from the beginning to the present time. The first term treats French literature from the beginnings to the revolutionary period; the second term from the French Revolution to the present. *Writing Intensive.*

309. FRANCOPHONE LITERATURE OF AFRICA AND THE CARIBBEAN/THREE CREDITS
Minor, Elective credit. Prerequisite: Permission of instructor. This course is a study of African and Caribbean literature. Consideration of social, political and economic dimensions of African and Caribbean cultures. May include an optional travel component. *Non-European/non-Anglophone.*

310. COMMERCIAL FRENCH/THREE CREDITS

Elective. Prerequisite: FRN 202 or equivalent. This is an introductory course into the everyday business language used in France. It consists of the study of oral and written texts dealing with such subjects as applications for jobs, interviews, business correspondence, advertising, etc., and includes structural exercise dealing with grammar difficulties and typical commercial terminology.

312. CONTEMPORARY FRENCH CULTURE/THREE CREDITS

Minor, Elective credit. Prerequisite: FRN 202 or equivalent. An introduction to present-day France that explores its political, socio-cultural and educational institutions through films, the media and literary works.

314. SPECIAL TOPICS/THREE CREDITS

Minor credit. Prerequisite: FRN 202 or approval of department chair. This course will introduce students to various aspects of the social and cultural realities of the target cultures using historical readings and literary selections supported by films and travel. Topics of consideration may include history, women, the media, immigrants and racism, and colonialism. *Non-European/non-Anglophone.*

*365. LANGUAGE, CULTURE, AND LITERATURE STUDY SEMINAR/THREE CREDITS
GEP credit. Students will study the target language and enroll in a foreign study program or participate in a Converse designed program, studying the language and discussing important topics on culture and contemporary life. Grades in the course will be determined either by the native language teacher or by a Converse professor, based on class participation, tests and graded assignments. *Offered during January Term or Summer Terms, contingent upon sufficient enrollment. Non-European/non-Anglophone.*

490. DIRECTED INDEPENDENT STUDY/THREE CREDITS

This course allows students to pursue a course of study not covered by regular offerings in French. Both teacher and student will select the topic of study according to the student's needs and interests. *Non-European/non-Anglophone.*

496. FOREIGN LANGUAGE INTERNSHIP/THREE OR SIX CREDITS

Minor credit. Prerequisite: One course numbered 300 or above and permission of the instructor. An internship in business or a public or private agency requiring the use of the student's foreign language skills. *Pass/fail grading.*

GERMAN STUDIES

*101–102. ELEMENTARY GERMAN/SIX CREDITS
GEP credit. A course for beginners designed to initiate students not only into a foreign language, but also into a new and exciting culture. Up-to-date teaching methods and techniques are employed throughout the program.

*201. INTERMEDIATE GERMAN/THREE CREDITS

GEP credit. Prerequisites: GER 101–102, or placement in GER 201. This course is a structural review of the language.

202. INTERMEDIATE GERMAN/THREE CREDITS

Major, Minor credit. Prerequisites: GER 201 or placement in GER 202. This course will emphasize speaking and listening with progressively increased practice in reading and writing.

*265. LANGUAGE, CULTURE AND LITERATURE STUDY SEMINAR/THREE OR SIX CREDITS

GEP credit. Students will study the target language and enroll in a foreign study program or participate in a Converse designed program, studying the language and discussing important topics on culture and contemporary life. Grades in the course will be determined either by the native language

teacher or by a Converse professor, based on class participation, tests and graded assignments. *Offered during January Term or Summer Terms, contingent upon sufficient enrollment.*

*299H. INTERDISCIPLINARY HONORS COURSE
GEP, Major, Minor, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

301. GERMAN COMPOSITION AND CONVERSATION/THREE CREDITS
Major, Minor, Elective credit. Prerequisite: GER 202 or the equivalent. This course expands communicative competence in German and provides a review of advanced grammar concepts. Discussions and compositions are based on selected topics in contemporary German culture. *Writing Intensive.*

*302. GERMANY TODAY/THREE CREDITS
GEP, Major, Minor, Elective credit. Prerequisite: GER 202 or the equivalent. An interdisciplinary survey of contemporary German society and its multicultural and transnational influences. Emphasis is placed on post-unification cultural, political and social issues. *Taught in German.*

*303. INTRODUCTION TO GERMAN LITERATURE/THREE CREDITS
GEP, Major, Minor, Elective credit. Prerequisite: GER 202 or the equivalent. A general introduction to German literature (poetry, drama and prose) and its socio-historical contexts from the Enlightenment to the present. Emphasis is placed on developing techniques for close reading and literary-cultural interpretation. *Taught in German.*

*314. SPECIAL TOPICS/THREE CREDITS
GEP, Major, Minor, Elective credit. This interdisciplinary seminar explores a special topic in the cultures of German-speaking countries. Particular emphasis is placed on the increasingly transnational and multicultural contexts of German cultural studies. Topics may include German cultural history, intellectual history, literature, media studies, and sound studies. *Writing Intensive. Conducted in English. Does not satisfy the GEP language requirement.*

*365. LANGUAGE, CULTURE AND LITERATURE STUDY SEMINAR/THREE CREDITS
GEP, Major credit. Students will study the target language and enroll in a foreign study program or participate in a Converse designed program,

studying the language and discussing important topics on culture and contemporary life. Grades in the course will be determined either by the native language teacher or by a Converse professor, based on class participation, tests and graded assignments. *Offered during January Term or Summer Terms, contingent upon sufficient enrollment.*

490. DIRECTED INDEPENDENT STUDY/THREE CREDITS
This course allows students to pursue a course of study not covered by regular offerings in German. Both teacher and student will select the topic of study according to the student's needs and interests.

496. FOREIGN LANGUAGE INTERNSHIP/THREE OR SIX CREDITS
Major, Minor credit. Prerequisite: One course numbered 300 or above and permission of the instructor. An internship in business or a public or private agency requiring the use of the student's foreign language skills. *Pass/fail grading.*

499. SENIOR SEMINAR/THREE CREDITS
Major credit. A review course treating topics in German language, contemporary civilization, and literature. *Capstone.*

ITALIAN
*101–102. ELEMENTARY ITALIAN/SIX CREDITS
GEP credit. A course for beginners. *Offered every other year.*

*201–202. INTERMEDIATE ITALIAN/SIX CREDITS
GEP credit. This course is a structural review of the language. *Not offered regularly.*

*265. LANGUAGE, CULTURE AND LITERATURE STUDY SEMINAR/THREE CREDITS
GEP credit. Students will study the target language and enroll in a foreign study program or participate in a Converse designed program, studying the language and discussing important topics on culture and contemporary life. Grades in the course will be determined either by the native language teacher or by a Converse professor, based on class participation, tests and graded assignments. *Offered during January Term or Summer Terms, contingent upon sufficient enrollment.*

314. SPECIAL TOPICS/THREE CREDITS

490. DIRECTED INDEPENDENT STUDY/THREE CREDITS
This course allows students to pursue a course of study not covered by regular offerings in Spanish. Both teacher and student will select the topic of study according to the student's needs and interests. *Non-European/non-Anglophone.*

496. FOREIGN LANGUAGE INTERNSHIP/THREE OR SIX CREDITS
Major, Minor credit. Prerequisite: One course numbered 300 or above and permission of the instructor. An internship in business or a public or private agency requiring the use of the student's foreign language skills. *Pass/fail grading.*

499. SENIOR SEMINAR/THREE CREDITS
Major credit. A final course for majors treating topics in Spanish language and contemporary Spanish and Latin American cultures and literatures. *Non-European/non-Anglophone. Capstone.*

MATHEMATICS

DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE

JAMES A. HYMAS, *chair*, PETER H. BROWN, JESSICA L. WILLIAMS

The mission of the mathematics major is to provide the student with the opportunity to study the classical mathematics curriculum so that she may:

1. communicate mathematical ideas with ease and clarity;
2. organize and analyze information;
3. solve problems readily;
4. construct logical arguments;
5. understand the mathematics that forms the core of the undergraduate mathematics curriculum;
6. enjoy mathematics and appreciate its power and beauty;
7. naturally and routinely use technology in doing mathematics;
8. understand how mathematics permeates our lives and how the various threads within mathematics are interwoven.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours

Majors who plan to be certified as secondary

teachers of mathematics must take MTH 311: Survey of Geometry as one of their electives.

THE MATHEMATICS MINOR

A minor in mathematics consists of any 24 hours of mathematics credit excluding MTH 108. CSC 201 may also count toward the minor.

A student may not receive credit for any 100-level mathematics course if she has previously received credit (with a C- or higher) for a higher level mathematics course. Exceptions to this rule may be allowed with the approval of the department chair.

COURSES OF INSTRUCTION

***108. FINITE MATHEMATICS/THREE CREDITS**
GEP credit. A study of selected topics from finite mathematics. The topics may include probability, statistics, systems of linear equations, linear programming and the mathematics of finance. *Offered most terms. Quantitative GEP requirement.*

***110. ELEMENTARY FUNCTIONS/
THREE CREDITS**

GEP credit. Prerequisite: High School Algebra. A study of elementary functions and their graphs and applications, including polynomials, rational and algebraic functions, exponential, logarithmic, and trigonometric functions. *Offered most terms. Quantitative GEP requirement.*

***113. INTRODUCTION TO STATISTICS/
FOUR CREDITS**

GEP credit. Prerequisite: High School Algebra. This course will provide a comprehensive introduction to the models and methods used in statistics. *Quantitative GEP requirement.*

***115. SURVEY OF CALCULUS/FOUR CREDITS**

GEP, Minor credit. Prerequisite: MTH 110, or equivalent. A one-term introduction to the elements of the differential and integral calculus, intended for students majoring in other departments. *Offered on demand in January Term. Quantitative GEP requirement.*

***120. CALCULUS AND ANALYTIC GEOMETRY I/
THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: MTH 110, or equivalent. A study of the differential and integral calculus. *Offered Fall and Spring Terms. Quantitative GEP requirement.*

***125. FIRST-YEAR SEMINAR/THREE CREDITS**

GEP. First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming

first-year students are required to take a 3 credit-hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

***205. DISCRETE MATHEMATICS/THREE CREDITS**
Major, Minor, Elective credit. Prerequisites: CSC 201 and MTH 110 or consent of the instructor. The course will introduce students to topics and techniques of discrete methods and combinatorial reasoning. Methods for approaching problems in counting, logic, and other Computer Science related topics will be accumulated. A wide variety of applications will be incorporated into the mathematics. *Offered alternate years. Quantitative GEP requirement.*

***210. CALCULUS AND ANALYTIC GEOMETRY II/
THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: MTH 120, or equivalent. A continuation of MTH 120. *Offered every year. Quantitative GEP requirement.*

***220. CALCULUS AND ANALYTIC
GEOMETRY III/THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: MTH 210, or equivalent. A continuation of MTH 210. *Offered every year. Quantitative GEP requirement.*

***299H. INTERDISCIPLINARY HONORS/
THREE CREDITS**

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office. *Quantitative GEP requirement.*

***301. MATHEMATICS OF GAMES AND
GAMBLING/FOUR CREDITS**

Major, Elective credit. Prerequisite: Permission of the instructor. This course is a study of the mathematics involved in games of chance and gambling. Topics in probability, statistics and combinatorics will be covered. *Offered on demand in January Term. Quantitative GEP requirement.*

***303. NUMBER THEORY/THREE CREDITS**

Major, Minor, Elective credit. Prerequisite: Consent of the instructor. A study of the integers and their divisibility properties with particular emphasis on the theory of congruencies, prime numbers, Diophantine equation, and quadratic residues. Offered on demand. Quantitative GEP requirement.

*311. SURVEY OF GEOMETRY/THREE CREDITS
Major, Minor, Elective credit. Prerequisite: Consent of the instructor or MTH 351. A study of the foundation of Euclidean and non-Euclidean geometry. Offered alternate years. Quantitative GEP requirement.

*315. MATHEMATICAL SOFTWARE/
FOUR CREDITS
Major, Elective credit. Prerequisite: MTH 120 or permission of the instructor. This course will introduce the student to the various mathematical software packages that are commercially available. Lectures and laboratory. Cross-listed with CSC 315. Quantitative GEP requirement.

*330. INTRODUCTION TO ANALYSIS/
THREE CREDITS
Major, Minor, Elective credit. See CSC 330. Offered on demand. Quantitative GEP requirement.

*340. INTRODUCTION TO GRAPH THEORY/
FOUR CREDITS
Major, Minor, Elective credit. Prerequisite: MTH 351 or permission of the instructor. This course is an introduction to a relatively new area of mathematics study. A diverse collection of applications includes operations research, sociology and chemistry. An introduction to mathematical proofs is included, and various proof techniques are illustrated while developing the theory itself. Offered on demand in January Term. Quantitative GEP requirement.

*351. LINEAR ALGEBRA/THREE CREDITS
Major, Minor, Elective credit. Prerequisite: MTH 210. A study of linear equations and matrices, vector spaces, determinants, linear mappings, inner products, and cross products of vectors. Offered alternate years. Quantitative GEP requirement.

*400. REAL ANALYSIS/THREE CREDITS
Major, Minor, Elective credit. Prerequisite: MTH 220. A study of selected topics from real analysis. Offered on demand. Quantitative GEP requirement.

*410. DIFFERENTIAL EQUATIONS/

THREE CREDITS

Major, Minor, Elective credit. Prerequisite: MTH 220 or consent of the instructor. A study of differential equations and their physical applications. Offered alternate years. Quantitative GEP requirement.

*413. ABSTRACT ALGEBRA/THREE CREDITS
Major, Minor, Elective credit. Prerequisite: MTH 210. A study of groups, rings, integral domains, and fields. Offered alternate years. Quantitative GEP requirement.

*423. PROBABILITY AND STATISTICS/
THREE CREDITS
Major, Minor, Elective credit. Prerequisite: MTH 210, or equivalent. A study of probability, distributions, sampling distribution theory, and estimation. Offered alternate years. Quantitative GEP requirement.

*480. SPECIAL TOPICS IN MATHEMATICS/
ONE TO THREE CREDITS
Prerequisite: Consent of the instructor. Each offering will cover a topic of mathematics that is not in the regular curriculum. Offered on demand. Quantitative GEP requirement.

*490. DIRECTED INDEPENDENT STUDY IN
SPECIAL TOPICS/ONE TO THREE CREDITS
Prerequisite: Consent of the instructor and department chair. Intensive independent study of a topic in mathematics which is not in the regular curriculum. This study will be directed by a cooperating faculty member. May be repeated for credit. Offered on demand. Quantitative GEP requirement.

499. SENIOR SEMINAR/ONE CREDIT
Required of all majors. This course allows the student to investigate a topic of particular interest in mathematics or computer science. The student will have the opportunity to present a written and oral report on her topic. Offered every year. Quantitative GEP requirement. Capstone.

COMPUTER SCIENCE THE COMPUTER SCIENCE MINOR

The department offers a minor in computer science. The minor consists of 20 credit hours. The requirements for a minor in computer science are as follows:

- CSC 201: Introduction to Computing4 hours
- CSC 202: Data Structures.....4 hours
- CSC 305: Database Design3 hours
- CSC Electives - Choose from the following:... 9 hours
 - CSC 280H: Computers and Society
 - CSC 290: Software Workshops
 - CSC 304: Visual Basic Programming

- CSC 321: Essential Architectures I
- CSC 322: Essential Architecture II
- CSC 330: Introduction to Numerical Analysis
- CSC 350: Principles of Programming Languages
- CSC 355: Computer Graphics
- CSC 392: Software Development
- CSC 400: Special Topics in Computer Science
- CSC 430: Theory of Computation
- CSC 440: Algorithm Analysis
- MTH 205: Discrete Mathematics
- ECN/BAD 300: Descriptive and Inferential Statistics
- or PSY 303: Social Statistics

TOTAL HOURS FOR COMPUTER SCIENCE

MINOR:..... 20 HOURS

No more than 3 hours in CSC 290 may count towards the electives in the computer science minor. CSC 450: Programming Internship, and CSC 460: Data Processing Internship may not count for minor credit.

MINOR IN APPLIED COMPUTING

WEB DESIGN CONCENTRATION

In addition to the minor in traditional computer science, the department offers a concentration within the minor in applied computing. As computing transforms the ways in which we live and think, hybrid disciplines are emerging that combine computing with a more traditional discipline: digital studies, digital art, digital music, Web entrepreneurship, and so on. The minor in applied computing is designed for students who wish to explore one of these new fields in combination with a more traditional major.

The department offers only one concentration of the minor of applied computing: Web design. This minor consists of 19 credit hours. The requirements are as follows:

One course from the following:3 hours

- CSC 125: First-Year Seminar
- CSC 126 Navigating the Revolution:
An Introduction to Digital Studies

CSC 201 Introduction to Computing4 hours

CSC 235 Web Applications I3 hours

CSC 305 Database Design3 hours

CSC 335 Web Applications II3 hours

One further elective chosen from the following:3 hours

- A CSC course numbered above 210
- ART 124 Graphic Design I
- ENG 291 Introduction to Professional Writing

TOTAL HOURS FOR THE MINOR

IN APPLIED COMPUTING WEB DESIGN..... 19 HOURS

COURSES OF INSTRUCTION

101. COMPUTER LITERACY/THREE CREDITS

Elective credit. Students will discover the practical use of computers to acquire, manage, and use information in the remainder of their education and throughout their career. This course introduces the basics of computer technology and provides hands-on experience with applications software for word processing, electronic spreadsheets, graphics, data communication and networks. Students who have successfully passed any 200-level Computer Science course must have the approval of the department chair to take CSC 101. *Pass/fail grading.*

***125. FIRST-YEAR SEMINAR/THREE CREDITS**

GEP. First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first-year students are required to take a 3 credit-hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

***126. NAVIGATING THE REVOLUTION:
AN INTRODUCTION TO DIGITAL STUDIES
THREE CREDITS**

Minor credit. Gives students a broad introduction to uses of computing across the curriculum, and to some of the ways in which computing is transforming both the curriculum and society at large. Topics of particular interest will include the ways in which computers represent data; the ways in which computers change our methods of communication; and the ways in which computing technology raises societal issues not previously seen. CSC 125 and CSC 126 may not both be taken for credit. *Quantitative GEP requirement.*

***199H. FRESHMAN HONORS
SEMINAR/THREE CREDITS**

GEP, Elective credit. A study of a selected subject within the discipline which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of these courses. *Offered periodically in rotation with seminars in other disciplines. Quantitative GEP requirement.*

***201. INTRODUCTION TO**

COMPUTING/FOUR CREDITS

Minor, Elective credit. Prerequisite: MTH 108 or equivalent. A study of computer systems, program development techniques, and basic programming concepts; emphasis on good programming style; introduction to a high-level programming language. Lectures and laboratory. *Quantitative GEP requirement.*

*202. DATA STRUCTURES/FOUR CREDITS

Minor, Elective credit. Prerequisite: CSC 201. To continue the study of the fundamental concepts of programming applied to problem solving and to introduce students to the major data structures (arrays, records, stacks, queues, and lists) and their use in Computer Science and classical Computer Science algorithms including searching, sorting, recursion, and pattern matching. *Lectures and laboratory. Quantitative GEP requirement.*

*208. DATA FOR BUSINESS/ THREE CREDITS

GEP, Minor, Elective credit. No pre-requisites. This course covers the use of spreadsheets and databases to process and analyze data in a business context. The emphasis is not on simple calculation, but on using data, including large data sets, to generate insight. *Quantitative GEP requirement.*

*209. SPREADSHEETS IN DEPTH/ THREE CREDITS

Elective credit. Using examples from a variety of disciplines, students will learn the use of spreadsheets in support of work in the sciences, the social sciences, or business. Among the topics covered will be basic spreadsheet operations; spreadsheet formulas; graphing for communications and clarity; and the proper use of spreadsheets for basic statistical analysis. *Quantitative GEP requirement. Offered every fall.*

235. WEB APPLICATIONS I/ THREE CREDITS

Minor. Prerequisite: CSC 201 or permission of instructor. This course provides a solid introduction to the client-side programming of Web applications. The first part will focus on Web design: markup languages (such as HTML and XHTML) and controlling presentation (such as CSS). This part does not require any programming background. The second part will focus on creating dynamic Web content using small programs embedded in Web pages. The course will introduce a scripting language executed within the Web browser, and cover the use of that scripting language to create dynamic, interactive Web pages. *Offered in the fall.*

*280H. COMPUTERS AND

SOCIETY/FOUR CREDITS

Humanities GEP credit, Elective credit. A study of the societal effects of the rise of computing technology, centering on the ethical implications of several currently controversial issues. The course is built around discussions and papers. *Writing Intensive.*

*290. SOFTWARE WORKSHOP/ ONE CREDIT

Minor, Elective credit. Prerequisite: Consent of the instructor. A supervised workshop designed to develop competence and proficiency in using some commercial software product. This course may be taken more than once, provided that it is taken to learn different software and skills. No more than 6 credit hours in this course may be applied toward graduation requirements. *May be offered any term. Pass/fail grading. Quantitative GEP requirement.*

*299H. INTERDISCIPLINARY HONORS COURSE

GEP, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office. *Quantitative GEP requirement.*

*304. VISUAL BASIC

PROGRAMMING/THREE CREDITS

Elective credit. Prerequisite: CSC 202. An introduction to developing applications using Visual Basic. This course is designed to show how to analyze problems, design solutions, and implement applications that use Visual Basic. *Quantitative GEP requirement.*

*305. DATABASE DESIGN/THREE CREDITS

Minor, Elective credit. Prerequisite: CSC 201 or equivalent. Fundamental principles of database models and database management systems design, implementation, and application. *Quantitative GEP requirement.*

*315. MATHEMATICAL

SOFTWARE/FOUR CREDITS

Elective credit. Prerequisite: MTH 120 or permission of the instructor. This course will introduce the student to the various mathematical software packages that are commercially available. *Lectures and laboratory. Quantitative GEP requirement.*

321. ESSENTIAL ARCHITECTURES I:

COMPUTER ORGANIZATION AND OPERATING SYSTEMS/ THREE CREDITS

Minor credit. Prerequisite: CSC 202, equivalent or permission of the instructor. This course provides a solid introduction to the fundamental hardware architecture of computers in common use, and an

introduction to basic operating systems concepts. Computer-architecture concepts covered include assembly language, numeric representations addressing techniques, and subroutines. Operating-systems concepts covered include basic operating-systems structures, processes and process control, and inter-process communication.

322. ESSENTIAL ARCHITECTURES II: OPERATING SYSTEMS AND NETWORKING/ THREE CREDITS

Minor credit. Prerequisite: CSC 321 or permission of the instructor. This course continues the introduction to operating systems begun in CSC321, and adds coverage of the basic building blocks of computer networks. Operating systems concepts covered include scheduling, synchronization, memory management, and security. Networking concepts covered include the layered model of networking, switching, error correction and flow control, addressing and datagrams, routing, the Domain Name System, major protocols (TCP, UDP, ICMP) and performance issues.

*330. INTRODUCTION TO NUMERICAL ANALYSIS/THREE CREDITS

Elective credit. Prerequisites: CSC 201 and MTH 351. This is a first course in numerical analysis with the emphasis more on intuition, experimentation, and error assessment than on rigor. Students will be expected to program and run a number of problems on a computer, and considerable time will be spent analyzing the results of the programs. In particular, the analysis of roundoff and discretization errors, as well as the efficiency of algorithms, should be stressed. Topics will include the solution of linear systems, the solution of a single, nonlinear equation, interpolation and approximation (including least squares approximation), differentiation and integration, and elements of the numerical solution of eigenvalue problems. *Quantitative GEP requirement.*

335. WEB APPLICATIONS II/THREE CREDITS

Minor credit. Prerequisite: CSC 235 or permission of the instructor. This course builds on the material in CSC 235 to explore more advanced topics in the development of Web applications. Topics to be covered in this connection include AJAX, JQuery, and Web application frameworks. In addition, there will be substantial coverage of topics from software development practice, as applied to Web programming in a team. The class will implement, as a team, a substantial Web-programming project for a client who is not the professor.

*350. PRINCIPLES OF PROGRAMMING

LANGUAGES/ THREE CREDITS

Minor, Elective credit. Prerequisite: CSC 202 or permission of instructor. A comparative study of the syntax and semantics of programming languages; topics include data types, data control, sequence control, run-time storage, language translation, and semantics; actual programming languages are used to illustrate the concepts and virtual architectures of procedural, logic, functional, and object-oriented paradigms. *Quantitative GEP requirement.*

355. COMPUTER GRAPHICS/THREE CREDITS

Minor. Prerequisite: CSC 202 or permission of the instructor. This course offers a hands-on introduction to 3-D computer graphics, including modeling, viewing transformations, lighting and color theory, interactivity using events and callbacks, and animation.

*392. SOFTWARE DEVELOPMENT/ THREE CREDITS

Minor, Elective credit. Prerequisite: CSC 202. Combines a range of topics integral to the design, implementation, and testing of a medium-scale software system with the practical experience of implementing such a project as a member of a programmer team. In addition to material on software engineering, this course also includes material on professionalism and ethical responsibilities in software development and human-computer interaction. *Quantitative GEP requirement.*

*400. SPECIAL TOPICS IN COMPUTER SCIENCE/ ONE TO THREE CREDITS

Minor credit. Prerequisite: Consent of instructor. Each offering will deal with a topic selected from various fields of computer science. May be repeated for credit on a different topic. *Quantitative GEP requirement depending on the topic.*

*430. THEORY OF COMPUTATION/THREE CREDITS

Minor, Elective credit. Prerequisites: CSC 202 and MTH 205. Introduction to automata theory, formal languages, and complexity. Introduction to the mathematical foundations of computer science: finite state automata, formal languages and grammars, Turing machines, computability, unsolvability, and computational complexity. *Quantitative GEP requirement.*

Minor, Elective credit. Prerequisites: CSC 202 and MTH 205. Qualitative and quantitative analysis of algorithms and their corresponding data structures

from a precise mathematical point of view. Performance bounds, asymptotic and probabilistic analysis, worst case and average case behavior. Correctness and complexity. *Quantitative GEP requirement.*

450. PROGRAMMING INTERNSHIP THREE OR SIX CREDITS

Prerequisite: CSC 202, or equivalent. A program of work and study in which the student is accepted as a programming trainee by a local industry. *Pass/fail grading.*

460. DATA PROCESSING INTERNSHIP THREE OR SIX CREDITS

Prerequisite: CSC 450, or equivalent. A program of work and study in which the student is accepted as an apprentice in data processing by a local industry. She is expected to be a productive member of the data processing staff and have some programming responsibilities. *Pass/fail grading.*

*490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE TO THREE CREDITS

Prerequisite: Consent of the instructor and the department chair. Intensive independent study of a topic in computer science which is not in the regular curriculum. This study will be directed by a cooperating faculty member. May be repeated for credit. *Offered on demand. Quantitative GEP requirement depending on topic.*

ENGINEERING

101. FUNDAMENTALS OF ENGINEERING ANALYSIS/FOUR CREDITS

Major. Engineers are creative problem solvers. They apply various aspects of math and the physical sciences to resolve technical issues, taking into account a wide range of specifications. They are frequently asked to lead or be part of multidisciplinary teams where good communication skills are essential. The objectives of this course are to: introduce students to engineering analysis and design techniques; introduce the teamwork approach to engineering, and to let students work on engineering type problems in a team setting.

Converse Clemson Dual-Degree Program

Students enrolled in a liberal arts or science program at Converse who wish to prepare for a career in engineering may, upon successful completion of an approved three- year pre-engineering curriculum, transfer to Clemson University to complete requirements for the Bachelor of Science degree in an engineering curriculum from Clemson and the Bachelor of Arts (or Science) degree from Converse.

The College of Engineering and Science at Clemson recommends a program of pre-engineering study to include the general education courses required by an engineering curriculum. The details of the program and the understanding are as follows:

During the first three terms at Converse, the student participating in the pre-engineering program must complete and send to the Associate Dean of the College of Engineering and Science at Clemson University the form "Intention to Pursue the Dual Degree Program at Clemson University." The Associate Dean at Clemson will appoint an academic advisor for the student and will forward the name and address of the appointed advisor to the student and to the Converse pre-engineering program director.

A three-year pre-engineering program of study will be developed by the Converse faculty in consultation with the Clemson Associate Dean of Engineering and Science from courses offered at Converse. This program of study shall include the general education courses required by Converse and by the engineering curricula at Clemson. A list of basic course requirements recommended by Clemson may be obtained from the pre-engineering program director. However, the specific course requirements to best prepare and facilitate progress toward graduation varies with engineering major. Specific pre- engineering programs recommended for various Clemson engineering majors are available at www.clemson.edu/ces/psu/trans_dual.html.

The total study program at Converse shall include a minimum of 90 semester hours. Dual-degree candidates shall complete all basic requirements at Converse for the Bachelor of Arts or the Bachelor of Science degree before transfer to Clemson.

The student will apply to the Clemson University Office of Admissions after completion of the second academic year at Converse. A student with grades no lower than "C" in all courses in the pre-engineering program, and a grade point average of at least 2.5/4.0, is assured of admission into the Clemson engineering program of her choice. Students not meeting these requirements will be considered for admission under Clemson's general transfer student admissions standards. Prior to enrollment at Clemson, the student must be certified by the Converse College academic official as having satisfactorily completed the academic requirements of Converse as stated above.

Credit for courses in the approved pre- engineering program at Converse College and passed with a grade of "C" or higher will be transferred to Clemson

University. It shall be the joint responsibility of the Clemson University and Converse College academic advisors to coordinate the transfer equivalency of the Clemson and Converse courses in the pre- engineering program.

Upon completion of an engineering curriculum at Clemson University, the student will be awarded a Bachelor of Science degree in an engineering discipline from Clemson. Converse students enrolled in this program will receive their Converse Bachelor of Arts or Bachelor of Science degree after completing a minimum of 90 hours of study at Converse, a total of 120 hours of study combined at Converse and Clemson, and the General Education and major program requirements of Converse as specified by Converse. The student must apply to the Converse College Registrar for her diploma.

Converse College will provide academic advising to assist students in the pre-engineering program with all matters related to their transfer to Clemson University. The Associate Dean of Engineering and Science, or duly appointed representative, at Clemson University will cooperate in the advising of these students. While advice and counsel will be offered, the final responsibility with regard to transfer remains with the student.

Pre-engineering students at Converse will be encouraged to attend summer school at Clemson (or another engineering college) and take certain basic engineering courses in order to ease the transition into engineering coursework and facilitate timely completion of the engineering program. A list of recommended courses for each Clemson University engineering program is maintained at www.clemson.edu/ces/psu/trans_dual.html.

Conferences between the Clemson University engineering and Converse College pre- engineering advisors will be held regularly to review the curricula and all matters related to the dual-degree agreement.

Dual-degree candidates from Converse College are eligible to seek Bachelor of Science degree in the following majors at Clemson University: Biosystems Engineering, Computer Engineering, Chemical Engineering, Electrical Engineering, Ceramic and Materials Engineering, Industrial Engineering, Civil Engineering and Mechanical Engineering.

MISSION

DEPARTMENT OF PSYCHOLOGY

MONICA L. McCOY, *chair*; RICHARD G. KEEN, JANET R. LEFRANCOIS, MARIE L. LePAGE, MARGARET MOORE, PING ZHENG

The mission of the Department of Psychology is to teach students the empirical, conceptual, and theoretical approaches to understanding animal and human behavior. Further, we strive to develop students who are competent producers and critical consumers of psychological research. Finally, it is our goal to graduate students who are skilled in the ability to communicate effectively, both orally and in writing, about the field.

Student Learning Outcomes

1. Understand and apply the procedures of experimental design and statistical analysis
2. Know the history of the discipline
3. Understand, and be able to apply, the principles of operant and respondent conditioning
4. Have a basic grasp of the major theories in psychology and an understanding of normal and abnormal behavior
5. Effectively use APA (American Psychological Association) style in writing

Students planning to major in psychology should declare the major by late in the spring of the sophomore year. The major is a two-year program of study involving prerequisites among several of the core courses. Majors are expected to stand the Area Concentration Achievement Tests in Psychology in the spring of the senior year. This is done as part of the College assessment program. The fee for the test is paid by the College.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total.....	49-52 hours
Graduation requirements but not a separate course:	

- First Year Seminar
- Writing Intensive course
- Non-European/non-Anglophone course
- Capstone experience.

For more information see GEP requirements in this catalog.

The major must consist of at least 31 credit hours.

Required Courses:

PSY 100: General Psychology	3 hours
PSY 233: Psychology of Learning.....	4 hours
PSY 310: Statistics and Experimental Design I.....	3 hours
PSY 311: Statistics and Experimental Design II	3 hours
PSY 405: History and Philosophy of Psychology	3 hours
PSY 480: Psychology Seminar.....	3 hours
One of the following clinical courses:	3 hours
PSY 201: Psychology of Relationship	
PSY 204: Abnormal Psychology	
PSY 211:Behavior Modification	
PSY 410: Counseling and Psychotherapy	
Additional Psychology Electives	9 hours

**TOTAL HOURS FOR BACHELOR OF ARTS
WITH A PSYCHOLOGY MAJOR..... 31 HOURS**

THE PSYCHOLOGY MINOR

The minor must consist of at least 21 credit hours.

Required Courses:

PSY 100: General Psychology	3 hours
PSY 310: Statistics and Experimental Design I.....	3 hours
PSY 311: Statistics and Experimental Design II	3 hours
PSY 405: History and Philosophy of Psychology	3 hours
One of the following clinical courses:	3 hours
PSY 201: Psychology of Relationship	
PSY 204: Abnormal Psychology	
PSY 211:Behavior Modification	
PSY 410: Counseling and Psychotherapy	
Additional Psychology Electives	6 hours
Total Hours for the Psychology Minor.....	21 hours

Students preparing for graduate study are advised to enroll in as many psychology courses as College regulations will permit.

COURSES OF INSTRUCTION

*100. GENERAL PSYCHOLOGY/THREE CREDITS
GEP credit. A survey of the areas which define psychology. Special emphasis will be given to conditioning phenomena. *Offered Fall and Spring Terms.*

*125. FIRST- YEAR SEMINAR/THREE CREDITS
GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

*150. SPECIAL TOPICS IN PSYCHOLOGY/
ONE TO FOUR CREDITS
GEP, Major, Minor, Elective credit. Selected topics in psychology. The topics in this course will vary depending on the available faculty and the interest of the students.

*199H. FRESHMAN HONORS SEMINAR/
THREE CREDITS
GEP credit. A study of a selected subject within the discipline which will vary from term to term. The course is intended to encourage student participation in the intellectual process through class discussion, structured experiences, and the writing of short papers. *Offered periodically in rotation with seminars in other disciplines.*

201. PSYCHOLOGY OF RELATIONSHIPS/
THREE CREDITS
Elective credit. This course presents what is known about successful relationships with a significant other. Skills in successfully maneuvering such a relationship will be examined, with an emphasis on communication skills.

204. ABNORMAL PSYCHOLOGY/ THREE CREDITS
Major, Minor, Elective credit. Prerequisite: PSY 100. A study of the changing meanings of the concept of abnormal behavior and the accompanying changes in methods of treatment. *Offered Fall and Spring Terms.*

211. BEHAVIOR MODIFICATION/ THREE CREDITS
Major, Minor, Elective credit. Prerequisite: PSY 100 or the permission of the instructor. A study of the effects of operant and respondent conditioning in changing and influencing human behavior. Students will do

a project in which they apply the principles to some aspect of their own behavior. The population most emphasized by the text is children in an institutional setting. *Offered Fall Term.*

231. SOCIAL PSYCHOLOGY/THREE CREDITS
Major, Minor, Elective credit. A course designed to investigate the manner in which the behavior, feelings, and thoughts of one individual are influenced and determined by the behavior and/or characteristics of others. Selected topics include attraction, social influence, attitudes, aggression and violence, altruism, sexual behavior, group influences, and person perception. *Offered in alternate years. Spring Term.*

232. PSYCHOLOGY IN THE WORKPLACE/
THREE CREDITS
Major, Minor, Elective credit. This course is designed to introduce students to methods of managing behavior in the workplace. Specifically, students will learn to apply behavioral principles derived from the laboratory to all levels of performance in the organization. Topics to be covered include screening job applicants, on- the-job training, assessment of work performance, and methods of providing performance feedback to workers. *Offered in alternate years. Fall Term.*

233. PSYCHOLOGY OF LEARNING/
FOUR CREDITS
Major, Minor, Elective credit. Prerequisite: PSY 100 or the permission of the instructor. A study of the learning process, both through the examination of the experimental literature and through the completion of laboratory exercises. Lecture and laboratory. *Offered Fall and Spring Terms.*

236. THEORIES OF PERSONALITY AND
EMOTIONAL DISTURBANCES/THREE CREDITS
Major, Minor, Elective credit. Prerequisite: PSY 100. A study of theories of personality and the research that supports those theories. Students will take some personality questionnaires and incorporate this material into a summary of some aspect of their personalities. *Offered alternate years. Spring Term.*

*280. HEALTH PSYCHOLOGY/THREE CREDITS
Major, Minor, Elective credit. The aims of this course are to understand the psychological factors involved in health and in illness, to study interventions to help people get over illness and stay well, and to consider the health care system and its policies. Finally, a sample of the popular literature on the mind-body issue as it relates to health will be considered relative to the existing scientific literature. *GEP for Health and Wellness requirement.*

Offered in Fall or January Term.

***281. YOGA AND STRESS
MANAGEMENT/FOUR CREDITS**

GEP, Elective credit. This course will study stress management from the perspectives of western science and the eastern practice of yoga. A portion of the class will include study of scientific findings concerning stress and its management, some study of yoga philosophy, and a consideration of the existing scientific studies of yoga. Another portion of the class will involve practice of yoga postures and methods of breathing. *GEP for Health and Wellness requirement. Non-European/non-Anglophone.*

***299H. INTERDISCIPLINARY HONORS COURSE**
GEP, Major, Minor, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

**302. PSYCHOLOGY OF WOMEN/
THREE CREDITS**

Major, Minor, Elective credit. A study of gender comparisons in behavior. Selected topics include theories of female development, femininity, masculinity, and androgyny, gender comparisons in personality, adjustment, abilities, achievement, motivation, language, biological influences, sexuality, violence against women, and cross-cultural perspectives. *Offered alternate years. Spring Term.*

**310. STATISTICS AND EXPERIMENT
DESIGN I/ THREE CREDITS**

Major, Minor, Elective credit. This course sets the foundation for how statistics and experimental design are used in psychology. Statistical topics of central tendency, variability, distribution, hypothesis testing, and correlation will be covered. In addition, the methodological topics of the philosophy of science, the ethics of experimentation, and controlling variables will be addressed. Students will learn to analyze data using SPSS and to write research papers in APA format. A grade of C- or better is required in order to advance to PSY 311. *Offered Fall and Spring Terms. Quantitative GEP requirement.*

**311. STATISTICS AND EXPERIMENTAL
DESIGN II/ THREE CREDITS**

Major, Minor, Elective credit. Prerequisite: A grade of C- or better in PSY 310. This course builds upon the basics of statistics and experimental design

covered in PSY 310. More complex research designs including two or more groups and one or more factors (between, within, and mixed subject designs) will be explored. This course will make use of the descriptive statistics taught in PSY 310 and add inferential statistics. Students will learn to compute statistics by hand and using SPSS. Finally, this course involves writing research papers about complex research designs in APA format. *Offered Fall and Spring Terms. Quantitative GEP requirement.*

332. PSYCHOLOGICAL TESTS/THREE CREDITS
Major, Minor, Elective credit. A study of the psychological evaluation, the tests used for such an evaluation, and the procedures required for such tests to be valid and reliable. There will be an emphasis on personality tests. Each student will do two evaluations, one on herself and one on another student.

**350. SPECIAL TOPICS IN PSYCHOLOGY
ONE TO THREE CREDITS**

The course will offer experience in an applied setting. Students will be placed with local

social agencies or other dispensers of psychological services (out-of-town placement is also possible) who have agreed to accept and evaluate them on an internship basis. The course will also involve weekly seminars with the departmental staff and other interns for examination of problems that have arisen in the work situation. In the case of out-of-town placement, a paper will be required instead of the seminars. The course is intended for those psychology majors who wish to seek employment at the Bachelor of Arts level. It is not recommended for those who plan to pursue an advanced degree program. *Pass/fail grading.*

HEALTH AND PHYSICAL EDUCATION

The mission of Health and Physical Education at Converse is to provide as broad and varied a curriculum as possible to aid students in developing skills, knowledge, and understanding that will lead to participation in lifetime sports and/or fitness activities.

REQUIREMENTS AND RECOMMENDATIONS

It is recommended that all physical education requirements be completed by the end of the student's junior year.

Every new student, by July 1, must be examined by her own physician. The report must be sent to the director of health services.

Students are required to take HPE 255: Introduction to Fitness and Wellness or one of the following or BIO 105 Human Biology; BIO 150 SP: Nutrition; PSY 350: SP: Body Image; PSY 350: SP: Women's Wellbeing; PSY 280: Health Psychology; or PSY 281: Yoga and stress management, and one activity course. The activity course is selected from one of three areas: team sport, individual sport, or dance. HPE 256: Concepts and Approaches also includes the activity requirement. Courses are graded conventionally and will be counted in the grade average of the student. Dance courses are listed in the Department of Theatre and Dance section of the Catalog.

Students who are not safe in deep water are encouraged to take a swimming course. Beyond the one course physical education requirement, a student will be allowed to take 10 additional physical education activity courses. Only three of these additional courses will count toward the total of 120 hours required for graduation.

The study of religion and philosophy provides

DEPARTMENT OF RELIGION AND PHILOSOPHY

KEVIN DeLAPP, *chair*, JEFFREY H. BARKER, SHERRY FOHR, KYLE KEEFER

a means for understanding human history, experience, and society through the examination of religious and philosophical traditions and other forms of meaning-making. Students are challenged to reflect upon broad questions of human society and culture, as well as personal questions of ethics and responsibility.

Thus, studying religion and philosophy is by nature interdisciplinary and complements the study of other areas of the humanities, arts and sciences. Women's issues and gender analysis are given particular attention and student research is emphasized.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours

- Non-European/non-Anglophone course
- Capstone experience.

For more information see GEP requirements listed in this catalog.

THE PHILOSOPHY MAJOR

The Department of Religion and Philosophy offers a Bachelor of Arts degree with a major in philosophy. Students majoring in philosophy should develop some knowledge of the history and current state of the discipline, a grasp of representative philosophical issues and ways of dealing with them, a capacity to apply philosophical methods to intellectual problems, and a sense of how philosophy bears on other disciplines and on human life more generally.

Studies leading to a philosophy major should also develop a critical mind, a balance of analytic and interpretive abilities, and a capacity for the imaginative development of abstract formulations and their concrete applications.

Converse graduates with a Bachelor of Arts in Philosophy will be able to:

Demonstrate a well-developed ability to make and recognize conceptual definitions and distinctions and be capable of identifying assumptions (explicit or otherwise), conclusions, and inferences in both formal and informal arguments;

1. Creatively and charitably juxtapose different perspectives;
2. Engage in professional research at the level of an advanced undergraduate in a way that effectively communicates their ideas;
3. Recognize and negotiate at an intermediate level major debates and theoretic positions in academic philosophy;
4. Proficiently integrate famous epochs, movements, and individuals within the history of philosophy;
5. Accurately contextualize an individual thinker within his or her cultural and historical milieu, and to develop a sensitivity to the methods, assumptions, and perspectives of different societies.

The major consist of 30 credit hours (typically 10 courses). The major requires the successful completion of the following:

PHI 180: Introduction to Philosophy.....	3 hours
One course in logic or critical thinking.....	3 hours
Two courses in the history of philosophy....	6 hours
One course in ethics or value theory	3 hours
Two additional courses at any level.....	6 hours
Two additional courses at the 300 or	
400-level	6 hours
Capstone course	3 hours

TOTAL HOURS FOR BACHELOR OF ARTS WITH A PHILOSOPHY MAJOR.....

30 hours

Up to six semester hours in philosophy taken at Wofford may also count toward the major, with the approval of the Program Coordinator. Transfer credit in philosophy from other accredited institutions must be approved by the Office of the Registrar as well as the Program Coordinator.

THE PHILOSOPHY MINOR

The minor is very flexible and can be a profitable complement to any major in the College. Students in religion, English, psychology, and politics will find it especially beneficial. To minor in philosophy, a student must take six courses for a total of 18 credit hours. The minor requirements are as follows:

PHI 180: Introduction to Philosophy.....	3 hours
At least one 200-level course	3 hours
At least one 300-level course	3 hours
Three additional elective courses (any level)	9 hours
Total Hours for Philosophy Minor.....	18 hours

Certain courses offered by other departments in the College, as well as certain philosophy courses offered at Wofford, may count toward the minor. Generally, no more than two such substitutions will be allowed. Courses for the minor program should be selected in consultation with the philosophy adviser.

COURSES OF INSTRUCTION

*100. INTRODUCTION TO LOGIC/ THREE CREDITS

GEP, Major, Minor, Elective credit. A study of the fundamental principles of correct reasoning directed toward improving reading, writing, speaking, listening and thinking. Students learn to recognize, analyze, evaluate, construct and refute arguments. Attention is given to both informal modes of reasoning as well as the basics of formal and symbolic systems. *Quantitative GEP requirement.*

*125. FIRST YEAR SEMINAR/THREE CREDITS

GEP, Major, Elective credit. The purpose of this course is to expose first-year students to a specific interdisciplinary theme or topic using the methods of philosophy, and within connection with related material in other fields. Specific emphasis is given to cultivating critical thinking, effective speaking and writing skills. Such a course is required for all first-year students, and may be taken with a corresponding Student Success Seminar. Past offerings have included courses on cross-cultural philosophy, philosophy and mythology, and the philosophy of monsters.

*150T. PHILOSOPHY STUDY TRAVEL/ FOUR CREDITS

GEP, Major, Minor, Elective credit. A study of selected topics in philosophy utilizing the unique opportunities of a study-travel experience. Past offerings have included: "Ancient Theories of Emotions" taught in Greece and Italy and focusing on historical conceptions of emotions and moral

psychology; "I Think, Therefore..." taught in Spain and France, focusing on Medieval and Early Modern conceptions of human rationality; and "Philosophy of the Undead" taught in Eastern Europe.

*180. INTRODUCTION TO PHILOSOPHY/ THREE CREDITS

GEP, Major, Minor, Elective credit. A study of some of the most influential contemporary and historical work in philosophy. The course is designed to expose students to the basic types and methods of academic philosophy and to investigate the "great questions" that philosophers have sought to address. Reading, lectures, discussions, and written assignments examine such topics as the existence of God, the scope of human knowledge, free will, the nature of the human mind, and morality.

*199H. FRESHMAN HONORS SEMINAR/ THREE CREDITS

GEP credit. A study of a selected subject within the discipline which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research, writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. *Offered periodically in rotation with seminars in other disciplines.*

*200. PHILOSOPHICAL ETHICS/ THREE CREDITS

GEP, Major, Minor, Elective credit. Careful study of the major philosophical texts of various historical and contemporary ethical traditions. Attention is given to specific contemporary moral issues (such as abortion, capital punishment, the ethical treatment of animals, etc.) as well as historically influential normative theories and frameworks. Emphasis on textual analysis and on developing the skills needed to conduct philosophical discussions in writing and in the classroom. Writing Intensive.

*205. BIOMEDICAL ETHICS/THREE CREDITS

GEP, Major, Minor, Elective credit. In this course the student will become familiar with the ethical theories that philosophers, physicians, biomedical researchers, and other thinking people have used in coming to understand themselves and their world. Students will have the opportunity to apply these theories to some of the most important moral problems in medicine and the biomedical sciences. Emphasis on critical reasoning and analysis, with the goal of developing the ability to

distinguish well-supported from poorly supported positions. With exploration of the life and death issues of biomedicine, the student should begin to understand the complexity of our moral problems and the need for a careful, rigorous, and sensitive approach to these problems.

***215. ANCIENT GREEK PHILOSOPHY/
THREE CREDITS**

GEP, Major, Minor, Elective credit. A study of the very beginnings of Western philosophical thought. Emphasis on the relationship between philosophy and mythology, the birth of science, and the influence of classical systems of thought on later philosophical traditions. Readings will focus on Plato and Aristotle, but may also include Pre-Socratic and Hellenistic figures.

***220. EARLY MODERN PHILOSOPHY/
THREE CREDITS**

GEP, Major, Minor, Elective credit. This course examines key philosophical figures, texts and debates from the European Enlightenment. Specific figures may include Hobbes, Descartes, Locke, Berkeley, Spinoza, Hume and Kant and special attention may be devoted to issues central to the period, such as the rise of mechanistic science and the relationship between reason and emotion.

***265. CHINESE THOUGHT/THREE CREDITS**

GEP, Major, Minor, Elective credit. This course explores the intellectual texts and traditions of China in the classical period, with an emphasis on Confucianism, Mohism, Daoism, and Legalism. Special attention may be devoted to comparing these Chinese traditions with dominant Western interpretations and alternative philosophies and religions. Supplemental material may explore artistic representations of classical Chinese thought, as well as the continuing relevance of such traditions in contemporary Chinese society. *Non-European/non-Anglophone.* *Cross-listed with REL 265.*

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

***305. GENDER AND SEXUAL IDENTITY**

GEP, Major, Minor, Elective credit. A study of philosophical views of gender and sexual identity. Specific authors, texts, and topics will vary and may include historical as well as contemporary

perspectives. Typical issues covered include the following: women's and men's natures; the nature and causes of gender expectations, sexism and sexual inequalities; the ways in which gender and sexuality intersect with other aspects of identity, such as race, class, and culture; theories of love and sexual relationship; feminist analyses of traditional philosophical issues in metaphysics, epistemology, and ethics. *Writing Intensive.* *Counts toward Women's Studies credit.*

***315. AESTHETICS /THREE CREDITS**

GEP, Major, Minor, Elective credit. A philosophical study of the nature of beauty, art, and artistic experience. Special attention may also be devoted to the social, political, and economic contexts of art and aesthetic experience, various modes of interpreting the "meaning" of artworks, and the relationships between different artistic media. *Writing Intensive.*

**495. INTERNSHIP IN PHILOSOPHY
THREE OR SIX CREDITS**

Minor, Major, Elective credit. Prerequisite: permission of department. Exposure to duties and responsibilities of academic philosophers. Assignments may include creation of a philosophy graduate school application, exploration of the nature and industry of philosophy publication, assisting teaching and grading, and /or the preparation of introductory philosophy lectures. *Pass/fail grading.*

The Department of Religion and Philosophy offers a Bachelor of Arts degree with a major in Religion. The religion graduate is expected to have an appreciation of the diversity of humanity's religious traditions. It is acknowledged that no student will recall all the factual information relating to any religious tradition. What is expected of the religion graduate is that he or she will have enough knowledge to form a general picture of each religious tradition he or she has studied. In addition, the religion graduate is expected to have a broad understanding of the academic study of religion, which stands outside particular religious traditions and studies religions by means of the methods and standards of the secular academy.

Converse graduates with a Bachelor of Arts in Religion will be able to:

1. Demonstrate general knowledge of the basic tenets and/or the particular manifestations of at least one Western religious tradition (e.g., Judaism, Christianity, Islam).
2. Demonstrate general knowledge of the basic tenets and/or the particular manifestations of at least one Eastern religious tradition (e.g., Buddhism, Confucianism, Taoism).
3. Engage in critical, comparative study of two or more major religious traditions.
4. Understand and explain a variety of methodological approaches to religion.
5. Demonstrate critical interpretive skills with regard to the investigation of religious texts.

A major in religion consists of 33 hours of coursework. The major requires one course (no more than two) at the 100-level; three courses at the 200 level (covering at least two religious traditions); and three courses at the 300-level. Majors must also complete REL 391 or its equivalent in the sophomore or junior year after having completed one 100-level course. Senior majors must complete REL 491. The religion classroom is a locus of learning, but not its limit. Extra- classroom activities that enhance course learning are often offered through department forums, speakers, and field trips, or opportunities for research. Majors are expected to take part in departmental functions and projects whenever possible and are welcomed to participate in departmental decision-making.

With the exception of REL 391 and REL 491, religion courses count for GEP credit unless otherwise indicated. Students are encouraged, however, to enroll primarily in 100 and 200-level courses to meet the GEP requirement. The Religion Department will consider up to six hours of transfer credits toward the major or minor. No more than six internship hours may be applied toward the

RELIGION

major. It will accept no more than one course in biblical languages toward the major or minor.

The rationale for the numbering of courses in religion is as follows: 100 level courses are foundational courses that;

1. introduce students to aspects of the study of religion as a humanistic discipline in an academic setting and employ materials from a variety of religious traditions.
2. are skills-oriented courses most suitable for first and second-year students.

200 level courses introduce students to the fundamental history, literature or interpretation of one or more religious traditions. They are more focused than 100 level courses, and yet often cover the breadth of an historical or literary tradition.

300 level courses are more specific, thematic, often comparative across traditions, focus on a specific aspect of a tradition or traditions, often interdisciplinary and stress the application of methodology to specific problems or issues.

THE RELIGION MINOR

A minor in religion consists of 18 hours of coursework. No more than two 100-level courses count toward the minor. Minors must also take at least two 200-level courses, covering at least two religious traditions. Minors are also encouraged to take part in departmental activities outside of regular course requirement.

COURSES OF INSTRUCTION

*100. INTRODUCTION TO RELIGION/ THREE CREDITS

GEP, Major, Minor, Elective credit. This course is an introductory study of human religious beliefs and practices, including ritual, myth, symbol, and the sacred. The application of these concepts to the contemporary world is emphasized.

GEP, Major, Minor, Elective credit. A study of the basic forms of religious belief, activity, and experience in the major world religions. Traditions to be discussed may include tribal religions, Hinduism, Buddhism, Chinese religion, Judaism, Christianity, and Islam. *Non-European/non-Anglophone.*

*125. FIRST YEAR SEMINAR/THREE CREDITS

GEP, Major, Elective credit. The purpose of this course is to expose first-year students to a specific interdisciplinary theme or topic using the methods of philosophy, and within connection with related material in other fields. Specific emphasis is given to cultivating critical thinking, effective speaking

and writing skills. Such a course is required for all first-year students, and may be taken with a corresponding Student Success Seminar.

*199H. FRESHMAN HONORS SEMINAR/THREE CREDITS

GEP credit. A study of a selected subject within the disciplines which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines.

* 200. THE CHRISTIAN TRADITION/ THREE CREDITS

GEP, Major, Minor, Elective credit. This course is an introduction to Christianity that focuses on examination of the major theological themes and problems that have commonly occupied Christians and how these issues have developed over time. We will use primary sources for the most part in our explorations. While this course focuses on Christian thought (theology), we will also make connections between theology and worship, ethics, and other aspects of Christianity.

*205. INTRODUCTION TO HEBREW BIBLE AND EARLY JEWISH LITERATURE/THREE CREDITS

MISSION STATEMENT

The School of the Arts at Converse College inspires, teaches, and trains artists by fostering communication, creativity and scholarship, and nurtures appreciation for the visual and performing arts.

CORE VALUES

The School of the Arts (SOA) at Converse College values and believes in the Arts as a path to: Passion, Inspiration, Imagination, Discovery, Expression, Transformation and Joy.

ARTS FOUNDATIONS:

CREATIVITY THAT WORKS

The faculty in Art and Design, Theatre and Dance, and the Petrie School of Music train students to be working professionals in the arts. All students in the School of the Arts will take the following interdisciplinary courses in collaboration, personal brand development, and professionalization:

ATM 100: INTERDISCIPLINARY ARTS FOUNDATIONS I/TWO CREDITS

Prerequisite for ATM 200, and all SOA courses at the 300-level or above. An introduction to the commonality that unite all artist/performers across the Arts. Including a look at the creative process, collaboration, and performance; professional aspects of the arts including presentation of self and networking; and then looking for and finding your path through the arts into a successful career.

ATM 200: INTERDISCIPLINARY ARTS FOUNDATIONS I/ONE CREDIT

Prerequisite ATM 100. Prerequisite for all SOA Capstone experiences. To be taken in the second year of study in the School of the Arts, this course builds on the ideas introduced in ATM 100 and looks more deeply at the creative process, collaboration, and artistic creation in all three arts areas. This course will also explore the varied paths artists follow in developing their own career paths, both within the Converse community and beyond.

SUSANNE GUNTER, *chair*, RUTH BEALS, ANDREW BLANCHARD, ANDREA ELLIOTT, JANE HUGHES, GRETCHEN HURLBUT, GREG MUELLER, TERESA PRATER, SUZANNE SCHUWEILER, DAVID ZACHARIAS

MISSION

The mission of the Department of Art and Design is to provide for our students a dynamic visual art and design education that fosters creativity and scholarship, develops skills and nurtures appreciation of the visual arts.

To best serve our majors the Department of Art and Design has established the following goals:

1. To provide a comprehensive curriculum that is built upon a strong foundation in studio art, art history, and current trends within the various fields of study.
2. To incorporate critical thinking and creative expression in all areas of study.
3. To provide external educational experiences that enrich the overall learning process.

4. To promote skill proficiency in the use of innovative equipment and techniques.
5. To provide career advisement and guidance for students.

Beyond training the student in the practice of her art, the department also fosters professional development through the inclusion of internships, exhibitions, liberal arts study, and membership in professional organizations. This type of preparation, both aesthetic and practical, best serves Converse students as they prepare for careers in the arts.

DEGREE PROGRAMS AND ACCREDITATIONS

Accredited by the National Association of Schools of Art and Design (NASAD) and the Council for Interior Design Accreditation (CIDA), the Department of Art and Design offers both the

Bachelor of Arts degree and the Bachelor of Fine Arts degree. For the BA degree, students may choose a major in art history, art therapy, studio art, or art education. The Bachelor of Fine Arts degree is a professional degree in studio art or interior design. Early declaration of a Bachelor of Fine Arts major is required due to the rigorous requirements of the programs. Students with majors in areas other than art may need to consult the Department of Art and Design chair for guidance in a double major or a minor in art history or studio art.

MINORS

Minors are offered in art history and studio art, as well as an arts management minor, which is interdisciplinary between art, music, and theatre. The arts management minor is highly recommended for all majors in the School of the Arts, and like all art and design minors, is available to every Converse student. For complete information on the arts management minor, please refer to the section on Interdisciplinary minors in this catalog.

All students majoring in the Department of Art and Design must take the Senior Seminar in their respective majors, and all majors except art history must take ART 415: Senior Exhibition during their senior year. These courses are designed to assist seniors in developing career preparation skills and in preparation for their senior graduation exhibitions.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

THE BACHELOR OF ARTS DEGREE PROGRAM

Students in the Bachelor of Arts degree program have the option of majors in art history, studio art, art education, or art therapy.

ART EDUCATION

The mission of the Bachelor of Arts in Art Education program is to prepare college students for initial certification in art at the elementary through secondary school levels, and to develop art educators who are also competent artists that exhibit creativity and skill in a variety of studio media.

BA DEGREE PROGRAM GOALS

Upon graduation, the art education major will be able to demonstrate:

1. A personal involvement and competencies in art production in a variety of media, art history, aesthetics, and art criticism.
2. An understanding of art education theory including best practices in curriculum development and implementation, instructional strategies and procedures, and assessment techniques.
3. A mastery of teaching through completion of rigorous clinical and student teaching experiences in K-12 art classrooms.
4. An understanding of artistic styles and principles in all major visual arts media and their relationship to other arts areas and to other content areas including the human, social, economic, and cultural components that give individual communities their identities.
5. The highest qualities and attributes of a professional art educator as they assume the role as an advocate in the field of art education both in and out of the classroom.

BA DEGREE PROGRAM LEARNING OUTCOMES:

Students will display personal involvement and competencies in art production as evidenced in the completion of the studio art and art history program coursework products and requirements, completion of the senior seminar requirements, and completion of the senior exhibition requirements. Students will advance through the art education component benchmarks as evidenced through successful Praxis scores, successfully meeting the requirements of state and college teacher evaluation instruments and college clinical evaluation instruments, and successfully completing student teaching requirements.

Students will prove mastery of teaching through successful clinical and student teaching experiences as documented in classroom observations of knowledge and skills on state and college evaluation instruments concerning all aspects of teaching and art education in K-12 art classrooms.

Students will articulate verbal and written mastery of understanding artistic styles and principles through successful completion of art education requirements including integrated units of study, studio art requirements, art history requirements, Praxis II scores, senior seminar, and senior exhibition.

Students will model the professional components of art education as evidenced through clinical and student teaching observations and documentation and by student participation in professional organizations and activities at the student level and at the post-degree level.

Art education majors are encouraged to become a member of the student chapter of the Art Education Association.

In order to become certified in art education (PreK–12) the prospective art teacher must complete the Bachelor of Arts degree with a major in art education and pass the Praxis II exam.

ART HISTORY

The mission of the Bachelor of Arts degree in Art History is to provide students with an understanding of visual culture through the ages, a knowledge of the major artists and artworks and their historical context with an emphasis on the West, and the ability to analyze, write and discuss the style, content, theory, and historical context of specific periods and artists.

The major in art history provides students with an understanding of visual culture through lecture and discussion, field trips to museums, internships and travel study opportunities. The art history degree provides a strong liberal arts education and prepares the student for graduate programs in art history as well as entry-level positions in galleries, museums and art auction houses. Students of art history have careers as diverse as managing a private art collection to becoming assistant to the White House art curator.

BA DEGREE PROGRAM GOALS:

Upon graduation, the art history major will be able demonstrate:

1. A broad understanding of the major Western art history movements and world history as it applies to art, including the style and meaning of significant artworks and artists.
2. A broad understanding of art beyond the West.
3. A more in-depth understanding of the complex theoretical, artistic and historical influences on select periods in art and specific artists, with particular emphasis on twentieth-century art.

4. A basic knowledge of the techniques of artmaking.
5. Critical thinking, research, writing and oral presentation skills with technical abilities to do online research and develop PowerPoint presentations.
6. The ability to compete successfully in the job market and/or graduate school.

BA DEGREE PROGRAM

LEARNING OUTCOMES:

1. The student will successfully complete all the art history course requirements while at Converse and convey a broad knowledge of the major stylistic developments of specific artists and artworks, and the historical framework and meaning of the major art of the west.
2. The student will reveal knowledge of non western art after successfully completing an introductory course in art beyond the west before graduation.
3. The student will exhibit an in-depth knowledge of the complex theoretical and artistic influences on artwork and specific artists, as well as historical developments, by reading and discussing articles and books, writing essay exams, as well as in research papers for all upper-level art history courses.
4. The student will display a basic knowledge of the techniques of artmaking by successfully completing a foundation studio class.
5. The student will prove her ability in critical thinking, research skills, and oral presentation, while applying technical skills, in her course research papers and her senior paper and public oral presentation of her research.
6. The student will establish her ability to compete successfully in the job market and or graduate schools when, during her junior or senior year, the student successfully completes a professional internship, and upon graduation she obtains a job or enters a graduate program in a related field.

The Bachelor of Arts with a major in art history is offered in cooperation with the Department of Art History at Wofford College. Converse art history majors should expect to take at least two art history courses on the Wofford campus. The program requires a total of 33 credit hours.

Students in the art history major are urged to take their electives in such liberal arts areas as philosophy, history, religion, humanities, or literature, and have a strong background in French, Italian, German or Spanish. A double major is a possible option with an art history major.

THE ART HISTORY MINOR

The requirements for a minor in art history consist of 18 credit hours including ART 201–202: Introduction to History of Western Art I and II, plus four additional upper-level art history courses in four different subject areas (not including art history travel programs or museum internships).

ART THERAPY

The mission of the art therapy major is to provide a basic overview of the profession of art therapy and a strong preparatory base for graduate study in that field. Within the liberal arts curriculum, art therapy majors will combine elements from the behavioral sciences and the visual arts in a study of theory, methods, and presentation of art materials to stimulate free expression of the creative process within a wide range of treatment settings.

Four art therapy courses prepare students for ART 390: Art Therapy Internship, in a clinical or educational setting. The Internship can be completed either over two semesters of 120 hours for three credits each or over one semester of 240 hours for six credits. This combination of courses provides theory, methods, and hands-on experience for the student interested in the art therapy profession.

A student majoring in art therapy must complete 44 credit hours of coursework in art and art therapy. ART 414: Senior Seminar and ART 415: Senior Exhibition are required. In addition to these 44 credit hours, a student also must complete 15 hours of 200-level or above courses in the Department of Psychology.

BA DEGREE PROGRAM GOALS

The program seeks to maintain a high percentage of graduates who are accepted into Masters or Ph.D. programs or successfully enter into the workforce in a helping profession. In order to accomplish this end, the Bachelor of Arts in Art Therapy degree program identifies the following primary goals:

1. Develop a strong foundation in the use of basic art media including drawing, painting, and ceramics.
2. Demonstrate a comprehensive knowledge of the historical and theoretical approaches which contribute to the current trends in art therapy paradigms and the requirements for becoming a credentialed art therapist. This includes psychological, cultural and sociological backgrounds as well as knowledge of art history.
3. Demonstrate knowledge of ethical considerations and sensitivity to the creative processes of diverse and vulnerable populations through field experiences, observation, and reporting on these through verbal and written documentation.

BA DEGREE PROGRAM LEARNING OUTCOMES

Produce graduates who are knowledgeable of studio art materials and demonstrate proficiency in the use of media for therapeutic purposes, and who further demonstrate this through a presentation of their studio work in their Senior Show.

Produce graduates who demonstrate an ability to articulate historical, theoretical, cultural, and sociological perspectives spontaneously, and who can identify the requirements for professional credentialing.

Students demonstrate ability to complete successful internship field experiences, report on these

experiences verbally in class, and extensively in the form of a Senior Capstone APA style paper and presentation.

Students electing studio art as a minor must complete 18 credit hours of course work. Students must take ART 111, 112, 113, 201 and 202 before taking additional studio art courses.

BACHELOR OF FINE ARTS DEGREE PROGRAMS

The Bachelor of Fine Arts degree programs are professional degrees comprised of intensive, highly structured courses of study designed to prepare students for careers in the interior design profession, as professional artists, or as preparation for graduate studies.

STUDIO ART

The mission of the Bachelor of Fine Arts Degree provides an exploratory opportunity for students to create with a broad base of media working toward mastery in the studio area(s) of their choice. This professional degree provides students with a studio experience that fosters the development of a personal body of work in concept, theory, and practice.

BFA DEGREE PROGRAM GOALS:

Upon graduation, the BFA studio art major will be able to:

1. Articulate a thorough understanding of design elements and principles.
2. Establish a mastery of medium(s) within the visual arts.
3. Integrate critical thinking and conceptual development in their body of work.
4. Comprehend a knowledge of art history including contemporary art and theory.
5. Apply knowledge of professional artist practices.
6. Successfully apply for professional art career opportunities and post-baccalaureate and graduate programs.

BFA DEGREE PROGRAM OUTCOMES:

The student will be able to produce artwork that successfully utilizes design principles and elements. The student will create a series of artworks that demonstrates mastery level of their chosen medium(s).

The student will be able to communicate their personal concept(s) through a written artist statement, actual gallery presentation, and varied digital formats.

The student will be able to reference historic and contemporary art in relationship to their own and other artist's work.

The student will present a solo graduating exhibition, compete in juried competitions, and develop a personal website.

The student will be able to obtain art related careers and enter graduate programs.

The Bachelor of Fine Arts with a studio art major consists of 74 hours and offers a sequence of courses in painting, sculpture, printmaking, ceramics, photography and drawing, along with requirements in art history. This degree provides students with a thorough grounding in visual arts foundation principles and techniques. Provisions are made for in-depth studio explorations, for discussion and analysis of critical visual problems in a liberal arts environment, and for sustained studio work.

For continuation in the Bachelor of Fine Arts degree program in studio art students must submit a portfolio of artwork for faculty review in their junior year. Faculty recommendation is based upon student's statement of intent as well as the quality and direction of submitted artworks. Students

should obtain detailed information concerning the Bachelor of Fine Arts review from the chair of the department during their sophomore year.

INTERIOR DESIGN

The mission of the interior design program is to produce liberally educated professional designers qualified by their education to enhance the function and quality of interior spaces. Those who complete the requirements of this program will, through their knowledge of interior design principles, practices, and techniques, be able to make contributions to their society's quality of life and productivity. Graduates of the program will know how to apply their knowledge to protect the health, safety, and welfare of the public they serve through their profession.

BFA DEGREE PROGRAM GOALS

Upon graduation, the interior design major will be able to demonstrate:

1. Creative and functional interior design solutions generated using the design process; graphic visualization competently used to portray their interiors; and verbal and written explanations of their interiors.
2. Preparation to compete successfully for professional opportunities in the regional and national job market and for acceptance into graduate programs.
3. Understanding of the social responsibility of practicing sustainable design and protecting the health, safety, and welfare of the public.
4. Understanding of the role of interior design in historic and current cultures, and the team of stakeholders involved in interior design projects.

BFA DEGREE PROGRAM LEARNING OUTCOMES

Student project outcomes indicate their appropriate development in understanding and applying: research and analysis, creative process, structure of critical design aesthetics, interiors components, communication graphics, and speaking and writing skills.

Student project outcomes indicate their appropriate development in understanding the interior design profession and personal marketing. Students have completed interactions with professionals.

Student project outcomes indicate their appropriate development in understanding social responsibility.

The interior design major, consisting of 74 credit hours, provides a professional program directed toward both the residential and commercial aspects of interior design. Course content features the creative design process, design theory, space planning, human factors, finishes and furnishings, building systems, lighting, sustainable design, history of interiors, and professional practices. Students apply their learning and communicate within professional drawing and presentation formats.

Dedicated studios feature individual work stations with locking storage, computers, printers, print resources, and sample storage. Students use AutoCAD, Revit, SketchUP Pro, Photoshop, InDesign, and Microsoft Office. Students are strongly encouraged to purchase laptops, AutoCAD and SketchUP software. Contact the program coordinator for computer specifications. Interior design majors interact with professional designers

and trade experts on and off campus through a variety of activities. Each interior design major completes a professional interior design work experience and the Center for Professional Development supports this graduation requirement. Student memberships in professional organizations are encouraged.

All seniors are required to present a public exhibition of their work. The students are responsible for invitations, announcements and publicity, and the overall display and tasteful execution of the designated gallery space.

COURSES OF INSTRUCTION

ART EDUCATION

300. ART FOR THE ELEMENTARY SCHOOL/ THREE CREDITS

Major credit. The purpose of this course is to examine the basic concepts and principles of art education for the elementary art teacher. Students will study the materials and methods for teaching art to children. Emphasis is given to the artistic development of all children in the elementary/middle school and the South Carolina Standards for Art Instruction as stated by the National Art Education Association. This is the first required course in the art education major. *Required for Art Education Majors. Lab fee. Offered Fall Term.*

300L. ART FOR THE ELEMENTARY SCHOOL: LAB CLINICAL I/ONE CREDIT

Major credit. Prerequisite: EDU 360. Co-requisite: ART 300. The purpose of this course is to provide prospective art teachers an early opportunity (sophomore or junior year) to work with students in an elementary art classroom. The emphasis is placed on observation and participation in the classroom. Additionally, there will be some readings, written assignments, several seminars with the instructor, and videotaping of lessons. The course integrates theory and practice acquired in core courses in art education. The course includes observation, participation and limited directed teaching experience in local, normally, public schools. Teacher candidates should sign up with the Department of Education at least one full semester before the term. *Offered Spring Term. Pass/fail grading.*

311. ART FOR THE CHILD/THREE CREDITS

Required for some education majors. The purpose of this course is to examine the basic concepts and principles of art instruction. Students will study the materials and methods for teaching art to children. Emphasis is given to the artistic development of children. *Lab fee.*

314. SCHOOL ART CURRICULUM AND METHODS/ THREE CREDITS

Major credit. Prerequisites: ART 300, 316 or with permission of instructor. The purpose of this course is to examine the basic curriculum and methods in the public school. Emphasis is given to the planning of units and lesson plans for various levels of art instruction, organization of the classroom, and materials and methods used for instruction. The curriculum standards are based on the South Carolina Standards for Art Instruction as stated by the National Art Education Association for teaching

art. Required for art education majors. Necessary for teacher accreditation. This is the third required course for the art education major. Students should take this course during the Fall Term of the junior or senior year. *Lab fee.*

316. ART FOR THE SECONDARY SCHOOL/ THREE CREDITS

Major credit. Prerequisite: ART 300 or permission of instructor. The purpose of this course is to examine the basic concepts and principles of art education for the secondary art teacher. Students will study the materials and methods for teaching art to adolescents. Emphasis is given to the artistic development of students in the secondary art program and the South Carolina Standards for Art Instruction as stated by the National Art Education Association. Required for Art Education majors. This is the second required course for the art education major. *Lab fee. Offered Fall Term.*

316L. ART FOR THE SECONDARY SCHOOL: LAB CLINICAL II/ TWO CREDITS

Major credit. Prerequisites: ART 300, ART 300L, and EDU 360. Co-requisite: ART 316. The purpose of this course is to provide prospective art teachers an early opportunity (sophomore or junior year) to work with students in a secondary art classroom. The emphasis is placed on observation and participation in the classroom. Additionally, there will be some readings, written assignments, several seminars with the instructor, and videotaping of lessons. The course integrates theory and practice acquired in core courses in art education and builds on experiences in ART 300L (clinical I). The course includes observations, participation and limited directed teaching experience in a local, normally, public school. Teacher candidates should sign up with the Department of Education at least one full semester before the term. *Offered each Fall Term. Pass/fail grading.*

*388. MULTICULTURAL ART EDUCATION/ THREE CREDITS

GEP, Major, Elective credit. The purpose of this course is to examine various cultures from around the world and determine how to promote conceptual understanding of their art in the K-12 classroom. Students will design comprehensive lessons from their research into non-western culture, develop appropriate assessments, construct project examples and develop reflective and critical thinking skills. Emphasis will be placed upon developing the skills to positively infuse the K-12 classroom with multicultural experiences in art. Appropriate for all education majors. *Meets the*

non-European/non-anglophone and writing intensive requirements for education majors. Lab fee.

412a. DIRECTED STUDENT TEACHING IN ART/ TWELVE CREDITS

Major credit. Students normally take this course, which integrates theory and practice, during the senior year. The 60-day course includes observation, participation, and directed teaching experience in a local public school. The experience requires conferences with the Program Director, College Supervisor and the cooperating teacher, demonstration of the integration of technology into instruction, and attendance at such required seminars as training sessions, orientation sessions, and other workshops. The College Supervisor visits the student teacher periodically during the semester. Students must request a student teaching placement by September 1 for Spring Term placement in the following year or by February 1 for Fall Term placement in the following year. Students must comply with all South Carolina State Department of Education requirements before student teaching. Those requirements may be obtained from advisors, program directors and department personnel. The State Department website is <http://ed.sc.gov>. *Pass/fail grading. Offered Fall and Spring Terms. Special fee. Meets the GEP capstone and writing intensive requirements.*

Major, Minor, Elective credit. Prerequisite: THR 115, 203 OR 204. This course is designed to teach students the techniques and vocabulary employed in acting period styles. Period styles refers to those acting methods and genres from eras prior to the late twentieth and twenty-first centuries. Dramaturgical research, textual analysis and appropriate vocal and physical techniques will be applied to in-depth monologue and scene work from period plays.

421. THEATRE PRACTICUM IV/ONE CREDIT

Major, Minor, Elective credit. Required of all majors and Minors. This is the fourth level of Practicum, consisting of assigned technical and/or performance responsibilities. Students should register by the appropriate section designation as outlined under THR 121. Senior project is capstone.

450. ADVANCED DIRECTING/THREE CREDIT
Major, Minor, Elective credit. Prerequisite: THR 350. Advanced work in the directorial process will be covered. Topics of study include the directing of experimental works, musicals, non-realistic drama, and period work. The student's work will culminate in the performance of selected scenes from different genres.

490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE TO THREE CREDITS
Major, Minor credit. Prerequisites: Consent of the chair of the theatre department. This course is designed to allow the student to engage in independent research of personal interest. May be repeated for credit.

499. SENIOR CAPSTONE PROJECT/ ONE HOUR CREDIT

Major credit. This is an independent project that affords students an opportunity to work in depth on an aspect of a theatre production or project that reflects a student's area of emphasis within the major. These areas may include but are not limited to: directing, design, acting, management, etc. Working in conjunction with a faculty advisor, this capstone experience is meant to culminate four years of study and to prepare the student for real-world experience or continued study at the graduate level. *Capstone.*

DANCE

Dance courses may be taken as electives by anyone interested in dance, or students may choose to minor in dance. Introductory technique courses provide the opportunity for students to improve their technique in specific genres, enhance their visual skills, spatial awareness, rhythm and creativity. In intermediate courses, students continue to build on these skills, and begin to focus on techniques necessary for the particular genre being studied. In advanced level courses, students gain an extension of an understanding and exploration of a genre. Students will gain experience through improvisation, compositional studies and different styles within the genre. DAN 190: History of Dance is available to students as an option in the fine arts requirement in the General Education Program. Technique courses may be taken as partial fulfillment of the physical education requirement of the General Education Program.

CARROLL MCDANIEL PETRIE SCHOOL OF MUSIC

CHRIS VANEMAN, *Head of Petrie School of Music*, DAVID BERRY, PATRICIA S. FOY, SARAH JOHNSON, KEITH JONES, SUSANA LALAMA, SUSAN LYLE, VALERIE MACPHAIL, SIEGWART REICHWALD, SCOTT ROBBINS, CAROL SHULTIS, REBECCA TURNER, KELLY VANEMAN, DOUGLAS WEEKS, ELIZABETH YORK

Today, there are more than 500 conservatories and schools of music in the United States. Only one, the Petrie School of Music at Converse College, is a comprehensive, professional school of music within a liberal arts college for women. Performing, teaching, learning, composing, and conducting are the true passions of the Petrie students and faculty. Offering both undergraduate and coeducational graduate degree programs, the Petrie School treats music students as aspiring professionals from the moment of their arrival on campus.

ACCREDITATION

The Petrie School of Music is a charter member of the National Association of Schools of Music (NASM) and has been continuously granted accreditation. All degree programs are approved by NASM. The College has attained NCATE accreditation for all professional education programs. Students who fulfill the requirements of the music education degree can meet the certification requirements for teachers in South Carolina as well as several other states. The music therapy program is accredited by the American Music Therapy Association.

MISSION

The mission of the Petrie School of Music is to provide a comprehensive program that meets the needs of the following:

1. students who wish to prepare for careers in the music field;
2. students who wish to enhance their liberal arts studies through courses in music;
3. citizens of Spartanburg and the region who look to the College for education and enrichment opportunities through music and the other arts.

The Petrie School of Music is characterized by:

1. quality academic programs;
2. innovative interdisciplinary programs;
3. a dynamic internal and external internship program;
4. international research and performance by students and faculty;
5. leadership and interaction with external constituents;
6. programs enhanced by technology.

DEGREE PROGRAMS

The Petrie School of Music offers the professional Bachelor of Music degree and the Bachelor of Arts degree. Bachelor of Music degrees are conceived as intensive preparations for careers in music. Bachelor of Arts degree is designed for students who wish to combine music study with more broad-based studies in the arts and sciences, perhaps even leading to a second major or minor. Alternative career options are made available through unique programs designed to meet the interests and goals of students.

A minor in music is available for students pursuing a non-music major.

ADMISSION

Enrollment in all undergraduate programs at Converse College is open only to women.

To be admitted to the Petrie School of Music, a prospective student must satisfy the admission requirements of Converse College and pass a performance audition. Prospective students are encouraged to visit the campus for an interview and audition. A recording may be submitted in lieu of an audition if circumstances prohibit a live audition.

All students must audition. Non-keyboard instrumentalists are encouraged to audition with an accompanist (recorded accompaniment is not permitted). Composition majors must also submit examples of original compositions. Students may be asked to sight-read during the audition.

Audition requirements:

- Piano: Two pieces, memorized, from contrasting style periods.
- Organ: Two pieces from contrasting style periods.
- Voice: Three solos, memorized, from contrasting style periods. One selection should be in Italian.
- Strings: Two solos from contrasting style periods. Memorization is encouraged, but not required.
- Winds: Two solos from contrasting style periods.
- Percussion: Percussionists should provide their own sticks, mallets, and music.

Performance on two of the following areas is required:

Snare drum: Rudiments and a prepared solo or etude.

Timpani: Two solos in contrasting styles.

Marimba: Major scales and arpeggios, two solos in contrasting styles.

Composition: Examples of original compositions should be presented.

MUSIC THERAPY

A student auditioning for the Music Therapy major must complete TWO individual auditions. One of the auditions should be performed in one of the above instruments and must satisfy all of the audition requirements for that instrument or voice. The prospective music therapy student must also complete an interview with the Coordinator of Music Therapy and sing a memorized popular song while accompanying herself on either piano or guitar.

FACULTY

Faculty members in the Petrie School of Music are teacher/artists committed to quality teaching and continued performance. They are in demand as solo recitalists, members of chamber and large ensembles, conductors, and clinicians. Faculty members are also active in research.

ADVISERS

Upon enrolling at Converse College, students in the Petrie School of Music are assigned a freshman adviser. At the end of the freshman year, the student is assigned an adviser who will work with her for the remaining years of her degree program. Normally, the adviser is in the student's major area of music (e.g. major instrument, music education, music therapy, etc.) The role of the adviser is to facilitate the student's completion of an academic program. Although every effort will be made to provide assistance, it is the ultimate responsibility of the student to satisfy all degree requirements.

COURSE OFFERINGS

At the first meeting of a class, students receive a syllabus from the instructor which details the expectations for the course.

The College reserves the right not to offer courses for which the enrollment is less than seven. If a course is cancelled, an effort will be made to accommodate the student.

Courses are offered in a sequence. Courses are offered every term, once a year, or once every two

years. In collaboration with advisers, students must carefully select courses when offered. Normally, courses will be offered only when scheduled. Music majors are required to earn grades of C- or higher in all core music history, music theory and piano classes (see course descriptions) in order to advance to higher levels. In addition, a grade of C- or better must be earned in all major courses leading to specific music degrees.

Fees for Performance Studies courses are not refundable after the College drop-add period.

ADVANCED PLACEMENT

Advanced Placement credit is available in Music Theory based on CEEB Advanced Placement tests. Students with a minimum score of four receive credit for MUT 101.

Students wishing to receive additional theory credit do so by taking the diagnostic exam administered by the Petrie School of Music during the summer before matriculation (this applies even to those having Advanced Placement credit); further exemption testing may be required.

FRESHMAN SEMINARS

All freshman music students are required to enroll in a freshman year seminar class. MUH 125 serves as the freshman seminar class for music students.

HONORS IN MUSIC

Honors recognition in music is available to students of high achievement. Students should consult the Petrie School of Music Student Handbook for guidelines.

TRANSFER STUDENTS

To be eligible for the bachelor's degree with a major in music, the student must complete not less than the last 42 semester hours of coursework at Converse.

Credit in performance studies is determined by the standards established in the Petrie School of Music. For students majoring in performance, credit for previous study is determined by audition with the faculty, either at the time of registration or with the approval of the Head of the Petrie School of Music, during the first term of study at Converse.

Placement examinations in music history and theory are normally required to determine whether equivalent standards have been met. Credit toward graduation is not given for courses taken to satisfy deficiencies.

The application of transferred music credits to the Converse degree program remains tentative until all auditions and examinations have been satisfactorily completed.

For students transferring to Converse, all course work attempted prior to enrollment at Converse will be evaluated to determine if the coursework is eligible to be transferred. Only course work taken at Converse will be used to determine the cumulative grade point average. If these admission requirements are not met, the student may be denied admission to the Petrie School of Music. A student who does not meet the entry requirements is advised to declare another major.

Students transferring to Converse with fewer than 24 credit hours will be required to enroll in a freshman seminar course.

FACILITIES

The Petrie School of Music is housed in the Blackman Music Hall, one of the finest music facilities in the southeastern United States. Daniel Recital Hall, a 340-seat hall, is also located in Blackman. Large scale performances are presented in Twichell Auditorium, an excellent 1500-seat concert hall which serves not only the School of Music and the College, but also the upstate region.

The collection of music books and recordings is housed on the first floor of the Gwathmey Wing within the Mickel Library. This 50,000 volume resource is supervised by professional library staff.

MUSIC FOR THE NON-MAJOR

Academic courses in the Petrie School of Music are open to all Converse students regardless of major or area of study. Courses which have prerequisites are identified in the Courses of Instruction.

The Petrie School of Music offers music courses which may be used to satisfy the Fine Arts Requirement in the College's General Education Program.

Performance studies (private lessons) are available for all Converse students, subject to the approval of the School of Music. Enrollments are limited by available resources. There is an additional fee for private lessons above the cost of tuition.

Music ensembles are open to all students based upon audition and approval of the ensemble director.

BREVARD MUSIC CENTER

Students in good standing in an accredited college, or students who have been accepted for admission to an accredited college, may enroll for Converse College credit in the Advanced Division of the Brevard Music Center, Brevard, North Carolina. Brevard offers a summer session of six weeks in which the normal workload for students taking credit consists of one course, private lessons, and their major ensemble. Any exception must be approved by the Center's Education Director.

LAWSON ACADEMY OF THE ARTS

The mission of the Alia Lawson Academy of the Arts is to welcome the community to the arts experience through instruction and creative participation in music, dance, and drama. The program is open to all ages and the curriculum includes special activities for the young child. Activities take place at the Academy located in the wing of Twichell Auditorium and in Blackman Music Hall.

The Alia Lawson Academy of the Arts is accredited by the National Guild of Community Schools of the Arts and holds membership in the South Carolina and National Federation of Music Clubs. The philosophy is focused toward providing programs of high quality, low cost, and deep commitment to life- enrichment and development.

MUSIC EDUCATION MAJOR**

The music education major is administered jointly by the School of Education and the Petrie School of Music. Students should apply to the Teacher Education Admissions Committee for admission into an education degree immediately upon the completion of the General Music course, which includes the Clinical I experience. The application must be approved by the Teacher Education Admissions Committee no later than six months prior to student teaching. The following requirements must be satisfied in order to be officially admitted to a music education program:

1. Completion of at least 45 hours of coursework;
2. Minimum cumulative GPA of 2.75;
3. A passing score on all parts of the Core Praxis Examination prior to entering MUE 311. Any person having attained the SAT or ACT score set by the State Board of Education shall be exempt from the Praxis I requirement. (ACT = 24, 2-part SAT=1100,or 3 part SAT=1650.)
4. Successful completion of EDU 360;
5. Successful completion of Clinical I Experience;
6. A passing mark on the sophomore performance jury;
7. Following the sophomore performance jury, a successful professional skills and dispositions review with music education faculty.

After admission to the Teacher Education Program, a student must maintain at least a 2.0 GPA during the senior year to be eligible for a placement in student teaching. A student planning to student teach in the Fall Term of her senior year must submit her application by February 1 of the junior year. A student planning to student teach in the Spring Term of her senior year must submit her student teaching application by September 1 of the senior year. Only those students currently accepted in a degree program can be eligible for student teaching.

Other requirements prior to student teaching include an application for certification to the South Carolina State Department of Education and a FBI background check. Details about this application and other requirements are available on the Education Department webpage at converse.edu and from departmental staff. Generally, the applications for certification are due by December 1, a year in advance of fall term student teaching, and by May 1, a year in advance of Spring Term student teaching.

The PRAXIS II Specialty Area Test entitled Music: Content and Instruction (0114) is required for

graduation from Converse College with a degree in music education. This test score, in addition to a score on the PRAXIS II Principles of Learning and Teaching Test, must be submitted to the Director of the Professional Education Unit no later than the spring of the academic year in which student teaching is completed.

BACHELOR OF MUSIC WITH A MUSIC THERAPY MAJOR

Music therapy is the systematic application of music elements and interventions, facilitated by a certified music therapist in a health care or educational environment, to promote therapeutic change in clients/ students with a wide variety of disabilities and challenges. This professional degree program prepares students to meet entry-level competencies set by the American Music Therapy Association in order to prepare for professional practice in music therapy. Clinical and musical competencies are tracked throughout the program as part of the advising process. Students who successfully complete four years of coursework and a six-month internship at an approved healthcare facility will have met requirements to graduate and become eligible to sit for the national board certification

examination administered by the Certification Board of Music Therapists.

An audition/interview is required before acceptance into the music therapy program. In order to enter into upper division coursework, and apply for the music therapy internship, students must pass the Functional Music Examinations I and II which are administered prior to enrolling in practicum (MTY 381) and the music therapy internship (MTY 484), respectively. The director will assist the student in applying for the internship and serves as academic supervisor alongside the on-site internship supervisor to insure that all AMTA competencies have been met.

MUSIC THERAPY (MTY)

151. INTRODUCTION TO MUSIC THERAPY/
TWO HOURS

No prerequisite; open to non-majors. This course introduces the student to the field of music therapy including a description of professional practice, and history of the profession, and surveys music therapy applications with a variety of clinical populations. The course also presents the student with experiential learning opportunities that are critical to developing clinical/self-reflective skills in the profession.

152. GUITAR CLASS I/ONE CREDIT

No prerequisite; open to non-majors if space is available. A course designed to address and expand upon guitar competencies delineated in the American Music Therapy Association Professional Competencies document. Those competencies include:

- 5.1 Accompany self and ensembles proficiently.
- 5.2 Employ simple strumming and finger picking techniques.
- 5.3 Tune guitar using standard and other tunings (Open E, Drop D, Double Drop D)
- 5.4 Perform a basic repertoire of traditional, folk, and popular songs with or without printed music.
- 5.5 Harmonize and transpose simple compositions in several keys.

250 CLINICAL PROCESSES I/TWO CREDITS

This course is an introduction to the music therapy clinical process with cases that illustrate clinical competencies contained in the AMTA Professional Competencies document. Assessment, treatment planning, clinical observation, data collection, session design, evaluation and documentation will be covered. Case examples and video clips with diverse clients will serve as a driving force for this course, illustrating a client-centered approach to treatment. Students will be asked to reflect on their values, beliefs and attitudes toward client groups and begin to examine the relationship between self and therapist role.

251. CLINICAL PROCESSES II/ ONE CREDITS

This course is an extension of learning about the music therapy clinical process with on-site observations that illustrate clinical competencies contained in the AMTA Professional Competencies document. Assessment, treatment planning, clinical observations, data collection, session design, evaluation and documentation will be reviewed as applicable to professional music therapy practice in different sites. Analysis and synthesis of these observations will serve as a primary focus for this course, illustrating a client-centered approach to treatment. Students will be asked to reflect on their personal values, beliefs and attitudes toward client groups and begin to examine the relationship between self and therapist role.

252. GUITAR CLASS II/ONE CREDIT

Prerequisite: MTY 152 or permission of instructor; open to non-majors if space is available. A continuation of the development of guitar competencies including finger-picking, blues styles, open tunings and development of more advanced clinical repertoire.

253. MUSIC THERAPY METHODS AND MATERIALS/
TWO CREDITS

Develop theoretical and applied competencies necessary for the implementation of therapeutic/recreational music interventions to prepare for the practicum experiences in community facilities. One major emphasis of this course is directed towards the student's initial development of applied skills through exercises requiring the presentation of specific musical competencies. Course objectives relate to the rationale, planning, development and implementation of therapeutic musical activities and interventions for individuals with physical disabilities. The Functional Music Skills Examination I is administered after this course is completed.

254. MUSIC THERAPY ENSEMBLE/ONE CREDIT

Prerequisite: MTY 253 or by permission of the instructor. This course was designed to 1) increase competencies in performance skills, specifically in the areas of accompanying, solo work, arranging and group performance and to enhance the acquisition of selected functional music skills considered essential to the practicing music therapist; 2) to develop a personal performance style; 3) to increase leadership skills through planning and implementing performances, and 4) to create public awareness of the music therapy profession.

261. PIANO APPLICATIONS IN MUSIC THERAPY/
ONE CREDIT

Prerequisites: MUA 101-103, MUA 201-203. The focus of these weekly lessons will consist of addressing AMTA piano competencies expected of the practicing music therapist. These lessons do not prepare the student for jury/recital requirements in piano. They do prepare the student for the piano requirement of the Level I and Level II Functional Music Examinations, a graduation requirement for the Music Therapy degree. Course content adheres to the keyboard requirements articulated in the AMTA Professional Competencies, 4.1-4.5.

341. PSYCHOLOGY OF MUSIC/THREE CREDITS

Prerequisite: Basic Statistics recommended; open to non-majors. This course surveys the research literature and principles of the psychological foundations of music behavior including psychoacoustics, music perception, affective and physiological responses to music, music learning and measurement. Class evaluations will be based on reviews of journal articles, oral presentations, and chapter tests.

351. MUSIC THERAPY WITH EXCEPTIONAL
INDIVIDUALS/THREE CREDITS

Prerequisite: MTY 253 or by permission of the instructor. This course will cover approaches to music therapy with children with developmental disabilities including autism, mental handicaps and learning disabilities. Clinical approaches congruent with those encountered in a special education setting will be the focus of this class, including music therapy assessment and treatment planning as part of the Individualized Education Plan (IEP), applied behavioral analysis and behavior modification techniques as well as data gathering and documentation. Offered in alternate years.

353. RESEARCH IN MUSIC THERAPY/
TWO CREDITS

Prerequisite: MTY 351 or permission of the instructor. This course is designed to address competencies in music therapy research as defined in the AMTA Professional Competencies document (24.1-24.5). Student enrolled in this course will 1) become familiar with the purpose and methodology of historical, quantitative, and qualitative research; 2) develop the ability to analyze and critique both qualitative and quantitative research; 3) develop specific techniques in the qualitative and quantitative study of music and non-musical behaviors; 4) continue to develop scholarly writing skills; 5) apply selected research findings to clinical practice. Offered in alternate years.

381,383, 481, 483. MUSIC THERAPY
PRACTICUM/ TWO CREDITS

Prerequisites: MTY 253 and passing the Functional Music Examination I. The music therapy practicum provides opportunities for the music therapy student to apply theories, principles, concepts, and skills acquired through other aspects of the music therapy curriculum in actual clinical settings. Practicum helps the student develop greater knowledge and sensitivity to the needs of clients, develops greater self-awareness, strengthens necessary clinical and musical competencies, and cultivates a student's unique style of working. The continued development of clinical competencies (delineated in the AMTA Professional Competencies document) prepares the student for the required six-month clinical internship. Four semesters of practicum are required in four different health care settings supervised by a Board Certified Music Therapist.

451. MUSIC THERAPY WITH ADULT
POPULATIONS/ THREE CREDITS

Prerequisites: MTY 353, MTY 383 or permission of the instructor. This senior level music therapy course is designed to develop AMTA professional competencies in exceptionality (B.11.) relevant to working with adults with psychiatric diagnoses. The course also addresses the relationship between developmental/ psychological theories and music therapy practice. Ethical issues, assessment, devising appropriate treatment strategies with age appropriate methods and materials with adults and older adults will also be covered. Self-monitored peer groups will enhance self-reflection and completion of experiential assignments complementing lectures by the instructor.

453. CLINICAL AND PROFESSIONAL ISSUES
IN MUSIC THERAPY/THREE CREDITS

Prerequisite: MTY 451 or permission of the instructor. This is the pre-internship capstone music therapy course, leading to acceptance to the six-month internship. In addition to lectures and peer group assignments, individualized sessions will be arranged with the instructor to assist in internship placement, and to develop the intern contract and Individualized Training Plan in cooperation with the internship supervisor. Self-monitored peer groups will continue from MTY 451, (or groups facilitated by a Board Certified Music Therapist not affiliated with the College) with assignments complementing lectures by the instructor.

470. DIRECTED INDEPENDENT STUDY/ONE TO FOUR CREDITS

Prerequisite: Approval of the Music Curriculum Committee. Projects of independent study approve by the faculty and the Music Curriculum Committee.

484. MUSIC THERAPY INTERNSHIP/NO CREDIT

Prerequisites: Completion of all Music Therapy coursework, passing the Functional Music Skills Examination. The music therapy clinical internship is considered the capstone course for music therapy majors and is the culmination of the professional degree program in music therapy. NISBET HONORS PROGRAM

The Nisbet Honors Program began in 2000 when Converse alumna Marian McGowan Nisbet '62 and her husband Olin established an endowment to support a full Honors Program. Our program seeks to offer the academically gifted student the challenge and community in which she may grow to her full potential. The program includes opportunities to do independent research with faculty mentors, to take honors courses with other gifted students, to meet nationally known visiting scholars, to receive funding for study-travel, and to gather socially to discuss intellectually challenging topics.

An unusual feature of the Nisbet Honors Program is its emphasis on interdisciplinary learning. Our interdisciplinary seminars have two faculty from different fields in the classroom throughout the entire course. While learning how different disciplines approach the tasks of collecting and interpreting evidence, students learn to make sense of our complex world.

Admission to the program is competitive and is by invitation only. A select number of entering freshmen are invited into the program based on their outstanding high school performance and their potential for success in college. Students who do well once they have begun their studies at Converse are also considered for the program; freshmen and sophomores must complete at least 12 hours at Converse to be invited to apply.

REQUIREMENTS

To complete the Nisbet Honors Program and be recognized at graduation, students must satisfy the following requirements in terms of academic achievement and coursework.

ACHIEVEMENT

She must continue to perform well in her academic courses. Students who consistently achieve a GPA below 3.0 or who receive below a B- in two or more honors courses may be asked to leave the program. Students may not graduate from the Honors Program with a GPA below 3.0 and may not receive credit toward program completion for an honors course for which they receive a grade below C-.

COURSEWORK

Because the Nisbet Honors Program is interdisciplinary and aims to give students a broad

a GPA below 3.0 and may not receive credit toward program completion for an honors course for which they receive a grade below C-.

base of knowledge, students will not be allowed to take all of their coursework in only one department or with only one professor. A student must take the following courses:

- **Freshman Honors Seminar**
(or, if the student enters after her freshman fall, another honors course to replace it).
- **Interdisciplinary Honors Seminar**
Students who successfully complete a Freshman Honors course take these small interdisciplinary courses. Professors from different fields team teach these courses. Recent offerings include The Politics of Energy and The 1960's in History and Music.
- **Junior Honors Seminar (HON 399H)**
One credit, pass/fail, open to upperclassmen, with priority given to juniors and seniors.
- **Either a Senior Honors Thesis**
(see below) or two more honors experiences (such as two additional honors courses, an honors directed independent study, or some combination of the above). Generally only one honors directed independent study counts toward program completion.

SENIOR HONORS THESIS

Completing a senior honors thesis allows a student to receive honors in her major area. It is one way that a student may complete the Nisbet Honors Program. Because of the distinction that honors in field conveys and the effort required, only exceptionally qualified and extremely committed students should attempt an honors project. To qualify, students must have an overall GPA of 3.25 and a GPA of 3.50 in her major field by the end of the Fall Term of her junior year.

The thesis enables qualified students to pursue additional independent and intensive work within their major area. Generally, the project will be a research paper that follows the discipline's guidelines for superior research. In creative fields, such as music, theater, and applied art, creative projects are appropriate. Interdisciplinary projects are also encouraged.

The project should be a substantial project planned so that it can be done in the time available using the resources available. The major evaluative criterion is the quality rather than the amount of work. A research paper should generally be from 20-40 pages. Departments using performance standards should establish criteria that require a substantial project of superior quality.

Because each department may have additional guidelines which supplement and further define the procedures and qualifications for honors work, no later than Fall Term of their junior year, honors students interested in an honors thesis must consult a faculty adviser and a Nisbet Honors Program co-director for additional guidance. Detailed guidelines and deadlines must be followed and are available from a program co-director. Music students should also consult with Petrie School of Music faculty.

COURSES OF INSTRUCTION

***199H. FRESHMAN HONORS SEMINAR**

GEP credit. A study of a selected subject within the disciplines: topics vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. *Offered periodically in rotation with seminars in other disciplines.*

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Major, Elective credit. This course is team-taught by faculty members in two departments and is open to Nisbet Honors Program participants and, when space is available, to others who meet Honors Program guidelines.

HON 300H. HONORS DIRECTED INDEPENDENT STUDY/THREE CREDITS

With permission of an Honors Program co-director and permission of the mentoring professor, a student in the Honors Program may arrange to do an independent study with a professor. An honors DIS generally must involve either a substantial independent research project or the course material from a regular honors course. These independent studies must follow the usual Registrar procedures for regular DIS courses. Students should submit a copy of their HON 300H DIS contract and syllabus to the Honors Program co-directors no later than the last day of classes of the long term before the term in which the student plans to do the independent study.

NON DEPARTMENTAL COURSES

*ATH 263. JANISM/THREE CREDITS

GEP, Elective credit. This course approaches the minority Indian religion of Janism through anthropological textual, and historical information concerning ethics, narratives, festivals, rituals, worldview, and other various roles and practices of men and women in different sects and sub-sects. Non-European/non-Anglophone. Meets GEP social science requirement. *Cross-listed with REL 263.*

*ATH 264. HINDU RELIGION AND CULTURE/ THREE CREDITS

GEP, Elective credit. This course approaches Hinduism not merely as a religion within a culture, but as coextensive with a culture of great diversity. There will be examinations of anthropological, textual, narrative, historical, and sociopolitical information concerning gods and goddesses, festivals, rituals, renunciation, the castes system, roles within the family, and various other roles and practices of different Hindu men and women. Non-European/non-Anglophone. Meets GEP social science requirement. *Cross-listed REL 264.*

*ATH 306. FIELD STUDIES IN RELIGION/ THREE CREDITS

GEP, Elective credit. Field studies courses focus on significant investigation of religious phenomena outside as well as in the classroom. Travel may be involved in some field studies. May be repeated if subject matter is not duplicated. Meets GEP social science requirement. *Cross-listed with REL 306.*

ATH 330. STUDIES IN ANTHROPOLOGY/ THREE CREDITS/FOUR CREDITS IN JAN TERM

GEP, Elective credit. Studies of significant humanistic issues in anthropology. May be repeated for credit if subject matter is not duplicated. *May be cross-listed with REL 330. Meets GEP social science requirement.*

*ATH 406 FIELD STUDIES IN RELIGION/ THREE CREDITS

GEP, Major, Minor, Elective credit. Prerequisites: REL 100 or REL 104 and one 200 or 300 level Religion course. This course requires students to conduct original ethnological field research with a religious community in the area, teach other students in the class about these communities, and write advanced-level paper about their research as well as present it to the class. *Cross-listed with REL 406.*

ATM 100. INTERDISCIPLINARY FOUNDATIONS I/ TWO CREDITS

Major, Minor credit. Prerequisite for ATM 200 and all SOA courses at the 300-level or above. This "arts foundations" course is an introduction to the common elements that all the arts, including art and design, music, and theater and dance share. The course introduces and explores critical topics including creative process, collaboration, and performance, as well as professional aspects of the arts including presentation of self and networking; it concludes with an exploration of each student's personal path from training to a successful career in the arts.

ATM 200. INTERDISCIPLINARY FOUNDATIONS II/ ONE CREDIT

Major, Minor credit. Prerequisite for all SOA courses at the 400-level or above. A continuation of ATM 100.

ATM 265. ARTS MANAGEMENT AND ORGANIZATIONAL STRUCTURE/ THREE CREDITS

Minor credit. This course will provide students with the practical skills required for the successful management of arts organizations. Areas covered will include budgeting, marketing/publicity, fundraising, audience development, analysis of financial statements contracts, contracts. board governance, and issues associated with the founding of a non-profit organization.

ATM 365. ARTS LEADERSHIP AND PROGRAM DEVELOPMENT/ THREE CREDITS

Minor credit. Prerequisite ATM 265 or permission of the instructor. This course will provide students with the opportunity to develop knowledge of arts management by exploring current issues and emerging trends in technology, arts and cultural policy while developing their writing for proposals, grants, and marketing. Students will develop an understanding of program management and the challenges facing administrative leaders of arts and cultural organizations.

ATM 465. PROFESSIONAL INTERNSHIP IN ARTS MANAGEMENT/THREE CREDITS

Minor credit. Pre-requisites ATM 265 and ATM 365: arts management minor requirements and approval of the Arts Management minor coordinator within their specialty (Art, Theatre or Music). This internship is designed to provide experience for the student interested in pursuing a career in arts administration at a museum, art gallery or theatre, music and arts organizations.

CLP 100. INTRODUCTION TO LEADERSHIP/ THREE CREDITS

Elective credit. This course introduces students to the historical development of leadership, the skills necessary for leaders, leadership styles, and will provide students an opportunity to function as leaders in solving a community problem.

CIM 300. INDIVIDUALIZED MAJOR CAPSTONE PROJECT/THREE CREDITS

Major credit. The student completing an Individualized Major is required to register for this non-departmental course in the spring or her junior year to be pursued in the fall of her senior year. This course encompasses the student's senior capstone project that connects all three disciplines of her Individualized Major. The capstone project must be approved by the student's Individualized Major committee before registering. *Capstone.*

CON 101. CAREER EXPLORATION AND PLANNING/ONE CREDIT

Elective credit. This course is a one-credit hour course designed to help first-year and sophomore students learn how to approach career decision making. Through a process of self-discovery, students will explore their own capacities, skills and interests. Students will also learn to take advantage of past experiences and current unexpected opportunities, transferring them to their future career possibilities.

CON 102. FROM STUDENT TO PROFESSIONAL: JOB SEARCH STRATEGIES/ONE CREDIT

Elective credit. This course is a one-credit junior and senior level course designed to provide students with the necessary tools for their job search. Topics include interviewing, resume writing, and transitioning to professional life. Students will develop a resume and other job correspondence, explore successful interview techniques, identify transferable liberal arts skills and learn basic job-search strategies as well as prepare for transitioning to the world of work.

CON 214. EXPERIENTIAL LEARNING/ THREE OR SIX CREDITS

Elective or Major credit as determined by the department. Offered periodically, changing syllabus. A course which combines academic study with experiential work. Emphasis is on integrating on-campus and off-campus study under the supervision of departmental faculty in specially approved course offerings. This work may include selected volunteer work with given programs or agencies, travel-study experiences, and approved service learning experiences. No student may count more than six semester hours of such course work in any combination of departments toward degree credit.

*GEO 300. WORLD GEOGRAPHY/ THREE CREDITS

GEP. A course in world regional geography which emphasizes the historical, political, economic, social and environmental issues of the various regions of the globe. *Non-Western/non-Anglophone.*

INTERDISCIPLINARY MINORS

ARTS MANAGEMENT

SUSANNE GUNTER, *coordinator*

MISSION STATEMENT

The Arts Management Minor at Converse College seeks to prepare students to lead and manage arts and cultural organizations. The program will assist students to develop their capacities as executives, fundraisers, planners, marketers, and financial managers in the nonprofit and for-profit arts.

OBJECTIVES

Upon completion of the Arts Management minor, the student will

1. Have a basic knowledge of visual art, theatre, music and dance.
2. Have knowledge in management and leadership of an arts organization
3. Have skills in fundraising, including grant writing.
4. Have gained ability in marketing and community development.

OUTCOMES

Evidence of basic knowledge of the visual, musical, dance and theatrical arts is indicated by the student's successful completion of exams and assignments in fine arts courses.

Skills to organize and manage a Board and the staff of an arts organization will be exhibited in the successful design of a Board and demonstration of management capabilities in course assignments, as well as during the internship.

Demonstration of fundraising ability will be displayed through grant writing experience and other fundraising concepts such as donor campaigns in class assignments and in the internship.

Exhibition of marketing skills and community development will be evidenced in course assignments including at least one marketing campaign, and in an internship where community involvement and marketing will be practiced.

The minor consists of 21 credit hours of coursework, to include the following:

ATM 265: Introduction to Arts Management.... 3 hours
ATM 365: Advanced Arts Management.....3 hours
ATM 465: Professional Internship
in Arts Management3 hours
BAD 345: Marketing Communications3 hours

ENVIRONMENTAL STUDIES

DOUGLAS JENSEN, *director*

The mission of the environmental studies minor is to prepare students for careers and/or advanced study in environmental science. Completion of the minor will:

1. Provide an introduction to the broad based nature of environmental studies which includes the areas of biology, chemistry, economics, politics and sociology
2. Provide practical experience in the area of environmental studies through an internship or research program.

The minor consists of a minimum of 21 credit hours of coursework, to include the following requirements:

BIO 411: Ecology4 hours
CHM 311: Environmental Chemistry4 hours
GEO 300: World Geography3 hours
Additional Electives (choose two)..... 6-7 hours

CHM 404: Special Topics: Hazardous Waste and Public Policy
HST 491: Special Topics: Environmental History
POL 308: Special Studies in the Political Process
SOC 310: Social Problems Internship
or Research Experience.....4 hours

Total Hours for Environmental Studies Minor21-22 hours

Prerequisites for minor are CHM 201-202, CHM 251, BIO 100 and either BIO 202 or 203.

A non-credit work or research experience may substitute with permission of the director.

WOMEN'S STUDIES

CATHY JONES , *director*

The women's studies minor will enhance Converse students' ability to understand themselves and their place in the global community by encouraging them to analyze the assumptions that are an essential part of language and cultural symbols. This program will foster awareness of women's roles and the image of women in various cultures.

The minor consists of 21 credit hours of coursework. WST 200 and six elective courses are required. One elective course may be a cognate course.

Courses in art, English, French, Spanish, history, philosophy, politics and religion that are designated as women's studies will be accepted for GEP humanities credit.

CAREER AND PRE-PROFESSIONAL PROGRAMS

The programs presented in this section of the catalog have been created to help students relate their liberal arts education to career goals. Their general characteristics are explained in the chapter titled "Academic Life." While it is necessary to point out that the success of students in gaining employment or admission to graduate school depends most of all upon their own initiative, talents, and efforts, many of our students find these career-oriented programs to be helpful in identifying their own objectives, gaining practical experience, and realizing their career ambitions.

Career programs are those that provide prerequisite training for a particular career that may be entered immediately after graduation or after further study. They are groups of courses that do not constitute a major. Majors (such as accounting, business

administration, interior design, and education) that provide this kind of training are described in the departmental courses of study. Pre-professional programs are those that provide prerequisite training for graduate study leading to a professional degree. Internships, some of which are included in these programs, are described in the departmental course listings, and further information may be obtained from the department. See also the Guidelines for Internships, available from the Center of Student Development and Success.

PRE-PROFESSIONAL PROGRAMS PRE-LAW

JEFFREY J. POELVOORDE, *adviser*
Department of History and Politics

Law schools require no specific undergraduate curriculum for admission. No particular major is necessarily the best preparation for the study of law. Law schools seek students who have strong conceptual and analytical skills, high verbal facility, and the ability to think creatively. One means of measuring these abilities is the Law School Admission Test (LSAT) used by all law schools to evaluate prospective candidates for admission. These LSAT scores, college grades, and letters of recommendation are the usual criteria for admission to law school. There is no better preparation for success on the LSAT and in the study of law than a rigorous, broad, liberal arts program.

The aspiring law student should pursue a program that requires diligent reading, analysis, critical thought, and ample written and oral expression. Pre-law students often choose majors in accounting, English, finance, history, politics, philosophy, religion, sociology or economics—all of which provide strong training in the necessary skills.

At Converse, pre-law students follow courses of study that meet their particular needs and interests. The success of our students in gaining admission to law schools verifies the soundness of this approach. Individuals interested in pre-law should consult the pre-law adviser, who, working in conjunction with academic advisers, helps pre-law students plan their programs.

The following are suggestions that have proven to be good preparation in the past.

- POL 101: American Government
- PHI 100: Introduction to Logic
or PHI 180: Introduction to Philosophy
- POL 205: Introduction to Law and the
Judicial Process (January Term course
offered at discretion of instructor;
prerequisite POL 101)
- ECN 201: Microeconomic Principles and/or

ECN 202: Macroeconomics Principles
HST 201: American History to 1877 and/or
HST 202: American History since 1877

RECOMMENDED UPPER DIVISION COURSES DURING SOPHOMORE THROUGH SENIOR YEARS

Although none of these courses are required, we believe that they are particularly useful both for understanding the nature of the legal profession and preparation for success in law school. Individual students should make selections according to her personal academic interests and the areas of law which she may be contemplating. Students interested in international law might take more courses in international subjects in politics, history, economics, etc; those interested in environmental issues might emphasize the several courses in this area in the sciences, history, politics, etc.; those interested in gender issues could pursue relevant courses in women's studies, history, politics, English, sociology, psychology, and religion; those interested in business would emphasize work in this area and should take at least two courses in accounting; those interested in social welfare areas might consider psychology, sociology, or related areas. Many other concentrations exist as well.

POL 335: Constitutional Law
POL 448: Public Administration
POL 316: American Political Thought
POL 465: Comparative Government
and Politics
HST 441: Recent US History, 1945 to present
BAD 351: American Legal System
and Contracts
BAD 352: Business Organization,
Property and Commercial
BAD 353: Labor and Human Relations Law
ECN 324: Business and the Public Sector
ECN 326: Labor Economics
ECN/BAD 300: Descriptive and

POL 303: Social Statistics

PRE-MINISTRY

JASON LOSCUITO, *adviser*
College Chaplain

Students who are considering careers in ministry are encouraged to take a broad range of courses, especially within the various disciplines of the humanities. A major in religion is not usually a prerequisite for admission to a divinity school or seminary. Some basic courses in the study of religion, however, may provide helpful background. The chaplain is available to meet with any student considering such a career to discuss her own sense of calling to this vocation and to help her get in

touch both with other pre-ministry Converse students as well as people from the community who may be of help in clarifying the appropriate steps toward such a career.

At the end of their years at Converse, students considering a vocation in ministry should have a clearer idea regarding their own sense of "calling to the ministry" as well as practical guidance and information necessary to determine what the next step might be for them. To accomplish this, the chaplain will:

1. meet with individuals and groups of students to discuss the meaning of calling to ministry, as well as the practical aspects of ministry and the different forms that ministry may take.
2. attempt to ensure that students who are considering ministry have been placed in touch with other students who are considering the same profession and with religious leaders from their own faith communities who are equipped to guide them in the particular process required by their faith community to move toward a career in ministry.
3. work with Career Services to ensure that there are opportunities for Converse students to meet and talk with other people, but particularly women, who are presently engaged in ministry and to provide religion internships for those who want to explore the possibility of this profession in a more in- depth and structured manner.
4. arrange for the return to campus of ordained alumnae who will serve as role models for Converse students as they lead campus worship.
5. work with other members of the Department of Religion, as well as representatives of various faith communities, to inform students about the opportunities available at various seminaries and divinity schools.

PRE-HEALTH PROFESSIONS

EDNA STEELE, *adviser*

Department of Biology, Chemistry and Physics

Pre-Health Professions Programs are designed to assist students planning to attend medical, dental, and veterinary schools. They also assist students who have interests in physical therapy, occupational therapy, physician assistant programs and other health-oriented careers. Students are provided assistance in course selection so as to tailor their academic experience to the requirements of the various programs. Students are also encouraged to participate in related internship experiences.

These programs are not majors. Although most

pre- health professions students major in biology, chemistry, or biochemistry, these programs are open to students with any major. The programs do not appear on a student's academic record. Students in these programs seek the advice of the adviser or someone designated by the adviser, and they research the entrance requirements for specific programs.

**CONVERSE COLLEGE AND
VANDERBILT UNIVERSITY
SCHOOL OF NURSING 3+2
DUAL DEGREE PROGRAM**

This five-year program gives Converse Biology majors the opportunity to pursue an advanced nursing degree. The program results in a Bachelor of Science (BS) or Bachelor of Arts (BA) degree in biology from Converse and a Masters of Science in Nursing (MSN) from Vanderbilt. Students will spend their first three years at Converse completing a course of study that satisfies the General Education Program (GEP), requirements for the biology degree, and (in the course of the first two elements) Pre-Nursing requirements for the final two years at Vanderbilt.

**REQUIREMENTS FOR ADMISSION TO
THE FINAL TWO YEARS AT VANDERBILT:**

1. Completion of 78 semester hours, including the GEP
2. Completion of the Vanderbilt pre-nursing requirements:
 - Human Anatomy
 - Human Physiology
 - Microbiology/Bacteriology
 - Statistics
 - Nutrition
 - Human Growth and Development
3. Cumulative grade point average of a "B"
4. Combined Verbal and Quantitative GRE score of at least 1000
5. Satisfactory statement of career goals
6. Three favorable letters of reference
7. A recommendation for admission by a member of the Vanderbilt School of Nursing faculty based on a review of the applicant's file

Students who enter Converse with any form of advance credit (AP, dual enrollment, language placement above 101, GEP exemptions, etc.) will find it easier to complete the program. Completing the BA rather than the BS degree will satisfy Pre-Nursing requirements and make completion easier for students but either degree will work. It may also be necessary to urge students to take summer courses at Converse or elsewhere to facilitate completion of certain requirements.

The admission process to Vanderbilt is competitive, not guaranteed. The senior year in absentia option provides an opportunity for students to pursue an accelerated pathway but they have to meet the VUSN graduate school standards and be competitive with their classmates. Just as medical school admission is a competitive process, the selection process for admission to the nursing program is competitive as well.

PRE-DENTISTRY

The successful pre-dental student must have a strong foundation in biology, chemistry, physics and mathematics. Applicants should successfully complete as many science courses as possible to prepare for the dental admission test (.ada.org/dat.aspx) and dental school curriculum. Required prerequisite courses for prospective dental students are:

General Chemistry	8 hours
Organic Chemistry	8 hours
Physics	8 hours
Biology or Zoology	8 hours
English	6 hours
Mathematics	6 hours
Science Electives.....	8 hours

(Microbiology, Biochemistry, Anatomy, Genetics, Histology, Physiology, etc.)

Courses in computer science, business, finance, or accounting are also strongly recommended. Volunteer or internship experience in a variety of clinical settings is highly recommended. Early application to the dental school is important. Information on application deadlines and application forms can be obtained at the following website: <https://portal.aadsasweb.org/>.

PRE-MEDICINE

The successful pre-medical student must have a strong foundation in biology, chemistry, physics, and mathematics. The required courses vary depending on the school. Most schools require the following:

General Chemistry	8 hours
Organic Chemistry	8 hours
Biochemistry	4 hours
Physics	8 hours
Biology or Zoology	8 hours
(Cell Biology highly recommended)	
Algebra and Calculus.....	6 hours
English	3 hours
Psychology	3 hours

Honors, independent study and research work are highly encouraged as these activities demonstrate scholarly, in-depth, and lifelong learning skills.

Additional upper-level biology and chemistry coursework is recommended, as it will help to prepare the student for the MCAT (<https://www.aamc.org/students/applying/mcat>). It is desirable to have the above coursework completed at the end of the junior year, and to take the entrance exams during the summer between the junior and senior year. For admission, both the GPA and MCAT scores are critical. Most medical schools require a minimum GPA of 3.5 and MCAT score of 28. Clinical experience through either internships or volunteer work is also highly recommended.

Early application to medical school is important. Information on application deadlines and application forms can be obtained at the following website: aamc.org/students/applying/requirements

PRE-OCCUPATIONAL THERAPY

Requirements for admission to the occupational therapy program vary. Students will need to contact individual programs for their specific requirements. To apply for entry-level Master or Doctor of Occupational Therapy, the student should have completed the prerequisites listed below.

English	3 hours
Mathematics	3 hours
Statistics	3 hours
Biology	3-4 hours

Students should be familiar with the specific requirements of the school in which she intends to apply. A GPA of 3.0 or above is desirable and a combined minimum GRE (http://www.ets.org/gre/revised_general/about) score of 1000 for the verbal and quantitative sections is recommended. It is also to the student's advantage to research the field of physical therapy through internships or volunteer works and have her experiences and work hours properly documented. For specific requirements for admission to Physical Therapy School in South Carolina, please consult the following websites:

University of South Carolina (USC): sph.sc.edu/dpt
 Medical University of South Carolina (MUSC): academicdepartments.musc.edu/chp/pt

PRE-PHYSICIAN ASSISTANT

Requirements for admission to the physician assistant program vary. Students will need to contact individual programs for their specific requirements. Health care experience is recommended and in some cases required. In addition, some programs require direct patient care while others accept shadowing health care professionals. Applicants are required to take the GRE (Verbal, Quantitative, and Writing Components). A minimum GPA of 3.0 is required for most programs, although most programs report 3.5 average GPA. The American Academy of Physician Assistants maintains a website aapa.org that explains the profession, career opportunities and programs offered in the United States of America. Applicants to the program are generally required to complete the following prerequisite

courses prior to admission:

English	6 hours
Mathematics	3 hours
Statistics or Biostatistics.....	3 hours
General Chemistry	8 hours
Organic Chemistry or Biochemistry.....	4 hours
Biology	4 hours

Psychology and/or Sociology electives	6 hours
Humanities.....	12 hours

PRE-VETERINARY SCHOOL

A pre-veterinary medical student can choose any undergraduate major. However, she must fulfill the course requirements for admission to the veterinary schools to which she plans to submit an application. Most veterinary schools list the following requirements.

REQUIRED COURSES

Biology/Zoology (with lab)	8 hours
Inorganic Chemistry (with lab).....	8 hours
Organic Chemistry (with lab).....	8 hours
Biochemistry	3 or 4 hours
Physics	8 hours
English (Composition and Writing).....	6 hours
(some schools do not accept AP English credit)	
Humanities and Social Sciences.....	18 hour

RECOMMENDED COURSES

Comparative Anatomy.....	4 hours
Cellular Biology (required at UT).....	4 hours
Genetics (required at NC State)	4 hours
Microbiology (required at NC State).....	4 hours
Animal Nutrition (not Human)	
(required at NC State)	3 hours
Statistics (required at NC State).....	3 hours

TO BE COMPETITIVE, AN APPLICANT MUST MEET THE FOLLOWING ELIGIBILITY REQUIREMENTS

Cumulative GPA.....	at least 3.5
Required Course GPA.....	at least 3.5
Last 45 Credit hours GPA.....	at least 3.5
GRE (General Test only).....	1200 or greater

The student should also demonstrate, with proper documentation, an understanding of the veterinary medical profession and proper animal care through internships or volunteer works in a veterinary clinic. Some students gain experience by participating in research, breeding, rearing, feeding and showing of both small and large animals, domestic or wildlife. Most veterinary schools require a minimum

number of hours of veterinary experience under direct supervision of a veterinarian at the time of application. In addition, participation in undergraduate research, independent studies, athletics, honors program, active involvement in extra-curricular activities, and leadership roles in school organizations are also taken into account.

A student interested in veterinary programs should consult with the pre-health professions adviser to plan her curriculum to meet these requirements. The following website provides information about specific admission requirements at each US Veterinary School. netvet.wustl.edu/vschool.htm#colleges.

PRE-PHARMACY

Pre-pharmacy is a 2-, 3- or 4-year program required for admission to PharmD.Programs. The length of this pre-professional program will depend upon the abilities of the individual student, the pharmacy school of her choice, and her career goals. Pre-pharmacy students need to show a strong aptitude toward the sciences. Since pharmacy schools vary in their admission policies, a student should contact the school of her choice for its requirements.

The typical pre-pharmacy curriculum will the following courses:

BIO 100: General Biology.....	4 hours
BIO 202: General Zoology or	
CHM 201–202: General Chemistry	8 hours
CHM 303–304: Organic Chemistry.....	8 hours
ECN 201: Microeconomic Principles or	
ECN 202: Macroeconomics Principles.....	3 hours
ENG 101: Composition.....	3 hours
ENG 102: Introduction to Literary Types	3 hours
BAD/ECN 300: Descriptive and Inferential	
Statistics or POL 303: Social Statistics	4 hours
MTH 110: Elementary Functions	3 hours
MTH 115: Survey of Calculus or MTH 120:	
Calculus and Analytical Geometry I....	3 or 4 hours
PHY 251-252: Essentials of Physics	4 hours
PSY 100: General Psychology	3 hours
THR 120: Public Speaking and Discussion...3	hours

At least six electives from the areas of..... 18 hours

- Literature
- Humanities
- Social Sciences

In addition to the above courses, some pharmacy schools require the following:

BIO 211: Human Physiology

BIO 305: Human and Comparative Anatomy

BIO 312: Microbiology

CHM 415 or 416 Biochemistry

Students pursuing the four-year pre-pharmacy program will major in chemistry or biology. Most pharmacy schools require prospective students to take the Pharmacy College Admission Test which does include some questions about human physiology, human anatomy and basic biochemistry.

RESERVE OFFICERS' TRAINING CORPS (ROTC)

LIEUTENANT COLONEL ALBERT E YONKOVITZ, JR., MASTER SERGEANT JOHN GOFORTH,
MR. SIMON STRICKLEN

Military Science offers a Basic Course and an Advanced Course. Satisfactory completion of six semester hours in the Basic Program qualifies the student for selection into the Advanced Course. (Satisfactory completion of a five-week Basic Camp in the summer after the sophomore year, or suitable prior military experience, or three years of JROTC may substitute for a portion of the basic course as means of qualifying for the Advanced Course.) Successful completion of the Bachelor degree, including the 12 credit hour Advanced Program, a military history course and computer and mathematics literacy courses, and the advanced camp in the summer between the junior and senior years qualifies the graduate for either a National Guard, a Reserve or a Regular commission as a Second Lieutenant in the United States Army. All students are required to participate in a weekly leadership laboratory. Students in the Basic Course are encouraged to participate in the department's adventure training activities, which are held periodically during the year. These activities include confidence courses, ropes course, paintball tactical training, and field craft. The Military Science Department does not offer a major. There is no military obligation associated with the Basic Course.

Prospective Converse students may compete for four-year scholarships. Full-time students, already on campus may compete for two- and three-year Army scholarships. Army scholarships are totally merit based and apply toward tuition and books.

These are funded at 100% per year for tuition and fees with \$1,200 per year for books. In addition, scholarship recipients receive a stipend of \$350 per month for sophomores (three-year scholarships only), \$450 per month for juniors and \$500 per month for seniors. Stipends are for spending money and subsistence. Contact the Scholarship and Enrollment Officer at 597.4338 for details.

101 INTRODUCTION TO ROTC AND THE U.S. ARMY/ ONE CREDIT

This course, intended primarily for freshmen, provides a basic orientation to ROTC and the U.S. Army. Course topics include the role and structure of the Army, military customs and courtesies and basic marksmanship. Optional laboratory each week.

102 INTRODUCTION TO ROTC AND THE U.S. ARMY/ ONE CREDIT

This course, a continuation of MIL 111, further introduces the student to the Army, basic military skills, and mountaineering/rough terrain skills. Topics include recent military operations, introduction to leadership, the Soviet threat, and basic mountaineering techniques. Optional laboratory each week.

201. ROTC BASIC MILITARY SKILLS/ TWO CREDITS

Designed for sophomores who have previously taken MIL 111 and 112, this course introduces the student to the basic military skills utilized by all members of the military forces. Topics include first aid, communications, nuclear, biological, and chemical operations, and leadership techniques and applications. Optional laboratory each week.

202. ROTC BASIC MILITARY SKILLS/ TWO CREDITS

Topics in this course include military map reading, army weapons, and fundamentals of physical training.

ADVANCED PROGRAM

301. MILITARY SCIENCE/THREE CREDITS

Comprehensive instruction in map reading and land navigation, squad and platoon movement techniques, first aid, the Soviet soldier, and communications. There will be at least one weekend field-exercise and a weekly leadership laboratory.

302. MILITARY SCIENCE/THREE CREDITS

Development of skills useful for advanced camp, including analysis of terrain, movement under fire and obstacles, squad defensive employment, adjustment of artillery fire, first aid, and the use of various weapons. There will be at least one weekend field-exercise and a weekly leadership laboratory.

401. MILITARY SCIENCE/THREE CREDITS

A study of the officer personnel management system, military command and staff functions, military briefings, the Army training management system, military correspondence, the law of war, military ethics and professionalism, and personnel counseling. Students plan and conduct weekly leadership laboratories to include a field training exercise for MIL 301 students. Mandatory laboratory each week.

402. MILITARY SCIENCE/THREE CREDITS

This is the last course in the Military Science requirements for commissioning. Subjects include military justice, laws of war, military logistics, military courtesies, Army personnel management, the role of the NCO and officer- enlisted relationships, Army battle doctrine, the National Defense Organization, the Army and society, Army customs and courtesies, and the transition from student to officer. Students plan and conduct weekly leadership laboratories and two field training exercises for MIL 302 students. Mandatory laboratory each week.

THE ALUMNAE ASSOCIATION

The mission of the Converse College Alumnae Office is to provide a comprehensive array of programs and services for the college's alumnae and graduate alumni. The programs and events are designed to serve the alumnae and keep them in touch, informed, and invested in their alma mater.

The Alumnae Office begins working with students as freshmen, sponsoring events to increase their awareness of the Alumnae Association and of their responsibilities as future alumnae. After graduation, the Alumnae Office serves as their link to the College, keeping them informed and involved with the College, and recognizing them for their accomplishments.

The mission is accomplished by the following:

- Organizing and traveling to events in various regional areas
- Organizing reunions
- Organizing on and off-campus lifelong learning opportunities for alumnae, parent, students, and friends of the College
- Maintaining a network of alumnae volunteers who help in the areas of student recruitment, providing internships, hosting events, and helping with fundraising
- Keeping track of alumnae careers, marriages, births, deaths, and maintaining files on each alumna
- Informing alumnae about their friends and the college through the alumnae section of the Converse Magazine and the e-newsletter, *A View from the Tower*.
- Working with students to educate them about their future role as alumnae
