THE FOUNDER'S IDEAL

“It is my conviction that the well-being of any country depends much upon the culture of her women, and I have done what I could to found a college that would provide for women thorough and liberal education, so that for them the highest motives may become clear purposes and fixed habits of life; and I desire that the instruction and influence of Converse College be always such that the students may be enabled to see clearly, decide wisely, and to act justly; and that they may learn to love God and humanity, and be faithful to truth and duty, so that their influence may be characterized by purity and power.

“It is also my desire and hope that Converse College be always truly religious, but never denominational. I believe that religion is essential to all that is purest and best in life, here and hereafter. I wish the College to be really, but liberally and tolerantly, Christian; for I believe that the revelation of God in Christ is for salvation; and I commend and commit the College to the love and guidance of God, and to the care, sympathy, and fidelity of my fellowmen.”

—Dexter Edgar Converse

THE COLLEGE

MISSION

The primary mission of Converse College, founded in 1889, is the liberal education of undergraduate women in a residential setting. Converse reaffirms the founder's original conviction that a small undergraduate residential college of the liberal arts is a uniquely powerful environment for developing the talents of women. As a community of scholars, where students and faculty pursue excellence and collaborate in the search for truth, Converse develops in students scholarly excellence, personal honor, confidence, and skills to be lifelong learners. The college draws much of its character from its Christian heritage and welcomes students of all faiths. Converse expands its mission by offering graduate degrees and other programs for women and men. Ultimately, graduates embody the qualities of a Converse education as they assume roles of leadership, service, and citizenship.

THE EDUCATION OF WOMEN

Converse College believes that one of the best ways to help women realize their potential for constructive and creative living is to bring them together in small groups in which their special educational needs and expectations can receive the attention of the entire College. By emphasizing the intellectual and personal growth of each individual student, Converse seeks to prepare women for informed and responsible decision-making, reasoned and humane action, and significant and influential achievement. This goal for Converse women was first expressed by Dexter Edgar Converse, one of the founders of the College. He asked that the "instruction and influence of Converse College" enable the students "to see clearly, decide wisely, and to act justly" and that their education help them to "learn to love God and humanity, and be faithful to truth and duty, so that their influence may be characterized by purity and power."

THE FOUNDING OF THE COLLEGE

Converse College had its beginning on March 22, 1889, when thirteen of Spartanburg's leading citizens met to explore a proposal to establish a college for women. Among the men present was Dexter Edgar Converse, a pioneer in South Carolina's cotton textile industry. A native of Vermont, with a daughter of college age, he was keenly aware of the need in the South for a college for women which would provide a thorough and liberal education.

These citizens agreed to form a stock company and raise enough money through private subscription to buy the site and main building of old St. John's College. Within 18 months these goals were achieved, and on October 1, 1890, the College, named for Mr. Converse, began its first academic session.

From its opening, Converse was operated as a private stock company supported mainly by Mr. Converse. On February 25, 1896, however, the stockholders voluntarily relinquished their stock and claims upon the property and the College, by special act of the South Carolina legislature, was incorporated as a non-profit institution with a self-perpetuating board of trustees. Thus, Converse College was established as an absolute and permanent gift to the cause of higher education for women.

LOCATION

Located in the Upstate region of South Carolina, Spartanburg is a city full of exciting attractions, beautiful scenery, historically significant sites, and friendly people. As the sixth largest city in the state (population: 45,000), Spartanburg is South Carolina's melting pot, mixing Southern culture and hospitality with traditions and cultures of other countries.

Spartanburg's ideal proximity to the North Carolina mountains, the South Carolina coast, and major cities such as Atlanta and Charlotte make Spartanburg a very attractive place to live. Greenville-Spartanburg International Airport, located twenty minutes west of the city, is served by a number of major airlines.

The Converse campus is located in downtown Spartanburg on seventy landscaped acres.

ACCREDITATIONS AND AFFILIATIONS

Since its founding, Converse has become one of the leading colleges for women in the South. At the time of its admission in 1912, Converse was the only college in South Carolina that held membership in the Southern Association of Colleges and Schools. Admitted to the Association of American Colleges and Universities in 1915, Converse is a founding member of that organization. Converse was also the first South Carolina college with graduates admitted to membership in the American Association of University Women, as well as the first to have a chapter of Mortar Board, the national honor society for seniors.

Converse College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award degrees at Level V (Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Science, Bachelor of Music, Bachelor of Musical Arts, Master of Music, Master of Liberal Arts, Master of Arts in Teaching, Master of Education, Master in Marriage and Family Therapy, Master of Fine Arts, Masters in Management, Educational Specialist, and Doctor of Education). Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404.679.4500 for questions about the accreditation of Converse College.

Converse holds the following accreditations and affiliations: Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), Women's College Coalition, Council of Independent Colleges; Athletics: National Collegiate Athletic Association (NCAA), Division II, Conference Carolinas; Academic Accreditations: Petrie School of Music is a charter member of the NASM (National Association of Schools of Music), Music Therapy program is accredited by AMTA (American Music Therapy Association), NCATE (National Council for Accreditation of Teacher Education)/CAEP (Council for the Accreditation for Educator Preparation) accreditation for all professional education programs, Marriage and Family Therapy program is accredited by COAMFTE (Commission on Accreditation for Marriage and Family Therapy Education), Department of Art & Design is accredited by NASAD (National Association of Schools of Art and Design), Interior Design program is accredited by CIDA (Council for Interior Design Accreditation).

STUDENT DEVELOPMENT AND SUCCESS

Time outside the classroom is as essential to Converse student life as the hours spent in study. Students participate in organizations that provide a unique support structure within the College's environment. The offices which comprise the Division of Student Development and Success include Counseling Services, Health Services, Student Activities, Residential Life, Judicial Programs, Community and Inclusion, Leadership Programs, Community Service, Disability Services, the Center for Career Development, and the Chaplain's Office.

THE HONOR TRADITION

Each student of Converse, by virtue of enrolling, is bound by, commits to abide by and strives to actively support the Honor Tradition. At the beginning of each year, during Opening Convocation, the student body affirms their commitment to the Honor Tradition. The Honor Board is comprised of faculty and students whose responsibility is to determine, by measure of preponderance of evidence, whether a student is or is not responsible for the charges presented. The Honor Board is advised by a member of the Student Development staff who is charged with providing guidance and support to the Chair to ensure that the process is fair and follows the due process as outlined below. Ultimate authority of the Honor System and its outcomes resides with the President of the College.

STUDENT GOVERNMENT

Elected by the student body, the Student Government Association ensures student self- governance. The association represents the diverse interests of the Converse community and provides a link between the student body and the College administration. The Student Senate is an instrumental part of SGA and serves as a deliberating team to evaluate, inform, discuss, research, and establish solutions to student and campus concerns. There are over 30 SGA-funded organizations that exist to involve and to serve the student body. A yearly student activities fee includes, but is not restricted to, class dues, school calendar, yearbook, class ring, and admission to select programs and events presented by the Student Government Association and the Converse Activities Board.

RESIDENTIAL LIFE

Converse College is a residential college and views on-campus living as an integral part of the educational experience. All undergraduate students, under the age of 24, must reside in college residence halls unless they make their home with their parents/legal guardian in their permanent residence within a 35 mile radius of the college. Also, students with custodial children residing with them and/or students who are married may reside off-campus, and must submit in writing to the Dean of Students a request for a waiver from this policy. No married students may live in the residence halls without permission from the Dean of Students. Students living in college residence halls must be full-time students. Infractions of the residency requirement policy will be handled by the Dean of Students. Students found in violation of this policy may be charged College room and board fees.

Students living in college residence halls must be full-time students (registered for not less than 12 course credits in Fall and Spring Terms and not less than 3 course credits in Jan Term). Infractions of the residency requirement policy will be handled by the Dean of Students.

Each residence hall has a staff that is responsible for working with residents to ensure a healthy, safe living and learning environment. Full time professional Director of Residential Life and Student Conduct, Assistant Directors of Residential Life or graduate Resident Directors staff each residence hall. Each floor is staffed with a Community Advisor who is an undergraduate student. The staff facilitates the development of a community through programming, community builders and student interactions. A member of the Residential Life Staff is on-call when the residence halls are open.

Each year, upperclassmen select rooms through a lottery within each class. Assignments for new students are based on Roommate Preference information. The Director of Residential Life and Student Conduct pairs each student and places the pairs in designated first year buildings. All policies and procedures governing the residence halls are in the Student Handbook.

JUDICIAL PROGRAMS

Judicial Programs include the Honor Board, Civitas Council and the Appeals Board. These student judicial boards are comprised of students elected from each class. The Honor Board also includes Converse II representatives elected by the student body. Honor Board has jurisdiction over Honor Code violations, and Civitas Council has jurisdiction over Community Values violations. The Appeals Board is convened in the case of an appeal of a judicial decision or sanction. For a detailed description of case procedures and jurisdiction, see the Student Handbook.

RELIGIOUS LIFE

Converse College recognizes the fact that religious and spiritual development is an important part of the educational process for many students. The college employs a full-time chaplain and charters several religious groups, led by students and local ministers from Spartanburg, to foster the spiritual growth of students.

THE CHAPLAIN'S OFFICE

The Office of the Chaplain provides programs and support to nurture the spiritual growth of Converse students, faculty and staff within their own faith traditions, and to promote awareness of various religious expressions. The Chaplain is available to students whether they come from a "churched" background, a religion other than Christianity or no faith tradition at all. Through fellowship, prayer, outreach, study and worship, members of the Converse community can deepen their understanding of spirituality and service. This integration of personal reflection and social action leads to the fulfillment of the Converse College Founder's Ideal to "see clearly, to act justly, and be faithful to God and humanity."

Learning about different Christian denominations and other religious traditions helps students to affirm what they already believe and enables them to relate to people from diverse backgrounds with respect. The College is committed to assisting students in developing these interpersonal skills which are essential for living and working productively in our global society. This commitment stems from the Founder's Ideal, which states that Dexter Edgar Converse wished for the college to be "liberally and tolerantly Christian." For specific information or questions about services, programs and local places of worship, students are asked to contact the Chaplain at 864.596.9078 or to visit the Chaplain's Office in the Montgomery Student Center.

STUDENT GROUPS

The Interfaith Council of Converse College fosters a welcoming environment at Converse by supporting and promoting opportunities for the Converse College community to learn about and participate in a variety of religious opportunities on campus and in the surrounding community. The Interfaith Council is led by the College Chaplain, the Student Chaplain and the Associate Student Chaplain and the membership is composed of representatives from a diversity of religious perspectives both within and beyond the Christian faith.

Baptist Collegiate Ministries and UKirch provide campus ministers whose outreach includes Converse, Wofford, University of South Carolina Upstate and Spartanburg Methodist College. The Newman Club (Catholic) is led by Converse students and supported by a local parish priest. Jewish students can find fellowship and support at the B'Nai Israel Temple close to the campus. For those interested in starting your own student religious organization or Bible study, please contact the Chaplain directly.

STUDENT ACTIVITIES

The Office of Student Activities, located within the SGA Suites of the Montgomery Student Center, serves as a resource for all students, clubs, organizations, and advisors planning events on campus. Students work with staff to plan events and campus traditions, such as dances, Big Sis/Little Sis Weekend, and 1889 Week. Student Activities works closely with the Student Government Association (SGA), and directly oversees the Converse Activities Board (CAB), Traditions Council, Valkyries Club, Class Officers, and Social Media and Elections. Additionally, this office supervises the Montgomery Events and Information Desk.

THE WELLNESS CENTER

The staff at the Wellness Center believes staying healthy is critical to achieving academic success. Students can find help for good nutrition, exercise, self-awareness, relaxation, medical issues, stress management, sexual responsibility, and interpersonal relationships. The Center is located at the rear of Andrews Hall and offers regular office hours Monday through Friday. Inquiries can be made by calling the Wellness Center at 864.596- 9258.

COUNSELING SERVICES

Counseling Services supports the emotional, mental, and spiritual health of students by providing individual and group counseling, consultation, and crisis intervention by licensed therapists and supervised interns. The counselors also provide a variety of educational programs designed to meet the emotional wellness needs of the campus. Counseling sessions at the Wellness Center are available at no extra charge to traditional undergraduate boarding and day students. Appointments are strongly suggested and may be scheduled by calling the Wellness Center at 864.596.9258.

In addition, the Wellness Center has a library and relaxation room that students can visit any time during regular office hours. It is a quiet, comfortable space where students can relax, de-stress, and unwind. It is full of educational materials on mental health topics, books, relaxation CDs, yoga DVDs, art materials, and chair massagers.

The Wellness Center does not offer alcohol and drug treatment, evaluations for ADHD or learning disabilities, treatment for active eating disorders, or long-term intensive therapy. In the event that these services are required, the staff will assist a student in finding an off-campus provider. If a referral is made off campus to a local psychiatrist or mental healthcare provider, the cost is the responsibility of the student and/or her family. Counseling services for Converse II students are available through the EMERGE Family Therapy Center and Teaching Clinic and other local providers.

HEALTH SERVICES

The Health Services of Converse College is committed to providing quality health care for our students. Medical services are available to all traditional undergraduate boarding and day students. The nurse practitioner is able to provide a wide variety of services, including:

- Providing wellness services such as yearly physicals;
- Prescribing medications;
- Treating acute conditions such as bronchitis, sinus infections, flu, injuries, and abdominal pain;
- Ordering and interpreting diagnostic tests such as x-rays, blood work, and EKG's;

Health services are provided through a partnership program with Spartanburg Regional Hospital. It is staffed by a licensed nurse practitioner with medical oversight provided by a Spartanburg Regional Hospital physician. Appointments are strongly suggested and may be made by calling the Wellness Center at 864.591.9258.

The cost of the basic medical visit is covered through the student health fee. If the nurse practitioner orders lab work or other diagnostic tests, the student will be responsible for the cost of these tests, and will be notified of the costs prior to performing the tests. Students may pay for these costs at the time of their visit, or may have them billed to their student account. Students are also responsible for the cost of any medication that are prescribed and for any off-campus providers who they may be referred.

ADMISSIONS

Converse College seeks to enroll, in its undergraduate programs, academically well- prepared students who have demonstrated potential to complete the requirements for graduation with success. Admission to Converse is based on a broad range of the applicant's academic and personal qualifications including high school or college GPA, class ranking, curriculum rigor, SAT or ACT scores, and qualitative information gleaned from extracurricular records, personal statement, teacher and guidance counselor recommendations.

Detailed information including timelines, requirements, and application forms are available from the Office of Admissions either online or on- campus. All admissions decisions are made on a rolling basis with candidates typically informed of a decision within two weeks of completing their application and submitting required materials. Prospective students are encouraged to apply early for greatest consideration for scholarships and other opportunities.

Students are encouraged to visit the campus to meet with an admission counselor as well as Converse faculty and students. Contact the Office of Admissions to make arrangements for campus visits. Individual appointments are available as well as various scheduled open houses and other visit events throughout the year.

Converse College will admit to the traditional undergraduate program, women who according to the requirements for admission are qualified to attend the College. Converse will consider for admission any candidate who identifies as a woman and who is legally recognized, according to her state of residence, as a woman. If gender indicators on supporting admissions documents differ from current sex assignment, physician documentation and/or state documents may be used to support a student's candidacy for admission.

SECONDARY SCHOOL PREPARATION

Applicants for admission from a secondary school should complete an academic program that prepares them to be successful at Converse. While course offerings vary among schools, students should complete at least 20 academic units including 13 of the following at a college preparatory level:

English.....	4
Foreign language.....	2
Algebra	2
Geometry.....	1
History.....	1
Social Science	1
Laboratory Science.....	2

Additional units should be elected from the above areas of study.

Home-schooled applicants should provide proof of enrollment in a certified program of study. Home school students are subject to the same documentation requirements as high school students, with the following clarification.

1. If an official transcript is unavailable, the following must be provided:
 - a printed list of classes taken through home school
 - the grade in which they were taken, the grade the student made in the class and the curriculum used, if available
 - transcripts must be signed by the primary teacher of the student (most likely a parent)
2. GED scores can be submitted in lieu of a final high school transcript if graduation requirements were not met.

CREDENTIALS REQUIRED FOR FRESHMAN APPLICANTS

1. A completed application.
2. An official record of scores from either the SAT or ACT test (does not need to include a writing score).
3. Official secondary school transcripts from all schools attended at the time of application or a copy of the General Education Development (GED) transcript showing satisfactory completion. Students who participate in Dual Enrolled programs must submit transcript(s) directly from college(s) attended.
4. Before registering for classes, an official secondary school transcript showing all coursework and that the student has graduated from high school.

5. Students whose first language is one other than English should submit scores from the Test of English as a Foreign Language (TOEFL). A minimum score of 550(paper), 213 (computer), or 79-80 (Internet) is required.
6. International students must also submit the Declaration and Certification of Finances form. Please see below for more detailed instructions for International applicants.

TRANSFER COURSE EVALUATION

Transfer coursework will be evaluated by the Registrar in consultation with the appropriate department chairs (as needed). Transfer students assume responsibility for the submission of an official transcript from EACH of the institutions previously attended. A copy of the enrolled coursework must be submitted if this is not included on the transcript from the current college/ university. Transfer students must provide a high school transcript if they do not have an associates degree.

CREDENTIALS REQUIRED FOR TRANSFER APPLICANTS

1. A completed application.
2. Official transcripts from all colleges universities attended at the time of application.
3. Applicants who have not completed 30 hours of college work must submit official transcripts from all colleges/universities attended and official transcripts of their high school record including SAT or ACT scores.
4. The transcript of courses taken at another college should reflect a high quality of work. No credit is transferable for work below C– grade. A 2.75 cumulative grade- point average is required for admission to a teacher education program equivalent standards have been met.

CREDIT BY EXAMINATION

Converse gives credit for the nationally standardized Advanced Placement Tests of the College Entrance Examination Board. Credit will usually be given for a score of 3 or better on these tests. For specific information about the relationship of these tests to required courses, contact the Associate Provost for Student Success.

In addition, Converse recognizes the International Baccalaureate program and awards credit to students who score a 4 or above on any General Level Examination. College-Level Examination Program (CLEP) credit will usually be awarded with a score of 50 or better on these tests. For specific information about the relationship of these tests to required courses you should consult the Associate Provost for Student Success.

HEALTH FORMS

Entering students are required by state law to submit a completed health form prior to enrollment in the College and may be required to show proof of certain vaccinations. These forms must be completed prior to a student attending classes. Specific information regarding these forms and requirements is available through the Office of Admissions and will be provided to students after their admission to Converse.

NON-DEGREE SEEKING ENROLLMENT

The Office of the Registrar will evaluate students interested in taking one or more courses at the undergraduate level who are not intending to complete a degree program of study. This includes students wishing to take courses only during summer terms, high school students who would like to concurrently enroll in college courses, or other students interested in completing specific coursework. Enrollment for non-degree seeking students is on a term and course basis and does not guarantee admission to a degree program. Specific application requirements, timelines, and processes can be found by contacting the Office of the Registrar.

ADMISSIONS REQUIREMENTS AND REGULATIONS FOR INTERNATIONAL STUDENTS

Converse College encourages the enrollment of students from other countries. Application processes, timeline, requirements, and materials, including the Declaration and Certification of Finances, are available on the College website.

Admission of international students is based on academic credentials and English proficiency of the candidate as well as completion of any US Federal or State requirements. Students must submit proof of financial means to study in the United States by completing the Declaration and Certification of Finances Form. Financial verification for international students is required to issue the immigration document (I-

20). The I-20 is an immigration document used for the purpose of visa issuance outside the United States or for the immigration process “notification transfer” for students already in the United States.

Eligibility for admission is based on the applicant's total academic record, including grades, test results, academic courses, and overall academic performance. Converse College admission standards require the equivalent of graduation from a U.S. secondary college preparatory program. Applicants who have completed university-level work overseas must have earned satisfactory grades on all such university-level work attempted and be in good standing.

Converse College requires that all international academic documents (secondary or post-secondary transcripts, mark sheets, certificates, leaving examination results, etc.) be formally evaluated by the World Education Service (WES) or Educational Credential Evaluators (ECE). WES can be contacted at www.wes.org and ECE at www.ece.org. Secondary/ High school students must request a “Document-by-document report” and college students must request a “Course-by-course report”. Students are required to pay a fee to either WES or ECE for such services. More information on evaluation services can be found on the college website and by contacting the Office of Admissions.

International applicants whose first language is not English are required to take the TOEFL (Test of English as a Foreign Language). Converse College requires a minimum score of 550 (paper), 213 (computer), or 79-80 (Internet). SAT I and ACT results must also be submitted for admission and scholarship consideration. The TOEFL requirement may be waived under certain circumstances. Contact the Office of Admissions for details.

In addition to meeting the regular admission requirements, international applicants needing a student visa (F-1) must show ability to meet financial obligations of tuition, fees, and living expenses before an I-20 can be issued. Current (less than one year old) letters of financial support must accompany the Declaration and Certification of Finances Form. Having sufficient funds for the cost of living and educational expenses is required by US Immigration regulations. The Declaration and Certification of Finances form is required before an I-20 can be issued. Undergraduate international students with (F-1) visas are required to carry a full course load (minimum of twelve semester hours in the Fall and Spring Term three hours in the Jan Term).

International students on nonimmigrant visas are not eligible for state or federally-funded loans or scholarships in the U.S. Limited scholarships may be available from the college based on athletic ability, talent, and academic qualifications.

Health and accident insurance is mandatory for all international students on nonimmigrant visas enrolled at Converse College. Proof of insurance is required before the student can be admitted.

TUITION AND FEES

The Undergraduate Catalog statement is considered sufficient notice of the time and terms of payment. Statements, however, are sent monthly via the my.converse.edu portal, as reminders and for the convenience of parents and guardians. All traditional undergraduate students should set their parents up for use on the parent portal. This will be the only means of seeing your billing statement. Fees must be paid promptly at the times specified.

Tuition and Fees Due Dates:

Fall Term due August 15	\$9,620
Spring Term due January 15	\$ 9,620
For students entering at Jan Term due December 15	\$ 9,620

NOTE: Tuition and fees must be paid in full by the due date for a student to be eligible to enroll for the term. A \$100 late fee per term will be added to any student account, not paid in full by August 15 and January 15. All financial aid must be completed and approved, including approval of outside loans, with any remaining balance paid by the due date, in order to avoid this late fee. All Tuition Management Systems Payment Plan accounts must be up-to-date to avoid this fee. Interest will accrue at a rate of one and one-half percent per month on any past due balance.

Any questions, please call Student Billing at 864.596.9032 or 864.596.9592.

A student may matriculate for the Fall and Jan Terms or the Jan and Spring Terms only. No refund will be granted to a student who matriculates for the Fall and Jan Terms and does not register for the Jan Term. Please note: A student who is only enrolled in Jan Term, will owe tuition for the term at the part time rate. Also, a student who is only living on campus for Jan Term will owe a prorated amount for room and board based on the number of days on campus.

The non-refundable reservation fee is applicable to tuition for the upcoming year only. If a student elects not to return to Converse College, the fee will be forfeited and will not apply toward tuition for the previous year.

The College accepts VISA, MasterCard, Discover Card and American Express for payments of tuition and fees. For more information, contact Student Billing at 864.596.9032 or 864.596.9592. Payments may also be made through the student or parent portal online at my.converse.edu.

Off-Campus Study-Travel Fees

Students participating in study-travel programs conducted by another institution will pay Converse the actual cost of the program plus an administrative fee (currently \$500 for Spring and Fall Terms and \$250 for Summer and Jan Terms). When Converse receives a bill from the other institution, Converse will bill the student the cost of the other institution's program as well as the administrative fee. Converse will remit payment to the other institution only after payment in full has been received from the student.

Students participating in a study-travel program with a Converse College professor must pay the costs of the program, in addition to normal tuition and fees. Deadlines for payment of the appropriate fees will be announced by the professor.

SPECIAL PROVISIONS

Refund of Fees

Only tuition and board (meal) fees are eligible for a refund.

If a student, after registration, is dismissed from the College, she is not entitled to any refund of fees, or cancellation of any sum due and payable to the College.

All students withdrawing through the first Friday following the first day of classes for Fall or Spring will be refunded 100% of tuition and board fees, less meals and undergraduate students withdrawing through the second Friday following the first day of class will be refunded 80% of tuition and board fees, less meals. Students withdrawing through the third Friday following the first day of class will be refunded 30% of tuition and board, less meals.

All students withdrawing must file the appropriate paperwork with the appropriate officials prior to a refund being granted. Please contact the Office of the Registrar for details.

No refund will be granted to an undergraduate student who matriculates for the Fall and Jan Terms and elects not to register for the Jan Term.

Students withdrawing in Jan and Summer terms should refer to the current year academic calendar (available at www.my.converse.edu) for refund dates.

Students withdrawing during or after Jan term will be charged for the meals for the Jan term.

Delinquent Accounts

Until all tuition, fees, and other charges of the student are paid in full, Converse College:

1. will not provide a diploma or transcript.
2. reserves the right not to allow a student to enroll in a new term, participate in graduation exercises, or register the student's course grade on the transcript.
3. After all reasonable attempts at collecting a past due balance have failed, accounts will be referred to a collection agency. In the event of collection, with or without suit the student is responsible for all fees of such collection, which may be up to 29%. The student is also responsible for any attorney fees and court costs. In addition, interest at a rate of 18% annum will be charged on outstanding balances. Students should understand that their financial obligation to Converse College constitutes an educational loan to assist in financing their education and is not dischargeable under the United States Bankruptcy Court.
4. It is the student's responsibility to drop a course from your schedule and if you fail to do so you will be responsible for all tuition and fees related to the course. Please refer to the academic calendar for drop dates.

Miscellaneous

Students desiring to register for less than a full course of study should consult Student Billing for rates and terms.

Students may use their Financial Aid credit to purchase textbooks in the campus bookstore. Students with a credit will be notified by email when your book voucher is ready to use. Students may not purchase apparel, and personal toiletries using your financial aid book voucher. The bookstore is located in the Montgomery Building.

A service fee of \$20.00 is assessed each time a check is presented to the College which is subsequently returned for insufficient funds.

The College does not carry insurance on the personal belongings of students and therefore cannot be responsible to students for losses incurred by theft, fire, water, or other damage.

FINANCIAL PLANNING AND SCHOLARSHIPS

Converse has been committed to helping qualified students finance a Converse education through a combination of aid based on financial need and academic merit or talent. Alumnae, trustees, and friends of the College have been generous in their support of the excellent scholarship programs that Converse provides. We encourage prospective students and their parents to visit our website at www.converse.edu/FinancialPlanning to explore any type of aid that might be available.

To participate in federal financial aid programs, Converse is required by federal regulations to coordinate the delivery of all funds from all sources to students. Students who receive aid in addition to federal or state financial aid should report the amount and source to the Financial Planning Office.

When and How to Apply

To determine whether a student is eligible for a federal financial aid program or S.C. Tuition Grant, the student and her family must complete the Free Application for Federal Student Aid (FAFSA). The address for FAFSA on the Web is www.fafsa.gov. The student and parent (if dependent) should apply for a FSA ID (previously referred to as a PIN) prior to starting FAFSA on the Web so that the application can be signed electronically and tax information can be transferred from the IRS. Converse's Title IV school code is 003431.

How Does the Process Work

The Free Application for Federal Student Aid (FAFSA) must be completed each academic year. The FAFSA opens each year on October 1st for the upcoming academic year. You must list Converse College as one of the schools to receive your information. Converse's Title IV school code, 003431. For S.C. Tuition Grant purposes, it is best if you put Converse's school code as your first choice. Simplify the application process by using the IRS Data Retrieval option when tax return data is requested. The FAFSA requires that you use the prior-prior tax year to complete your FAFSA. For example, to complete the FAFSA for the 2020- 2021 academic year, you and your family will use your 2018 federal income tax data. Using the IRS Data Retrieval Tool saves time, and expedites the application process and reduces the chances of being selected for verification. After submitting the FAFSA, the student will receive a Student Aid Report (SAR), and Converse will receive the application data electronically.

If additional information is needed to complete a student's file, she will receive a letter. Items needed may also be viewed through my.converse.edu under Financial Aid and Financial Aid Document Tracking. Submit the requested information as soon as possible and make sure all documents are signed. Forms are available at my.converse.edu or on our website at www.converse.edu/FinancialPlanning. Once the student's file is complete, she will receive an award notice. The student may also view all financial aid awards through my.converse.edu under Financial Aid and Financial Aid Awards. Financial Aid awarding is estimated to begin in mid-March of each year for the upcoming academic year.

Communication with Students

The majority of communications from the Financial Planning Office will be sent to the email address listed on the FAFSA and/or the Converse email account. To ensure you receive all communication from the Financial Planning Office, please remember to let us know of any mailing address or email address change. The Financial Planning Office staff is here to assist you with any questions you may have. You may call us at 864.596.9019 or email Financial.Planning@converse.edu. Please allow one business day for a response.

Determination of Financial Need Converse's financial aid programs assist students who have financial need as determined by the federal processor. One of the principles behind need-based aid is that students and their families should pay for educational expenses to the extent they are able. A financial need exists if the resources of the family (expected family contribution or EFC) do not meet the total cost of attending the College.

The total cost of attendance (student budget) is an estimate of the total cost a student incurs as a full-time student for the nine-month academic period (fall, Jan and spring semesters). The indirect costs (the costs not paid to Converse College) may vary depending on your living arrangements, priorities and other personal obligations. Samples of student budgets for 2019-2020 follow:

Student Eligibility Requirements

A student must meet the following eligibility requirements to receive federal assistance:

- Be enrolled or accepted for enrollment in an eligible program, and
- Be a regular student, and
- Have a high school diploma or GED, and
- Be a U.S. citizen or an eligible noncitizen, and
- Not be a member of a religious community that directs the program of student or provides maintenance(except for unsubsidized Direct Loans), and
- Be registered with the Selective Service (males only), and
- Not be in default on a federal student loan borrowed for attendance at any institution, and
- Not have borrowed in excess of federal loan limits, and
- Not owe a repayment on a federal grant or scholarship received for attendance at any institution, and
- Maintain satisfactory academic progress, and
- Not be enrolled concurrently in an elementary or secondary school, and
- Provide a valid social security number.

ELIGIBLE COURSES, ENROLLMENT

Status and Repeated Courses

Enrollment status can only consist of those courses required for graduation or as a prerequisite for courses required in the program. Audited classes will not be considered in determining a student's enrollment status. For federal aid programs only, once a student has completed a course two times, that course cannot count in the enrollment status. The amount in the original award notification is based on full-time enrollment. A student who is not full-time will have her award reduced based on the actual number of credit hours enrolled. Students who are not full-time do not pay as much for tuition and fees. A student's enrollment status is determined through the census date of each semester. Adjustments, including complete withdrawal of aid, are made based on the enrollment status through the census date.

For Converse II students: If you enroll during the Jan term, the credit hours you take will be added to any spring credit hours to determine your enrollment status for the spring semester. Any anticipated aid you have for spring can be used to cover your costs for the Jan term, and any resulting credit balance will be disbursed for the spring semester.

All the terms in a summer semester are combined to determine the enrollment status for the summer semester. Full-time status consists of enrollment in a minimum of 12 credit hours. Three-quarter time status consists of enrollment in 9 to 11 credit hours. Half-time status consists of enrollment in 6 to 8 credit hours. Less than half-time status is enrollment in 1 to 5 credit hours.

How a Student Receives Assistance

A student who applies in time and is eligible can use financial aid award(s) (excluding Federal Work-Study, FWS) to pay tuition and fees and to make book purchases. A student may request to "opt out" of purchasing books with a book voucher at Converse and may request an allowance to purchase books and supplies elsewhere by submitting to Student Billing a Request to Opt Out form by the first day of class for each semester the student wishes to use an allowance. Funds available after direct costs have been paid will be disbursed by the Student Billing Office. All financial aid awards are considered estimated or anticipated until aid is disbursed to student accounts in the Converse Student Billing Office.

Students who receive a Federal Work-Study (FWS) award and obtain employment through this program are paid once a month.

Transferring

Financial aid awards cannot be transferred from one college to another. Students must have the results of the FAFSA released to the new college. Students transferring to Converse College must request a duplicate Student Aid Report (SAR) if the results of the FAFSA have not been released to Converse. Converse's Title IV school code is 003431. It is the student's responsibility to notify the Financial Planning Office of prior attendance at another post-secondary school.

Summer Aid

Financial aid for summer is available to those students who qualify and will be awarded separately from the fall and spring semesters. Students do not have to complete another FAFSA just for summer if they have already applied for the previous award year. If a student begins classes during a summer semester, she must complete the FAFSA for the current award year and complete the FAFSA for the next award year which begins with the fall semester. To be considered for aid during a summer semester, the student must complete a Summer Application for Financial Aid.

Summer funding is limited and not all funds are available during the summer. Federal Pell Grant is only available if a student has not been enrolled full time during the previous fall and spring semesters. S.C. Tuition Grant cannot be awarded for the summer semester. If during the previous fall and spring semesters the student borrowed the annual loan limit, she will not have any Direct Loan eligibility.

Satisfactory Academic Progress (SAP)

Students receiving financial assistance through a federal program or S.C. Tuition Grant must be making satisfactory academic progress toward a degree. The Financial Planning Office must monitor the progress of all students to ensure that they are making satisfactory progress toward completion of their program in a reasonable period of time. This policy is in addition to the academic standards required by the College. The cumulative review determines the student's eligibility for financial assistance based on her academic history. Whether the student has received financial assistance previously is not a factor in determining eligibility. A student's SAP status will be evaluated each year when the initial Free Application for Federal Student Aid (FAFSA) is received and then at the end of an academic year (after spring semester grades are posted) in which the student attended.

Qualitative Standard (Completion Rate and Grade Point Average)

- For undergraduate students, the minimum completion rate requires a student to earn at least 67% of the cumulative credit hours attempted.
- Courses with grades of F, W and I are not considered completed courses.
- Undergraduate students are required to maintain a minimum cumulative grade point average as defined below:
 - 1-24 hours attempted 1.50 GPA
 - 25-56 hours attempted 1.75 GPA
 - > 57 hours attempted 2.00 GPA
- Students are placed on financial aid suspension if the completion rate and/or the cumulative GPA fall below the minimum requirements. To re-establish eligibility, a student must have an approved appeal and be placed on financial aid probation. (See Appeals below.)

Quantitative Standard (Length of Eligibility)

- Students may receive financial aid for 150% of the published length of the program of study.
- Undergraduate students who have attempted 180 hours or more will be placed on financial aid suspension.
- Transfer hours are added to the total hours attempted at Converse to assess the length of eligibility.
- A student may repeat a course, but repetitions will count toward the length of eligibility.
- A student who completes the academic requirements for a program but does not yet have the degree is not eligible for additional financial aid funds for that program
- Once the maximum number of hours is attempted, a student is placed on financial aid suspension.
- To re-establish eligibility, a student must have an approved appeal and be placed on financial aid probation. (See Appeals below.)

Appeals

- Appeals for suspension of financial aid are reviewed by the Financial Aid Appeals Committee.

- The number of appeals will be limited to two (2) per student and forms may be obtained from the Financial Planning Office.
- Appeals must include an academic plan signed by the Director of Student Development and Success detailing the requirements the student must meet to ensure SAP standards are met by a specific time or to ensure the student graduates. Appeals for length of eligibility should include the remaining classes needed to graduate and an anticipated graduation date.
- Appeals also must include an explanation from the student of why satisfactory progress was not made and what has changed that will make it possible to meet standards. Examples of acceptable extenuating circumstances include prolonged hospitalization during the academic year, death in the family during the academic year, change in work hours that conflicted with the class schedule during the academic year or other extenuating circumstances directly affecting academic performance.
- If the Committee determines that justifiable evidence of extenuating circumstances exists, a student may receive an extension of financial aid eligibility and be placed on financial aid probation.

Financial Aid Probation

- During the probationary period, a student must take at least 6 credit hours, complete 100% of the attempted hours, have at least a 2.0 term GPA and follow the academic plan. If a student does not meet these stipulations, she will be placed on financial aid suspension. (See Suspension for Failing to Meet Probationary Stipulations below.)
- If a student meets the probationary stipulations but has a minimum cumulative GPA or a completion rate that does not meet minimum requirements, she will remain on financial aid probation and must continue to meet probationary stipulations and follow the academic plan.
- If a student meets the probationary stipulations, has a minimum cumulative GPA and a completion rate that meets minimum requirements and has not attempted 150% of the hours required to graduate, she will be removed from financial aid probation and must continue to meet the SAP policy.

Suspension for Failing to Meet Probationary Stipulations

- To re-establish eligibility a student must submit and have an approved appeal after completing a semester at Converse College without financial assistance. During the semester attended without financial assistance, a student must take at least 6 credit hours, complete 100% of the attempted hours and have at least a 2.0 term GPA.
- Exceptions to this policy will only be allowed if the student encountered some type of extenuating circumstance during the probationary period that hindered her from meeting the stipulations.
- Examples of acceptable extenuating circumstances include: prolonged hospitalization during the probationary period, death in the family during the probationary period, change in work hours that conflicted with the class schedule during the probationary period or other extenuating circumstances directly affecting academic performance. Because a student is aware prior to the probationary period that she must meet the stipulations, extenuating circumstances do not include being a single parent or working full-time while attending school.
- Students are advised to solve difficulties prior to registering for a probationary period.

Federal Sources of Financial Aid

Funding for programs is contingent on federal approval. These guidelines may not be inclusive of all eligibility criteria and are subject to change. To apply you must complete the Free Application for Federal Student Aid.

Federal Pell Grant (PELL)

The Federal Pell Grant does not have to be repaid and is a program for students who have not previously earned a baccalaureate degree. Pell Grant is considered the foundation of federal financial aid to which aid from other federal and non-federal sources might be added.

A student can only receive the Pell Grant for up to 12 full-time semesters. Students can track their remaining Pell Grant eligibility on NSLDS at www.nsls.ed.gov or on the Student Aid Report.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant is a program from which students may obtain up to \$500 each year depending on their financial need, the availability of FSEOG funds at Converse and

the amount of other aid received. In order to be eligible for consideration for the FSEOG a student must be eligible for a Federal Pell Grant.

Federal Work Study Program (FWS)

The Federal Work Study Program is a federal student aid program that provides part-time jobs for eligible students. Interested students must complete the Free Application for Federal Student Aid (FAFSA) and a Student Employment Application.

Federal Direct Loans

The Federal Direct Loan is a low interest loan made by the U.S. Department of Education. To determine eligibility, a student must complete a FAFSA and the College's financial aid process. A Subsidized Direct Loan is awarded on the basis of financial need. No interest payments are required before repayment begins or during an authorized period of deferment. The federal government "subsidizes" the loan during these periods by paying the interest for the student.

An Unsubsidized Direct Loan is not awarded on the basis of financial need. The student will be charged interest from the time the loan is disbursed until it is paid in full. If interest is allowed to accumulate, it will be capitalized, which means the interest will be added to the principal amount. Then interest will be charged based on this higher amount. Capitalization will increase the amount that must be repaid. If the student chooses to pay the interest as it accumulates, loan payments will cost less.

A student must be enrolled in at least 6 credit hours each semester. Repayment begins six months after graduating or dropping below half-time enrollment. This six month period is referred to as a grace period. The Financial Planning Office will counsel students as to the types of loans for which they are eligible and as to the amount they may borrow.

Before a loan is available, the student must complete an online entrance loan counseling session and sign a Master Promissory Note (MPN). These requirements are completed online at <https://www.studentloans.gov> using the student's FSA User ID.

Federal Direct Parent Loan for Undergraduate Students (PLUS)

The PLUS loan is available to parents of dependent students, and eligibility is determined by a credit check. The parent must be the student's biological or adoptive parent or the student's stepparent if the biological or adoptive parent has remarried at the time of application. Payments vary based upon the amount borrowed and the interest rate in effect. The amount you can borrow cannot exceed the cost of attendance less other aid awarded. Parents must apply online at <https://www.studentloans.gov> using the parent's FSA USER ID.

Teacher Education Assistance for College and Higher Education Grant Program (TEACH)

The TEACH Grant Program provides grants to students who intend to teach full-time in high-need subject areas at a public elementary or secondary school that serves students from low-income families. In exchange for receiving a TEACH Grant, the student must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. The student must also teach at least four academic years within eight calendar years of completing the program of study for which you received a TEACH Grant. If the student fails to fulfill this obligation, all amounts of the TEACH Grant received will be converted to a Federal Direct Unsubsidized Loan. Interest will be charged from the date the original grant was disbursed, and the student must repay this loan to the U.S. Department of Education.

Sources of Financial Aid from the State of South Carolina

Funding for programs is contingent on state approval. These guidelines may not be inclusive of all eligibility criteria and are subject to change.

S.C. Tuition Grant Program (SCTG)

This program is a need-based grant program for S.C. residents who attend one of the 21 in-state private colleges or universities on a full-time basis. To qualify, the student must meet the academic criteria of the program: rank in the upper 75% of the high school class, score 900 on the SAT (19 on the ACT) or graduate from a S.C. high school with a minimum 2.0 GPA on the S.C. Uniform Grading Scale.

The student must also show need as determined by filing the Free Application for Federal Student Aid

(FAFSA). For continued eligibility, a student must meet the federal satisfactory academic progress policy and earn at least 24 credit hours during the previous academic year. The deadline for applying is June 30th for the following academic year.

S.C. Palmetto Fellows Scholarship (Palmetto Fellow)

This scholarship is awarded by the South Carolina Commission on Higher Education to academically outstanding South Carolina students who attend an in-state college or university full-time. Need is not a factor; however, the student must meet the academic criteria of the program and apply by the deadline dates (usually December 15th and June 15th) of her senior year. Additional information and applications are available through the high school guidance office or at www.che.sc.gov.

S.C. LIFE Scholarship (LIFE)

This scholarship is available to South Carolina students who attend an in-state college or university full-time. Students must meet two of three criteria:

(1) score a minimum of 1100 on the SAT (24 ACT), (2) have a minimum 3.0 GPA on the S.C. Uniform Grading Scale or (3) rank in the top 30% of their high school graduating class. The student's final, official high school transcript must reflect a calculation date that falls between graduation and June 15th. For additional information visit www.che.sc.gov.

S.C. HOPE Scholarship (HOPE)

This scholarship is available to South Carolina students who do not meet the criteria for the LIFE Scholarship but who graduate from high school with a minimum 3.0 GPA on the S.C. Uniform Grading Scale. The HOPE Scholarship is awarded for the freshman year only, and the student must attend full-time. For additional information visit www.che.sc.gov.

S.C. Teachers Loan Program (SCTL)

This loan is available to South Carolina students who plan to teach in the public sector in South Carolina upon graduation from college. Students must meet the academic criteria of the program, and financial need is not a factor. For additional information visit www.sctstudentloan.org.

Veterans Educational Benefits

Eligible veterans can receive assistance by applying for education benefits through Converse's VA Certifying Official in the Financial Planning Office. The U.S. Department of Veteran Affairs is the only agency that can determine eligibility for and award this benefit. To determine eligibility, call the VA Regional Office at (888.442.4551), then contact the Financial Planning Office to obtain the appropriate forms for certification.

The following is a synopsis of Veterans Assistance (VA) Program Chapters. Chapter 30 The Montgomery G.I. Bill. This program provides educational benefits to individuals entering military service after June 30, 1985. A form DD 214 Member 4 is required. Chapter 31 Vocational Rehabilitation for Service-Disabled Veterans. This program is for individuals who have a compensable service connected disability and the U.S. Department of Veteran Affairs determines that training and rehabilitation services are needed to overcome an employment handicap.

Chapter 35 Dependents Educational Assistance Program. This program is for dependents (spouse or children) of individuals who die or are permanently disabled from service connected causes.

Chapter 1606 Montgomery G.I. Bill-Selected Reserve. This program is available to members of the Selected Reserve, including the National Guard. A form DD 2384 (NOBE) is required.

Chapter 1607 Reserve Educational Assistance Program. This program is available to members of a reserve component who serve on active duty on or after September 11, 2001, for a contingency operation. A form DD 214 or a copy of the orders is required.

Chapter 33 Post 9/11 Veterans Education Assistance Act of 2008. To be eligible, the service member or veteran must have served at least 90 aggregate days on active duty after September 10, 2001. A form DD 214 or a copy of orders is required.

Academic Requirements

A student receiving VA benefits is required to maintain the same academic progress standards to be considered in "good standing" by the College. See Academic Progress Standards in this Catalog. A student receiving VA benefits who is academically disqualified and subsequently relieved by the Vice President of Academic Affairs and allowed to register for classes must have documentation that the student has a reasonable likelihood to maintain satisfactory attendance, progress and conduct in the future. This

documentation is used to support a statement required to be submitted with the recertification of enrollment to VA.

Address Changes

VA students must notify the Certifying Official of any address change by completing the address change form.

Advanced Payment Request

VA students should be prepared to pay tuition, fees, books and supply expenses when due; however, you may request an advance payment of the first VA benefit check. To qualify for advanced payment, the VA student must have been out of school for at least a full calendar month, completed the admissions process at Converse and completed a VA advanced payment application at least 45 days prior to the first day of class. The Department of Veterans Affairs mails the check to the College for disbursement. VA students must complete the registration process, including fee payment, before receiving the advanced payment check.

Class Attendance

VA students must adhere to the attendance policy established by the College. VA students who accrue more than the allowable number of absences will have VA benefits terminated.

Drops and Withdrawals

VA students must report course drops or a term withdrawal to the Certifying Official. To ensure timely notification to VA, reports will be run monthly to identify VA students who have dropped courses or withdrawn from the term. At the end of each semester, VA students who earn a grade of "F" are reported to VA with the last date of attendance.

Eligible Courses

VA students may receive benefits only for those courses that are required for graduation or are a prerequisite for courses required in the program of study. When additional courses beyond the courses required for graduation are needed to overcome a grade point deficiency, the additional courses may be approved with required documentation outlined in VA regulations.

Internet/Online, Hybrid and Video Courses

Converse offers a variety of course delivery methods. Non-traditional course delivery methods are listed in the course schedule and on the College's website. Converse expects students to participate in all instructional activities since these courses are comparable to resident (traditional classroom) courses. Converse requires that each course offered in one of these non-traditional formats meets prescribed academic standards.

Each course delivery method must include:

- a provision for an assigned instructor;
- a provision for instructor-student interaction on at least a weekly basis and a stipulation that this interaction is a regular part of the course program;
- a statement that appropriate assignments are required for completion of the course;
- a grading system similar to the system used for resident (traditional classroom) courses; a schedule of time required for the course that demonstrates that the student will spend at least as much time in preparation and training as is normally required for resident (traditional classroom) courses.

Non-punitive Grades/Mitigating Circumstances

Regulations prohibit payment of VA benefits for a course from which the student withdraws. Unless the student submits to VA documentation of mitigating circumstances, the student must repay to VA all the money paid to him or her for the pursuit of that course from the start of the term - not just from the date she dropped the course.

Prior Credit

VA students who have attended another college must submit all collegiate transcripts to the Converse Admissions Office for evaluation even if transfer credit is not requested.

Program Changes

VA students who change programs must complete a change of program form in the Financial Planning Office. Credit hours earned that fulfill requirements in the new program must be transferred as required by regulations.

Repeated Courses

There is no limit on the number of times a course may be repeated for which a failing grade (or a grade which does not meet the minimum requirements for graduation) was received as long as the grade assigned to the repeated course at the end of the term is punitive.

Tutorial Assistance for Veterans

VA students may receive monetary assistance from the VA to pay for a tutor if one is required.

South Carolina National Guard College Assistance Program (NGCAP)

This program was established to provide financial assistance to members of the South Carolina Army and Air National Guard. NGCAP covers the cost of attendance as defined by federal regulations up to a maximum amount each award year. The maximum amount will be determined annually by the S.C. Commission on Higher Education (CHE). Students who have earned a bachelor's or graduate degree are not eligible. To qualify, the student must be in good standing with the active National Guard at the beginning of each academic year and remain a member in good standing throughout the entire academic year, maintain satisfactory academic progress, be a U.S. citizen or a legal permanent resident and satisfy additional eligibility requirements as may be promulgated by CHE. The S.C. National Guard is responsible for providing a list of all eligible Guard members to CHE which will in turn notify the College. To be awarded, the student must be on the list from CHE.

ENDOWED ACADEMIC SCHOLARSHIPS

Converse College awards merit based scholarships to well qualified candidates both at the time of admission and at various points throughout the admissions process. Scholarships may be offered based solely on a candidate's individual academic accomplishments or through a competitive process. All academic scholarships are made possible by the generous gifts of supporters of the college to endowed and annual funds. Students who receive endowed academic scholarships will be notified prior to classes which donor(s) made their funding possible.

ENDOWED TALENT-BASED SCHOLARSHIPS

Converse appreciates the diverse set of talents students bring along with their academic achievements. Endowed talent based scholarships may be available to those students who qualify through their involvement in particular programs and through auditions, portfolio reviews, or performance evaluations.

Petrie School of Music Scholarships

Awards are given to incoming students who show exceptional promise as musicians. Students must be planning to major in music or double major in music and another field. An audition is required in order to be considered for scholarship aid.

Visual Arts Scholarships

Awarded to qualified students majoring in studio art, interior design, art history, art education, or art therapy. Students must complete a portfolio review. Interested students should contact Admissions at 864.596.9040 to request an application form and portfolio requirements.

Theatre and Musical Theatre Scholarships

Awarded to qualified students majoring in theatre or musical theatre. Students must complete an audition portfolio review. An audition is required in order to be considered for scholarship aid.

Athletic Scholarships

These scholarships are offered by the Converse Athletic Department to qualified students eligible for participation in an NCAA sport or IHSA equestrian riding. Interested students should contact the coach of their individual sport or the Athletic Department at 864.577.2050.

ENDOWED SCHOLARSHIPS

The following is a list of funds made possible through the generosity of trustees, alumnae, parents and friends of the College. Each scholarship has specific criterion. Converse awards named endowed scholarships to deserving students who possess academic ability and leadership potential. Distribution of the endowed scholarship award is made in two equal payments in the fall and spring semesters, unless otherwise noted. The award will be directly applied to the student's account upon verification of the student's full-time

enrollment. Students will be notified of which donor (s) support their endowed scholarship awards each fall by the Director of Donor Relations. Students are expected to properly acknowledge their donor (s) each year with a progress report of their studies at Converse.

ACADEMIC LIFE

THE CURRICULUM

To prepare students for full participation in their society, Converse College offers a coherent academic program that encompasses a variety of educational experiences. All students complete a sequence of general education courses, which provide instruction in language and writing, analysis and problem solving, and physical coordination. Furthermore, they develop knowledge, understanding, and appreciation of the various disciplines of the liberal arts to which they are introduced. All students also complete either a double major, a major and a minor, or a single major. Students concentrate on these areas of study in the last two years of their college work. Students may choose majors from the disciplines within the liberal arts or from career-related areas that have their foundations in one or more of these disciplines.

An outstanding feature of the Converse curriculum is the double major, which most students have the opportunity to complete in the regular four-year academic program. In a double major, students may choose two subjects within the liberal arts or may choose a traditional discipline and a career-related program. Thus, students interested in an area directly related to career preparation also have the opportunity to study one of the liberal arts subjects in depth, and students interested in more than one of these liberal arts subjects have a structure whereby they may pursue sophisticated and specialized work within two of these disciplines.

THE MICKEL LIBRARY

The Mickel Library holds more than 200,000 books, scores, music recordings, DVDs, microforms, and archival materials. It currently provides access to a variety of online databases, including 39,500 periodicals in full text, 330,000 ebooks and thousands of reference works. These resources are available to students and faculty 24 hours a day.

Seating more than 200 users and generally open 85 hours a week, the library provides reference service to help students with research assignments, an interlibrary loan department to obtain materials from other libraries, and direct borrowing privileges at the libraries of other colleges and universities in South Carolina. Computers and Wi-Fi access within the library enable students not only to search the catalog, other online resources, and the open Internet, but to use software applications for research and study.

These resources enable students to not only search the catalog, other online resources, and the open Internet, but also to use software applications such as Microsoft Word and Excel. Notable sections within the library include a separate music library and a curriculum resources center.

THE ACADEMIC CALENDAR

The academic year is divided into three terms: Fall, Jan, and Spring Terms. The Fall and Spring Terms are approximately 13.5 weeks in length and the Jan Term is twenty instructional days. Students normally enroll in 12 to 16 hours in the Fall and Spring Terms and 3 to 5 hours in the Jan Term. Students must enroll in an adequate number of hours to make satisfactory progress toward a degree and for financial aid purposes. The Jan Term enables students to engage in internships, participate in a study/travel program, devote the term to an intensive study of a single subject, or, if they prefer, enroll in the regular courses of the curriculum, which are provided in adequate number and variety.

THE CONVERSE II EXPERIENCE

Through Converse II, women ages 24 and older may enter or return to college to complete undergraduate degrees, earn second undergraduate degrees, or enrich themselves personally or professionally. Converse II students are fully integrated and receive the same high-quality education as our traditional undergraduate students. Outstanding features of the program are a reduced tuition rate, simplified application procedure, no SAT or entrance test scores required, career counseling, and individualized academic advisement. The Converse II experience is an integral part of Converse College—the teaching faculty and academic requirements for the degree are the same for both traditional-aged and Converse II students.

Any woman who is a high school graduate or has obtained a GED and who is at least 24 years old, or has her 24th birthday within the semester for which admission is requested, is eligible to apply. Steps in the application process include submitting an application and fee, submitting official high school and all official college transcripts, and having a personal interview with the Director of Converse II.

Each admitted applicant is assigned one of three classifications:

1. Degree Seeking candidate (including Second degree seeking candidate)
2. Non-degree Seeking candidate
3. Provisional candidate (degree candidate)

Degree candidates may be full-time or part-time and may enroll in any major course of study, subject to departmental criteria. There are no time limits on graduation, but the student must maintain the academic standards set forth in the "Academic Regulations" section of the Student Handbook and in this catalog. Non-degree seeking candidates may take courses for credit without completing the full admission process. Provisional students are those applicants whose high school record is below that of students who are usually accepted, and those who have college work with a GPA below 2.5. Women being considered for provisional status must show maturity and motivation that would indicate potential for success at Converse. Once accepted into Converse II, women may, with departmental approval, enroll in any of the courses and degree programs available at the College. When Converse II students complete at least 60 semester hours of work at Converse, they may graduate "with honors" when grade point ratios are 3.5 or above. Academic regulations are the same for Converse II students as for other students, **and it is the student's responsibility to know and fulfill curriculum requirements.**

Converse II students are eligible to apply for federal and state grants as well as a variety of loan programs. Certain restrictions apply to students receiving financial assistance such as a minimum number of credit hours enrolled per semester and classification as a full degree candidate. For fees and financial assistance see "Fees and Financial Assistance" section in the Undergraduate Catalog.

Readmission of Former Converse II Students A student whose enrollment at the College has been interrupted for two or more consecutive sessions is not automatically readmitted. Students desiring to be considered for readmission should complete the application for readmission (available from the Office of Converse II or on the College website). The Office of Converse II will notify the student regarding eligibility for readmission or registration.

CAREER AND PRE-PROFESSIONAL PROGRAMS

The faculty of Converse College believes that studies in the liberal arts provide the best preparation for career and pre-professional training. In addition, the College offers majors in selected career-related areas and a number of programs that provide the foundations for particular occupations. These programs are not intended to be substitutes for technical education or for graduate professional training, rather, they provide an introduction to the essential knowledge and basic skills of the vocation.

These programs are offered in the conviction that the liberal arts provide the most practical preparation for all of life. The programs, therefore, consist of a set of liberal arts courses, which are organized in a sequence or pattern having relevance to a recognized occupation or vocation.

To enrich these programs, as well as the career-related majors, most departments offer internships in which students earn academic credit for study and work at a business, a government office, a service agency, or another organization within the profession. Many of the internships are offered in locations other than Spartanburg. Since the studies in the classroom are primarily theoretical, the internship brings theory and practice together, thereby enriching the educational process.

These programs are described in the Career and Pre-Professional section of this Catalog.

THE CENTER FOR CAREER DEVELOPMENT

The Center for Career Development is located in the Montgomery Student Center and can be reached at 596.9614. The Center serves to advance Converse students toward success in academic, personal and professional areas.

The staff strives to offer services, programs and opportunities for students to create networks for professional learning and growth. The staff of the Center works to meet the needs of all Converse students wherever they are in their academic and personal development journey. See the Student Handbook for the support services that are offered.

Internships

Internships, work experiences which earn academic credit under the direction of a faculty member, are extremely valuable for career decision-making and in providing career related experience. Internships must be arranged with the student's faculty advisor and the personnel in the Center. The Center will facilitate the internship process but does not guarantee any student an internship.

Prior to beginning an internship, a student must meet departmental requirements and be approved by

the appropriate departmental faculty advisor. The faculty advisor assumes the responsibility of determining the student's eligibility and awarding academic credit.

Students typically earn one credit hour for every 40 hours worked at the internship site. At the end of the internship, each student will be evaluated by the site supervisor. In turn, the student will evaluate the placement in terms of its educational value.

Some internships are not paid. Transportation costs and expenses of a personal nature are borne by the student.

Academic Regulations for Internships are limited to sophomores, juniors and seniors who have a 2.0 cumulative GPA at the time of application and who have completed at least 12 credit hours at Converse College prior to approval. Individual departments may require additional requirements and prerequisites. Most internships are graded on a pass/fail basis, however some may be given letter grades at the discretion of the faculty advisor. The grading policy must be noted on the syllabus prior to registration. A student may apply a maximum of 12 credit hours of internship credit toward graduation.

PROGRAMS FOR STUDY ABROAD

Jan Term Travel

Converse offers a number of unique opportunities during the Jan Term and occasionally over Spring Break. These programs, which are designed and led by Converse faculty, are often interdisciplinary and provide students with the opportunity to earn general education, major, minor, or elective credit. Course offerings vary from year to year and have included travel to various destinations in Europe as well as South and Central America. Recent examples include a trip to Italy to study art and Austria to study German and music history. January 2020 destinations include Greece (art appreciation or studio art credit) and Ireland (English or theatre credit). In addition to international study during the Jan Term, Converse also will occasionally offer students the opportunity to travel domestically for academic credit. These courses are also designed and led by Converse faculty and have included travel to Florida and Wyoming.

Other Opportunities

In addition to Converse-led travel courses, students can also study abroad for a semester, an academic year, or during the summer in countries across the globe. Recently Converse students have spent semesters in Belgium, Germany, and Hungary. Students interested in studying abroad for a semester or an entire academic year are encouraged to start planning for this opportunity as early as possible in consultation with their academic advisor(s) and the Director of International Studies. Dr. Madelyn Young, Director of International Studies, will work with students to select an appropriate program based on academics, time frame, and other considerations such as cost and housing arrangements. In many instances, it is possible to establish consortium agreements with other institutions so that grades and credits are recorded as if the courses had been taken at Converse. In other cases, grades will be recorded as transfer credits.

Nisbet Honors Program in Scotland

Through the selective Principia Consortium, students in the Converse Nisbet Honors Program are eligible for consideration for a special honors study abroad experience at the University of Glasgow, Scotland. The Scotland program is available for Fall or Spring. Interested students should contact the Director of the Honors Program for more information about the application process.

From time to time, other travel opportunities may arise as part of the various extra-curricular or co-curricular activities such as Model League Programs or the Petrie School of Music. These trips are arranged and led by their respective faculty or staff advisors.

Study Abroad Scholarships

Converse provides a number of scholarship opportunities to support study abroad. Eligible students who will be earning academic credit for their study travel experiences may apply for scholarship assistance from the college. Applications for the 2020-21 academic year can be found online at My.Converse and will open in the early Spring semester. Application forms will remain open for approximately 4 weeks but students are advised to consult the deadlines posted to Daily Announcements and My.Converse. Scholarship amounts vary from year to year. Specific requirements for awards are listed below, but all awards require students to be in good academic standing with the college. Preference is given to students who have not previously received study-travel scholarships from Converse.

All students may apply for a **Chapman scholarship**, which honors alumna Anne Morrison Chapman and the Wean Family Study Travel scholarship. Both awards are open to all Converse students who wish to

participate in a study-travel experience regardless of major. The Chapman award is restricted to students traveling outside of the United States.

The **Bynum Study Travel Scholarship** is awarded to the Converse student who has demonstrated the highest levels of academic achievement at Converse. Academic merit is the primary consideration for this award but financial need may also be considered.

Students majoring in Interior Design are eligible to apply for the **Caughman scholarship**, which honors alumna Pamela Caughman. Preference may be given to students with financial need.

Students majoring in English are eligible to apply for the **Morgan scholarship**, which honors Professor Emeritus Charles Morgan. Preference is given to students participating in Converse travel experiences, particularly those for English credit, and to those students demonstrating financial need.

Nisbet Honors students are also eligible to apply for a study abroad scholarship from the **Nisbet program**. This scholarship applications are accepted in the fall semester, and interested students should contact the Nisbet program directors for more information.

Additional scholarship opportunities for students who wish to travel domestically may be available during the academic year thanks to our new Q.E.P. program, Converse Across Boundaries.

Students are encouraged to contact Dr. Madelyn Young, Director of International Studies, to learn more about study travel opportunities at Converse or visit the Study Travel section of the Converse website.

ACADEMIC ADVISING

The Converse College advising program provides academic guidance to students from their entrance until their graduation. Freshman Mentors, who serve as the faculty for Converse's required First Year Seminars, help students adjust to college life, guide their choice of academic programs, and assist in the development of their talents and goals during their first semester, and throughout a student's career at Converse. Besides seeing their students in class on a weekly basis, Freshman Mentors schedule conferences with students at regular intervals, and are available for consultation at any time during the fall and beyond. A student may declare her major upon entering Converse. In that case she will be assigned a major advisor, but will also continue meeting with a designated Freshman Mentor. If the student does declare a major upon entering she may work with her major advisor during the advising period for January and Spring terms. If the student does not declare a major upon entering she may do so at any time, switching during January and Spring terms advising period or after.

By declaring a major, the student transfers to a major advisor in a particular academic department for advice in a specific program of study. Students choosing double majors are assigned advisors in both academic areas, and should regularly consult **BOTH** advisors. Students should complete plans for the major(s) and/or a minor no later than the spring of the sophomore year, but preferably sooner.

WRITING CENTER

Located on the second floor of the Mickel Library in Suite 204, the Writing Center provides assistance to all students seeking to build their writing skills. The Writing Center supports writers at all levels, enrolled in all classes, at any point in the writing process. Also, any student who wishes to enhance her skills generally or to have a friendly reader for her newest poem, essay or story, can also find a receptive audience.

The Writing Center offers assistance with learning pre-writing strategies, understanding the writing process, developing a thesis, strengthening the focus of a paper, including supporting details, creating effective introductions, recognizing strengths and needs, and increasing understanding of proper grammar. The Writing Center does not simply proofread papers; we actively nurture our clients' learning process, serve as a thoughtful trial audience, and help students learn to identify and correct their own errors. Appointments are suggested since a wide range of times are available and appointments will be given priority over drop-ins. Appointments can be made by visiting: ccwritingcenter.youcanbook.me

THE NISBET HONORS PROGRAM

Although Converse has offered some honors courses in the past, the Nisbet Honors Program began in 2000 when Converse alumna Marian McGowan Nisbet '62 and her husband Olin established an endowment to support a full honors program.

The mission of the Nisbet Honors Program is to offer the academically gifted student the challenge and community in which she may grow to her full potential. The Honors Program includes opportunities to do independent research with faculty mentors, to take honors courses with other academically gifted students, to meet nationally known visiting scholars, to receive funding for study-travel and professional development, and to meet socially to discuss intellectually challenging topics. For further information

concerning the Nisbet Honors Program, refer to the academic department section of the Undergraduate Catalog.

ACADEMIC HONORS

Honors at Entrance

Students who because of their academic record in high school and their test scores receive named scholarships are awarded honors at entrance.

Class Honors

The three students with the highest average in each of the returning classes are designated annually as Class Honor Students based on the previous year's GPA.

Dean's List

Eligibility for the Dean's List, prepared at the end of each Fall and Spring Term, is based on the following criteria:

1. The student must be full-time.
2. The student must have no incomplete grades in that term.
3. First year freshman must have a 3.4 GPA in that term.
4. All other full-time students must have a 3.6 GPA in that term.

Students graduate with "academic distinction" from Converse according to the following criteria:

1. *cum laude*, GPA of 3.5 but less than 3.75.
2. *magna cum laude*, GPA of 3.75 but less than 3.90.
3. *summa cum laude*, GPA of 3.90 and above.

These standards refer to the Converse grade point average. To qualify, a student must have a minimum of 60 hours of work at Converse or in Converse programs.

Other honors accorded graduating seniors include the Elford C. Morgan and the Pi Kappa Lambda Awards for the highest cumulative average earned, respectively, by a student in the disciplines of arts and sciences and a student in The Petrie School of Music.

HONORARY ORGANIZATIONS

Alpha Lambda Delta

Alpha Lambda Delta is a national honor society for the recognition of high academic achievements in the freshman year. To be eligible for Alpha Lambda Delta, the student must have a cumulative average of not less than 3.5 and carry a full class load through the Jan Term of the freshman year.

Alpha Psi Omega

Alpha Psi Omega is a national honorary fraternity in Theatre Art. Candidates for admission must be active members of the Palmetto Players and demonstrate outstanding and continual contributions to the Theatre Program at Converse.

Alpha Sigma Lambda

The Alpha Sigma Lambda National Honor Society was established in 1946 to recognize the special achievements of nontraditional adult students who accomplish academic excellence while managing the demands of family, work, and community. Membership in the Chi Delta Chapter of Converse College is by invitation to first-degree seeking Converse II students with a minimum of 24 graded semester hours earned at Converse College and a 3.2 GPA or above.

Delta Omicron

Delta Omicron is a professional music fraternity whose purpose is to encourage the highest possible scholastic attainment, excellence of individual performance, and appreciation of good music, to create and foster fellowship through music, to develop character and leadership, and to give material aid to worthy music students. Membership is open to freshmen, sophomores, juniors, seniors, and graduate students of outstanding scholarship and musicianship.

The Gamma Sigma Society

The Gamma Sigma Society is the honorary scholarship society of Converse College. The purpose of the Society is to encourage scholarship among the students of Converse College and to honor by election to membership in the Society those seniors, not to exceed ten percent of the graduating class, who have demonstrated superior scholastic attainment throughout their entire college course. To be eligible for

election, students must be candidates for a bachelor's degree in the liberal arts and sciences. Criteria for selection to Gamma Sigma are based on the Phi Beta Kappa standards.

Mortar Board Gavel Chapter

Mortar Board is a national honor society of college seniors whose purpose, in part, is "to support the ideals of the university, to advance a spirit of scholarship, to recognize and encourage leadership, and to provide the opportunity for a meaningful exchange of ideas as individuals and as a group." Qualifications for membership in Mortar Board include outstanding leadership, scholarship, and service. All juniors with a cumulative scholastic average of 3.0 or above are considered for membership. Selection and tapping of new members occurs in the spring of their junior year.

Phi Sigma Iota

Phi Sigma Iota is a national foreign language honor society. Its primary objectives are the recognition of above average ability and attainments in languages and literature, the stimulation of advanced work and individual research in this field, and the promotion of a friendship and understanding between our nation and the nations using these languages.

Students eligible for membership must meet the following requirements: Junior or Senior standing (Sophomore in exceptional circumstances); a curriculum with an emphasis in foreign language; at least a "B" average in their entire college work as well in all courses in language; and completion of at least one course in foreign language at the third- year level or beyond. Membership is by faculty recommendation and invitation.

Pi Gamma Mu

The purpose of Pi Gamma Mu is to improve scholarship in the social sciences and to provide an equal opportunity for an exchange of ideas between individuals involved in the various fields of social science. Only students with at least twenty semester hours of social sciences with an average grade therein of not less than "B" are considered for membership.

Pi Kappa Lambda

"Strive always for the beautiful" is the motto of Pi Kappa Lambda National Music Honor Society. Membership is by invitation to those faculty members, graduate students, seniors, and juniors in the field of music who show outstanding leadership and scholarship. Graduating seniors in The Petrie School of Music whose averages in all subjects rank among the upper one-fifth of the class and juniors whose averages in all subjects rank among the upper one-tenth of the class are eligible for election.

Pi Lambda Theta

Pi Lambda Theta is a national honorary organization in education. Its purpose is to recognize persons of superior scholastic achievement and high potential for professional leadership. Additionally, Pi Lambda Theta stimulates independent thinking educators who can ask critical questions to improve educational decision making. The organization does this by fostering: 1) a spirit of fellowship; 2) high standards of scholastic attainment; and 3) professional ideals among members. Membership in the Converse College chapter of Pi Lambda Theta is by invitation to undergraduate applicants who plan to major or Minor in education; have attained a minimum of 30 semester hours ; and have a GPA of 3.5 or better.

Student Marshals

Student Marshals are chosen from the rising junior class each year on the basis of academic excellence. They are among the most honored students on campus. They officially represent the college in the formal ceremonies of the academic year, including Formal Opening Convocation, Founder's Day, Awards Day, Baccalaureate and Commencement, where they add order and dignity to the proceedings. In addition, marshals serve at other functions such as the Festival of Lessons and Carols, Senior Assembly, certain required assemblies and Honor Emphasis Assembly.

Theta Alpha Kappa

Theta Alpha Kappa is the national honor society for Religious Studies and Theology. It promotes excellence in the study and teaching of these fields and seeks to bring students, teachers, and writers of Religious Studies and Theology together both intellectually and socially. Membership is open to students who have completed 12 hours in religion or related courses, who have a cumulative grade point average of at least 3.0, who of their class have a grade point average of at least 3.5 in religion courses, and who are in the upper 35 percent of their class.

ACADEMIC REGULATIONS

Converse College offers the degrees of Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Musical Arts and Bachelor of Science. Students may complete two degrees; however, this is usually a complicated and demanding process. Students planning to earn two degrees should talk with their advisers as soon as they have decided that they want to do this. It is the responsibility of each student to know the requirements for the completion of her degree.

REQUIREMENTS FOR THE BACHELOR'S DEGREE

The requirements for the bachelor's degree include the completion of a minimum of 120 credit hours and a cumulative grade point ratio of at least 2.0 on the cumulative hours attempted. Also, in all majors or majors and minors a minimum GPA of is required. (See each department for further information). Included in the minimum number of credit hours to graduate are the General Education Program (GEP) requirements, and the requirements for a single major, major and minor, or double major.

The general education requirements for students seeking a BA, BS or BFA are detailed in the section of the Catalog "Requirements for the General Education Program". For students majoring in music the GEP requirements are listed in each program of study in the section of the Catalog "Carroll McDaniel Petrie School of Music."

Most majors consist of a minimum of 30 credit hours of coursework in one academic discipline and a double major consists of the course requirements for the major in two academic disciplines. No more than four courses that are cross-listed or that are required for both majors may count toward the satisfaction of the major requirements in the two majors. For cross-listed courses, the student will receive credit in the subject area for which she has chosen to register. She may not change her choice of course designation at a later date without the approval of the Associate Provost for Student Success.

If a student takes more than 42 hours in one academic discipline, the hours over 42 will not count toward hours for graduation. Exception: This limitation will not apply to a unified program offered with the approval of the General Faculty.

A minor consists of a minimum of 18 credit hours in a planned program of study within a given department. Refer to the portion of the Catalog devoted to the departments for specific information about the minor programs offered. The College permits interdisciplinary minors, which require a minimum of 21 credit hours in planned programs between two (or more) departments.

Students may select a major, major and minor, or double major as early as the fall the term of the freshman year or during the sophomore year. The student completes the "Declaration of Major" form that is available from the Office of the Registrar or the Office of the Associate Provost for Student Success to declare or to change a major, minor or degree.

Students are assigned an advisor in the academic discipline that is declared as a major and in the case of double major the student must also consult an advisor in the second major. The department chair of the minor usually directs the course work in the minor.

Elective courses are those that are taken not to satisfy the requirements of the GEP, the major, or the minor, but to complete the minimum 120 hours necessary for the bachelor's degree. Students choose these courses according to their own preferences from the general curriculum. Students who seek admission to graduate professional schools, such as law or medicine, should consult the section titled "Career and Pre-Professional Programs".

To be eligible for the bachelor's degree, the student must complete no fewer than the last 42 credit hours of coursework at Converse. Exception: Upon approval of the Associate Provost for Student Success a student may be permitted to complete up to six of the last 42 hours at another accredited institution. Ordinarily this exception does not apply to students who have earned a total of only 42 hours of coursework at Converse.

To be eligible for graduation with honors, students must have completed a minimum of 60 hours of credit at Converse College.

In addition to the academic and residency requirements, the College requires as a condition for the awarding of any diploma, the payment of all fees and fines owed to the College; the performance of any obligation, such as an exit interview, connected with a student loan; the completion of any sanction resulting from the student judicial system; and completion of assessment instruments during their freshman and junior years. Students must also apply through the Office of the Registrar for graduation no later than the last week of the Fall Term prior to the regular commencement exercises.

SECOND BACCALAUREATE DEGREE

1. Converse does not grant to an individual two baccalaureate degrees of the same kind, e.g., two BA, two BFA, two BS or two BMus degrees.
2. Students who wish to add another major program to a degree already completed may do so, but this accomplishment is recognized only by notation on the permanent transcript record, not by issuance of a second diploma.
3. A person who wishes to take at Converse a baccalaureate degree of the same kind as one previously completed at another college is eligible under the same conditions as those that apply to students working for a second Converse baccalaureate degree.
 - a. the major requirements for the second degree;
 - b. the residence requirement of a minimum of 42 hours at Converse; and
 - c. the grade average required for graduation.
4. Any issue concerning the acceptability of previously earned credits, such as their appropriateness to the second degree or the length of time since their completion, should be referred to the Registrar.

EARLY COMMENCEMENT REQUIREMENTS

Under certain conditions, students who have not completed the degree requirements are allowed to participate in graduation exercises. The following regulations govern this privilege:

1. A student must be present and participate in the graduation ceremony.
2. Only students who lack no more than four hours to meet the minimum hour requirement for the degree are eligible. Students must complete the remaining hours by the end of the spring term of the following academic year. The residency requirement that a student may take no more than 6 of the last 42 hours of coursework at another institution applies to all students who are participating as early commencement candidates.
3. To qualify for early commencement, a student must have achieved a cumulative grade point ratio of 2.00 by the end of the Spring Term in which she has applied to early commence, must have a 2.00 GPA in her major and no incomplete grades that have not been made up or completed.

In case of illness or emergency, students may appeal the requirements stated above to a committee comprised of the appropriate dean, the student's academic adviser and the Associate Provost for Student Success .
4. In the official commencement program, the early commencement candidates are identified with an asterisk. The following statement appears at the end of the roster of graduates: "Early commencement participants who will complete their requirements within the following academic year."
5. The early commencement participants receive blank diplomas at the May exercises. They receive their official diplomas at the end of the summer or the following May, contingent upon the completion of all requirements, with the date of the appropriate commencement appearing on the diploma.
6. An early commencement student who fails to achieve the required grade-point ratio, or fails to meet the required number of hours for graduation by the end of the summer, is automatically disqualified from receiving the official diploma until the academic deficiencies are removed. Ordinarily this means that such students are not eligible to receive their official diplomas until the following May or the next official date of graduation.
8. Participation in the graduation exercises is regarded by the College as ceremonial and symbolic. Students may not consider themselves graduates of the college in any legal or official sense until the Registrar of the College has certified that the students have met all the requirements for graduation.
9. Students who participate in early commencement cannot be recognized as qualifying for honors at graduation.

GRADES AND QUALITY POINTS

Grades for undergraduates are recorded in the following terms:

Grade.....	Quality points earned
A Excellent.....	4.00
A-	3.75
B+	3.25
B Good	3.00
B-	2.75
C+.....	2.25
C Satisfactory	2.00
C-	1.75
D+	1.25
D	1.00
D-75
F Failure	0
Other Symbols	
I.....	Incomplete
W	Withdrawn
P or F.....	Pass/Fail
(used only in specified courses)	
Au.....	Successful audit

A grade of I automatically becomes an F unless the student completes the course requirements by the end of the next long term. To receive an incomplete, the student must have the permission of the instructor who is teaching the course. The instructor, in consultation with the student, determines the requirements that the student must complete to receive a grade. These requirements are listed on an “Incomplete Contract” form that may be obtained from the Office of the Registrar. The grade of I will continue to show on the student’s record with the grade the student receives after the course requirements are met.

A student may receive a grade of W in the regular terms (Fall and Spring) until two weeks before the end of any course during the regular term and four days prior to the last day of Jan Term. No one may withdraw from a course after this final date.

In courses designed to be graded Pass/Fail, no quality points are granted for a grade of Pass, while a grade of Fail will be regarded as hours attempted and failed.

Pass/Fail

The Pass/Fail regulation allows students to take courses of interest without affecting the student’s GPA, unless a grade of F is received in the course. Students are allowed to enroll in courses that are normally graded courses for pass/fail credit providing they adhere to the following guidelines.

1. Courses that are required Pass/Fail, such as Computer Literacy, internship or practicum are not part of this policy.
2. Each student may take up to eight (8) credits of her 120 required credits for graduations on a Pass Fail basis at her discretion. The student and her advisor are responsible for keeping track of these hours.
3. A student may not take the following for Pass/ Fail:
 - a. Courses that will be a part of the student’s major, minor, or general education program.
 - b. Honors courses.
 - c. Directed Independent Studies.
4. To be eligible for a Pass/Fail course, a student must have:
 - a. Completed 30 credit hours of college courses.
 - b. A GPA of 2.5 of higher.
 - c. Permission of her advisor. Students not meeting these minimum criteria may be allowed to receive Pass/Fail credit with permission of their advisor.
5. A student must tell the Registrar that she plans to take a course for Pass/Fail by the end of the drop add period at the beginning of the semester. The student must have the advisor’s signature indicating permission to take the course on a Pass/Fail basis.
6. Grades of P do not count toward the student’s GPA, but the credits are awarded towards the degree. Grades of F are recorded as such on the student’s transcript, and are calculated as part of the student’s GPA.

7. Repeated courses must be taken for letter grades, regardless of how they were originally taken.

Final Exams

At the discretion of the instructor, the Registrar may schedule final exams or they may be self-scheduled. The professor shall indicate on each course syllabus whether or not the final examination in the course is scheduled. Faculty who choose to give self-scheduled exams must use the published dates and times for scheduled exams. Thus, students in courses with self-scheduled exams must schedule them during the times listed by the Registrar. Students who have three or more scheduled exams in one day may petition the Associate Provost for Student Success or the Director of the Petrie School of Music to reschedule the last of the three exams for another day.

Retaking a Course

A student will be allowed to retake any course in which she has earned a deficient grade of D or F at Converse, subject to the following conditions:

1. The student may retake a course no more than one time.
2. The student must take the course at Converse to receive any benefits provided by these regulations in the grade average.
3. The course must be retaken before the student has successfully completed more than two courses for which it is a prerequisite.
4. The student will not be permitted to take an overload during any term in which she retakes a course.
5. The grade and quality points earned in the retaken course will be entered upon the student's record; however, no grade will be removed from the student's academic record.
6. Quality points and credit hours earned in the course retaken will be substituted for the quality points and credit hours in the course with the deficient grade.
7. A course retaken will count once in the GPA calculation.

Academic Standards

The academic standards for continued "good standing" are determined in accordance with the following criteria:

Semester Hours Attempted

0-24
25-56

Probation if cum. GPA is less than

1.75
1.90

Students placed on academic probation must attain a probationary period GPA of at least 2.0.

Semester Hours

Attempted
1-24
25-56
57 and up

End of Year Disqualification if cum GPA less than

1.50
1.75
2.00

Students are placed on academic probation at the end of the Fall and Spring Terms. Any student whose cumulative GPA falls below 1.00 at the end of fall term will be disqualified. Students placed on academic probation must attain a probationary period GPA of at least 2.0. This is not the cumulative GPA but the GPA attained during the probationary period.

Students cannot be removed from probation by credits earned in any summer school other than the Converse summer session. They may, however, earn credits at any approved summer school for the purpose of advancement to the next classification. Students placed on academic disqualification are ineligible to continue their studies at Converse during the summer or the regular terms. Students are academically disqualified for failure to meet the academic standards as outlined in the Catalog. When there is evident cause for mitigation of this penalty, the Provost may relieve students from academic disqualification.

Students receiving federal financial aid and/or S.C. Tuition Grant are required to also meet the College's federal Satisfactory Academic Progress policy to remain eligible. See Satisfactory Academic Progress (SAP) under Financial Planning and Scholarships.

Grade Reports and Transcripts

Final grades are reported at the end of every term, while midterm grades are reported for Fall and Spring Terms only. Midterm grades are reported for all undergraduate students. A student may view her midterm and final grades at my.converse.edu by entering her username and password. Advisers also can view their

advisees grades via the faculty portal. The Office of the Registrar issues a transcript of a student's academic record only upon receiving a written, signed request from the student. Students semester hours in the Jan Term, unless specifically exempted from this requirement by the appropriate dean. Any student who seeks such an exemption must submit a petition to this effect no later than three weeks prior to the beginning of the term.

REGISTRATION AND ENROLLMENT

Students must properly register through the Office of the Registrar to assure they receive credit for the courses they attend. Registration for the Jan and Spring Terms generally occurs in October and for Summer School and Fall Term in April. A student must schedule an advisement conference with her adviser prior to registration each term.

The full-time enrollment for a student is 12-16 hours for Fall and Spring Terms and three to five hours for the Jan Term. Students will be required to enroll in no fewer than twelve semester hours in the Fall and Spring Terms and no fewer than three semester hours in the Jan Term, unless specifically exempted from this requirement by the appropriate dean. Any student who seeks such an exemption must submit a petition to this effect no later than three weeks prior to the beginning of the term.

Cross Listed Courses

For cross-listed courses, the student will receive credit in the subject area for which she has chosen to register. She may not change her choice of course designation at a later date except by special approval of the Associate Provost for Student Success.

Overloads

Students may take more than the maximum normal number of hours (16) in the Fall and Spring Terms and Jan Term (5) in accordance with the following regulations.

1. Students must have their advisor's and the Registrar's approval for overloads in all terms.
2. With the approval of the advisor and a cumulative grade point ratio of at least 2.25, a junior or senior may add no more than three hours in Fall and Spring (total 19 hours), and no more than two hours in Jan Term (total 7 hours) as an overload.
3. With the approval of the advisor and a cumulative grade point ratio of 2.5, a freshman or sophomore may add no more than three hours in Fall and Spring (total 19 hours), and no more than two hours in Jan Term (total 7 hours) as an overload.
4. First semester freshmen and first semester transfer students may not take an overload.
5. Any exceptions to the foregoing regulations must be sought by petition, endorsed by the academic advisor, to the Associate Provost for Student Success. In addition, an overload fee of \$500 per credit hour will be charged for more than 19 hours in the Fall and Spring Terms and more than 7 hours in Jan Term.

Directed Independent Study

While the college cannot guarantee that students can be offered a DIS in an existing course, under unusually compelling circumstances a student can request such a course. Typically, the request should be made only:

1. If a course is required for a graduating student but is not scheduled.
2. If a student has an unalterable schedule conflict in the major or minor sequence.
3. If a student needs a course to correct an out-of-sequence program.
4. If a student has compelling personal circumstances, such as a health problem.

The student meets with the instructor who has agreed to direct the course to develop a plan. The student and instructor complete the "Directed Independent Study Course" form that is available from the Office of the Registrar. A student is not enrolled in the DIS until the completed form is filed with the Office of the Registrar. Students may generally count no more than two DIS courses toward hours for graduation. Students who cannot secure the support of a faculty member may first discuss individual problems with the academic adviser and second with the appropriate dean.

Audit

The purpose of auditing a class is to allow a student to study in a class without the pressure of grades, while indicating on her transcript that she has attended and participated in the class.

Full-time students may audit one course per term by obtaining permission from the instructor and their academic adviser. Non-enrolled women may register to audit up to two classes per term by obtaining the

permission of the instructors and the Registrar no later than the last day of the add period. Audited classes do not count toward a student's academic class load.

Auditing students must also pay all fees for laboratory classes or classes with additional materials. Students taking courses for credit will have priority over auditors when space is limited.

A student who wishes to change from credit to audit or audit to credit in a course may do so only during the drop/add period at the beginning of the term.

Auditing students are required to fulfill the same attendance requirements in the course as enrolled students. Beyond attendance, instructors may require an auditor to participate in whatever requirements of a course that they determine constitute adequate participation. Instructors and auditors will stipulate by contract at the beginning of the term the amount of work that will be required.

Students who successfully complete the instructor's requirements will receive an "AU" on their transcripts. Audits that are not successfully completed will not appear on a student's transcript.

Changing Courses

Students may add courses only during the first week of the term. Dates for adding courses are in the academic calendar. A student may drop a course in accordance with the following conditions:

- 1. Without a grade – through the published date for a 100% refund of the term
- 2. "W" - a student may receive a grade of W in the regular terms (Fall and Spring) until two weeks before the last day of any course in the regular term and four days prior to the last day of Jan Term. No one may withdraw from a course after this final date.
- 3. Students who drop below the minimum number of hours (12 hours in Fall and Spring Terms; 3 hours in Jan Term) to be considered full-time should be aware of potential problems with both financial aid and on-campus housing. Therefore, part-time status for undergraduate students is strongly discouraged.

After the first three days of a term, students who withdraw from courses with special fees, e.g. applied art, applied math, etc. may apply to the Vice President for Finance and Administration for a partial refund of such fees if any refund is due.

Warning: Anyone adding or dropping a course without following the proper procedure will: 1) not receive credit for the course added; and 2) receive an "F" for any course not officially dropped.

NOTE: Choosing to drop one or more courses should not be confused with **SEPARATION FROM THE COLLEGE**.

Classification Requirements

Class Standing	Min./Hrs./Quality Pts.
For Sophomore Class	24/48
For Junior Class	56/112
For Senior Class	87/174 & 2.0 avg.

Undergraduate Students Enrolling in Graduate Courses

Undergraduate students desiring to enroll in a graduate course prior to completion of the undergraduate degree must meet the following criteria:

- 1. The student must have senior class standing.
- 2. The student must have a cumulative GPA of 3.0 or better.
- 3. Space must be available in the course.
- 4. Permission of the instructor must be obtained.
- 5. An undergraduate student is limited to a total of no more than three graduate courses.

The student may obtain the appropriate form from the Office of the Registrar. The form must be completed and approved before the student can be registered in the course.

Advanced Placement

Converse awards credit for the nationally standardized Advance Placement test of the College Entrance Examination Board. Credit will usually be given for a score of 3 or better on these tests. For specific information about the relationship of these tests to required courses, you should consult the respective department or the Associate Provost for Student Success.

CLEP

Converse awards credit for the nationally standardized College-Level Examination Program (CLEP). Credit will usually be awarded with a score of 50 or better on these tests. For specific information about the relationship of these tests to required courses you should consult the Associate Provost for Student Success.

International Baccalaureate

Converse College recognizes the IB Diploma Program and awards credit to Diploma holders. Credit is awarded in subject areas in which the individual scores 4 or higher. You may consult the Associate Provost for Student Success for particular questions.

Acceleration

Although the Converse Baccalaureate degree normally requires four academic years of study, a student may complete the program in three and one-half or even three years by taking additional courses beyond the normal load and during summer school. A student who wishes to accelerate should consult her academic adviser and the Registrar.

The Three-Year Degree

Students may complete the requirements for the BA degree in three years. The three-year degree is not a scaled-down education. It has the same components as the traditional four-year program. It differs only in the pace of the student's work.

Any student who is able to maintain a satisfactory academic average is eligible, but obviously the more capable and highly motivated student will adjust more easily to the accelerated pace of study.

The Plan:

Year	Fall Term	Jan Term
First	5 courses Physical Ed.	1 course
Second	5 courses	1 course
Third	5 courses	1 course
Year	Spring Term	Summer
First	5 courses Physical Ed.	4 courses
Second	5 courses	3 courses
Third	4 courses	

**May be taken at any institution*

This plan involves a maximum normal load of coursework during most of the college experience. In addition, it requires one full schedule and one part schedule of summer courses, at least some of which may be taken at another college, if the student prefers. As outlined, the plan is only a guide. It may be altered to suit the purpose of the individual student. Students who complete college courses in the summer before entry into the freshman class, or who receive credit by Advanced Placement or International Baccalaureate, will proceed through the three-year program with greater ease and convenience. Summer work before the freshman year should be undertaken upon the advice of the Registrar.

Transfer of Credits from Other Institutions

During the academic year, students in residence at Converse will be allowed to take courses at other institutions with the approval of their advisor, the Registrar, and the Associate Provost for Student Success. Grades earned in these courses will not affect the grade-point ratio earned at Converse. Students taking courses at other institutions while in residence at Converse are governed by the overload regulations that are listed in this section. These students must also meet the requirements for the bachelor's degree as stated in the section "Requirements for a Bachelor's' Degree."

Courses taken in summer school at another institution will be credited toward the degree provided:

1. The courses to be taken are approved in advance by the student's adviser and the Registrar of Converse College. It is the responsibility of the student to provide the adviser with a course description from the institution and, to guarantee approval in advance, to submit the request before the last day of classes in the spring term. After that date students who enroll at other institutions do so at their own risk.

2. The summer school is regionally accredited. No credit will be given for any course in which a student makes below a C-, nor will work be acceptable toward satisfaction of degree requirements. Grades transferred from the summer school of another institution will not affect the grade-point ratio earned at Converse College and will not be used to remove a student from probation.

Converse will accept a Directed Independent Study (DIS) for transfer credit only if the course is approved by the appropriate academic department. To achieve approval a course description and a course syllabus must be submitted to the Registrar who will in turn submit the documents to the appropriate department chair for review. If the department chair deems it necessary other documents may be requested for review. If the syllabus is judged sufficient for the student to receive credit the department will notify the Registrar of the number of credit hours approved and if the DIS has a Converse course equivalent. The approved course and hours will then be added to the student's academic record.

Converse participates in a number of cooperative programs with other institutions. Therefore, the College will accept by transfer from these institutions at full quality point value and in other respects as if taken at Converse, any course for which Converse has charged tuition or which has been integrated into a Converse degree program.

Converse will review course work for transfer from institutions which are actively accredited by agencies recognized by the Department of Education. Coursework must be of at least equal academic rigor and cover sufficiently similar topics to be considered for transfer, and a grade of a C- or higher must have been achieved. Syllabi, course catalogs, or other documentation may be necessary and must be supplied by the student on request to make the appropriate determination of credit articulation.

Summer School at Converse

Converse College operates four summer sessions, two five-week terms, one eight-week term to accommodate online courses, and one three-week term. Courses offered are chosen largely on the basis of student demand. Special fees are in effect for the summer session.

Courses taken in the Converse summer school are in all respects credited as if taken during the regular academic year. Converse students will be placed on, or removed from academic probation in accordance with the standards of the Fall Term of the academic year, provided that they attend Converse summer session for both terms, taking the regular course load of two courses per term. The summer session bulletin is published in late March and is available at www.converse.edu.

Alternate Year Courses

Some courses are offered only in alternate years. As they plan ahead to take any particular course, students should confer with the department to confirm the date when these courses will next be offered.

Individualized Major (IM)

Students with interdisciplinary academic interests linking at least three disciplines may design degree programs that reflect those interests. Individualized Majors must be designed in conjunction with the student's academic adviser in each of the chosen disciplines (the IM committee) with the approval of the chair of the department in which each discipline falls. After departmental approval, students must submit their proposal to the Associate Provost for Student Success for review/approval. The Associate Provost will submit the proposal for approval to the Curricular Programs Committee. Students must complete the design and approval process prior to the end of the sophomore year. NOTE: The student should contact the Associate Provost for Student Success to discuss logistics, expectations, and requirements before proceeding further.

This program is designed for highly motivated students. Each IM proposal must show a clear theme that justifies granting an exception to single or dual major programs and must provide a list of proposed courses linked by that theme. The Curriculum Committee must approve any subsequent changes in the approved list of courses. All students choosing the IM option must complete:

1. All GEP requirements;
2. At least sixteen major courses (minimum of five courses in each of three disciplines), including a seminar-level course in at least two different disciplines;
3. A capstone project linking all disciplinary areas of the IM, designed by the student with the approval of the faculty adviser in each area. The capstone project is a separate requirement, and not related to the requirements within the two seminar-level courses the student must complete. A written proposal for the capstone project must be submitted to the student's IM committee by April 15th of her junior year to receive formal approval of the project. She should also register for a special 3-credit course

related to the IM capstone project. A presentation of the project will be scheduled during the Spring Term of the senior year, with all members of the college community invited to attend. Four weeks before the formal public presentation the student must provide appropriate documentation to her IM committee for comment and feedback. The student's IM committee will evaluate the public presentation and award a grade of high pass, pass, or fail, with "pass" or better required for graduation.

IM students will be encouraged to incorporate collaborative undergraduate research and Honors work in their course of study.

Due to the number of requirements involved, students completing degrees in professional programs (BM, BFA) will not be able to complete an IM. However, students may combine areas of music or art in IM programs aiming at completion of a BA degree, with the approval of the Director of the Carroll McDaniel Petrie School of Music (for Music) or the Chairperson of the Department of Art and Design (for Art).

Courses of Instruction Key to the Numbering System

100-199	Introductory courses
200-299	Intermediate courses
300-499	Advanced courses
500-699	Graduate Courses
101:102	Indicates a course for which credit is not given unless the work of two terms has been completed.
101-102	Indicates a course for which credit for one term may be given but which may not be entered after the first term.
300/500	Indicates a course offered for both undergraduate and graduate credit.
101, 102	Indicates a course that may be entered in any term.

*The asterisk indicates a course that is offered for credit toward satisfaction of General Education Program requirements.

A student may enter a course at a level higher than that normally permitted her class with the permission of her major professor or academic adviser and the instructor of the course. The College reserves the right not to offer a course for which the enrollment is fewer than five.

Wofford College Cooperation Program

In some cases Converse students may take courses at Wofford College, a neighboring institution in Spartanburg, as part of their undergraduate degree programs. The cooperative arrangement allows both colleges to enrich the educational opportunities of their students. The cooperation is limited, however, and no student at one institution may complete a major program offered only at the other institution. The Registrars at the students' home institution will handle registration for courses at the cooperating institution. Exceptions to the Guidelines of this Agreement shall be made with the consent of both Provosts or of both Registrars.

Guidelines:

1. Enrollment in any class depends upon space being available. The Registrars of the two colleges, not the instructors, determine space availability. The two colleges agree that every effort will be made to accommodate requests for enrollment for the other college's students.
2. In general students must take courses required to complete their institutions majors, minors, or other programs at their home institution. Exceptions include:
 - a. Courses in Art History and German, majors offered jointly between the two institutions;
 - b. Courses in Philosophy, where the departments of the two colleges have a history of collaboration;
 - c. Courses in languages and cultures, especially in Chinese, Japanese, and Modern Standard Arabic, and in other languages as developed by the two college;
 - d. With the approval of their academic advisors, students may take courses at either institution to use as electives in completing majors, minors, or other programs;
 - e. With the approval of their academic advisors and as limited exceptions, students may take courses specifically required by their home institution to complete majors, minors, or other official programs at the other institution, especially where the courses(s) in question are not available in a timely manner at the student's home institution.
3. The privileges of the agreement are available only to students in good standing, academically and socially.
4. Directed Independent Study, summer session courses, supervised practical applications, private lessons, and internships are not included in this Agreement.

5. When the colleges have academic terms with different beginning and ending dates, students must adjust their schedules accordingly. Dates for final examinations and for reporting grades will be those set by the institution in which a course is taken.
6. Students participating in the program will not be charged additional fees except for those courses for which students at the host institution must pay extra. Students are responsible for fines or fees normally assessed for traffic or parking violations or for misuse or loss of supplies.
7. Students participating in the cooperative program must abide by the rules and regulations of the host institution. They are subject to the honor code of their home institutions.
8. Grades earned by students at the cooperating institution will be treated as if they were received at the home institution and are included in the calculation of the grade-point averages.
9. With the approval of their academic advisors and within the other limits of this Agreement, students may take courses used to fulfil their institutions general education requirements at either institution.
10. Courses offered simultaneously at both colleges will be taken at the home institution if space is available.

Converse Clemson Dual-Degree Program

Students enrolled in a liberal arts or science program at Converse College who wish to prepare for a career in engineering may, upon successful completion of an approved three-year pre-engineering curriculum, transfer to Clemson University to complete requirements for the Bachelor of Science degree in an engineering curriculum from Clemson and the Bachelor of Arts (or Science) degree from Converse College. The College of Engineering and Science at Clemson University recommends a program of pre-engineering study to include the general education courses required by an engineering curriculum. The details of the program and the understanding are as follows:

1. During the first three terms at Converse College, the student participating in the pre-engineering program must complete and send to the Associate Dean of the College of Engineering and Science at Clemson University the form "Intention to Pursue the Dual Degree Program at Clemson University." The Associate Dean at Clemson will appoint an academic advisor for the student and will forward the name and address of the appointed advisor to the student and to the Converse College pre-engineering program director.
2. A three-year pre-engineering program of study will be developed by the Converse College faculty in consultation with the Clemson Associate Dean of Engineering and Science from courses offered at Converse College. This program of study shall include the general education courses required by Converse College and by the engineering curricula at Clemson University. A list of basic course requirements recommended by Clemson may be obtained from the pre-engineering program director. However, the specific course requirements to best prepare and facilitate progress toward graduation varies with engineering major. Specific pre-engineering programs recommended for various Clemson engineering majors are available at www.ces.clemson/dual-degree.
2. The total study program at Converse College shall include a minimum of 90 semester hours. Dual degree candidates shall complete all basic requirements at Converse College for the Bachelor of Arts or the Bachelor of Science degree before transfer to Clemson.
4. The student will apply to the Clemson University Office of Admissions after completion of the second academic year at Converse College. A student with grades no lower than "C" in all courses in the dual-education program, and a grade point average of at least 2.7/4.0, is assured of admission into the Clemson engineering program of her choice. Students not meeting these requirements will be considered for admission under Clemson's general transfer student admissions standards. Prior to enrollment at Clemson, the student must be certified by the Converse College academic official as having satisfactorily completed the academic requirements of Converse College as stated above.
5. Credit for courses in the approved pre-engineering program at Converse College and passed with a grade of "C" or higher will be transferred to Clemson University. It shall be the joint responsibility of the Clemson University and Converse College academic advisors to coordinate the transfer equivalency of the Clemson and Converse College courses in the pre-engineering program
6. Upon completion of an engineering curriculum at Clemson University, the student will be awarded a Bachelor of Science degree in an engineering discipline from Clemson. Converse students enrolled in this program will receive their Converse Bachelor of Arts or Bachelor of Science degree after completing a minimum of 90 hours of study at Converse, a total of 120 hours of study combined at Converse and Clemson, and the General Education and major program requirements of Converse as specified by Converse. The student must apply to the Converse College Registrar for her diploma.

7. Converse College will provide academic advising to assist students in the pre- engineering program with all matters related to their transfer to Clemson University. The Associate Dean of Engineering and Science, or duly appointed representative, at Clemson University will cooperate in the advising of these students. While advice and counsel will be offered, the final responsibility with regard to transfer remains with the student.
8. Pre-engineering students at Converse College will be encouraged to attend summer school at Clemson (or another engineering college) and take certain basic engineering courses in order to ease the transition into engineering coursework and facilitate timely completion of the engineering program. A list of recommended courses for each Clemson University engineering program is maintained at www.ces.clemson/dual-degree.
9. Conferences between the Clemson University engineering and Converse College pre engineering advisors will be held regularly to review the curricula and all matters related to the dual-degree agreement.
10. Dual-degree candidates from Converse College are eligible to seek Bachelor of Science degree in the following majors at Clemson University: Biosystems Engineering, Computer Engineering, Chemical Engineering, Electrical Engineering, Ceramic and Materials Engineering, Industrial Engineering, Civil Engineering and Mechanical Engineering.

Transportation

Converse College does not provide transportation to off-campus classes and events.

SEPARATION FROM THE COLLEGE

There are four categories of separation from the College:

1. Leave of Absence

A student in good standing may take a leave of absence from her studies at Converse for one academic term and a maximum of one year.

The leave may be approved for various reasons, including but not limited to financial considerations, travel plans, medical needs, personal reasons, or alternate schooling. If, after a leave of absence of one calendar year a student does not subsequently enroll, the student will automatically be withdrawn from the College.

To be granted a leave of absence during a term, the procedures listed below must be followed:

- a. Upon request, the student will be provided the Leave of Absence signature form from one of the following offices:
 - Associate Provost for Student Success
 - Dean of Students
 - Registrar
 - Wellness Center
- b. The student will obtain the following signatures:
 - Dean of Students
 - Associate Provost for Student Success
 - Counselor
 - Financial Planning
 - Student Accounts
 - Registrar
- c. The student will return the completed signature page to the Office of the Registrar.

Students who are granted a leave of absence during the term will receive grades of W for courses that term. Students who do not complete documentation will receive a grade of "F" unless, for reasons of health or family emergency, she provides appropriate evidence of treatment and receives the approval of the appropriate dean in consultation with the representative of the Wellness Center.

A leave of absence from the College may negatively impact a student's financial aid eligibility if the student has not completed a sufficient number of hours. For further information concerning financial aid, contact the Financial Planning Office.

2. Withdrawal

A student may choose to withdraw from the College at any time. To be granted a withdrawal the following procedure must be followed:

- a. Upon request the student will be emailed the link to the "Separation from the College" Google form by one of the following offices:
 - Associate Provost for Student Success
 - Dean of Students
 - Registrar
 - Wellness Center
- b. The student will complete the form; the completed form will be sent to the Wellness Center. Within 1-2 business days of completing the form, a counselor from the Wellness Center staff will email the student with the Separation from the College signature form.
- c. The student will obtain the following signatures:
 - Dean of Students OR
 - Associate Provost for Student Success
 - Financial Planning
 - Student Accounts
 - Registrar
- d. The student will return the completed signature page to the Office of the Registrar.

Students who complete a withdrawal during the term will receive grades of W for courses that term. Students who do not complete documentation will receive a grade of "F" unless, for reasons of health or family emergency, she provides appropriate evidence of treatment and receives the approval of the appropriate dean in consultation with the representative of the Wellness Center.

A withdrawal from the College may negatively impact a student's financial aid eligibility. For further information contact the Financial Planning Office.

3. Administrative Withdrawal

The College reserves the right to suspend, expel or enforce the withdrawal of any student whose academic standing is unsatisfactory, who violates the Honor Code, who persistently violate College regulations, or whose influence, by word or deed, is determined to be injurious to the best interests of the student body or the institution.

The College, upon the advice of its professional staff, may require a student to withdraw temporarily from the College for medical or psychological reasons. In these cases, the student will be encouraged to seek professional care. Such action is not taken for punitive reasons, but because the welfare of the individual and community mandates this procedure.

4. Involuntary Withdrawal Policy

The College is committed to providing student health and counseling services which promote optimal educational opportunities for all its students. However, there are occasions when a student's physical or emotional health places unmanageable risks on the individual or the College. To ensure that the institution and its members may carry out their proper activities, the College has adopted policies and procedures for the involuntary withdrawal of students.

These policies and procedures apply to students:

- who pose a threat of danger and /or injury to herself or others, and/or who pose a threat of disruption of the lawful activities or educational processes of other members of the campus community , and/ or who pose a threat of destruction of the property of the College or others, and/or who are severely disruptive to others, including behavior which causes emotional, psychological or physical distress to fellow students or staff substantially above that normally experienced in daily life (Disruption may be in the form of a single incident or somewhat less severe but persistent disruption over a more extended period.), and/or who create an unusual responsibility to monitor, supervise, treat, protect, or restrain the student to ensure her safety and the safety of those around her, and/or whose physical or psychological disorder is such as to require highly specialized services beyond those available locally, and whose condition will deteriorate without additional resources, as deemed by the Director of Counseling or counseling staff, and/or who refuse or are unable to cooperate with a recommended evaluation or treatment procedure that the Dean or other College staff considers necessary to provide reasonable assurance

of the safety of the student or others in the community.
For further information see the Student Handbook.

OTHER REGULATIONS

Converse College reserves the right to add or drop programs and courses, change fees, change the calendar, and institute new requirements when such changes are necessary. Every effort will be made to minimize any inconvenience for students resulting from such changes. Suitable substitutions will be allowed for required courses that have been withdrawn. Any difficulties arising from changes in published dates, requirements, or courses should be brought to the attention of the appropriate academic dean.

POLICY ON STUDENT'S RECORDS

In the handling of student records, Converse College complies with the provisions of the Family Educational Rights and Privacy Act of 1974. Information about this policy can be found in the Student Handbook.

CAMPUS SAFETY AND SECURITY

In accordance with Title II of Public Law 101- 542, known as the Crime Awareness and Campus Security Act of 1990, Converse College provides information relating to crime statistics and security measures to prospective students, matriculated students, and employees. This information is published annually and can be obtained from the Department of Campus Safety, or viewed on Converse College Website.

Further information about campus safety and security can be obtained from the Director of Campus Safety, 864.596.9061.

POLICIES AND PROCEDURES

ACADEMIC POLICIES ON DISABILITIES

Converse College complies with Section 504 of the Rehabilitation Act of 1973 (as amended through 1998), the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1972, and the non-discrimination requirements of Section 35.107 of the Department of Justice regulations. Converse does not discriminate with regard to race, color, sex, national or ethnic origin, age, sexual orientation, religion or disability in admission or access to, or treatment or employment in, its programs and activities. However, admission to undergraduate programs and courses is limited to women. As a recipient of federal funds such as Work/Study, Pell and SEOG Grants, and Perkins and Stafford Loans, Converse recognizes its responsibility to provide equivalent access to academically qualified students with documented disabilities while maintaining standards that are essential to the academic program. A student with a disability is someone with either a physical or mental impairment that substantially limits one or more major life activities. Temporary impairments of short duration without permanent impact usually do not qualify as disabilities under the ADA.

Students are responsible for notifying the College of their need for accommodations, obtaining and submitting a Request for Accommodations Form to the Assistant Dean of Academic Support and Accommodations, providing supporting documentation in a timely manner, and actively participating in developing and implementing an accommodation plan for each term. As legal adults, students must self-advocate, and parents can be included in the process only with the student's permission. Reasonable accommodations will be provided both to students and employees with disabilities upon written request. No otherwise qualified individual will be denied accommodations for a disability unless the accommodation would cause an undue hardship on the College.

Any faculty member who receives a request for academic accommodations on the basis of disability must refer the request to the Assistant Dean of Academic Support and Accommodations. No modification of the present program or promises of modification should be made until the Assistant Dean has made a recommendation.

Questions or concerns regarding ADA compliance should be addressed to the Vice President for Finance and Administration at 864.596.9028. Information on EEOC or Section 504 compliance issues can be obtained from the Director of Human Resources at 864.596.9029.

ADMISSION

Students are admitted to Converse on the basis of academic credentials and additional information submitted to the Admissions Office. A student who feels a disability makes achieving representative scores on the SAT or ACT Tests unlikely may apply through a high school guidance counselor for accommodations on these tests. Students that receive accommodations either in high school or on standardized tests are not necessarily eligible for accommodations in higher education under the ADA or Section 504.

Applicants are not required to disclose any disability on their applications for admission to Converse. Once admitted, however, a student seeking reasonable academic accommodations for a disability should immediately contact the Assistant Dean of Academic Support and Accommodations at 864.577.9027 to obtain an accommodation form. Residential students seeking physical accommodations for a disability should contact the Dean of Students at 864.596.9016 upon notification of acceptance, so reasonable provisions can be made before their arrival on campus.

ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

Converse will make reasonable accommodations within its academic programs for otherwise qualified students with documented disabilities. However, students and parents should understand that accommodations provided in elementary and secondary schools under P.L. 94.142 (IDEA) are not necessarily required by law under the ADA or Section 504 or provided by Converse. Many of the practices and procedures of special education (goal setting, progress reports, team meetings, program and exam modifications, related services, and annual reviews) have no parallels in higher education. Behavior standards are the same for all students. Converse does not provide transportation for students. Personal care attendants, orientation/ mobility training and tutors are considered personal services in higher education and are the student's responsibility.

Although Converse offers no specialized services for students with disabilities, we will provide them equal access to the services offered to all students. All students are eligible to use group tutoring sessions

in selected disciplines, offered several hours per week during the academic year by peer tutors, as well as services through the Division of Student Development and Success. Requests for course substitutions are evaluated individually, on the basis of documentation provided, but the college is not required to fundamentally alter essential course/program requirements.

Testing to determine the need for accommodations is the student's responsibility and is not provided by Converse. IEP's or 504 plans do not automatically meet the documentation requirements for receiving accommodations in higher education. Documentation from an appropriate, licensed professional or agency is required in order to determine reasonable accommodations necessary to serve a student with a disability. Diagnostic evaluations or reports should be current, in most cases within three years, and should be sent directly from the qualified professional to the Assistant Dean of Academic Support and Accommodations. The documentation should indicate diagnosis, describe the manifestations of and the extent of the disability, and make recommendations for reasonable accommodations the professional deems necessary to assist the student with a disability in the college setting. A current comprehensive psycho-educational evaluation is required for learning disabilities and is strongly recommended for attention deficit hyperactivity disorder (ADHD).

Students should complete a Request for Accommodations Form on my.converse and submit supporting documentation to the Assistant Dean of Academic Support and Accommodations at least thirty working days prior to the first day of class in order to allow time for review and consultation, as needed, with the student, professors, counselors, psychological consultants, and Director of Health Services, to prepare an appropriate accommodation plan and to secure available support services and/or equipment. This deadline is for administrative purposes only and does not preclude admission to programs or services. Requests for accommodations after the deadline will be reviewed in as expedient a manner as possible, but an accommodation plan may not be in place prior to the first day of class. All information and records regarding students with disabilities, including accommodations for them, are strictly confidential, and the Division of Student Development and Success complies with the Health Insurance Portability and Accountability Act (HIPAA) and the Family Educational Rights and Privacy Act (FERPA). Records are stored in a secure location and reviewed only by authorized personnel.

It is the student's responsibility to discuss accommodations with each professor at the beginning of each term. If a student has concerns about or encounters problems with accommodations during the term, the student should contact the Assistant Dean of Academic Support and Accommodations so accommodations may be appropriately adjusted. A student who is not satisfied with accommodations may contact either the ADA or Section 504 Compliance Officer indicated above and initiate the student grievance procedure as outlined in the Student Handbook.

RESOLUTION PROCEDURES FOR STUDENT COMPLAINTS

Converse provides all members of its academic community the opportunity to present grievances for resolution. The college has established procedures for students, as well as faculty and staff, to register and resolve complaints. The Student Handbook outlines for students the procedures for filing grievances against faculty and staff; for reporting sexual harassment and sexual misconduct; and for pursuing Honor Board, Civitas Council, and alcohol and drug abuse cases. The Campus Life Office, located in the Montgomery Student Activities Center, can provide students copies of the Student Handbook and additional information about procedures.

GENERAL EDUCATION PROGRAM

The General Education Program, which is required for the Bachelor of Arts, Bachelor of Fine Arts, and Bachelor of Science degrees, is a carefully designed plan of study which provides the Converse graduate with a broad foundation in the liberal arts. Students who complete this program should be able to demonstrate:

1. Effective **oral and written communication**;
2. Effective **critical thinking skills**;
3. Effective **quantitative reasoning skills**;
4. An appreciation of **creativity/creative expression**;
5. An understanding of **international/global perspectives**; and
6. An awareness of **wellness and healthy lifestyles**.

Internships and courses designed primarily to prepare students for certification or professional examination are not included in the GEP.

Courses that are available for general education credit and which may also be taken for credit in the major, minor, or a career preparation area may be used to satisfy both requirements. Courses that satisfy a GEP requirement are indicated **by an asterisk (*) in this catalog**. GEP requirements in place at the time a student is admitted will be valid for a period of eight years from the date of the last enrollment.

Each student must meet the requirements below by completing specific courses or by exemption as described

CATEGORY I: SKILLS

A. WRITTEN COMMUNICATION

ENG 101 or 290 or exempt. ENG 290: Advanced Composition, does not satisfy the GEP except for those placed there via an AP score of three (3). Exemption is possible via:

1. a score of 4 or higher on either AP English exam (credit awarded);
2. a score of 4 or higher in a course completed within the International Baccalaureate Program (credit awarded);
3. an SAT verbal score of 700 or above (no credit awarded);
4. an ACT verbal score of 31 or above (no credit awarded).

B. LANGUAGE AND CULTURE

1. Proficiency at the third semester level in one of the following languages: ASL, French, German, Italian, or Spanish. Students must have upon entrance, or achieve at Converse, a competence equal to that achieved by completing three semesters of language at the college level.

Exemption is possible via:

- a. a score of 4 or higher on the AP exam in a foreign language AND passing required written and oral placement tests (credit awarded); or a score of 4 or higher in a course completed within the International Baccalaureate Program AND passing required written and oral placement tests (credit awarded); or 3 or 4 years of language in high school AND passing required written and oral placement tests administered by Converse (no credit awarded);
- b. placement at the intermediate (3rd semester) level is determined by: a score of 3 on the AP exam in a foreign language AND a written placement test administered by Converse (credit awarded); or by the number of years completed in high school and the written placement test (no credit awarded);
- c. students are strongly advised against registering for the next level in a foreign language without having earned a grade of C- or higher in the prerequisite course(s).

C. QUANTITATIVE REASONING

1. Mathematics 108 or higher, or exempt. Exemption is possible via:
 - a. a score of 3 or higher on one of the AP math exams (credit awarded);
 - b. a score of 4 or higher in a course completed within the International Baccalaureate Program (credit awarded);
 - c. an exemption exam administered by Converse (no credit awarded).
2. One course making substantial use of mathematical, logical, or computational reasoning. Designations for such courses are indicated in the Undergraduate Catalog.

D. HEALTH AND WELL-BEING

1. One 2-hour or 3-hour wellness course. Designations for such courses are indicated in the Undergraduate Catalog.
2. One 1-hour or 2-hour activity course from among PE or dance.

Exemption Policy: Students 24 years of age or older at the time of admission to Converse are excused from the health and well-being requirement.

Students may also exempt one physical education activity class based upon fulfilling one of the conditions listed below:

- a. verification of participation in a school- sponsored competitive sport for four years with a letter from the coach of the team. Evidence for exemption must be presented no later than the end of the freshman year.
- b. verification of participation in an intercollegiate sport, Dance Ensemble, or Tarpon Sharks for one year with a letter from the coach/director in the area.
- c. verification of participation and completion with a passing grade of the Army ROTC Physical Training Program conducted at Wofford College.

CATEGORY II: PERSPECTIVES

Students are required to take the specified number of 3- or 4-hour courses from each of the five academic areas listed below. Within each academic area, each course must be in a different discipline. At least two courses from different academic areas must be at the 200 level or above. All courses that count for GEP credit are indicated by an asterisk* in the Undergraduate Catalog. Some courses may have prerequisites; also indicated in the Catalog.

A. Humanities

Two courses from history, philosophy, religion, women's studies or humanities.

B. Literature

One course selected from English or foreign language (in translation or upper-level literature courses in the language).

C. Fine Arts

Two history or appreciation courses from art, design, dance, film, music or theatre. (No studio or applied courses)

D. Natural Sciences

Two courses from astronomy, biology, chemistry, geology, or physics. At least one of these courses must include a laboratory.

E. Social Science

Two courses from economics, politics, psychology, or sociology, anthropology or geography.

CATEGORY III:

OTHER REQUIREMENTS

First year seminar: Required for all first year students entering directly from high school in the fall semester. Transfer students and those entering in the spring are exempt.

A course that is designated as writing intensive, non-European/non-Anglophone and Capstone. Designations for such courses are indicated in the course descriptions in the Undergraduate Catalog.

SCHOOL OF HUMANITIES, SCIENCES, AND BUSINESS

ERIN E. TEMPLETON, *Dean*

DEPARTMENT OF BIOLOGY, CHEMISTRY, AND PHYSICS

WILLIAM CASE, *chair*, DOUGLAS P. JENSEN, *associate chair*, MAHDOKHT BEHRAVAN,
H. NEVAL ERTURK, JENNIFER HAWK, EDNA STEELE, SHARON STRICKLAND

MISSION

The Department of Biology, Chemistry, and Physics strives to provide a rich and rigorous course of study in the natural sciences and an environment in which students explore scientific principles. The curricula are designed to enable majors to achieve employment in laboratories and secondary education, to pursue graduate degrees in biology, biochemistry, and chemistry, and to enter professional programs in medical fields.

DEGREES AND PROGRAMS OFFERED

The Department of Biology, Chemistry, and Physics offers majors in biology and chemistry with either a Bachelor of Arts or a Bachelor of Science degree. The department also offers majors in biochemistry and medical technology with a Bachelor of Science degree. Students earning biology or chemistry majors may earn secondary teaching certification; students interested in this certification should discuss this with their advisors and the Department of Education as early as possible, as secondary certification requirements may not be identical to major requirements.

The department also offers minors in biology, chemistry, physics, and environmental studies. The Environmental Studies minor is described in the Interdisciplinary Minors section of this catalog. Many students with majors in the Department of Biology, Chemistry, and Physics participate in pre-health curricula, which are described in the Career and Pre-Professional Programs section of this catalog. These programs are not part of the majors, and the majors are not required for them.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total	49-52 hours

Graduation requirements but not a separate course:

First Year Seminar

Writing Intensive course

Non-European/non-Anglophone course. Capstone experience.

For more information see the GEP requirements in this catalog.

BIOLOGY MAJOR WITH A BACHELOR OF ARTS OR BACHELOR OF SCIENCE DEGREE

Students majoring in biology may receive either a Bachelor of Arts or a Bachelor of Science degree. The Bachelor of Science degree requires students to take more courses in biology, chemistry, physics, and mathematics than the Bachelor of Arts degree does. In addition to coursework, all biology majors must complete the research requirement and take an assessment exam.

A student interested in biology should inform her adviser as early as possible. It is highly recommended, although not necessary, that she begins the chemistry sequence (CHM 190-203) during her freshman year and that she begins biology coursework within her freshman year. She should work closely with her adviser to plan her course of study.

RESEARCH REQUIREMENT

All biology majors (BA & BS) are required to gain research experience. Students may fulfill this requirement by performing a research project under the direction of biology faculty at Converse College, by performing a research project under another person, or as part of a summer program. All research performed away from Converse must be approved by the biology faculty at Converse College. Students who prefer not to perform a research project may fulfill this requirement by successful completion of BIO 480. Chemistry projects and Biology projects satisfy the requirements for both majors for students who are double majors in Biology and Chemistry. BIO 480 does not satisfy the Chemistry research requirement.

ASSESSMENT EXAM

In addition to the coursework and research requirements, all biology majors must complete an assessment exam during their senior year.

SECONDARY TEACHING CERTIFICATION

Majors who plan to complete secondary certification to teach high school must declare an Education minor, and meet with an advisor in the Education Department to discuss specific requirements. They are encouraged to do this as early as possible. Students interested in secondary certification should complete the following: Biology 190, BIO 191, 202, 203, 312 and 411; one of Physics 242 and 252; and one of BAD 300, ECN 300, POL 303, and PSY 311.

STUDENT LEARNING OUTCOMES

Through completion of the Bachelor's Degree in Biology, students will:

1. acquire an intermediate understanding of the fundamental biological principles and integrate these principles from the major areas of biology (cellular biology, organismal biology, field biology, genetics, and evolution).
2. acquire laboratory and field skills in biology.
3. develop communication skills in written and oral forms that are appropriate for biologists.
4. engage in the scientific process demonstrating an advanced understanding of research, methods, and analysis.

The major GPA of a biology student will be calculated by using grades earned for all required major courses and the electives in which students have earned the highest grades, up to the required number of hours. Cognate courses and additional electives will not be calculated into major GPA.

BIOLOGY MAJOR WITH A BACHELOR OF ARTS

The biology major requires 32 credit hours of biology coursework with a BA degree. At least 16 of these 32 credit hours must be at the 300-level or higher. The 32 hours must include coursework as listed below. The remainder of the 32 hours is elective coursework.

Introduction to Biological Sciences.....	8 hours
BIO 190: Introduction to Biological Sciences I	
BIO 191: Introduction to Biological Sciences II	
Cellular Biology (choose one)	4 hours
BIO 310: Cell Biology	
BIO 312: Microbiology	
Genetics (choose one)	4 hours
BIO 301: Genetics	
BIO 408: Molecular Biology of the Cell	
Evolution	3 hours
BIO 302: Evolutionary Biology	
Diversity: Choose one course from two of the following three areas	8-9 hours
Animal Diversity	
BIO 202: General Zoology	

BIO 305: Human and Comparative Anatomy	
BIO 308: Invertebrate Zoology	
BIO 309: Parasitology	
Plant Diversity	
BIO 203: General Botany	
BIO 303: Systematic Botany	
Field Biology	
BIO 303: Systematic Botany	
BIO 411: Ecology	
Seminars:	3 hours
BIO 391: Junior Seminar	
BIO 491: Senior Seminar	
Electives	1-2 hours
Total Biology Courses.....	32 hours

CHM 415 applies to the BA biology major. The following courses do not apply to the BA biology major: BIO 105, 110, 112, 117, 120, 199H and 481. A maximum of 4 credit hours of BIO 490 may apply to the biology major. BIO 303 (Systematic Botany) cannot satisfy both the Plant Diversity and the Field Biology requirements for an individual BA student.

Cognate Coursework for the BA Biology Major:

Chemistry

CHM 190: General Chemistry	4 hours
Mathematics and Statistics	
*MTH 110: Elementary Functions	3 hours
Calculus or Statistics (choose one).....	3-4 hours
MTH 120: Calculus & Analytical Geometry I	
ECN 300: Descriptive and Inferential Statistics	
PSY311: Statistics and Experimental Design II	
POL 303: Social Statistics	
Non-Biology or Mathematical Science	3-4 hours

Total Cognate Hours.....13-15 hours

*BA students must be mathematically prepared for the first calculus course (MTH120). Students who enter the college placed at that level or higher have satisfied the requirement with (0 credit hours). Students who enter the college placed at a lower level must pass MTH 110 (3 credit hours) to fulfill this requirement.

TOTAL HOURS FOR A

BIOLOGY MAJOR WITH A BACHELOR OF ARTS DEGREE 45-47 HOURS

BIOLOGY MAJOR WITH A BACHELOR OF SCIENCE

The biology major with a BS degree requires 37 credit hours of biology coursework. At least 18 of these 37 credit hours must be at the 300-level or higher. The 37 hours must include coursework as listed below. The remainder of the 37 hours is elective coursework.

Introduction to Biological Sciences	8 hours
BIO 190: Introduction to Biological Sciences I	
BIO191: Introduction to Biological Sciences II	
Evolution	3 hours
BIO 302: Evolutionary Biology	
Cellular Biology (choose one)	4 hours
BIO 310: Cell Biology	
BIO 312: Microbiology	
Animal Diversity (choose one).....	4-5 hours
BIO 202: General Zoology	
BIO 305: Human and Comparative Anatomy	
BIO 308: Invertebrate Zoology	
BIO 309: Parasitology	
Plant Diversity (choose one)	4 hours

BIO 203: General Botany	
BIO 303: Systematic Botany	
Genetics (choose one)	4 hours
BIO 301: Genetics	
BIO 408: Molecular Biology of the Cell	
Field Biology (choose one)	4 hours
BIO 303: Systematic Botany	
BIO 411: Ecology	
Seminars:	
BIO 391	1 hour
BIO 491	2 hours
Electives	2-3 hours
Total hours in Biology	37 hours

CHM 415 applies to the BS biology major. The following courses do not apply to the BS biology major: BIO 105, 110, 112, 117, 120, 199H, and 481. A maximum of 4 credit hours of BIO 490 may apply to the BS biology major. BIO 303 (Systematic Botany) will satisfy both the field biology and plant biology requirements for an individual BS student.

Cognate Coursework for BS Biology Major:

Chemistry	12 hours
CHM190: General Chemistry I	
CHM 203: Organic Chemistry I	
CHM204: Organic Chemistry II	
Physics (one sequence)	8 hours
PHY 241 and PHY 242 (Elements of Physics I and II)	
PHY 251 and PHY 252 (Essentials of Physics I and II)	

Mathematics and Statistics

MTH 120: Calculus and Analytical Geometry I	4 hours
One of the following:	3 or 4 hours
MTH 113: Introduction to Statistics	
MTH 210: Calculus and Analytical Geometry II	
ECN 300: Descriptive and Inferential Statistics	
PSY 311: Statistics and Experimental Design II	
POL 303: Social Statistics	

Total Cognate Hours **27-28 hours**

TOTAL HOURS FOR A BACHELOR OF

SCIENCE DEGREE WITH A BIOLOGY MAJOR..... 64-65 HOURS

BIOLOGY MINOR

Students who minor in biology must complete 23 credit hours of biology, including BIO 190 and BIO 191. The following courses may not count towards the minor: BIO 105,112, 120, 199H, 391, 481, 491 and 497.

BIOCHEMISTRY MAJOR

The Bachelor of Science degree with a major in biochemistry is based upon the recommendations of the American Society for Biochemistry and Molecular Biology. The degree requires 36 credit hours of chemistry, 15-16 credit hours of biology, and 15 credit hours of cognate coursework. Specific course requirements are outlined below.

To earn a major in biochemistry, a student must have a minimum GPA of 2.0 in all required chemistry and biology coursework. Grades in cognate courses are not included in the GPA calculation. Elective credits beyond the required number may not be included in the calculation. To receive the Bachelor of Science degree in Biochemistry, students must receive a grade of C- or higher in every chemistry and biology course required for the major, excluding cognate coursework.

STUDENT LEARNING OUTCOMES FOR THE BIOCHEMISTRY PROGRAM

Through completion of the Bachelor's Degree in Biochemistry, our graduates will:

1. acquire an understanding of fundamental biochemical principles and integrate these principles from major areas of chemistry (analytical, inorganic, organic and physical) and biology (cellular, organismal, molecular and genetics)
2. develop laboratory skills in biochemistry
3. engage in the scientific process through participation in faculty-sponsored research projects
4. enhance oral and written communication skills appropriate for biochemists

REQUIRED CHEMISTRY COURSES:

CHM 190: General Chemistry	4 hours
CHM 203: Organic Chemistry I.....	4 hours
CHM 204: Organic Chemistry II	4 hours
CHM 251: Quantitative Analysis	4 hours
CHM 307: Junior Seminar	1 hour
CHM 310: Inorganic Chemistry	4 hours
CHM 315: Physical Chemistry I	4 hours
CHM 407: Senior Seminar.....	2 hours
CHM 415: Biochemistry I.....	4 hours
CHM 416: Biochemistry II	4 hour
CHM 480: Introduction to Research.....	1 hour

*A research experience must also be completed, either with Converse faculty or in a pre-approved external summer setting. Research performed on campus may be completed in either the biology or chemistry department.

REQUIRED BIOLOGY COURSES

(15-16 hours)

The following two courses are required:

BIO 190: Introduction to Biological Sciences I.....	4 hours
BIO 191: Introduction to Biological Sciences II	4 hours

In addition, students will choose 2 of the 5 following courses:

BIO 301: Genetics	4 hours
BIO 310: Cell Biology.....	4 hours
BIO 312: Microbiology	4 hours
BIO 408: Molecular Biology of the Cell	4 hours
BIO 409: Biology of Cancer	3 hours

COGNATE REQUIREMENTS (15 hours)

Either of these:

PHY 251: Essentials of Physics I, and	
PHY 252: Essentials of Physics II.....	8 hours

-OR-

PHY 241: Elements of Physics I, and	
PHY 242: Elements of Physics II.....	8 hours
MTH 120: Calculus I.....	4 hours
MTH 210: Calculus II.....	3 hours

TOTAL HOURS FOR A BACHELOR OF SCIENCE DEGREE WITH A BIOCHEMISTRY MAJOR.....67 hours

Students are not permitted to double major in Biochemistry with either Biology or Chemistry. Statistics, computer science, and additional math courses are recommended for majors in chemistry and biochemistry, but are not required.

CHEMISTRY MAJOR WITH A BACHELOR OF SCIENCE OR BACHELOR OF ARTS DEGREE

STUDENT LEARNING OUTCOMES:

Through completion of the Bachelor's Degree in Chemistry, our graduates will:

1. acquire an intermediate understanding of chemical principles that comprise the major sub-disciplines of the field (organic, inorganic, physical, analytical and biochemistry).
2. develop laboratory skills and techniques
3. engage in the scientific process through participation in faculty-sponsored research projects
4. enhance oral and written communication skills appropriate for chemists

To earn a major or minor in chemistry a student must have a minimum GPA of 2.0 in all required chemistry coursework. Grades in cognate courses are not included in the GPA calculation. Elective credits beyond the required number may not be included in the calculation.

To receive the Bachelor of Arts or Bachelor's of Science degree in Chemistry, students must receive a grade of C- or higher in every chemistry course required for the major, excluding cognate coursework.

CHEMISTRY MAJOR WITH A BACHELOR OF SCIENCE

The Bachelor of Science degree with a major in chemistry requires a minimum of 43 credit hours of coursework in chemistry and 18 hours of cognate coursework

Required Courses:

CHM 190: General Chemistry	4 hours
CHM 203: Organic Chemistry I.....	4 hours
CHM 204: Organic Chemistry II	4 hours
CHM 251: Quantitative Analysis	4 hours
CHM 307: Junior Seminar	1 hour
CHM 310: Inorganic Chemistry	4 hours
CHM 315: Physical Chemistry I	4 hours
CHM 316: Physical Chemistry II.....	4 hours
CHM 407: Senior Seminar.....	2 hours
CHM 410: Instrumental Analysis.....	4 hours
CHM 415: Biochemistry I.....	4 hours
CHM 480: Introduction to Research.....	1 hour
Chemistry Electives (300-400 level)	3-4 hours

*A research experience must also be completed, either with Converse faculty or in a pre-approved external summer setting. Students receiving a double major in Chemistry and Biology may satisfy the research requirement by performing research in either field.

COGNATE REQUIREMENTS:

Either of these:

PHY 251: Essentials of Physics I, and PHY 252: Essentials of Physics II	8 hours
--	---------

-OR-

PHY 241: Elements of Physics I, and PHY 242: Elements of Physics II.....	8 hours
MTH 120: Calculus I.....	4 hours
MTH 210: Calculus II.....	3 hours
MTH 220: Calculus III	3 hours

TOTAL HOURS FOR BACHELOR OF SCIENCE WITH A CHEMISTRY MAJOR.....61-62 hours

CHEMISTRY MAJOR WITH A BACHELOR OF ARTS

The Bachelor of Arts degree with a major in chemistry consists of 34 hours of coursework in chemistry and 15 hours of cognate coursework

Required Courses:

CHM 190: General Chemistry	4 hours
CHM 203: Organic Chemistry I.....	4 hours
CHM 204: Organic Chemistry II	4 hours
CHM 251: Quantitative Analysis	4 hours
CHM 307: Junior Seminar	1 hour
CHM 310: Inorganic Chemistry	4 hours

CHM 315: Physical Chemistry I	4 hours
CHM 407: Senior Seminar	2 hours
CHM 480: Introduction to Research	1 hour
Chemistry Electives (300 level or higher)	6 hours

*A research experience must also be completed, either with Converse faculty or in a pre-approved external summer setting. Students receiving a double major in Chemistry and Biology may satisfy the research requirement by performing research in either field.

COGNATE REQUIREMENTS:

Either of these:

PHY 251: Essentials of Physics I, and PHY 252: Essentials of Physics II.....	8 hours
-OR-	

PHY 241: Elements of Physics I, and PHY 242: Elements of Physics II.....	8 hours
MTH 120: Calculus I.....	4 hours
MTH 210: Calculus II.....	3 hours

TOTAL HOURS FOR BACHELOR OF ARTS WITH A CHEMISTRY MAJOR..... 49 hours

THE CHEMISTRY MINOR

A chemistry minor requires 20 credit hours of coursework in chemistry (5 courses). The program of study is as follows:

CHM 190: General Chemistry	4 hours
CHM 203: Organic Chemistry I.....	4 hours
CHM 204: Organic Chemistry II	4 hours
CHM 251: Quantitative Analysis	4 hours
CHM 310: Inorganic Chemistry	4 hours

TOTAL HOURS FOR CHEMISTRY MINOR: 20 hours

MEDICAL TECHNOLOGY MAJOR

Converse students who are ASCP-certified Medical Laboratory Technicians may earn a Bachelor of Science Degree with a major in Medical Technology. Students earning this major must complete all the requirements for a Converse degree, and they are must make their own arrangements for appropriate certification examinations (refer to www.ascp.org for eligibility information). Students who are enrolled through the Converse International School are exempt from the AASCP-certified Medical Laboratory Technicians certifications.

STUDENT LEARNING OUTCOMES FOR THE MEDICAL TECHNOLOGY MAJOR:

Through completion of the Bachelor of Science Degree in Medical Technology, students will;

1. acquire an intermediate understanding of the fundamental biomedical principles.
2. acquire additional laboratory skills in biomedical sciences.
3. develop communication skills in written and oral forms that are appropriate for medical technology professionals

ADMISSION REQUIREMENTS

Prior to beginning the Medical Technology Major, students must be either (1) be an ASCP-certified medical laboratory technician (2) have been enrolled through the Converse International School. Prior to taking any other courses in the program, students must complete Bio 190-191 (Introduction to Biological Science I and II) or the equivalent.

REQUIRED COURSES

Biological Sciences:.....	18 hours
chosen from the following courses	
BIO 301. Genetics	4 hours
BIO 309. Parasitology.....	4 hours
BIO 310. Cell Biology.....	4 hours
BIO 407. Molecular Biology of the Cell	4 hours
BIO 409. Biology of Cancer	3 hours
BIO 420. Histology.....	4 hours

Chemistry

CHM 190. General Chemistry	4 hours
CHM 203. Organic Chemistry I.....	4 hours
CHM 204. Organic Chemistry II	4 hours
CHM 415. Biochemistry I.....	4 hours

Mathematics

MTH 110. Elementary Functions	3 hours
Scientific Communication: (1-3 hours) Select one of the two courses	
BIO 350. Scientific Communication	3 hours
BIO 391. Junior Seminar	1 hour

Capstone

BIO 491. Senior Seminar.....	2 hours
Electives: 7 hours, from any 200-level or above biology courses at Converse. Microbiology and Immunology are not accepted.	

Total Hours for Bachelor of Science in Medical Technology.....47-49 hours

Recommended: BIO 110. Medical Terminology..... 3 hours

GPA REQUIREMENT

Each Converse student must earn a GPA of 2.0 or above in her major to graduate. The Medical Technology major GPA is calculated using all the required biology, chemistry, and mathematics courses taken at Converse. The calculation does not include prerequisite or recommended courses.

ASSESSMENT REQUIREMENT:

In addition to the academic requirements, all medical technology majors must complete an exit survey and a self-evaluation form by the first week of April of their senior year.

PHYSICS MINOR

A physics minor requires 22 hours of coursework in physics, not including 100 level courses.

Required Courses:

Either of these:

PHY 251: Essentials of Physics I, and	
PHY 252: Essentials of Physics II.....	8 hours
-OR-	

PHY 241: Elements of Physics I, and	
PHY 242: Elements of Physics II.....	8 hours
PHY 331: Modern Physics I.....	3 hours
PHY 332: Modern Physics II	3 hours
Two terms of PHY 310: Laboratory in	
Modern Physics	2 hours
Additional Physics Electives	6 hours
Total Hours for a Physics Minor.....	22 hours

Students seeking initial certification in secondary physics must complete a minor in physics and must take MTH 120, CHM 201, CHM 202, EDU 387 and BAD/ECN 300 or PSY 303.

COURSES OF INSTRUCTION IN BIOLOGY (BIO)

For students entering into the program beginning Fall 2017 BIO 100 will be replaced with BIO 190 and BIO 191 or the instructors approval. CHEM 201 and CHM 202 will be replaced with CHM 190. CHM 303 will be replaced with CHM 203.

*100. CONCEPTS IN BIOLOGY/FOUR CREDITS

GEP, *Major, Minor, Elective credit*. An introduction to the fundamental principles of biological activity and scientific methodology. Lecture and laboratory. Lab fee. *Offered Fall and Spring Terms*.

*105. HUMAN BIOLOGY/FOUR CREDITS

GEP, *Elective credit*. Not accepted for major or minor credit. A study of the principles of biology focusing on human issues, including diseases, impact of human population on ecosystems, physiological functions of the human body, and role of biotechnology in our society. The ethical aspects of various issues will be discussed. Lecture and laboratory. *Lab fee*.

***106. BIOLOGY OF HUMANS /THREE CREDITS**

GEP, Elective credit. Not accepted for major or minor credit. This course is an introduction to the basic principles of biology focusing on humans as biological creatures. Topics include anatomy and physiology, physical fitness, nutrition, genetics, health, disease, human evolution, and human ecology. Lecture only. *Meets the GEP requirement for Wellness.*

110. MEDICAL TERMINOLOGY/THREE CREDITS *Elective credit.* Not accepted for Biology major or minor credit. An introduction to medical terminology through the study of the human body systems. The course begins with building medical terms from roots, prefixes, suffixes and combining forms and then progresses into relating these terms to the human body system. Each body system lesson includes terms for anatomy, physiology, pathology, diagnosis, medical procedures, pharmacology and abbreviations.

***112. HUMAN BODY AND FUNCTIONS/ FOUR CREDITS.**

GEP This course is designed to provide students with a general understanding of how the human body functions. Topics include its levels of organization and the structure and function of the major organ systems. This course is not acceptable in programs requiring two semesters of Anatomy and Physiology (e.g., Pre-Nursing, Pre-Med, and most Allied-Health Professions programs) and does not satisfy the Biology major or minor requirements. *Lab Fee.*

***117. STUDY TRAVEL PROGRAM/THREE TO FOUR CREDITS**

GEP. Prerequisites: BIO190 or instructor approval. A special program offering the student the opportunity to learn about biological sciences in the United States and in foreign countries. The student will incur additional costs.

***120. SPRING FLORA/FOUR CREDITS**

GEP, Elective credit. Not accepted for major or minor credit. This course introduces students to the variety of plants that live locally and form much of the spring bloom. Lectures will cover a broad range of general botany and ecology topics. Weekly laboratories will be held outdoors at a variety of plant habitats. Students will learn many of the local plants during laboratory, and they will perform field experiments and collect ecological data. Lecture and laboratory. *Lab fee.*

***125. FIRST- YEAR SEMINAR/THREE OR FOUR CREDITS**

GEP. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first- year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

***150. SPECIAL TOPICS/ THREE OR FOUR CREDITS**

GEP, Elective credit. Four hour course will have a laboratory component. Some offerings may be eligible for major or minor credit. Selected topics in introductory level biology.

Special topic: Human Nutrition will meet the GEP requirement for wellness. *Lab Fee.*

***190. INTRODUCTION TO BIOLOGICAL SCIENCE I/FOUR CREDITS**

GEP, Major, Minor, Elective credit. This is a general introduction to biology for all students, non-majors and potential majors. It serves as a natural science general education class. The course covers concepts and principles in the areas of organismal biology evolution, biodiversity, and ecology. *Lab Fee.*

191. INTRODUCTION TO BIOLOGICAL SCIENCE II/FOUR CREDITS

Major, Minor, Elective credit. Prerequisite BIO190 or AP Biology credit. This is a general introduction to biology for all students, non-majors and potential majors. It serves as a natural science general education class. The course covers concepts and principles in the areas of genetics (heredity and molecular biology), cell structure and function (Metabolism), and other areas. *Lab Fee.*

***199H. FRESHMAN HONORS SEMINAR/ THREE OR FOUR CREDITS**

GEP, Elective credit. Not accepted for major or minor credit. A study of a selected subject within the discipline, which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving and evaluation and defense of positions. When the subject matter duplicates that of another course,

credit toward graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines. *Lab fee.*

***202. GENERAL ZOOLOGY/FOUR CREDITS**

GEP, Major, Minor, Elective credit. Prerequisites: BIO 190 or consent of the instructor. A study of the morphology, taxonomy, and physiology of representative types from the Animal Kingdom. Lecture and laboratory. *Lab fee. Offered Fall Term.*

***203. GENERAL BOTANY/FOUR CREDITS**

GEP, Major, Minor, Elective credit. Prerequisites: BIO 190 or consent of the instructor. An introduction to plants, their activities, and their relationship to humans. Lecture, laboratory, and field trips. *Lab fee. Offered alternate Spring Terms.*

205. HUMAN ANATOMY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 190 or equivalent. A study of both gross and microscopic anatomy of the organ systems of the human body with emphasis on the relationship between form and function. The laboratory portion will involve study of the anatomy of all the organ systems using models, histological slides and skeletal materials, as well as dissection of preserved non-human mammals. Lecture and laboratory. *Lab fee. Offered alternate Spring terms or as needed. Students may not receive academic credit for both BIO 205 or BIO 305.*

211. HUMAN PHYSIOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 and CHM 190 or consent of the instructor. A study of the functions of the basic human organ systems. Physiological processes will be related to organ structures and integrated with the functioning of the whole organism. Lecture and laboratory. *Lab fee. Offered alternate Spring Terms.*

270. HUMAN SEXUALITY/THREE CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 190. A study of the human reproductive system with primary emphasis on anatomy and physiology. Consideration also will be given the psychological, religious, and ethical aspects of human sexuality. Lecture.

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

301. GENETICS/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent, either BIO 310 or 312, and CHM 203. A study of the fundamental principles of heredity with emphasis on its molecular basis. Experimental work with *Drosophila melanogaster*, bacteria, and viruses will be included. Lecture and laboratory. *Lab fee. Offered Fall Term.*

302. EVOLUTIONARY BIOLOGY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 301. Junior or senior class standing is recommended. A survey of the theory, history, and principles of evolutionary biology. Both macro-evolutionary and micro-evolutionary topics are covered, and primary literature is discussed. *Offered Spring Term.*

303. SYSTEMATIC BOTANY/FOUR CREDITS *Major, Minor, Elective credit. Prerequisites: BIO 190 and one additional biology major course.* A study of the taxonomy of the vascular plants with emphasis on the angiosperms. Laboratory will include work in the field. Lecture and laboratory. *Lab fee. Offered alternate Spring Terms.*

304. COMPARATIVE VERTEBRATE EMBRYOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent and either BIO 202 or 203 or permission of the instructor. A comparative study of the development of selected vertebrates. Lecture and laboratory. *Lab fee. Offered alternate Fall Terms.*

305. HUMAN AND COMPARATIVE ANATOMY/ FIVE CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 191 or its equivalent. A comparative study of the origin, structure, and function of organ systems of humans and other selected vertebrates. The gross anatomy of organ systems in relation to their functions are studied. Laboratory includes a hands-on approach to the identification of anatomical structures. Lecture and laboratory. *Lab fee. Offered Spring Term. Students may not receive academic credit for both BIO 205 or BIO 305.*

308. INVERTEBRATE ZOOLOGY/FOUR CREDITS *Major, Minor, Elective credit. Prerequisite: BIO 191 or its equivalent.* A study of the morphology and biology of invertebrates. Lecture, laboratory, and field trips. *Lab fee.*

309. PARASITOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 191 or its equivalent. A taxonomic approach to the ecology, physiology, and pathology of parasites, with emphasis on those of medical and veterinary importance. Lecture and laboratory. *Lab fee. Offered alternate Fall Terms.*

310. CELL BIOLOGY/FOUR CREDITS

Major, Minor, Elective Credit. Prerequisites: BIO 191 or its equivalent and CHM 203. This course is a study of the structure and function of prokaryotic and eukaryotic cells. Different areas of cellular biology including the synthesis and function of macromolecules such as proteins; membrane and organelle structure and function; bioenergetics; and cellular communication will be examined. Examples of relevant human disorders will also be used to help the student understand consequences of cellular dysfunction. Laboratory sections are designed to illustrate cellular phenomena, as well as introduction to techniques and procedures commonly utilized in modern cell and molecular biology research. *Lab Fee.*

312. MICROBIOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent; one of BIO 202, 203 and 310; and CHM 203. A study of the physiology and morphology of bacteria, algae, and fungi, and their roles in sanitation, agriculture, and medicine. Lecture and laboratory. *Lab fee. Offered alternate Fall Terms.*

330. INTRODUCTION TO IMMUNOLOGY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent; one of 301, 310 and 312; and CHM 203. A study of the mechanisms of the immune defense of the human body. Vaccination, grafting, tumor immunology, and autoimmune diseases are also discussed. *Lecture.*

350. SPECIAL TOPICS IN BIOLOGY/ THREE OR FOUR CREDITS.

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent and consent of the instructor. Selected topics in advanced biological study. *Lab Fee.*

391. JUNIOR SEMINAR/ONE CREDIT

Major credit. Required of all junior majors. Prerequisites: BIO 191 and one additional major level course or consent of the instructor. Junior standing in major is required. Directed reading, study, and discussion designed to reemphasize the fundamental principles of biology, to correlate and summarize the coursework of the major program and related fields, to introduce new areas and ideas, and to provide experience in literature review and oral presentation. Conferences as needed. *Offered Fall Term.*

401. BIOLOGY FOR TEACHERS/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent and either BIO 202 or 203. A special course covering the modern techniques for the teaching of biology on the secondary level. Lecture, laboratory, and field trips. *Offered Summer Session I.*

408. MOLECULAR BIOLOGY OF THE CELL/ FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent; one of BIO 301, 310, and 312; and CHM 203. The study of molecular mechanisms lying behind the workings of the cell, with emphasis on DNA, RNA and proteins. Both lecture and laboratory will involve the study and use of modern biotechnological protocols and procedures. Lecture and laboratory. *Lab fee. Offered alternate Spring Terms.*

409. BIOLOGY OF CANCER/THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 310 and CHM 203. This course will explore the molecular and cellular mechanisms leading to cancer development. Mechanisms causing changes in normal growth and division process leading to the formation of tumors will be explored through discussing journal articles. *Lecture only.*

411. ECOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 190 or its equivalent and one of BIO 202 or 203. A study of the principles governing the relationships between organisms and their environment. Laboratory will include extensive field work. Lecture and laboratory. *Lab fee. Offered alternate Fall Terms.*

420. HISTOLOGY/FOUR CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent and either BIO 202 or 203 or consent of the instructor. The study of animal tissues with emphasis on how structure and function interrelate. The laboratory emphasizes tissue recognition at the microscopic level. Lecture and laboratory. *Lab fee.*

480. RESEARCH METHODS IN BIOLOGY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisites: BIO 191 or its equivalent and completion of two additional biology courses. This course fulfills the research requirement for the biology major. This course introduces students to scientific research from both philosophical and practical perspectives. Activities include reading and discussions of philosophical approaches to science and biology and research project design and criticism.

481. INTERNSHIP IN BIOLOGY/ THREE OR FOUR CREDITS

Elective credit. Not accepted for major or minor credit. Prerequisites: BIO 190 or its equivalent and consent of instructor. A special course to afford the student practical work experience for academic credit. Open to juniors and seniors with an adequate background in biology. A journal and oral report of the internship are required. Credit and work to be arranged according to the experience desired. *Pass/fail grading.*

485. RESEARCH/ONE TO FOUR CREDITS

Major, Minor, Elective credit. Prerequisite: BIO 191 or its equivalent and consent of the instructor. A special course to allow the student to pursue a research project. May be repeated for a maximum of six credit hours. *Lab fee.*

490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE TO FOUR CREDITS *Major, Minor, Elective credit. Maximum of 4 credit hours allowed for major credit. Prerequisites: BIO 191 or its equivalent and consent of the instructor.* A special course to allow the student to pursue independent study or research. Credit and work to be arranged according to the problem, and topic must be approved by the instructor. May be repeated for credit.

491. SENIOR SEMINAR/TWO CREDITS

Major credit. Required of all senior majors. Prerequisite: BIO 391 or consent of the instructor. Capstone course for Biology major. Directed reading, study, and discussion designed to reemphasize the fundamental principles of biology, to correlate and summarize the coursework of the major program and related fields, to introduce new areas and ideas, and to provide advanced experience in literature review, writing and oral presentation. Conferences as needed. *Offered Fall Term. Writing intensive and capstone.*

497. HONORS/THREE CREDITS

Major credit. Prerequisite: BIO 191 or its equivalent, senior class standing, approval by the department, and consent of the instructor. This course is for qualified students pursuing honors in biology. Students perform independent research and write a thesis under the direction of a biology faculty member.

COURSES OF INSTRUCTION IN CHEMISTRY (CHM)

*105. SPECIAL TOPICS IN CHEMISTRY/ THREE CREDITS

Elective credit, not eligible for major or minor credit. Selected topics in introductory level chemistry for students not intending to pursue a science major. Lecture-only. *Offered periodically.*

106. INTRODUCTION TO EXCEL FOR SCIENTISTS/ONE CREDIT

This course is an introduction to using Microsoft Excel in scientific settings. Students will be introduced to the basic functions of Excel as well as analyze real data using various Excel functions. This course is open to everyone, but will be geared toward science majors. *There are no prerequisites. This course is offered periodically.*

*110. A SCIENTIST'S FOOD FOR THOUGHT/THREE CREDITS

GEP Natural Science, Non Laboratory. This course is intended for non-science majors and/or students who desire to learn more about the chemistry and science of food. Topics will include different types of food, the growth and production of food, cooking methods, the storage of food, fad diets, and the food needs of humans as they relate to "hot topics" that influence our current society and the future of our world.

***117. STUDY TRAVEL PROGRAM/THREE TO FOUR CREDITS**

GEP Prerequisites: CHM 190 or instructor approval. A special program offering the student the opportunity to learn about chemical applications in the United States and in foreign countries. The student will incur additional costs.

***125. FIRST YEAR SEMINAR IN CHEMISTRY THREE CREDITS**

GEP Natural Science, Non Laboratory. First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse College. All incoming first- year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number. Lecture format only. FYS in chemistry will explore modern topics in chemistry as determined by the instructor. Special emphasis is given to cultivating critical thinking, effective speaking and writing skills. *Offered periodically.*

***150. CHEMISTRY IN THE REAL WORLD/ FOUR CREDITS**

GEP Laboratory. Not accepted for major or minor credit. A laboratory course designed for non-science majors that provides an introduction to current innovations and research in chemistry. Specific topics will be selected by the instructor but could include forensics, medicine, food, environmental issues and nuclear chemistry. Lecture and laboratory format. *Lab Fee. Offered alternate Fall Terms.*

***190. GENERAL CHEMISTRY/FOUR CREDITS**

GEP Quantitative. Prerequisite: High school Algebra or equivalent. Required for major and minor. This is the first course in an introductory four semester sequence intended for chemistry and biochemistry majors, minors and pre health students. The course lays the foundation for further coursework in chemistry. Topics include atomic and molecular structure, stoichiometry, various chemical reactions, chemical bonding models, and an introduction to chemical thermodynamics and equilibrium. Lecture and laboratory format. *Lab Fee. Offered every Fall Term*

***199H. FRESHMAN HONORS SEMINAR/ FOUR CREDITS**

Not accepted for major or minor credit. A course for Nisbet Honors Program students who are interested in understanding some contemporary technological issues with the discipline of chemistry. The course provides the basic scientific knowledge necessary to understand these issues. The laboratory will introduce students to the scientific method and common laboratory techniques in chemistry. Lecture and laboratory format. *Lab Fee. Offered periodically in rotation with seminars and other disciplines. Satisfies the FYS requirement for 1st year students.*

203. ORGANIC CHEMISTRY I/FOUR CREDITS

Required for major and minor. Prerequisite: CHM 190 with a grade of C- or higher. This is the second course in the four semester introductory chemistry sequence for majors, minors and pre health students. A systematic survey of alkanes, alkenes, alkynes, and alkyl halides. Study includes structure, functional groups, nomenclature, stereochemistry, reactions, reaction mechanisms, and spectroscopy (IR and NMR), with an emphasis on the connection between structure and reactivity. Lecture and laboratory format. *Lab fee. Offered every Spring Term*

204. ORGANIC CHEMISTRY II/FOUR CREDITS

Required for major and minor. Prerequisite: CHM 203 with a grade of C- or higher. This is the third course in the four semester introductory chemistry sequence for majors, minors and pre health students. A systematic survey of aromatic compounds, alcohols, ethers, ketones, aldehydes, carboxylic acids, carboxylic acid derivatives, and amines. Study includes structure, functional groups, nomenclature, stereochemistry, reactions, reaction mechanisms, and spectroscopy (IR and NMR), with an emphasis on the synthesis of organic compounds. Lecture and laboratory format. *Lab fee. Offered every Fall Term.*

251. QUANTITATIVE ANALYSIS/FOUR CREDITS

Required for Major and Minor; Prerequisite: CHM 190 with a grade of C- or higher A study of the theoretical and practical aspects of the quantitative chemical analysis of samples, with emphasis on non- instrumental techniques. Lecture and laboratory format. *Lab fee. Offered every Fall Term.*

*299H. INTERDISCIPLINARY HONORS COURSE

GEP Natural Science; Not accepted for major or minor credit. A team-taught course open to Nisbet Honors Program participants and to others who meet Honors Program guidelines; course is taught by faculty from two different departments. All students registering for this course must register not only through the Honors Program but also with their adviser and the Registrar's Office. *Offered periodically.*

307. JUNIOR SEMINAR/ONE CREDIT

Requirement for chemistry and biochemistry majors. The first of two capstone courses for chemistry and biochemistry majors. Course is completed in the student's junior year. *Offered every Spring Term.*

310. INORGANIC CHEMISTRY/FOUR CREDITS

Required for major and minor; Prerequisite: CHM 203 with a grade of C- or higher; MTH 110 or equivalent; 204 recommended This is the fourth course in the four semester introductory chemistry sequence for majors, minors and pre health students. Study of the synthesis and behavior of inorganic substances. Topics include certain aspects of thermodynamics, transition metal chemistry, group theory, atomic and molecular bonding theories, and electrochemical processes as they pertain to inorganic compounds and materials. Lecture and laboratory format. *Lab Fee. Offered every Spring Term.*

311. ENVIRONMENTAL CHEMISTRY/ FOUR CREDITS

Elective credit for the major. Prerequisites: CHM 251 with a grade of C- or higher A study of the chemical substances that are major causes of pollution in our environment and of the techniques used to detect their presence and/or prevent their release into the environment. Lecture and laboratory format. *Lab fee. Offered periodically during the Jan term.*

315. PHYSICAL CHEMISTRY I/FOUR CREDITS

Required for the major. Prerequisites: CHM 310; PHY 241-242 or 251-252; MTH 120 and 210 with a grade of C- or higher in each prerequisite; Physics and Math requirements may be substituted with instructor approval. This is the first course of a two part sequence that studies the underlying physical concepts important to chemistry. As an upper level course, it goes in depth to study the mathematical relationships and physical interpretations of those relationships. Topics include the properties of gases, thermodynamics, and chemical kinetics. Lecture and laboratory format. *Lab fee. Offered every Fall Term.*

316. PHYSICAL CHEMISTRY II/FOURS CREDITS

Required for BS chemistry majors; Elective for BA chemistry majors. Prerequisites: CHM 315. This is the second course in the two-part physical chemistry sequence. This course goes in depth to study the physical structure of atoms and molecules, bonding theory, quantum mechanics, modern computational methods, and spectroscopy. Lecture and laboratory format. *Offered alternate Spring Terms.*

402. ADVANCED ORGANIC CHEMISTRY/ THREE CREDITS

Elective credit for chemistry majors; Prerequisite: CHM 204 with a grade of C- or higher A course designed as a continuation of important theoretical concepts, reaction types, and reaction mechanisms of organic chemistry. Topics include molecular orbital theory, heterocyclic compounds, polymers, pericyclic reactions. Lecture only. *Offered periodically during the Jan Term*

404. SPECIAL TOPICS/ONE TO FOUR CREDITS

Elective credit for chemistry majors. Advanced courses offered based on staff availability and student interest. Course will explore modern experimentation in chemistry at a level appropriate for junior-senior chemistry majors. *Offered periodically.*

407. SENIOR SEMINAR/TWO CREDITS

Requirement for all chemistry and biochemistry majors. The second of two capstone courses for chemistry and biochemistry majors. Course is completed in the student's senior year. *Offered during Spring Term. Capstone. Writing Intensive.*

*410. INSTRUMENTAL ANALYSIS/ FOUR CREDITS

Required for BS chemistry majors; Elective for BA chemistry majors. Prerequisites: CHM 251. This course focuses on the principles, instrumentation, and applications of various instrumental methods of analytical chemistry. Some of the instruments covered include: UV-Visible, IR, and NMR spectroscopy, mass spectrometry, gas and high pressure liquid chromatography, atomic emission and absorption spectroscopy, and electroanalytical methods. Lecture and laboratory format. *Lab fee. Offered alternate Spring Terms.*

415. BIOCHEMISTRY I/FOUR CREDITS

Required for BS chemistry and BS biochemistry majors; Elective credit for BA chemistry majors. Prerequisites: CHM 204 with a grade of C- or higher or instructor approval; 251 recommended. A study of the structure and function of biological molecules, with a major emphasis on proteins, lipids and carbohydrates. Important concepts will include bioenergetics, biological catalysis, and introductory metabolic pathways as interacting regulated systems. Lecture and laboratory format. *Lab fee; Offered alternate Fall Terms.*

416. BIOCHEMISTRY II/FOUR CREDITS

Required for BS biochemistry majors; Elective credit for BA and BS chemistry majors. Prerequisites: CHM 415 with a grade of C- or higher A continuation of Chemistry 415. Topics to include advanced metabolism, mechanisms of replication, transcription, translation, and signal transduction pathways. The laboratory portion of the course will involve team based research projects. Lecture and laboratory format. *Lab fee; Offered alternate Spring Terms*

480. INTRODUCTION TO RESEARCH/ ONE CREDIT

Required for chemistry and biochemistry majors; requires instructor approval. A laboratory research experience with a faculty member. Students are expected to complete a minimum of three laboratory hours of research during each week of the semester. Satisfies the research requirement for chemistry and biochemistry majors. *Pass/fail grading.*

482. ADVANCED RESEARCH; ONE TO THREE CREDITS.

Elective credit for chemistry majors. Prerequisite: Chm 480 or summer research experience. Advanced laboratory research experience with a faculty member. Students will be expected to submit an abstract to a regional, state or national conference. May be repeated. A maximum of three credit hours can be applied as elective credit towards the major.

490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE, TO THREE CREDITS

Elective credit for chemistry majors. Pre-approval by a faculty member required. An independent course of advanced study focused on a particular topic not covered in any other course. Students receive minimum guidance from faculty. May be repeated for credit.

497. HONORS RESEARCH/THREE CREDITS

Major credit. Prerequisite: CHM190 or its equivalent, senior class standing, approval by the department, and consent of the instructor. This course is for qualified students pursuing honors in chemistry. Students perform independent research and write a thesis under the direction of a chemistry faculty member.

COURSES OF INSTRUCTION IN PHYSICS (PHY)

*117. STUDY TRAVEL PROGRAM/THREE TO FOUR CREDITS

GEP. Prerequisites: None. Special program offering the student an opportunity to learn about applications of physics in the U.S. and in foreign countries. The student will incur additional costs.

*125. FIRST-YEAR SEMINAR/THREE CREDITS

GEP. First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first-year students are required to take a 3 credit- hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

*140. CONCEPTS OF PHYSICS/FOUR CREDITS

GEP credit. A survey of some of the major concepts in physics. Designed for the non-scientist with limited background in mathematics. Lectures and laboratory. *Lab fee.*

*153. ASTRONOMY OF ANCIENT CULTURES/ FOUR CREDITS

GEP credit. Students will explore the astronomy and cosmology of different cultures including those of Australian aborigines, Costa Rican indigenous tribes, Maya, Inca and the Egyptians. They will learn the fundamentals of naked eye astronomy and the methods used to learn about ancient astronomy.

***160. Basic Physics of Electronics /THREE CREDITS**

GEP credit. A course based on the basic concepts of physics with application to electronic devices. This course includes lectures directed to the function and operation of electronic devices, concentrating on electric charge and electrostatic force, materials structures and their electronic properties, electromagnetics, and circuit elements. Designed for the non-science majors with limited background in mathematics. Lectures.

***241. ELEMENTS OF PHYSICS I/FOUR CREDITS**

GEP credit. A course of mechanics, properties of matter, heat, and sound. Lectures and laboratory. *Lab fee.* Offered yearly. *Quantitative GEP requirement.*

***242. ELEMENTS OF PHYSICS II/FOUR CREDITS**

Minor, Elective credit. Prerequisite: PHY 241. Study of light, static and current electricity, magnetism, and modern physics. Lectures and laboratory. *Lab fee.* Offered yearly. *Quantitative GEP requirement.*

***251. ESSENTIALS OF PHYSICS I/FOUR CREDITS**

GEP credit. Minor, Elective credit. Prerequisite or corequisite: MTH 120. This course studies mechanics, heat, and waves using calculus to derive relationships and find solutions to problems. It is required for all physics minors. Lectures and laboratory. *Lab fee.* Offered yearly. *Quantitative GEP requirement*

***252. ESSENTIALS OF PHYSICS II/ FOUR CREDITS**

Minor, Elective credit. Prerequisite: MTH 120. This course is a continuation of PHY 251 and studies light, electricity, and magnetism using calculus. It is required for all physics minors. Lectures and laboratory. *Lab fee.* Offered yearly. *Quantitative GEP requirement.*

280. SPECIAL PROBLEMS/ ONE TO THREE CREDITS

Study in the area of a student's special interest. Offered on demand. Quantitative GEP requirement depending on topic.

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office. *Quantitative GEP requirement depending on topic.*

***310. LABORATORY IN MODERN PHYSICS/ ONE CREDIT PER TERM**

Minor credit. An advanced laboratory taken in conjunction with PHY 331 and 332. Offered on demand. *Quantitative GEP requirement.*

***331. MODERN PHYSICS I/THREE CREDITS**

Minor credit. Prerequisites: PHY 242 or 252, MTH A study of relativity and quantum theory with applications in atomic physics. Offered on demand. *Quantitative GEP requirement.*

***332. MODERN PHYSICS II/THREE CREDITS**

Minor credit. Prerequisites: PHY 331, MTH 120. A study of nuclear structure and interaction. Lectures and laboratory. *Lab fee.* Offered on demand. *Quantitative GEP requirement.*

***411–412. SEMINAR/ONE CREDIT PER TERM**

Minor credit. Prerequisite: PHY 242 or 252. A study of various topics in physics. Offered on demand. *Quantitative GEP requirement*

***431. ANALYTICAL MECHANICS/ THREE CREDITS**

Minor credit. Prerequisites: PHY 242 or 252, MTH 120. Study of statics and dynamics of particles and rigid bodies. Harmonic oscillations. Offered on demand. *Quantitative GEP requirement.*

ADDITIONAL COURSES IN THE DEPARTMENT OF BIOLOGY, CHEMISTRY, AND PHYSICS

ASTRONOMY

*AST 100. ASTRONOMY/FOUR CREDITS

GEP, Elective Credit. A course in descriptive astronomy in which emphasis is placed upon the basic principles involved. Lectures and laboratory. *Lab fee. Offered yearly. Quantitative GEP requirement.*

ENVIRONMENTAL SCIENCE

*ENV 101. INTRODUCTION TO ENVIRONMENTAL SCIENCE /FOUR CREDITS

GEP, Minor, Elective Credit. An introduction to the environment as it relates to humans. This interdisciplinary course explores the way that humans impact and are impacted by their natural environment.

*ENV 125. FIRST-YEAR SEMINAR/THREE OR FOUR CREDITS

GEP. First-Year Seminars (FYS) constitute a common academically significant experience in a student's first year at Converse College. All incoming first-year students are required to take a 3- or 4-credit-hour FYS in the fall semester, choosing from a variety of discipline-specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course. GEP science class (some offerings will have a lab). Some offerings of this course will count towards the Environmental Studies minor.

*ENV 150. SPECIAL TOPICS/THREE OR FOUR CREDITS

GEP, Elective Credit. Selected topics in introductory level environmental science. Four-hour courses will have a laboratory component. Some offerings may be eligible for minor credit. Lab Fee for those offerings that have a laboratory component.

GEOLOGY

*GLG 100. INTRODUCTION TO GEOLOGY/ FOUR CREDITS

GEP, Laboratory. Not accepted for major or minor credit. A laboratory course emphasizing the theories of geology, the techniques of rock, mineral and fossil identification and classification, their habits and uses and local geology. Lecture and laboratory format. *Lab Fee. Offered during the January Term.*

DEPARTMENT OF ECONOMICS, ACCOUNTING & BUSINESS

AMY E. COX, *chair*, WOODROW W. HUGHES, JR., MOLLY A. INCLAN,
JENNIFER L. SHIELDS, MADELYN V. YOUNG

MISSION

The mission of the Economics, Accounting and Business department is to offer students the high quality of education they need to succeed in a continuously changing business environment. All programs in the department allow students to apply their knowledge in a variety of projects and activities. The faculty is committed to excellence in teaching. Internships are required in some majors and concentrations and strongly encouraged in all.

The Department of Economics, Accounting and Business has four separate majors: economics, accounting, business administration and healthcare administration. Within the business administration major the department offers five concentrations: finance, human resource management, international business, marketing, and sports management. The department prepares students who wish to pursue graduate education for entrance to and successful completion of graduate school.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours

Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total.....	49-52 hours

Graduation requirements but not a separate course:

First Year Seminar

Writing Intensive course

Non-European/non-Anglophone course Capstone experience

For more information see GEP requirements in this catalog.

Major and Minor GPA Calculation for Economics, Accounting and Business Department

A minimum GPA of 2.0 is required to earn the following in the department of Economics, Accounting and Business:

Bachelor of Arts with an Economics major, Bachelor of Science with an Economics major, Economics minor, Bachelor of Arts with an Accounting major, Bachelor of Science with an Accounting major, Accounting minor, Bachelor of Arts with a Business Administration major, Bachelor of Science with a Business Administration major, Business Administration minor, Marketing minor, Bachelor of Arts with a Healthcare Administration major, and Bachelor of Arts with a Business Administration major in the Degree Completion program. This includes all required courses including any major or minor requirements from outside this department. Transfer credits from other institutions do not figure into the required calculation for minor or major GPA.

Note: Majors in Business Administration with a concentration in International Business will also minor or double major in one of the foreign languages. The courses required for the minor or major in the foreign language will not count as part of the 2.0 GPA requirement in the Bachelor of Arts with a Business Administration major.

ECONOMICS

The mission of the Economics program at Converse is to prepare students for employment or graduate school in economics by helping them develop communication skills, and an understanding of economic markets, institutions, linkages and basic research methodologies.

Past economics majors are currently working for a wide variety of businesses or in local, state or the federal government. Some are also in graduate school or law school, as it is widely recognized that economics provides one of the best backgrounds for the study of law.

Department offers either a Bachelor of Arts or Bachelor of Science with an Economics major. Students earning the Bachelor of Arts with an Economics major will achieve the following program level-student learning outcomes:

1. Communicate clearly, concisely and professionally, both orally and in writing.
2. Gain a basic understanding of the working of markets, the nature of market structures, and the linkages in the world economy.
3. Understand basic research methodology including literature surveys, data gathering, statistical analyses of economic data and policy implications of economic theory and empirical research in economics.
4. Understand economic institutions such as the Federal Reserve.

In addition to achieving the above student learning outcomes, the student earning the Bachelor of Science with an Economics major will:

Understand the mathematical underpinnings of key economic principles and models.

Students who major or minor in economics should complete their GEP math requirement during their freshman year. It is recommended that MTH 108 be chosen to fulfill this requirement. Students are also encouraged to take HPE 126: Beginning Golf as their GEP activity course requirement.

ACCOUNTING

It is recommended that the student pursuing a career in accounting consider taking additional courses beyond the major requirements including, but not limited to computer science, money and financial institutions, and other elective accounting and finance courses. Business ethics concepts are integrated throughout the accounting curriculum to expose future accountants to the variety and depth of ethical dilemmas present in the business world. Accounting graduates are currently working in banking, public accounting, manufacturing, service companies and attending graduate school in both masters level and doctorate programs.

The mission of the accounting program is to ensure that Converse accounting graduates will integrate analytical, problem solving, communication and professional skills with business and financial knowledge to be effective financial professionals and prospective leaders in their communities.

BACHELOR OF SCIENCE WITH AN ACCOUNTING MAJOR

Students earning the Bachelor of Science in Accounting will achieve the following program level-student learning outcomes:

1. Students will communicate clearly, concisely and professionally, both orally and in writing.
2. Students will evaluate and analyze data to solve problems and make business and financial decisions.
3. Students will demonstrate fundamental knowledge of the functional areas of business for professional

accounting positions and graduate studies.

- Students will be able to apply statutory, professional and ethical standards to solve Accounting problems.

Calculus and Analytic Geometry	

TOTAL HOURS FOR BACHELOR OF SCIENCE WITH AN ACCOUNTING MAJOR 59-61 hours

Students majoring in accounting should begin the ACC 211 and 212 sequence in the sophomore year. Starting this sequence later may necessitate taking some of the accounting courses during the summer in order to complete the requirements within four years. Students who major in accounting should complete their GEP math requirement during their freshman year. It is recommended that Math 110 be chosen to fulfill this requirement. Students are also encouraged to take HPE 126: Beginning Golf as their GEP activity course requirement.

THE ACCOUNTING MINOR

An accounting minor is comprised of 20-21 credit hours of coursework including the following:

ACC 211 -212: Accounting Principles.....	6 hours
ACC 451: Cost Accounting I	3 hours
ACC 351: Intermediate Accounting I.....	4 hours
ACC 380: Accounting and Business Information Systems	4 hours
Choice of one of the following:	
ACC 352: Intermediate Accounting II	4 hours
ACC 409: Tax Accounting.....	3 hours
ACC 452: Cost Accounting II	3 hours

Total Hours for the Accounting Minor.....20-21 hours

The Accounting minor is designed to complement other majors by providing a concentration in accounting that covers Intermediate, Financial, Cost and Tax areas. The minor is an excellent way to increase your employability and understanding of financial issues as well as to supplement your qualitative skills and critical reasoning abilities.

BUSINESS ADMINISTRATION

The mission of the Business Administration program at Converse is to prepare students to succeed in employment or graduate study.

Students earning the Bachelor of Arts or Science in every concentration will achieve the following program level-student learning outcomes:

- 1. Students will communicate clearly, concisely and professionally, both orally and in writing.
- 2. Students will evaluate and analyze data to solve problems and make business and financial decisions.
- 3. Students will demonstrate fundamental knowledge of the functional areas of business.
- 4. Students will apply knowledge and solve problems in the area of their concentration.

Students majoring in business administration are encouraged to select a second major or a minor. Students majoring in business with a concentration in economics cannot double major in economics or minor in economics. Students majoring in business with a concentration in finance, international business, human resource management, marketing or sports management can double major in economics or minor in economics. Students who major or minor in business administration should complete their GEP math requirement during their freshman year. It is recommended that MTH 108 be chosen to fulfill this requirement. Students are also encouraged to take HPE 126: Beginning Golf as their GEP activity course requirement. Business majors planning to take the GMAT or GRE during their senior year are encouraged to take ECN 300 and ECN 304 during their junior year.

BACHELOR OF ARTS WITH A BUSINESS ADMINISTRATION MAJOR

A student majoring in business administration must complete a core curriculum, which consists of the following:

ECN 201: Microeconomic Principles	3 hours
ECN 202: Macroeconomic Principles	3 hours
ACC 211-212: Accounting Principles	6 hours

HEALTHCARE ADMINISTRATION

The major in Healthcare Administration (HCA) is designed for students in the expanding and increasingly complex healthcare management field. The program goes beyond traditional business administration studies to include challenging courses focused on healthcare management topics. Students will also explore the field through internships and capstone experiences which will further prepare students for careers or graduate study.

Students majoring in HCA will be exposed to many aspects of the changing healthcare environment, such as policy, regulations, ethics, technology, and delivery systems. Association and interaction with faculty and with professionals in the healthcare industry will help prepare majors for careers in the fast-paced field.

The mission of the Healthcare Administration program at Converse is to prepare students for employment in the healthcare administration industry or entrance to graduate school.

Students earning a Bachelor of Arts with a major in Healthcare Administration will achieve the following program level student learning outcomes:

1. Students will communicate clearly, concisely and professionally, both orally and in writing
2. Students will evaluate and analyze data to solve problems and make business and financial decisions in a healthcare context.
3. Students will demonstrate fundamental knowledge of the functional areas of business.

DEPARTMENT OF ENGLISH

ANITA ROSE, *chair*, LAURA FEITZINGER BROWN, GABRIEL FORD, EMILY HARBIN,
RICHARD MULKEY, SUSAN TEKULVE, ERIN TEMPLETON

MISSION AND GOALS

The Department of English offers a Bachelor of Arts with a major in English, Bachelor of Arts with a concentration in creative writing, a minor in English, and a Bachelor of Fine Arts with a major in Creative and Professional Writing.

The Bachelor of Arts (BA) in English offers advanced study of literary texts and criticism across a broad span of historical periods, genres, and traditions. During their course of study, students will learn about specific authors and texts and will develop their abilities in critical thinking, writing, and public speaking. In the fall semester of their senior year, students will enroll in English 496, the capstone course for literature majors. This course and its final project, both written and oral, should represent the culmination of student achievement and learning outcomes.

STUDENT LEARNING OUTCOMES

At the completion of their degree, students will:

1. demonstrate a familiarity with literary periods, genres and significant authors,
2. deploy theoretical approaches using secondary sources in an effective manner, produce a work of extended written literary criticism,
3. demonstrate the ability to effectively communicate in an oral presentation.

The Bachelor of Fine Arts (BFA) in English offers advanced study and practice in the composition of Creative and Professional Writing. The program strives to create a broadly diverse environment necessary to foster creative and critical thinking, and reading and writing skills. In addition to the BFA track, students may pursue a BA degree with a concentration in Creative and Professional Writing. In the spring semester of their senior year, students in both tracks will enroll in English 498, the capstone course for BFA and BA Concentration students.

STUDENT LEARNING OUTCOMES

At the completion of the Bachelor of Fine Arts degree, students will demonstrate:

1. proficient level critical thinking skills in the analysis of creative work, whether published or student work,
2. proficiency at sentence-level writing, including syntax and grammar,
3. proficiency with the basic elements of form in genres in which they studied,
4. an understanding of formal structure in the genres studied,
5. proficient ability to move work from draft through the stages of revision,
6. proficient knowledge of the literary traditions in which they write.

In addition to serving majors, the department offers ENG 101: Composition, as a service course for the College in which students gain writing experience, confidence and fluency. The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

BACHELOR OF FINE ARTS WITH A CREATIVE AND PROFESSIONAL WRITING MAJOR

The Bachelor of Fine Arts degree with a creative and professional writing major will provide serious, aspiring women writers an intensive and challenging apprenticeship in the writing arts, informed by the close study of literature. The program is designed to offer writing students an exciting, sound liberal arts education based on the belief that writers and artists need to be grounded in the cultural, historical and intellectual contexts of the tradition in which they work. The program will prepare students seeking careers as professional creative writers or in other literary professions, such as journalism, editing, publishing or arts management. The program also prepares students to pursue a master's degree in creative writing, communications or in other programs. The creative and professional writing major requires 42 hours in addition to the GEP requirements. Major requirements include 27 hours in writing, 12 hours in literature, and three hours in additional art areas. Students seeking admittance to the major in creative and professional writing must achieve at least a 2.75 in ENG 292: Introduction to Creative Writing and receive a recommendation from the creative writing faculty before being accepted into the major. Upon completion of ENG 292, students may apply for admission in the creative and professional writing major by sending a letter of application and a 10 page writing sample to the director of creative writing. Application to the creative and professional writing major must be submitted no later than the end of the spring semester of the junior year.

THE ENGLISH MINOR

The department also encourages the election of English as a minor. Students who follow this course must complete a minimum of 18 hours of coursework above the 100 level. Although the minor in English does not need to follow the precise program of courses required of majors, students who minor in English must nevertheless arrange their course of study in consultation with the department chair.

COURSES OF INSTRUCTION

98, 99. ENGLISH AS A SECOND LANGUAGE/ THREE OR SIX CREDITS

This course is designed to aid international students with the English language and with the English-language educational style so that they might read, write, speak, and understand English sufficiently well to benefit from other classes and experiences.

*101. COMPOSITION/THREE CREDITS

GEP credit. This course encourages the student's achievement of a clear and concise prose style by emphasizing expository and argumentative essay writing. The course includes readings in the essay, level-appropriate instruction in research, in-class exercises, discussions of the student's own writing, and conferences with the instructor. At minimum, students should produce 4-5 papers and 12 pages (3000 words) of thesis-centered writing.

*102. INTRODUCTION TO LITERARY TYPES THREE CREDITS

GEP credit. Readings in the major literary genres— poetry, fiction and drama. This course introduces critical concepts and vocabulary that enable students to analyze literature seriously and to create well-organized essays demonstrating their own competence in literary interpretation. Students will receive level-appropriate instruction in research.

121. DIGITAL JOURNALISM PRACTICUM/ ONE CREDIT

Elective credit. Prerequisite ENG 101 or permission of instructor. This course is for students working on the The Conversationalist, the College's online newspaper. Students need not take the three hour ENG 220 to participate in the production of the newspaper, and this course will give the student a laboratory experience with digital media. Pass/fail grading.

*125. FIRST YEAR SEMINAR/THREE CREDITS

GEP credit. First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first- year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

***150. STUDIES IN FILM/FOUR CREDITS**

GEP credit for Fine Arts. A critical examination of notable examples of film. Films representing a variety of genres (comedy, film noir, musical) and countries will be viewed and analyzed. Offered during Jan Term only.

190. WRITING CENTER PRACTICUM/ ONE CREDIT

This course is open to students who have been provisionally hired as Writing Center Peer Consultants. Students will complete readings in writing center theory and practice and improve knowledge of invention strategies, revision ideas, editing skills, writing in core academic disciplines, and integrating and citing sources. Readings, assignments, and responses will be conducted online, while an experiential learning component will be completed within the Writing Center. Successful completion of the course is a requirement for continued employment in the Writing Center. Pass/fail grading.

***195. SPECIAL TOPICS/THREE CREDITS/ FOUR CREDITS JAN TERM**

GEP credit. A study of a theme, genre, or period; the course may include film, video, or other media in addition to printed text. Course is intended for non-majors; will not count toward the English major or minor.

***199H. FRESHMAN HONORS SEMINAR/ THREE CREDITS**

GEP, Elective credit. A study of a selected subject within the discipline, which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines.

***201 MAJOR BRITISH WRITERS I/ THREE CREDITS**

GEP, Major, Minor, Elective credit. Selections from British literature beginning with the Anglo-Saxon period. The works of major writers are studied in chronological order and appropriate attention is given to backgrounds and characteristics of major literary periods. The first half studies the literature to 1660.

***202 MAJOR BRITISH WRITERS II/ THREE CREDITS**

GEP, Major, Minor, Elective credit. The second half of the British Writers survey studies the literature from 1660 to the present.

***203. SURVEY OF AMERICAN LITERATURE I/ THREE CREDITS**

GEP, Major, Minor, Elective credit. Selections from the body of American literature from the beginning to 1865. The works of representative writers are studied in chronological order and appropriate attention is given to backgrounds and characteristics of major literary periods.

***204. SURVEY OF AMERICAN LITERATURE II/ THREE CREDITS**

GEP, Major, Minor, Elective credit. Selections from the body of American literature from 1865 to present. The works of representative writers are studied in chronological order and appropriate attention is given to backgrounds and characteristics of major literary periods.

220. DIGITAL JOURNALISM/THREE CREDITS

Major, minor, Elective credit. Prerequisite: ENG 101 or permission of the instructor. This course will introduce students to digital (i.e., online) journalism. The class will cover newswriting, editing, website content management, photography, videography, advertising, ethics and libel. Students will create a digital newspaper and participate in every aspect of newspaper production. This will not count as a writing elective but as a major or minor English elective.

***280. INTERMEDIATE SPECIAL TOPICS/ THREE CREDITS/FOUR CREDITS IN JAN TERM**

GEP, Major, Minor, Elective Credit. A focused study on a particular time period, genre, geographical area, cultural milieu, writer, or theme. English majors may not take more than one such course to count toward major requirements.

290. ADVANCED COMPOSITION/ THREE CREDITS

Major, Minor, Elective credit. A workshop approach to the writing of expository prose. The course is designed for levels of experience and is structured to give beginning and advanced practice in exposition, description, and argument. Advanced Composition will satisfy the GEP composition requirement only for

those students who place in the course by a score of three or more on either the Literature/Composition or the Language/ Composition Advanced Placement tests. Writing Intensive.

291. INTRODUCTION TO PROFESSIONAL WRITING/THREE CREDITS

Major, Minor, Elective credit. An introduction to the elements of professional news and public relations writing, including basic news stories, features, editorials, interviews, press releases and PSAs.

292. INTRODUCTION TO CREATIVE WRITING/ THREE CREDITS

Major, Minor, Elective credit. Instruction in the writing of poetry and short fiction. Regular writing and reading assignments will be required. Student writing will be discussed in a “workshop” format.

*299H. INTERDISCIPLINARY HONORS COURSE

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office.

*300. TOPICS IN MEDIEVAL LITERATURE/ THREE CREDITS/FOUR CREDITS IN JAN TERM

GEP, Major, Minor, Elective credit. A study of selected topics in the literature of the middle ages with concentration on British literature. Topics may include individual authors, genres or periods.

*301. CHAUCER / THREE CREDITS / FOUR CREDITS IN JAN TERM

Major, Minor, Elective credit. This course is a study of selected works of Geoffrey Chaucer. The concentration will be on his two major works: The Canterbury Tales and Troilus and Criseyde. While the concentration of classroom discussion will be on the literary texts, an understanding of various 14th century concerns will be integral to the course.

*302. ARTHUR AND THE MATTER OF BRITAIN / THREE CREDITS / FOUR CREDITS IN JAN TERM

GEP, Major, Minor, Elective credit. The story of Arthur and his followers has fascinated people for 1500 years. In the middle ages it was the most significant secular subject in “history” and literature, and its appeal to the imagination has persisted through the centuries down to our own time. This course is an introduction to the story of origins and development of the Arthurian legend as it has been presented in history and literature.

*303. ENGLISH LITERATURE TO 1500 /THREE CREDITS / FOUR CREDITS IN JAN TERM

Major, Minor, Elective credit. English Literature to 1500 is a study of Old and Middle English literature (exclusive of Chaucer) in translation. The course includes significant authors, works, themes, and genres of the two periods as well as important movements and events affecting that literature.

*305. WORLD LITERATURE / THREE CREDITS/ FOUR CREDITS JAN TERM

GEP, Major, Minor, Elective credit. A study of literature from around the world. Course of study may look at specific geographical areas, such as Africa, or may more typically combine literature from a variety of cultures. Non- European and non-Anglophone GEP requirement.

*310. TOPICS IN RENAISSANCE STUDIES / THREE CREDITS / FOUR CREDITS IN JAN TERM

GEP, Major, Minor, Elective credit. A study of selected texts and themes that reflect and illuminate the English Renaissance. These may include the Utopia, the Faerie Queen, Paradise Lost, the drama of Marlowe and Ben Jonson, and the poetry of John Donne.

*315. ADOLESCENT LITERATURE / THREE CREDITS / FOUR CREDITS IN JAN TERM

Capstone. Offered in the Spring Term of the senior year.

DEPARTMENT OF HISTORY & POLITICS

JOE P. DUNN, *chair*, ANGELA E. ELDER, JEFFREY POELVOORDE, JOHN M. THEILMANN, EDWARD C. WOODFIN

DEPARTMENT MISSION STATEMENT

To develop students with the traditional liberal arts skills: to read and analyze challenging material within their discipline, to write coherently, and to articulate their views competently. Through this preparation, our students will have the skills to pursue graduate study in various fields or to enter the job market successfully.

STUDENT LEARNING OUTCOMES FOR HISTORY MAJORS

Because no common core of specific content knowledge is expected, each student through the individual course curriculum that she selects will pursue a somewhat different path. However, whatever the mix of specific study in different time periods and geographical areas, she will develop the liberal arts skills designated in the department mission statement. We trust that each student enhances her capabilities in the learning outcomes as she gains experience through completion of individual courses. The department's assessment of the fulfillment of the learning outcomes resides in the Senior Capstone Seminar in which each student is expected to validate that she can:

- 1. Read and interpret historical material and demonstrate how a historian approaches the study of the past.
- 2. Conduct historical research by formulating valid research questions, identifying source materials, organizing data, and completing an article-length paper that reflects proper documentation and citation practices.
- 3. Demonstrate the oral skills to present and defend research conclusions in a presentation before peers.

Consistent with the emphasis on preparing students for graduate study in a diverse array of fields or for success in whatever vocational fields that they pursue, a secondary identification that reflects that the department's mission statement is being achieved is the annual record of our students' post undergraduate accomplishments. Traditionally our majors have pursued law, international diplomacy, public policy, public administration, business, public history, teaching at the secondary or college levels, the nonprofit sector, library science, and many other fields too numerous to list. The department maintains records of the next step in the life process for each member of each graduating class of majors. The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours

POLICY FOR CALCULATION OF MAJOR GPA HISTORY

The required GPA to graduate with a history major or minor is 2.0. The major or minor GPA calculation includes all courses taken under the designation History, no matter how many courses that may be. If a course is designated as cross- listed between history and politics and it is counted toward a history major, it is included in the major or minor GPA calculation, even if it was taken under the designation Politics. A student must have a 2.0 GPA in the major to enroll in the Senior Seminar and must pass the Senior Seminar to graduate with a history major (see the Senior Seminar course listing below).

POLITICS

The required GPA to graduate with a politics major or minor is 2.0. The major or minor GPA calculation includes all courses taken under the designation Politics, no matter how many courses that may be. If a course is designated as cross- listed between history and politics and it is counted toward a politics major, it is included in the major or minor GPA calculation, even if it was taken under the designation History. A student must have a 2.0 GPA in the major to enroll in the Senior Seminar and must pass the Senior Seminar to graduate with a politics major (see the Senior Seminar course listing below).

HISTORY

The department offers a Bachelor of Arts with a history major that consists of a minimum of 36 credit hours as outlined below. HST 100 and/or HST 201, 202 are encouraged but not required.

Required history courses:

Two upper-level (300-400) European history courses	6 hours
Two upper-level (300-400) American history courses	6 hours
One upper-level (300-400) non-Western or World history	3 hours
Additional history electives.....	18 hours
Senior Seminar (Capstone)	3 hours
TOTAL HOURS FOR BACHELOR OF ARTS WITH HISTORY MAJOR	36 hours

Internships do not count toward the 36-hour minimum major requirements. Students who double major in history and politics may count no more than two departmental cross-listed courses toward each major, and they only take the Capstone course once. Except with specific department permission, no more than three courses taken at any place other than at Converse, including courses taken at Wofford, may count toward the minimum hours for the major.

Transfer students and students on approved study abroad programs (with prior authorization) may be given more latitude on this provision.

THE HISTORY MINOR

The distribution requirements for a minor in history are the same as for the major, except that the student must take a minimum of 21 credit hours and the capstone course is not required.

POLITICS

The department offers a Bachelor of Arts degree with a major in politics that consists of a minimum of 36 hours of course-work as distributed below. Internships do not apply to the 36 hour minimum.

STUDENT LEARNING OUTCOMES FOR POLITICS MAJORS

Because no common core of specific content knowledge is expected, each student through the individual course curriculum that she selects will pursue a somewhat different path. However, whatever the mix of specific study in the various areas and subfields of political science that she follows, she will develop the liberal arts skills designated in the department mission statement. We trust that each student enhances her capabilities in the learning outcomes as she gains experience through completion of individual courses. The department's assessment of the fulfillment of the learning outcomes resides in the Senior Capstone Seminar in which each student is expected to validate that she can:

- 1. Read and interpret political science material and demonstrate how a student of political science approaches political phenomena.
- 2. Conduct research by formulating valid research questions, identifying source materials, organizing data, and completing an article length paper that reflects proper documentation and citation practices.
- 3. Demonstrate the oral skills to present and defend research conclusions in a presentation before peers.

Consistent with the emphasis on preparing students for graduate study in a diverse array of fields or for success in whatever vocational fields that they pursue, a secondary identification that reflects that the department's mission statement is being achieved is the annual record of our students' post undergraduate accomplishments. Traditionally our majors have pursued law, international diplomacy, public policy, public administration, business, teaching at the secondary or college levels, the nonprofit sector, library science, and many other fields too numerous to list. The department maintains records of the next step in the life process for each member of each graduating class of majors.

***310. MODERN LATIN AMERICA: IMAGES AND SYMBOLS OF CHANGE IN POETRY AND SHORT STORY/THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: Permission of instructor. Latin American literature of the last fifty years. Emphasis will be placed on the poems and short stories by the writers of the literary “boom,” including masterpieces by Nobel Prize winners. Class held in Spanish with opportunity for oral, written, reading, and comprehension skill building. Non-European/non-Anglophone.

***311. CONTEMPORARY LATINO AMERICAN THEATRE/THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: SPN 205 or Permission of Instructor. Latino American theatre has an extensive history, dating back to long before the conquest of the Americas by Europeans. Throughout the centuries, indigenous memory, Spanish Catholicism and political upheaval have intermixed to create a potent combination, leading to the breadth of theatre we know today. But not all Latin American theatre has its roots in these heady streams—fun and frivolous works have their place too. We will explore the serious and sublime, the silly and crowd-pleasing—the theatre of Contemporary Latino America. Non-European/non-Anglophone.

***312. AFRO-HISPANOPHONE PERSPECTIVES ON MIGRATION THROUGH THE MEDITERRANEAN/THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: SPN 205 or Permission of Instructor. This course aims to provide students with the fundamental knowledge to understand migration in the Mediterranean area through the Afro-Hispanophone (Equatorial Guinea and Moroccan) perspective. Specifically, it jointly considers two contemporary processes occurring between Africa and Europe: the circulation of cultures across the globe and the border-crossing of migrant subjects. Through the study of a broad variety of texts including novels, poems, theater and art produced by Equatorial Guinea and Moroccan authors (artists and writers), the course is specifically designed to link people and places, and to investigate the cultural impact and interrelations between these two continents. Non-European/non-Anglophone.

314. SPECIAL TOPICS/THREE CREDITS

Major, Minor credit. Prerequisite: SPN 202 or approval of department chair. This course will introduce students to various aspects of the social and cultural realities of the target cultures using historical readings and literary selections supported by films and travel. ***365. LANGUAGE, CULTURE AND LITERATURE STUDY SEMINAR/THREE OR SIX CREDITS**

GEP credit. Students will study the target language and enroll in a foreign study program or participate in a Converse designed program, studying the language and discussing important topics on culture and contemporary life. Grades in the course will be determined either by the native language teacher or by a Converse professor, based on class participation, tests and graded assignments. Offered during Jan Term or Summer Terms, contingent upon sufficient enrollment.

***400. INTRODUCTION TO LATINX STUDIES/THREE CREDITS**

Major, Elective credit. Latinos, Latina/os, Latinx, Chicanos, Boricuas, Nuyoricans, Cubanos, Dominicanos, Salvadoreños, Hispanics. US Latinos go by many different identities and now number more than 50 million—the largest minority group in the country. In this class we look at Latinx cultural production from literature to theory to television, broken down into thematic units including historical contexts, immigrant stories, transnational identities, feminisms, queer identities and Latinos in entertainment. Class held in English. Non-European/non-Anglophone.

415. ADVANCED GRAMMAR/THREE CREDITS

Major, Minor credit. Prerequisite: SPN 202 and required entrance exam. A study of more complex grammatical structures and vocabulary usage. Class held primarily in Spanish with emphasis on integrating the material into appropriate oral and written context.

490. DIRECTED INDEPENDENT STUDY/THREE CREDITS

This course allows students to pursue a course of study not covered by regular offerings in Spanish. Both teacher and student will select the topic of study according to the student's needs and interests. Non-European/non-Anglophone.

496. FOREIGN LANGUAGE INTERNSHIP/THREE OR SIX CREDITS

Major, Minor credit. Prerequisite: One course numbered 300 or above and permission of the instructor. An internship in business or a public or private agency requiring the use of the student's foreign language skills. Pass/fail grading.

499. SENIOR SEMINAR/THREE CREDITS

Major, Minor credit. A final course for majors treating topics in Spanish language and contemporary Spanish and Latin American cultures and literatures. Students complete a bilingual portfolio—including personal statement, independent research project, and public presentation—that highlights their experiences, accomplishments, and scholarly work in the program. Non-European/non-Anglophone. Capstone.

DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE

JESSICA L. WILLIAMS, *chair*, PETER H. BROWN, JOSEPH S. BARRERA, AMANDA MANGUM

MATHEMATICS

The mission of the mathematics major is to provide the student with the opportunity to study the classical mathematics curriculum with the following student learning outcomes:

1. Students will demonstrate the perspectives and the analytical skills required for efficient use and understanding of mathematics,
2. Students will demonstrate the ability to read, communicate, and understand mathematical ideas in a variety of settings, both verbally and in writing, making use of numerical, graphical, and symbolic viewpoints,
3. Students will formulate and produce valid mathematical proofs, and
4. Students will demonstrate a basic historical perspective of mathematics.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total	49-52 hours

Graduation requirements but not a separate course:

- First Year Seminar
- Writing Intensive
- Non-European/non-Anglophone course Capstone experience.

For more information see the GEP requirements in this catalog.

A student completing a bachelor's degree with a mathematics major must take a minimum of 35 credit hours of coursework above MTH 115.

Calculation of GPA for Mathematics Major or Minor

To earn a degree in mathematics or complete a minor in mathematics a student must have a minimum GPA of 2.0 in all required mathematics coursework. Grades in required non-mathematics courses (CSC 201, CSC 202) are not included in the GPA calculation.

For the Bachelor of Arts degree, only twelve elective credits will be included in the GPA calculation. For the Bachelor of Science degree, only six elective credits will be included in the GPA calculation. If the student has more than the minimum required number of elective credits, the credits with the highest grades will be used in the GPA calculation.

MTH 413: Abstract Algebra.....	3 hours
MTH 423: Probability and Statistics	3 hours
MTH 499: Senior Seminar	1 hour
CSC 201: Introduction to Computer Programming	4 hours
CSC 202: Data Structures.....	4 hours
Math Electives: 200 and above with the approval of the department chair.....	6 hours
TOTAL HOURS FOR BACHELOR OF SCIENCE WITH MATHEMATICS MAJOR.....	40 HOURS

Majors who plan to be certified as secondary teachers of mathematics must take MTH 311: Survey of Geometry as one of their electives.

THE MATHEMATICS MINOR

A minor in mathematics consists of any 24 hours of mathematics credit excluding MTH 108. CSC 201 may also count toward the minor.

A student may not receive credit for any 100-level mathematics course if she has previously received credit (with a C- or higher) for a higher level mathematics course. Exceptions to this rule may be allowed with the approval of the department chair.

COURSES OF INSTRUCTION

107: SPECIAL TOPICS IN MATHEMATICS / ONE TO FOUR CREDITS

Elective. Selected topics in mathematics. The topics in the course will vary depending on the available faculty and interest of the students.

*108. FINITE MATHEMATICS/THREE CREDITS

GEP credit. A study of selected topics from finite mathematics. The topics may include probability, statistics, systems of linear equations, linear programming and the mathematics of finance. Offered most terms. Quantitative GEP requirement.

*110. ELEMENTARY FUNCTIONS/ THREE CREDITS

GEP credit. Prerequisite: High School Algebra. A study of elementary functions and their graphs and applications, including polynomials, rational and algebraic functions, exponential, logarithmic, and trigonometric functions. Offered most terms. Quantitative GEP requirement.

*113. INTRODUCTION TO STATISTICS/ FOUR CREDITS

GEP credit. Prerequisite: High School Algebra. This course will provide a comprehensive introduction to the models and methods used in statistics. Quantitative GEP requirement.

***115. SURVEY OF CALCULUS/FOUR CREDITS**

GEP, Minor credit. Prerequisite: MTH 110, or equivalent. A one-term introduction to the elements of the differential and integral calculus, intended for students majoring in other departments. Offered on demand in Jan Term. Quantitative GEP requirement.

***120. CALCULUS AND ANALYTIC GEOMETRY I/ FOUR CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: MTH 110, or equivalent. A study of the differential and integral calculus. Offered Fall and Spring Terms. Quantitative GEP requirement.

***125. FIRST-YEAR SEMINAR/THREE CREDITS**

GEP First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first-year students are required to take a 3 credit- hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

***205. DISCRETE MATHEMATICS/ THREE CREDITS**

Major, Minor, Elective credit. Prerequisites: CSC 201 and MTH 110 or consent of the instructor. The course will introduce students to topics and techniques of discrete methods and combinatorial reasoning. Methods for approaching problems in counting, logic, and other Computer Science related topics will be accumulated. A wide variety of applications will be incorporated into the mathematics. Offered alternate years. Quantitative GEP requirement.

***210. CALCULUS AND ANALYTIC GEOMETRY II/THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: MTH 120, or equivalent. A continuation of MTH 120. Offered every year. Quantitative GEP requirement.

***220. CALCULUS AND ANALYTIC GEOMETRY III/THREE CREDITS**

GEP, Major, Minor, Elective credit. Prerequisite: MTH 210, or equivalent. A continuation of MTH 210. Offered every year. Quantitative GEP requirement.

***299H. INTERDISCIPLINARY HONORS/ THREE CREDITS**

GEP, Major, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office. Quantitative GEP requirement.

***301. MATHEMATICS OF GAMES AND GAMBLING/FOUR CREDITS**

Major, Elective credit. Prerequisite: Permission of the instructor. This course is a study of the mathematics involved in games of chance and gambling. Topics in probability, statistics and combinatorics will be covered. Offered on demand in Jan Term. Quantitative GEP requirement.

***303. NUMBER THEORY/THREE CREDITS**

Major, Minor, Elective credit. Prerequisite: Consent of the instructor. A study of the integers and their divisibility properties with particular emphasis on the theory of congruences, prime numbers, Diophantine equation, and quadratic residues. Offered on demand. Quantitative GEP requirement.

***311. SURVEY OF GEOMETRY/THREE CREDITS**

Major, Minor, Elective credit. Prerequisite: Consent of the instructor or MTH 351. A study of the foundation of Euclidean and non-Euclidean geometry. Offered alternate years. Quantitative GEP requirement.

***315. MATHEMATICAL SOFTWARE/ FOUR CREDITS**

Major, Elective credit. Prerequisite: MTH 120 or permission of the instructor. This course will introduce the student to the various mathematical software packages that are commercially available. Lectures and laboratory. Cross-listed with CSC 315. Quantitative GEP requirement.

***330. INTRODUCTION TO ANALYSIS/ THREE CREDITS**

Major, Minor, Elective credit. See CSC 330. Offered on demand. Quantitative GEP requirement.

- *340. INTRODUCTION TO GRAPH THEORY/ FOUR CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 351 or permission of the instructor. This course is an introduction to a relatively new area of mathematics study. A diverse collection of applications includes operations research, sociology and chemistry. An introduction to mathematical proofs is included, and various proof techniques are illustrated while developing the theory itself. Offered on demand in Jan Term. *Quantitative GEP requirement.*
- *351. LINEAR ALGEBRA/THREE CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 210. A study of linear equations and matrices, vector spaces, determinants, linear mappings, inner products, and cross products of vectors. Offered alternate years. *Quantitative GEP requirement.*
- *400. REAL ANALYSIS/THREE CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 220. A study of selected topics from real analysis. Offered on demand. *Quantitative GEP requirement.*
- *410. DIFFERENTIAL EQUATIONS/ THREE CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 220 or consent of the instructor. A study of differential equations and their physical applications. Offered alternate years. *Quantitative GEP requirement.*
- *413. ABSTRACT ALGEBRA/THREE CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 210. A study of groups, rings, integral domains, and fields. Offered alternate years. *Quantitative GEP requirement.*
- *423. PROBABILITY AND STATISTICS/ THREE CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 210, or equivalent. A study of probability, distributions, sampling distribution theory, and estimation. Offered alternate years. *Quantitative GEP requirement.*
- *480. SPECIAL TOPICS IN MATHEMATICS/ ONE TO FOUR CREDITS**
Prerequisite: Consent of the instructor. Each offering will cover a topic of mathematics that is not in the regular curriculum. *Quantitative GEP requirement.*
- 485. RESEARCH/ONE TO FOUR CREDITS**
Major, Minor, Elective credit. Prerequisite: MTH 210 or its equivalent and consent of the instructor. A special course to allow the student to pursue a research project. *May be repeated for a maximum of six credit hours.*
- *490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE TO THREE CREDITS**
Prerequisite: Consent of the instructor and department chair. Intensive independent study of a topic in mathematics which is not in the regular curriculum. This study will be directed by a cooperating faculty member. May be repeated for credit. Offered on demand. *Quantitative GEP requirement.*
- 497. HONORS THESIS IN MATHEMATICS/THREE CREDITS**
Prerequisite: MTH 210 or its equivalent, senior class standing, approval by the department, permission of the instructor (adviser), and other prerequisites as outlined in the Nisbet Honors Guidelines. This course is for qualified students pursuing honors in mathematics. Students perform independent research and write a thesis under the direction of a mathematics faculty member. Honors Thesis in mathematics demonstrates the student's ability to conduct systematic research with the intention of producing a research paper.
- 499. SENIOR SEMINAR/ONE CREDIT**
Required of all majors. This course allows the student to investigate a topic of particular interest in mathematics or computer science. The student will have the opportunity to present a written and oral report on her topic. Offered every year. *Quantitative GEP requirement. Capstone.*

COMPUTER SCIENCE
THE COMPUTER SCIENCE MINOR

The department offers a minor in computer science. The minor consists of 20 credit hours. The requirements for a minor in computer science are as follows:

CSC 201: Introduction to Computer Programming	4 hours
CSC 202: Data Structures.....	4 hours
CSC 305: Database Design	3 hours
Additional CSC electives, chosen from CSC courses numbered above 210.....	6 hours

One further elective, chosen from the following: 3 hours
 An additional CSC course numbered above 210
 MTH 205 Discrete Mathematics
 BAD/ECN 300 Descriptive and Inferential Statistics

Total Hours for Computer Science Minor:20 hours

No more than 3 hours in CSC 290 may count towards the electives in the computer science minor. CSC 450: Programming Internship, and CSC 460: Data Processing Internship may not count for minor credit.

MINOR IN APPLIED COMPUTING WEB DESIGN CONCENTRATION

In addition to the minor in traditional computer science, the department offers a concentration within the minor in applied computing. As computing transforms the ways in which we live and think, hybrid disciplines are emerging that combine computing with a more traditional discipline: digital studies, digital art, digital music, Web entrepreneurship, and so on. The minor in applied computing is designed for students who wish to explore one of these new fields in combination with a more traditional major.

The department offers only one concentration of the minor of Applied Computing: Web Design. This minor consists of 19 credit hours.

The requirements are as follows:

One course from the following: 3 hours
 CSC 125: First-Year Seminar

CSC 126 Navigating the Revolution: An Introduction to Digital Studies 4 hours
 CSC 201: Introduction to Computer Programming 4 hours

CSC 235: Web Applications I 3 hours

CSC 305: Database Design 3 hours

CSC 335: Web Applications II 3 hours

One further elective chosen from the following: 3 hours

A CSC course numbered above 210

ART 124: Graphic Design I

Total hours for the Minor in Applied Computing Web Design19 hours

COURSES OF INSTRUCTION

101. COMPUTER LITERACY/THREE CREDITS

Elective credit. Students will discover the practical use of computers to acquire, manage, and use information in the remainder of their education and throughout their career. This course introduces the basics of computer technology and provides hands- on experience with applications software for word processing, electronic spreadsheets, graphics, data communication and networks. Students who have successfully passed any 200-level Computer Science course must have the approval of the department chair to take CSC 101. Pass/fail grading.

***125. FIRST-YEAR SEMINAR/THREE CREDITS**

GEP: First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first-year students are required to take a 3 credit- hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

***126. NAVIGATING THE REVOLUTION: AN INTRODUCTION TO DIGITAL STUDIES THREE CREDITS**

Minor credit. Gives students a broad introduction to uses of computing across the curriculum, and to some of the ways in which computing is transforming both the curriculum and society at large. Topics of particular interest will include the ways in which computers represent data; the ways in which computers change our methods of communication; and the ways in which computing technology raises societal issues not previously seen. CSC 125 and CSC 126 may not both be taken for credit. *Quantitative GEP requirement.*

***199H. FRESHMAN HONORS SEMINAR/ THREE CREDITS**

GEP, Elective credit. A study of a selected subject within the discipline which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only

one of these courses. Offered periodically in rotation with seminars in other disciplines. *Quantitative GEP requirement.*

***201. INTRODUCTION TO COMPUTER PROGRAMMING/ FOUR CREDITS**

Minor, Elective credit. Prerequisite: MTH 108 or equivalent. A study of computer systems, program development techniques, and basic programming concepts; emphasis on good programming style; introduction to a high- level programming language. Lectures and laboratory. *Quantitative GEP requirement.*

***202. DATA STRUCTURES/FOUR CREDITS**

Minor, Elective credit. Prerequisite: CSC 201. To continue the study of the fundamental concepts of programming applied to problem solving and to introduce students to the major data structures (arrays, records, stacks, queues, and lists) and their use in Computer Science and classical Computer Science algorithms including searching, sorting, recursion, and pattern matching. Lectures and laboratory. *Quantitative GEP requirement.*

***208. DATA FOR BUSINESS/ THREE CREDITS**

GEP, Minor, Elective credit. No prerequisites. This course covers the use of spreadsheets and databases to process and analyze data in a business context. The emphasis is not on simple calculation, but on using data, including large data sets, to generate insight. *Quantitative GEP requirement.*

***209. SPREADSHEETS IN DEPTH/ THREE CREDITS**

Elective credit. Using examples from a variety of disciplines, students will learn the use of spreadsheets in support of work in the sciences, the social sciences, or business. Among the topics covered will be basic spreadsheet operations; spreadsheet formulas; graphing for communications and clarity; and the proper use of spreadsheets for basic statistical analysis. *Quantitative GEP requirement.*

235. WEB APPLICATIONS I/ THREE CREDITS

Minor. Prerequisite: CSC 201 or permission of instructor. This course provides a solid introduction to the client-side programming of Web applications. The first part will focus on Web design: markup languages (such as HTML and XHTML) and controlling presentation (such a CSS). This part does not require any programming background. The second part will focus on creating dynamic Web content using small programs embedded in Web pages. The course will introduce a scripting language executed within the Web browser, and cover the use of that scripting language to create dynamic, interactive Web pages.

***280H. COMPUTERS AND SOCIETY/ FOUR CREDITS**

Humanities GEP credit, Elective credit. A study of the societal effects of the rise of computing technology, centering on the ethical implications of several currently controversial issues. The course is built around discussions and papers. Writing Intensive.

***290. SOFTWARE WORKSHOP/ ONE CREDIT**

Minor, Elective credit. Prerequisite: Consent of the instructor. A supervised workshop designed to develop competence and proficiency in using some commercial software product. This course may be taken more than once, provided that it is taken to learn different software and skills. No more than 6 credit hours in this course may be applied toward graduation requirements. May be offered any term. Pass/fail grading. *Quantitative GEP requirement.*

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Elective credit. This course is team taught by members in two departments and is open to Nisbet Honors Program participants and to others who meet Honors Program guidelines. All students registering for these courses must register not only through the Honors Program but also with their adviser and the Registrar's Office. *Quantitative GEP requirement.*

***304. VISUAL BASIC PROGRAMMING/ THREE CREDITS**

Elective credit. Prerequisite: CSC 202. An introduction to developing applications using Visual Basic. This course is designed to show how to analyze problems, design solutions, and implement applications that use Visual Basic. *Quantitative GEP requirement.*

***305. DATABASE DESIGN/THREE CREDITS**

Minor, Elective credit. Prerequisite: CSC 201 or equivalent. Fundamental principles of database models and database management systems design, implementation, and application. *Quantitative GEP requirement.*

***315. MATHEMATICAL SOFTWARE/ FOUR CREDITS**

Elective credit. Prerequisite: MTH 120 or permission of the instructor. This course will introduce the student to the various mathematical software packages that are commercially available. Lectures and laboratory. *Quantitative GEP requirement.*

321. ESSENTIAL ARCHITECTURES I:

COMPUTER ORGANIZATION AND OPERATING SYSTEMS/ THREE CREDITS

Minor credit. Prerequisite: CSC 202, equivalent or permission of the instructor. This course provides a solid introduction to the fundamental hardware architecture of computers in common use, and an introduction to basic operating systems concepts. Computer-architecture concepts covered include assembly language, numeric representations addressing techniques, and subroutines. Operating-systems concepts covered include basic operating-systems structures, processes and process control, and inter-process communication.

322. ESSENTIAL ARCHITECTURES II: OPERATING SYSTEMS AND NETWORKING/ THREE CREDITS

Minor credit. Prerequisite: CSC 321 or permission of the instructor. This course continues the introduction to operating systems begun in CSC321, and adds coverage of the basic building blocks of computer networks. Operating systems concepts covered include scheduling, synchronization, memory management, and security. Networking concepts covered include the layered model of networking, switching, error correction and flow control, addressing and datagrams, routing, the Domain Name System, major protocols (TCP, UDP, ICMP) and performance issues.

***330. INTRODUCTION TO NUMERICAL ANALYSIS/THREE CREDITS**

Elective credit. Prerequisites: CSC 201 and MTH 351. This is a first course in numerical analysis with the emphasis more on intuition, experimentation, and error assessment than on rigor. Students will be expected to program and run a number of problems on a computer, and considerable time will be spent analyzing the results of the programs. In particular, the analysis of round off and discretization errors, as well as the efficiency of algorithms, should be stressed. Topics will include the solution of linear systems, the solution of a single, nonlinear equation, interpolation and approximation (including least squares approximation), differentiation and integration, and elements of the numerical solution of eigenvalue problems. *Quantitative GEP requirement.*

335. WEB APPLICATIONS II/THREE CREDITS

Minor credit. Prerequisite: CSC 235 or permission of the instructor. This course builds on the material in CSC 235 to explore more advanced topics in the development of Web applications. Topics to be covered in this connection include AJAX, JQuery, and Web application frameworks. In addition, there will be substantial coverage of topics from software development practice, as applied to Web programming in a team. The class will implement, as a team, a substantial Web-programming project for a client who is not the professor.

***350. PRINCIPLES OF PROGRAMMING LANGUAGES/ THREE CREDITS**

Minor, Elective credit. Prerequisite: CSC 202 or permission of instructor. A comparative study of the syntax and semantics of programming languages; topics include data types, data control, sequence control, run-time storage, language translation, and semantics; actual programming languages are used to illustrate the concepts and virtual architectures of procedural, logic, functional, and object-oriented paradigms. *Quantitative GEP requirement.*

355. COMPUTER GRAPHICS/THREE CREDITS

Minor. Prerequisite: CSC 202 or permission of the instructor. This course offers a hands-on introduction to 3D computer graphics, including modeling, viewing transformations, lighting and color theory, interactivity using events and callbacks, and animation.

***392. SOFTWARE DEVELOPMENT/ THREE CREDITS**

Minor, Elective credit. Prerequisite: CSC 202. Combines a range of topics integral to the design, implementation, and testing of a medium-scale software system with the practical experience of implementing such a project as a member of a programmer team. In addition to material on software engineering, this course also includes material on professionalism and ethical responsibilities in software development and human-computer interaction. *Quantitative GEP requirement.*

***400. SPECIAL TOPICS IN COMPUTER SCIENCE/ ONE TO THREE CREDITS**

Minor credit. Prerequisite: Consent of instructor. Each offering will deal with a topic selected from various fields of computer science. May be repeated for credit on a different topic. Quantitative GEP requirement depending on the topic.

***430. THEORY OF COMPUTATION/ THREE CREDITS**

Minor, Elective credit. Prerequisites: CSC 202 and MTH 205. Introduction to automata theory, formal languages, and complexity. Introduction to the mathematical foundations of computer science: finite state automata, formal languages and grammars, Turing machines, computability, unsolvability, and computational complexity. *Quantitative GEP requirement.*

***440. ALGORITHM ANALYSIS/THREE CREDITS**

Minor, Elective credit. Prerequisites: CSC 202 and MTH 205. Qualitative and quantitative analysis of algorithms and their corresponding data structures from a precise mathematical point of view. Performance bounds, asymptotic and probabilistic analysis, worst case and average case behavior. Correctness and complexity. *Quantitative GEP requirement.*

450. PROGRAMMING INTERNSHIP THREE OR SIX CREDITS

Prerequisite: CSC 202, or equivalent. A program of work and study in which the student is accepted as a programming trainee by a local industry. Pass/ fail grading.

460. DATA PROCESSING INTERNSHIP THREE OR SIX CREDITS

Prerequisite: CSC 450, or equivalent. A program of work and study in which the student is accepted as an apprentice in data processing by a local industry. She is expected to be a productive member of the data processing staff and have some programming responsibilities. Pass/fail grading.

***490. DIRECTED INDEPENDENT STUDY IN SPECIAL TOPICS/ONE TO THREE CREDITS**

Prerequisite: Consent of the instructor and the department chair. Intensive independent study of a topic in computer science which is not in the regular curriculum. This study will be directed by a cooperating faculty member. May be repeated for credit. Offered on demand. *Quantitative GEP requirement depending on topic.*

ENGINEERING FUNDAMENTALS OF ENGINEERING ANALYSIS/ FOUR CREDITS

Major. Engineers are creative problem solvers. They apply various aspects of math and the physical sciences to resolve technical issues, taking into account a wide range of specifications. They are frequently asked to lead or be part of multidisciplinary teams where good communication skills are essential. The objectives of this course are to: introduce students to engineering analysis and design techniques; introduce the teamwork approach to engineering, and to let students work on engineering type problems in a team setting.

Converse Clemson Dual-Degree Program Students enrolled in a liberal arts or science program at Converse who wish to prepare for a career in engineering may, upon successful completion of an approved three- year pre-engineering curriculum, transfer to Clemson University to complete requirements for the Bachelor of Science degree in an engineering curriculum from Clemson and the Bachelor of Arts (or Science) degree from Converse. The College of Engineering and Science at Clemson recommends a program of pre-engineering study to include the general education courses required by an engineering curriculum. The details of the program and the understanding are as follows:

During the first three terms at Converse, the student participating in the pre-engineering program must complete and send to the Associate Dean of the College of Engineering and Science at Clemson University the form "Intention to Pursue the Dual Degree Program at Clemson University." The Associate Dean at Clemson will appoint an academic advisor for the student and will forward the name and address of the appointed advisor to the student and to the Converse pre-engineering program director.

A three-year pre-engineering program of study will be developed by the Converse faculty in consultation with the Clemson Associate Dean of Engineering and Science from courses offered at Converse. This program of study shall include the general education courses required by Converse and by the engineering curricula at Clemson. A list of basic course requirements recommended by Clemson may be obtained from the pre-engineering program director. However, the specific course requirements to best prepare and facilitate progress toward graduation varies with engineering major. Specific pre- engineering programs

recommended for various Clemson engineering majors are available at www.clemson.edu/ces/psu/trans_dual.html.

The total study program at Converse shall include a minimum of 90 semester hours. Dual-degree candidates shall complete all basic requirements at Converse for the Bachelor of Arts or the Bachelor of Science degree before transfer to Clemson.

The student will apply to the Clemson University Office of Admissions after completion of the second academic year at Converse. A student with grades no lower than "C" in all course in the dual education program, and a cumulative grade point average of at least 2.7/4.0, is assured of admission into the Clemson engineering program of her choice. Students not meeting these requirements will be considered for admission under Clemson's general transfer student admissions standards. Prior to enrollment at Clemson, the student must be certified by the Converse College academic official as having satisfactorily completed the academic requirements of Converse as stated above.

Credit for courses in the approved pre- engineering program at Converse College and passed with a grade of "C" or higher will be transferred to Clemson University. It shall be the joint responsibility of the Clemson University and Converse College academic advisors to coordinate the transfer equivalency of the Clemson and Converse courses in the pre- engineering program.

Upon completion of an engineering curriculum at Clemson University, the student will be awarded a Bachelor of Science degree in an engineering discipline from Clemson. Converse students enrolled in this program will receive their Converse Bachelor of Arts or Bachelor of Science degree after completing a minimum of 90 hours of study at Converse, a total of 120 hours of study combined at Converse and Clemson, and the General Education and major program requirements of Converse as specified by Converse. The student must apply to the Converse College Registrar for her diploma.

Converse College will provide academic advising to assist students in the pre-engineering program with all matters related to their transfer to Clemson University. The Associate Dean of Engineering and Science, or duly appointed representative, at Clemson University will cooperate in the advising of these students. While advice and counsel will be offered, the final responsibility with regard to transfer remains with the student.

Pre-engineering students at Converse will be encouraged to attend summer school at Clemson (or another engineering college) and take certain basic engineering courses in order to ease the transition into engineering coursework and facilitate timely completion of the engineering program. A list of recommended courses for each Clemson University engineering program is maintained at www.clemson.edu/ces/psu/trans_dual.html.

Conferences between the Clemson University engineering and Converse College pre- engineering advisors will be held regularly to review the curricula and all matters related to the dual-degree agreement. Dual-degree candidates from Converse College are eligible to seek Bachelor of Science degree in the following majors at Clemson University: Biosystems Engineering, Computer Engineering, Chemical Engineering, Electrical Engineering, Ceramic and Materials Engineering, Industrial Engineering, Civil Engineering and Mechanical Engineering.

DEPARTMENT OF PSYCHOLOGY

RICHARD KEEN, chair, JANET R. LEFRANCIS, MARIE LePAGE, SHANNON MARTIN, MONICA McCOY, MARGARET MOORE, CHRISTOPHER VARNON

MISSION

The mission of the Department of Psychology is to teach students the empirical, conceptual, and theoretical approaches to understanding animal and human behavior. Further, we strive to develop students who are competent producers and critical consumers of psychological research. Finally, it is our goal to graduate students who are skilled in the ability to communicate effectively, both orally and in writing, about the field.

STUDENT LEARNING OUTCOMES:

- 1. Students will analyze and evaluate the procedures of experimental design and statistical analysis.
- 2. Students will be able to summarize the history of the discipline.
- 3. Students will be able to apply the principles of operant and respondent conditioning to animal and human behavior.
- 4. Students will be able to apply the major theories in psychology to identify normal | and abnormal behavior.
- 5. Students will write effectively in APA (American Psychological Association) style.

Students planning to major in psychology should declare the major by late in the spring of the sophomore year. The major is a two-year program of study involving prerequisites among several of the core courses. Majors are expected to stand the Area Concentration Achievement Tests in Psychology in the spring of the senior year. This is done as part of the College assessment program. The fee for the test is paid by the College.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total	49-52 hours

Graduation requirements but not a separate course:

- First Year Seminar
- Writing Intensive
- Non-European/non-Anglophone course Capstone experience.

For more information see the GEP requirements in this catalog .

Major and Minor Calculation for the Department of Psychology

In order to earn a minor or a major in psychology, students must have a minimum GPA of 2.0 across all of their psychology courses.

Minor and major GPAs are based on the grades earned in all psychology classes taken at Converse College.

Transfer credits from other institutions do not figure into the required calculation for minor or major GPAs.

The major must consist of at least 31 credit hours.

Required Courses:

PSY 100: General Psychology	3 hours
-----------------------------------	---------

PSY 233: Psychology of Learning.....	4 hours
PSY 310: Statistics and Experimental Design I.....	3 hours
PSY 311: Statistics and Experimental Design II.....	3 hours
PSY 405: History and Philosophy of Psychology.....	3 hours
PSY 480: Psychology Seminar.....	3 hours
One of the following clinical courses:	3 hours
PSY 201: Psychology of Relationship PSY 204: Abnormal Psychology	
PSY 211: Behavior Modification	
PSY 410: Counseling and Psychotherapy Additional Psychology Electives.....	9 hours
TOTAL HOURS FOR BACHELOR OF ARTS WITH A PSYCHOLOGY MAJOR.....	31 hours

THE PSYCHOLOGY MINOR

The minor must consist of at least 21 credit hours.

Required Courses:

PSY 100: General Psychology	3 hours
PSY 310: Statistics and Experimental Design I.....	3 hours
PSY 311: Statistics and Experimental Design II.....	3 hours
PSY 405: History and Philosophy of Psychology.....	3 hours
One of the following clinical courses:	3 hours
PSY 201: Psychology of Relationship	
PSY 204: Abnormal Psychology	
PSY 211: Behavior Modification	
PSY 410: Counseling and Psychotherapy Additional Psychology Electives.....	6 hours
Total Hours for the Psychology Minor.....	21 hours

Students preparing for graduate study are advised to enroll in as many psychology courses as College regulations will permit.

COURSES OF INSTRUCTION

*100. GENERAL PSYCHOLOGY/ THREE CREDITS

GEP credit. A survey of the areas which define psychology. Special emphasis will be given to conditioning phenomena. Offered Fall and Spring Terms.

*125. FIRST- YEAR SEMINAR/THREE CREDITS

GEP First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first- year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common course number (except for designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are required elements of the course.

* 149. PSYCHOLOGY IN THE MOVIES: ROOTING FOR THE BAD GUY/ FOUR CREDITS

GEP, Major, Minor, Elective credit. The purpose of this course is to explore potential psychological phenomena that may underlie people's willingness to root for the bad guy (or bad behaviors) in popular culture (e.g., movies, TV, books, etc.) Students will learn about the theoretical and empirical basis of these phenomena and then determine how these may be in effect in movies and television shows.

*150. SPECIAL TOPICS IN PSYCHOLOGY/ ONE TO FOUR CREDITS

GEP, Major, Minor, Elective credit. Selected topics in psychology. The topics in this course will vary depending on the available faculty and the interest of the students.

*199H. FRESHMAN HONORS SEMINAR/ THREE CREDITS

GEP credit. A study of a selected subject within the discipline which will vary from term to term. The course is intended to encourage student participation in the intellectual process through class discussion, structured experiences, and the writing of short papers. Offered periodically in rotation with seminars in other disciplines.

204. ABNORMAL PSYCHOLOGY/ THREE CREDITS

Major, Minor, Elective credit. Prerequisite: PSY 100. A study of the changing meanings of the concept of abnormal behavior and the accompanying changes in methods of treatment. Offered Fall and Spring Terms.

211. BEHAVIOR MODIFICATION/ THREE CREDITS

Major, Minor, Elective credit. Prerequisite: PSY100 or the permission of the instructor. A study of the effects of operant and respondent conditioning in changing and influencing human behavior. Students will complete a project in which they apply the principles to change some aspect of their own behavior. Offered Fall Term.

231. SOCIAL PSYCHOLOGY/THREE CREDITS

Major, Minor, Elective credit. A course designed to investigate the manner in which the behavior, feelings, and thoughts of one individual are influenced and determined by the behavior and/ or characteristics of others. Selected topics include attraction, social influence, attitudes, aggression and violence, altruism, sexual behavior, group influences, and person perception. Offered in alternate years. Spring Term.

232. PSYCHOLOGY IN THE WORKPLACE/ THREE CREDITS

Major, Minor, Elective credit. This course is designed to introduce students to methods of managing behavior in the workplace. Specifically, students will learn to apply behavioral principles derived from the laboratory to all levels of performance in the organization. Topics to be covered include screening job applicants, on- the-job training, assessment of work performance, and methods of providing performance feedback to workers. Offered in alternate years. Fall Term.

233. PSYCHOLOGY OF LEARNING/ FOUR CREDITS

DEPARTMENT OF RELIGION AND PHILOSOPHY

KEVIN DeLAPP, *chair*, JEFFREY H. BARKER, SHERRY FOHR

The study of religion and philosophy provides a means for understanding human history, experience, and society through the examination of religious and philosophical traditions and other forms of meaning-making. Students are challenged to reflect upon broad questions of human society and culture, as well as personal questions of ethics and responsibility.

Thus, studying religion and philosophy is by nature interdisciplinary and complements the study of other areas of the humanities, arts and sciences. Women's issues and gender analysis are given particular attention and student research is emphasized.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101	3 hours
Language and Culture	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours
Total	49-52 hours

Graduation requirements but not a separate course:

First Year Seminar

Writing Intensive course

Non-European/non-Anglophone course Capstone experience.

For more information see GEP requirements in this catalog.

THE PHILOSOPHY MAJOR

The Department of Religion and Philosophy offers a Bachelor of Arts degree with a major in philosophy. Students majoring in philosophy should develop some knowledge of the history and current state of the discipline, a grasp of representative philosophical issues and ways of dealing with them, a capacity to apply philosophical methods to intellectual problems, and a sense of how philosophy bears on other disciplines and on human life more generally. Studies leading to a philosophy major should also develop a critical mind, a balance of analytic and interpretive abilities, and a capacity for the imaginative development of abstract formulations and their concrete applications.

STUDENT LEARNING OUTCOMES

1. Demonstrate a well-developed ability to make and recognize conceptual definitions and distinctions and be capable of identifying assumptions (explicit or otherwise), conclusions, and inferences in both formal and informal arguments.
2. Creatively and charitably juxtapose different perspectives.
3. Engage in professional research at the level of an advanced undergraduate in a way that effectively communicates their ideas.
4. Recognize and negotiate at an intermediate level major debates and theoretic positions in academic philosophy.
5. Proficiently integrate famous epochs, movements, and individuals within the history of philosophy.
6. Accurately contextualize an individual thinker within his or her cultural and historical milieu, and develop sensitivity to the methods, assumptions, and perspectives of different societies.

Major and Minor GPA calculation for Bachelor of Arts in Philosophy

To earn a major or minor in philosophy, students must have a minimum GPA of 2.0 across all of their philosophy courses. Minor and major GPAs are based on the grades earned in all PHI courses that count in the Converse GPA. Transfer credits from other institutions do not figure into the calculation for major

or minor GPAs; approved philosophy courses taken at Wofford do count within the major and minor GPA, under the Converse-Wofford program.

The major consists of 30 credit hours and the successful completion of the following courses:

One course in logic or critical thinking.....	3 hours
Two courses in the history of philosophy.....	6 hours
One course in ethics or value theory	3 hours
Three additional courses at any level	9 hours
Two additional courses at the 300 or 400-level.....	6 hours
PHI 400: Senior Capstone	3 hours
TOTAL HOURS FOR BACHELOR OF ARTS WITH A PHILOSOPHY MAJOR.....	30 hours

Up to six semester hours in philosophy taken at Wofford may also count toward the major, with the approval of the Program Coordinator. Transfer credit in philosophy from other accredited institutions must be approved by the Office of the Registrar as well as the Program Coordinator.

THE PHILOSOPHY MINOR

The minor is very flexible and can be a profitable complement to any major in the College. Students in religion, English, psychology, and politics will find it especially beneficial. To minor in philosophy, a student must take six courses for a total of 18 credit hours. The minor requirements are as follows:

At least one 200-level course	3 hours
At least one 300-level course	3 hours
Four additional elective courses (any level)	12 hours
Total Hours for Philosophy Minor.....	18 hours

Certain courses offered by other departments in the College, as well as certain philosophy courses offered at Wofford, may count toward the minor. Generally, no more than two such substitutions will be allowed. Courses for the minor program should be selected in consultation with the philosophy adviser.

COURSES OF INSTRUCTION

***100. INTRODUCTION TO LOGIC/ THREE CREDITS**

GEP, Major, Minor, Elective credit. A study of the fundamental principles of correct reasoning directed toward improving reading, writing, speaking, listening and thinking. Assignments may include creation of a philosophy graduate school application, exploration of the nature and industry of philosophy publication, assisting teaching and grading, and /or the preparation of introductory philosophy lectures. Pass/fail grading.

497. HONORS IN PHILOSOPHY/THREE CREDITS

Major credit. Prerequisite: at least 15 hours of major coursework, senior class standing, and approval by the Philosophy program coordinator and instructor. This course is for qualified students pursuing honors in philosophy. (You do not have to be in the Nisbet Honors Program to pursue this.) Students perform independent research and write a thesis under the direction of a philosophy faculty supervisor.

RELIGION

The Department of Religion and Philosophy offers a Bachelor of Arts degree with a major in Religion. The religion graduate is expected to have an appreciation of the diversity of humanity's religious traditions. It is acknowledged that no student will recall all the factual information relating to any religious tradition. What is expected of the religion graduate is that he or she will have enough knowledge to form a general picture of each religious tradition he or she has studied. In addition, the religion graduate is expected to have a broad understanding of the academic study of religion, which stands outside particular religious traditions and studies religions by means of the methods and standards of the secular academy.

STUDENT LEARNING OUTCOMES

1. Interpret religious material and demonstrate how a scholar of religious studies approaches religious phenomena.
2. Conduct primary research by formulating valid research questions, implementing useful research methods, identifying source materials, organizing data, and completing an article-length paper that reflects proper documentation and citation practices.
3. Demonstrate the oral skills to present and defend research conclusions in a presentation before peers.

Major and Minor GPA calculation for Bachelor of Arts in Religion

To earn a major or minor in religion, students must have a minimum GPA of 2.0 across all of their religion courses. Minor and major GPAs are based on the grades earned in all Religion courses (REL) that count in the Converse GPA.

Transfer credits from other institutions do not figure into the calculation for major or minor GPAs; approved religion courses taken at Wofford do count with in the major and minor GPA under the Converse–Wofford program.

A major in religion consists of 30 hours of coursework. The major requires one course (no more than two) at the 100-level; two courses at the 200 level (covering two religious traditions); and two courses at the 300/400-level. Majors must also complete REL 391 or its equivalent in the sophomore or junior year after having completed one 100-level course. Senior majors must complete REL 491. The religion classroom is a locus of learning, but not its limit. Extra- classroom activities that enhance course learning are often offered through department forums, speakers, and field trips, or opportunities for research. Majors are expected to take part in departmental functions and projects whenever possible and are welcomed to participate in departmental decision-making.

With exception of REL 391 and REL 491, religion courses count for GEP credit unless otherwise indicated. Students are encouraged, however, to enroll primarily in 100 and 200-level courses to meet the GEP requirement. The Religion Department will accept six hours of transfer credits (or more at the discretion of the program coordinator) toward the major or minor. No more than six internship hours may be applied toward the major. The Department will normally accept no more than two courses in biblical languages toward the major or minor, although exceptions may be made at the discretion of the religion program coordinator, (especially for students preparing for the ministry and/or seminary).

The rationale for the numbering of courses in religion is as follows:

100-level courses are fundamental courses that;

1. Introduce students to aspects of the study of religion as a humanistic discipline in an academic setting and employ materials from a variety of religious traditions.
2. are skills-oriented courses most suitable for first and second-year students.

200-level courses introduce students to the fundamental history, literature or interpretation of one or more religious traditions. They are more focused than 100 level courses, and yet often cover the breadth of an historical or literary tradition.

300 and 400-level courses are more specific, thematic, often comparative across traditions, focus on a specific aspect of a tradition or traditions, often interdisciplinary and stress the application of methodology to specific problems or issues.

THE RELIGION MINOR

A minor in religion consists of 18 hours of coursework. No more than two 100-level courses count toward the minor. Minors must also take at least two 200-level courses, covering at least two religious traditions. Minors are also encouraged to take part in departmental activities outside of regular course requirement.

THE INTERFAITH STUDIES MINOR

Dr. Sherry Fohr, *curricular director*

Rev. Jason Loscuito, *co-curricular director*

The Interfaith Studies Program is designed to prepare students for interfaith dialogue and cooperation in whatever field they choose for their careers in light of the growing presence of interfaith dynamics in different professional settings. An interfaith minor may be paired with a variety of majors related to fields in which interfaith skills are in demand, such as politics, international affairs, counseling, business, medicine, law, the military, etc. Interfaith dialogue is defined as constructive, positive, and cooperative communication/ interaction between people of different religious traditions and/or spiritual or humanistic beliefs (including those who are not affiliated with a particular religion). Interfaith dialogue may happen between individuals or between institutions. It is often done to promote understanding and acceptance between those of different beliefs (not to adopt others' beliefs), or to engage in reciprocally inspiring relationships with people of various backgrounds. Interfaith cooperation refers to people and/or communities of different faith and non-faith traditions uniting toward social action for the common good. For example, there has been interfaith cooperation toward ending human trafficking and protecting minorities against violent extremism. A minor in the Interfaith Studies program consists of 18 hours of coursework. It is also recommended, but not required, to complete the IFYC (Interfaith Youth Core) student leadership program to the 2.0 level.

Student Learning Outcomes

- A course contributing to one or more of the following learning outcomes, and which also has at least one assignment tied to at least one outcome, may qualify for the Interfaith Studies Program (IFS).
- 1. Develop basic appreciative knowledge of multiple religious and/or spiritual or humanistic traditions.
 - 2. Develop knowledge of theologies/ethics of interfaith cooperation and/or issues in negotiating cultural interactions and conflicts.
 - 3. Demonstrate effective communication and facilitate dialogue by juxtaposing perspectives and holding conflicting beliefs in tension.
 - 4. Demonstrate adept skills in interfaith dialogue among diverse participants, including the ability to navigate differences among participants to foster pluralism.
 - 5. Recognize and explain the ways in which religious traditions and interreligious encounters are embedded within cultural, political, educational, therapeutic, gendered, and/or economic systems.

The following three courses are required to complete the minor. It is strongly recommended that these courses be taken in the order listed below. Another experiential learning course (such as REL356) may be substituted for REL/ATH 406 at the discretion of the Interfaith Studies minor director.

REL 104: World Religions 3 hours
REL 310: Interfaith Cooperation..... 3 hours
REL/ATH 406: Interfaith Field Studies..... 3 hours

The following courses fulfill remaining 9 hours of coursework. The minor requires that at least two of these courses be non-religion courses:

ENG/REL 356: Women in Christian Reformations.....	3 hours
HST 474: The Arab-Israeli Conflict	3 hours
HST/POL/REL470 Islamic and Middle East Politics	3 hours
HST/POL 402 Women's Lives in Asian and African Cultures	3 hours
HST/POL 375 The Vietnam Experience.....	3 hours
MUH 332: Diverse Cultures and their Music.....	3 hours
PHI 125: Cross-Cultural Philosophy.....	3 hours
PHI 205: Biomedical Ethics	3 hours
PHI/REL: 265 Classical Chinese Thought	3 hours
POL 102: Introduction to International Relations	3 hours
REL 341: American Film and Religious Pluralism.....	3 hours
REL 301: Special Topics in Interfaith Studies.....	3 hours
REL 354: Interfaith Internship.....	3 hours
TOTAL HOURS FOR MINOR IN INTERFAITH STUDIES	18 hours

COURSES OF INSTRUCTION

- *100. INTRODUCTION TO RELIGION/ THREE CREDITS
GEP, Major, Minor, Elective credit. This course is an introductory study of human religious beliefs and practices, including ritual, myth, symbol, and the sacred. The application of these concepts to the contemporary world is emphasized.

THE IDEAL EDUCATOR

A single conceptual framework guides the Professional Education Unit at Converse College. The Unit's framework is built on the premise that its mission is to prepare candidates for their roles as educators to become The Ideal Educator. This "Ideal" is the guiding concept for program design in each of the Unit's programs.

The conceptual framework serves as the basis for course design, clinical practice, and assessment for all programs. The framework insures a relationship among curriculum, instruction, field experiences, clinical practice, and assessment across programs. The framework is shared with the professional community, and input from those stakeholders is a part of the decision-making process for programs.

The Unit's mission, therefore, is to prepare educators who will contribute to the development of society and the individual. The college philosophy is reflected in the framework as Converse prepares candidates through opportunities to experience excellent teaching and advising, to use effective technology tools, to experience the workplace through clinical practice, and to engage in collaborative relationships with P-12 schools and their communities.

The Conceptual Framework is based on the Founder's Ideal, in which Dexter Edgar Converse said his desire was that Converse students "may be enabled to see clearly, decide wisely, and to act justly." Those three ideas are at the heart of the Conceptual Framework and guide instruction in all Converse professional education courses, both undergraduate and graduate. These ideas define our concept of The Ideal Educator.

The Institutional Standards

Professional education courses and experiences, combined with liberal arts courses, promote the acquisition of knowledge, skills, and dispositions essential for The Ideal Educator. These learning outcomes embody the following "Institutional Standards" that the instructional program meets.

The Ideal Educator:

1. Demonstrates knowledge of and respect for individual differences by differentiating instruction for the diverse needs of all learners.
2. Demonstrates knowledge of and competence in innovative instructional strategies.
3. Demonstrates knowledge of content and standards by integrating them into planning and instruction.
4. Demonstrates knowledge of technology and the value of its use by integrating it into a variety of areas.
5. Demonstrates knowledge of and competence in assessment and evaluation of students, instruction, and self through the utilization of informal and formal methods.
6. Demonstrates skills in management.
7. Demonstrates a positive attitude toward professionalism.

The Converse College Department of Education is the central undergraduate home for teacher education programs in Education. The Department of Education offers the Bachelor of Arts degree in the following teacher education programs: art (PK– 12), early childhood (PK–3), elementary (2–6), comprehensive special education (PK–12), deaf and hard of hearing (PK–12), intellectual disabilities (PK–12), learning disabilities (PK–12), English (9–12), mathematics (9– 12), science (biology or chemistry) (9–12), and social studies (9–12).

Bachelor of Music degree in music education (choral and instrumental) (PK–12), resides in the Petrie School of Music. This degree has a specific course of study. Details are in the Petrie School of Music Student Handbook and the Undergraduate Catalog. The Department of Art and Design offers the Bachelor of Arts in Art Education (PK-12). Details are in the Undergraduate Catalog. Full- time Converse faculty members teach a majority of the education courses in each program. Students interested in teaching as a career may complete one or more of the programs described in this section. Students who fulfill the requirements of

one or more of these programs can meet the certification requirements for teachers in South Carolina and in several other states. Those who wish to teach on the secondary level complete a 30-hour minor (32 for science teachers) in secondary education to complement appropriate liberal arts major.

The teacher education certification program prepares teacher candidates to become well-qualified teachers and licensed professionals who possess knowledge and skills in innovative teaching methods and research-based practice. Candidates follow the teacher education program as outlined in the Teacher Education Handbook found on the Converse College website. Student teaching is the capstone experience for all teacher education programs.

All education majors must take the CORE PRAXIS (or have qualifying SAT/ACT scores) and PRAXIS II examinations as well as the Principles of Learning and Teaching examination before graduation.

ADMISSION TO TEACHER EDUCATION

Teacher candidates should be familiar with the department website that contains descriptions of programs, The Teacher Education Handbook, the Clinical Experience Handbook, the Student Teaching Handbook, important details, policies and announcements.

Apply for admission to the Teacher Education Admission Program after completion of EDU360, Introduction to Education, and after you have met all of the following criteria:

1. Completion of 45 hours of coursework
2. 2.75 minimum cumulative GPA
3. Passing grade for first major clinical in their major program
4. Passing scores on the Core Praxis exams (reading, writing and math) or have qualifying SAT or ACT scores
5. Completion of required items on the Student Worklist in Livetext: (Livetext subscription, SLED check, Negative TB test, Negative Sex Offender Registry, Travel Form, Blood Borne Pathogens Test, Education Economic Development Test, and Phase II Interview Questions and Answers (within the same semester as EDU360)
6. Secondary Education minor candidates require 3.0 in content area courses.
7. Favorable faculty survey comments
8. Pass TED interview with committee
9. Statement of Disclosure-prior felony misdemeanor convictions

Resources are available to help a student prepare for the CORE PRAXIS exams. Admission to the Teacher Education Program is a prerequisite to enrolling in Benchmark II courses. For transfer students, Converse uses all attempted course work prior to enrollment at Converse and all course work at Converse to determine cumulative GPA. Converse will cancel a failing grade at another institution if a student retakes and passes a comparable course at Converse, and if the Registrar approves. Such cancellation makes the policy for transfers compatible with the Converse policy for retaking courses.

During the senior year, students are eligible for a placement in student teaching. A student planning to student teach in the Fall Term of her senior year must submit her request for placement by February 15 of the junior year. A student planning to student teach in the Spring Term of her senior year must submit her request for placement by June 15 of the senior year. Only those students currently accepted in a degree program can be eligible for student teaching. Beginning in Fall 2020, in order to be placed for student teaching, teacher candidates must pass the state required PRAXIS Subject Assessments in the area of student teaching.

Other requirements prior to student teaching include an application for certification to the South Carolina State Department of Education and a FBI background check. Details about this application and other requirements are available on the department webpage at www.converse.edu, on the South Carolina State Department website: <https://ed.sc.gov> and from departmental staff. Generally, the applications for certification are due to the Education Department by February 15, a year in advance of Fall Term student teaching, and by June 15, a year in advance of Spring Term student teaching. Passing scores on both the CORE PRAXIS and the appropriate PRAXIS Subject Assessments are among the requirements for certification. Because test requirements change, students should consult the State Department website: <https://ed.sc.gov> to be sure they register for the appropriate PRAXIS II test(s). Students must request that the Educational Testing Service submit their scores for CORE PRAXIS and PRAXIS Subject Assessments both to Converse and to the South Carolina State Department of Education.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts, Bachelor of Science and Bachelor of Fine Arts.

ENG 101 3 hours Language and Culture.....	9 hours
MTH 108 or higher	3 hours
One course designated as Quantitative reasoning	3-4 hours
Health and Well-being Wellness	2 hours
Activity course.....	1-2 hours
Humanities.....	6 hours
Literature.....	3 hours
Fine Arts	6 hours
Natural Science	7-8 hours
Social Science	6 hours

Graduation requirements but not a separate course:

First Year Seminar

Writing Intensive course

Non-European/non-Anglophone course Capstone experience.

For more information see the GEP requirements in this catalog.

Course work in all major and minor teacher education programs includes instruction in the use of computer technology and software, SC Academic Standards and SC Safe School Climate Act. Before student teaching, students must complete two sequential, incremental clinical experiences and SCT54.0 training. The two clinical experiences include at least 100 hours of participation. Teacher candidates complete work and projects throughout their major coursework aligned with the South Carolina EXPANDED ADEPT, including the Teacher Work Sample. Beginning in Fall 2020, in order to be placed for student teaching, teacher candidates must pass the state required PRAXIS Subject Assessments in the area of student teaching. All states require completion of a program of general education for teacher certification. The requirements of these programs vary from state to state. The Converse GEP includes many of the requirements of other states. However, if a student wants to meet the requirements of a specific state, she may need to make certain choices in the GEP. The student should write directly to the state department of education for complete and up-to-date information about teacher certification in states in which she may wish to teach.

Required GPA for a Bachelor of Arts degree within all majors in the Department of Education.

In order to graduate, teacher candidates must have a Converse GPA of at least 2.0 in the major courses listed on their Program Worksheets and in any completed electives with prefixes of EDU and SED.

BACHELOR OF ARTS WITH AN EARLY CHILDHOOD EDUCATION MAJOR

The early childhood major is a program for students interested in working with children in pre-kindergarten through third grade. This program leads to PK–3 certification in South Carolina. The early childhood major combines observations of young children, instructional methodology, program planning for PK–3 children, and information about the child's social, emotional, physical, and intellectual development. Beginning in Fall 2020, all early childhood majors are required to pass the PRAXIS Subject Assessments required for certification in their area of student teaching in order to be placed in a student teaching setting. Teacher candidates should verify the test code numbers of the South Carolina requirement PRAXIS requirements, because the codes are subject to change.

STUDENT LEARNING OUTCOMES

1. Candidates will analyze child development and learning.
2. Candidates will examine family and community relationships.
3. Candidates will observe, document, and assess to support young children and families.
4. Candidates will employ developmentally effective approaches.
5. Candidates will use content knowledge to build meaningful curriculum.

Required Courses: Teacher candidates may take courses only in Benchmark I before being admitted to the Teacher Education Program. See the departmental web page at converse.edu for a list of Benchmark courses and other important information.

SECONDARY EDUCATION MINOR

The program in secondary education gives teacher candidates of grades 9–12 professional competence and allows them to meet varying certification requirements. A student may complete secondary education as a minor by taking a sequence of 30 (32 for science teachers) hours of approved courses in education and psychology. The secondary education teacher candidate must major in an appropriate academic area corresponding with the secondary school curriculum, i.e., biology, chemistry, English, mathematics, and for prospective social studies teacher candidates, either politics or history. Secondary education minors must complete the academic major requirements, all admission requirements for the Teacher Education Program, and the minor in education. Students interested in secondary teaching should declare their minor and meet with an education advisor in the Department of Education during their sophomore year. They must select a teaching area and follow a prescribed sequence of courses necessary for graduation and teacher certification. Beginning in Fall 2020, all teacher candidates are required to pass the PRAXIS Subject Assessments required for certification in their area of student teaching in order to be placed in a student teaching setting. All teacher candidates pursuing certification in secondary education must meet with the designated minor adviser in the pertinent certification area. Teacher candidates should verify the test code numbers of the South Carolina requirement PRAXIS requirements, because the codes are subject to change.

BACHELOR OF ARTS WITH A SPECIAL EDUCATION: DEAF AND HARD OF HEARING MAJOR

This program is designed to offer comprehensive course work for educating students who are deaf and hard of hearing in grades PK–12. The major includes the courses required for add-on certification in elementary education (grades 2–6). Student teaching is arranged at the South Carolina School for the Deaf and the Blind or in deaf and hard of hearing classes in area public schools. Beginning in Fall 2020, all special education: deaf and hard of hearing majors are required to pass the PRAXIS Subject Assessments required for certification in Deaf and Hard of Hearing, in order to be placed in a student teaching setting. Teacher candidates should verify the test code numbers of the South Carolina requirement PRAXIS requirements, because the codes are subject to change.

The Deaf and Hard of Hearing Program, along with the South Carolina School for the Deaf and the Blind and the Spartanburg County Hearing Impaired Program, have a Professional Development School partnership. The purpose of this collaborative agreement is to provide opportunities for sharing joint responsibility for pre- service teacher preparation. Faculty from the partnership programs assist in developing, planning, and teaching selected courses and classes, serve as consultants and mentors, and participate in planning and reviewing the curriculum.

STUDENT LEARNING OUTCOMES

- 1. Candidates create safe, inclusive, and culturally responsive learning environments so deaf and hard of hearing students can develop emotional well-being, positive social interactions, and self determination.
- 2. Candidates analyze how deafness interacts with development and learning in order to select, adapt, and use a repertoire of evidence based instructional strategies, including specialized curricula, to advance active learning for deaf and hard of hearing students.
- 3. Candidates analyze multiple assessment and data-sources when making educational decisions for deaf or hard of hearing students.
- 4. Candidates collaborate with families, other educators, related service providers, students, and personnel from community agencies in professional and culturally responsive ways to address the needs of deaf and hard of hearing students.

THE AMERICA SIGN LANGUAGE (ASL) MINOR

This minor provides students with a foundation in ASL along with opportunities to understand topics related to Deaf History and Culture. Students also have opportunities throughout all of the courses to interact with the local Deaf Community (at the South Carolina School for the Deaf and the Blind or in the community setting). The skills learned in this minor could benefit students who plan to work with members of the Deaf Community in a business, vocations, or residential school setting.

A Minor in American Sign Language consists of 18 credit hours:

- SED 385: ASL I
 - SED 390: ASL II
 - SED 391: ASL III
 - SED 392: ASL IV
 - SED 394: ASL V
 - SED 265: Deaf History and Culture
- Students must complete 18 credit hours for the minor.

BACHELOR OF ARTS: CHILD AND FAMILY STUDIES

The Child and Family Studies major produces well-qualified graduates interested in working with organizations for the betterment of children and families in their communities. The major allows students who are interested in working with children and families to gain knowledge and experiences conducive to future employment in many private and public organizations with a vision of improving life for all citizens. Students wishing to pursue the major should meet with the program director as soon as possible to plan their program of study. Although the major is housed within the Education Department, graduates of the major do not complete the requirements for state teacher certification upon graduation.

076. DEVELOPMENTAL/REMEDIAL WRITING/ NO CREDIT

This remedial course prepares the student for writing a good composition. The student will complete a pre-test and post-test of composition proficiency. The students/instructors will use a four-point holistic scale, which includes the specific skills of composing, sentence formation, usage, and mechanics; to score compositions. The Writing Center is available to aid all students preparing for the writing portion of the CORE PRAXIS exam at any time on an informal basis. Pass/fail grading. *Special fee.*

77. DEVELOPMENTAL/REMEDIAL READING/ NO CREDIT

This remedial course aids the student in developing literal and inferential comprehension skills, reference usage skills, and contextual word meaning skills. The student will complete both a pre-test and a post-test of reading proficiency. Pass/ fail grading. *Special fee.*

101. CLINICAL I: READING/ONE HOUR CREDIT

Major credit. Prerequisite for all education students: PRAXIS CORE: Passing scores in reading, writing, and math; Must be taken concurrently with EDU301 or EDU307. This supervised clinical is the first of two sequential, incremental clinical experiences for special education and elementary (40 hours required), and early childhood (50 hours required) majors. Students work with an individual child or small group, assess and plan instruction in the area of reading, assist in building the child's self-esteem and confidence, aid in the development of thinking skills, and gain experience, practice, and training in the application of theory and skills when working with students. The candidates will give at least three pre- and post-assessments to determine the impact of student learning from the beginning of the clinical experience to the end. They will also teach a minimum of five lessons to an individual student and/or small group of students. Pass/Fail Grading. Offered Fall and Spring. Students must sign up for the clinical using www.tinyurl.com/clinicals

102. CLINICAL II: EARLY CHILDHOOD EDUCATION/ THREE CREDITS

Prerequisites: EDU 101. Admission to Teacher Education. This supervised 50-hour clinical is the second of two sequential, incremental clinical experiences for early childhood majors. Students work in a public school setting with a partnership school and observe, manage, plan for and instruct a large group, as opposed to an individual child. The course gives students the experience, practice, and training in technology, arts integration, and classroom management and the application of theory and skills acquired in core courses in early childhood education. This practicum builds on the experiences in EDU 101. All placements are in a partnership school. No placement requests are allowed for this clinical. Offered Fall and Spring Terms.

103. CLINICAL II: ELEMENTARY EDUCATION/ THREE CREDITS

Prerequisite: EDU101. This supervised 50-hour practicum graded on a pass/fail basis is the second of two sequential, incremental clinical experiences required of elementary majors. Students work in a public school setting and observe, manage, plan for, and instruct a large group, as opposed to an individual child. The practicum gives students the experience, practice, and training in the application of theory and skills in the classroom acquired in core courses in elementary education. This practicum builds on the experiences in EDU101. Sign-up deadlines are involved. Pass/Fail grading. Offered Fall and Spring terms.

*125. FRESHMAN YEAR SEMINAR: LEARNING IN AMERICA/THREE CREDITS

GEP First-Year Seminars constitute a common and academically significant experience in a student's first year at Converse College. All incoming first- year students are required to take a 3-credit hour FYS in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with the common number (except for designated honors sections). Each FYS course is designed to have no more than 18 students and counts in some designated category of the General Education Program. Strong writing and speaking components are required of the course.

150. TEACHING PEDAGOGY THROUGH FILM/ THREE CREDITS

Students will view a variety of films and TV episodes and read articles about learning, teaching, and motivation as they contemplate how personal beliefs and experiences in education have shaped or continue to influence their desire to learn. *GEP Social Sciences.*

201. CLINICAL I: SECONDARY/THREE CREDITS

Minor credit. Prerequisite: EDU 360; Co-requisites: EDU 331, EDU 333, EDU 334 or EDU 335. Required of all prospective secondary teachers. The course is for prospective secondary school teachers in all academic areas. Students observe and participate in the instructional program of a secondary school under the supervision of a classroom teacher and a college supervisor. Requirements include seminars, assigned readings, and the preparation of a journal to supplement the field experiences. Faculty advisers can supply sign-up deadlines for each term. Pass/fail grading. Offered Spring Term.

202. CLINICAL II: CONTENT READING/ NO CREDIT

Prerequisites: EDU 201. Admission to Teacher education. Co-requisite: EDU 425. This supervised clinical is the second of two required sequential, incremental clinical experiences for secondary education majors. In a classroom setting appropriate to their major, teacher candidates focus on such topics as self-esteem, thinking skills, and vocabulary development. Faculty advisers can supply sign-up deadlines for each term. Pass/fail grading. Offered in Fall Term.

203. TECHNOLOGY IN EDUCATION/ THREE CREDITS

Elective credit. The course includes webquest construction, web page construction, use of the Promethean Board and other technology projects students may need. Additionally, the course will include a service learning project with the elderly.

301. READING AND LANGUAGE ARTS IN THE ELEMENTARY CLASSROOM/THREE CREDITS

Major credit. Prerequisites for all education students: EDU360; PRAXIS CORE: Passing scores in reading, writing, and math; EDU309 (except for special education majors). Co-requisite EDU101. This course will equip the elementary candidate with the tools necessary to diagnose and remediate the struggling readers in the general education classroom.

Along with analysis of various assessment data, the candidate will be involved with the study of the language arts; theoretical models for literacy development and learning; and the foundations of reading behaviors and stages of reading development.

302. K-6 CLASSROOM MANAGEMENT, DISCIPLINE, AND LAW/THREE CREDIT

Elective Course: Prerequisite Acceptance into Teacher Education; EDU372. This course offers effective ideas, strategies and tools for classroom management and discipline in the classroom that are within the guidelines of school law. Using literature from today's educational leaders, students will examine and evaluate developmentally appropriate best practices of effective classroom management and discipline for grades K-6 with emphasis on behavioral norms and differences, physical space and organization, safety, and time and work management. Techniques will be explored as a means to minimizing behavior problems and establishing a productive and responsible classroom. Candidates will also be introduced to common policies and procedures for student conduct based on the law. Role play and participation in class will be a part of the course grade. Offered Jan Term and Summer 1A

303. MATHEMATICS FOR THE ELEMENTARY CHILD/ THREE CREDITS

Major credit. Content includes systems of numeration and place value, fundamental operations of arithmetic, measurement, informal geometry, basic algebra, methods, and materials of elementary math. Students analyze Tactics for Thinking, curriculum frameworks, SC Mathematics Standards, NCTM Curriculum and Evaluation Standards, and school-to-work transition. This course is a prerequisite to EDU 412. Offered Fall and Spring Terms.

305. BEHAVIOR AND DEVELOPMENT OF THE YOUNG CHILD/THREE CREDITS

Major credit for Early Childhood. This course combines elements of learning theory and child growth and development with actual observation of children. Special topics include self-esteem and confidence, multi-ethnic and pluralistic preschool settings, and principles of tests and measurements. This course covers the social, physical, emotional, and intellectual development of the child from birth to preadolescence and gives special emphasis to language acquisition and pre-operational thought. The course requires observation of children and is a prerequisite to EDU412b. Offered Fall Term.

307. READING AND LANGUAGE IN THE EARLY CHILDHOOD CLASSROOM/ THREE CREDITS

Major credit. Prerequisites for all education students: EDU360; PRAXIS CORE: Passing scores in reading, writing, and math; EDU309 (except for special education majors). Co-requisite EDU101. This course will equip the early childhood candidate with the tools necessary to diagnose and remediate the struggling readers in the general education classroom. Along with analysis of various assessment data, the candidate will be involved with the study of the language arts; theoretical models for literacy development and learning; and the foundations of reading behaviors and stages of reading development.

309. LITERATURE FOR THE CHILD/ THREE CREDITS

Major credit. This course acquaints the student with traditional and modern literature for children, interests of children of different age levels, criteria for evaluating children's books, creative writing, and methods of integrating children's literature into the curriculum. *This course is a prerequisite to EDU 412a and 412b.*

THE SCHOOL OF THE ARTS

BOONE HOPKINS, *dean*

MISSION STATEMENT

The School of the Arts at Converse College inspires, teaches, and trains artists by fostering communication, creativity and scholarship, and nurtures appreciation for the visual and performing arts.

CORE VALUES

The School of the Arts (SOA) at Converse College values and believes in the Arts as a path to: Passion, Inspiration, Imagination, Discovery, Expression, Transformation, and Joy.

ARTS FOUNDATIONS: CREATIVITY THAT WORKS

The faculty in Art and Design, Theatre and Dance, and the Petrie School of Music train students to be working professionals in the arts. All students in the School of the Arts will take the following interdisciplinary courses in collaboration, personal brand development, and professionalization:

ATM 100: INTERDISCIPLINARY ARTS FOUNDATIONS I/TWO CREDITS

Prerequisite for ATM 200, and all SOA courses at the 300-level or above. An introduction to the commonality that unite all artist/performers across the Arts. Including a look at the creative process, collaboration, and performance; professional aspects of the arts including presentation of self and networking; and then looking for and finding your path through the arts into a successful career.

ATM 200: INTERDISCIPLINARY ARTS FOUNDATIONS II/ONE CREDIT

Prerequisite ATM 100. Prerequisite for all SOA Capstone experiences. To be taken in the second year of study in the School of the Arts, this course builds on the ideas introduced in ATM 100 and looks more deeply at the creative process, collaboration, and artistic creation in all three arts areas. This course will also explore the varied paths artists follow in developing their own career paths, both within the Converse community and beyond.

DEPARTMENT OF ART AND DESIGN

SUSANNE GUNTER, *chair*, ANDREW BLANCHARD, MARY CARLISLE,
NICOLE DE ARMENDI, ANDREA ELLIOTT, MEIRAV GOLDHOUR,
MICHAEL MASSENGALE, ERIN SANDERS, JENA THOMAS, LAURA ZEISLER

MISSION

The mission of the Department of Art and Design is to provide for our students a dynamic visual art and design education that fosters creativity and scholarship, develops skills and nurtures appreciation of the visual arts.

1. To best serve our majors the Department of Art and Design has established the following goals:
2. To provide a comprehensive curriculum that is built upon a strong foundation in studio art, art history, and current trends within the various fields of study.
3. To incorporate critical thinking and creative expression in all areas of study.
4. To provide external educational experiences that enrich the overall learning process.
5. To promote skill proficiency in the use of innovative equipment and techniques.
6. To provide career advisement and guidance for students.

Beyond training the student in the practice of her art, the department also fosters professional development through the inclusion of internships, exhibitions, liberal arts study, and membership in professional organizations. This type of preparation, both aesthetic and practical, best serves Converse students as they prepare for careers in the arts.

DEGREE PROGRAMS AND ACCREDITATIONS

Accredited by the National Association of Schools of Art and Design (NASAD) and the Council for Interior Design Accreditation (CIDA), the Department of Art and Design offers both the Bachelor of Arts degree and the Bachelor of Fine Arts degree. For the BA degree, students may choose a major in art history, art therapy, studio art, or art education. The Bachelor of Fine Arts degree is a content-laden degree in studio art or interior design. Early declaration of a Bachelor of Fine Arts major is required due to the rigorous requirements of the programs. Students with majors in areas other than art may need to consult

the Department of Art and Design chair for guidance in a double major or a minor in art history, studio art, or arts management.

Calculation of GPA for degrees in the Department of Art

The GPA for the Bachelor of Arts with a major of Art Education major is calculated using all required courses for the major. Students must have a minimum GPA of 2.0 in the major to graduate, but must have at least a 2.75 cumulative GPA to enter the Teacher Education Program.

The GPA for the Bachelor of Arts with an Art History major, Art Therapy major, Studio Art major, BFA Studio Art major, and the BFA Interior Design major is calculated using all required courses for the major. The GPA for the Art History minor and Studio Art minor is calculated using all required courses for the minor.

Students must have a minimum GPA of 2.0 in the major or minor to graduate.

MINORS

Minors are offered in art history and studio art, as well as an arts management minor, which is interdisciplinary between art, music, and theatre. The arts management minor is highly recommended for all majors in the School of the Arts. It is particularly useful for BA Studio Art, BA Art History, or BFA Studio Art degree majors. Like all art and design minors, arts management is available to all Converse students. For complete information on the arts management minor, please refer to the section on Interdisciplinary Minors in this catalog.

All students majoring in the Department of Art and Design must take the Senior Seminar in their respective majors, and all majors except art history must take ART 415: Senior Exhibition during their senior year. These courses are designed to assist seniors in developing career preparation skills and in preparation for their senior graduation exhibitions.

The General Education Program is a requirement for all degrees. The requirements listed below are approved for the Bachelor of Arts and Bachelor of Fine Arts in the School of the Arts.

THE BACHELOR OF ARTS DEGREE PROGRAM

Students in the Bachelor of Arts degree program have the option of majors in art history, studio art, art education, or art therapy.

ART EDUCATION

The mission of the Bachelor of Arts in Art Education program is to prepare college students for initial certification in art at the elementary through secondary school levels, and to develop art educators who are also competent artists that exhibit creativity and skill in a variety of studio media.

Upon graduation, the art education major will be able to demonstrate:

1. Competencies in art production in a variety of media, art history, aesthetics, and art criticism.
2. An understanding of art education theory and mastery of teaching including best practices in curriculum development and implementation, instructional strategies and procedures, and assessment techniques.
3. An understanding of artistic styles and principles in all major visual arts media and their relationship to other arts areas and to other content areas including the human, social, economic, and cultural components that give individual communities their identities.

4. The highest qualities and attributes of a professional art educator as they assume the role as an advocate in the field of art education both in and out of the classroom.

STUDENT LEARNING OUTCOMES

1. Students will demonstrate competencies in art production and art history.
2. Students will demonstrate competencies in art education by advancing through the education component benchmarks.
3. Students will articulate verbal and written mastery of an understanding of artistic styles and principles.
4. Students will model the professional components of the field of art education.

In order to become certified in art education (PreK–12) the prospective art teacher must complete the Bachelor of Arts degree with a major in art education. Art Education majors must pass Core Praxis before moving to Benchmark II and the second clinical. ART HISTORY

The mission of the Bachelor of Arts degree in Art History is to provide students with an understanding of visual culture through the ages, a knowledge of the major artists and artworks and their historical context with an emphasis on the West, and the ability to analyze, write and discuss the style, content, theory, and historical context of specific periods and artists.

The major in art history provides students with an understanding of visual culture through lecture and discussion, field trips to museums, internships and travel study opportunities. The art history degree provides a strong liberal arts education and prepares the student for graduate programs in art history as well as entry-level positions in galleries, museums and art auction houses. Students of art history have careers as diverse as managing a private art collection to becoming assistant to the White House art curator.

ART HISTORY MAJOR PROGRAM GOALS:

Upon graduation, the art history major will be able demonstrate:

- 1. A broad understanding art history movements and historical context of significant artworks and artists.
- 2. Critical thinking, research, writing and oral presentation skills with technical abilities to do online research and develop PowerPoint presentations.

STUDENT LEARNING OUTCOMES

- 1. Students will explain art history based on research.
- 2. Students will critically analyze the art by proving a thesis.
- 3. Students will employ oral presentation skills.

The Bachelor of Arts with a major in art history is offered in cooperation with the Department of Art History at Wofford College. Converse art history majors should expect to take at least two art history courses on the Wofford campus. The program requires a total of 36 credit hours.

Students in the art history major are urged to take their electives in such liberal arts areas as philosophy, history, religion, humanities, or literature, and have a strong background in French, Italian, German or Spanish. A double major is a possible option with an art history major.

THE ART HISTORY MINOR

The requirements for a minor in art history consist of 18 credit hours including ART 201–202: Introduction to History of Western Art I and II, plus four additional art history courses in four different subject areas (not including art history travel programs or museum internships).

ART THERAPY

The mission of the art therapy major is to provide a basic overview of the profession of art therapy and a strong preparatory base for graduate study in that field. Within the liberal arts curriculum, art therapy majors will combine elements from the behavioral sciences and the visual arts in a study of theory, methods, and presentation of art materials to stimulate free expression of the creative process within a wide range of treatment settings.

Four art therapy courses prepare students for ART 390: Art Therapy Internship, in a clinical or educational setting. The Internship can be completed either over two semesters of 120 hours for three credits each or over one semester of 240 hours for six credits. This combination of courses provides theory, methods, and hands-on experience for the student interested in the art therapy profession.

A student majoring in art therapy must complete 44 credit hours of coursework in art and art therapy. ART 414: Senior Seminar and ART 415: Senior Exhibition are required. In addition to these 44 credit hours, a student also must complete 15 hours of 200–level or above courses in the Department of Psychology.

ART THERAPY PROGRAM GOALS:

The program seeks to maintain a high percentage of graduates who are accepted into Masters or Ph.D. programs or successfully enter into the workforce in a helping profession. In order to accomplish this end, the Bachelor of Arts in Art Therapy degree program identifies the following primary goals:

- 1. Develop a strong foundation in the use of basic art media including drawing, painting, and ceramics.
- 2. Demonstrate a comprehensive knowledge of the historical and theoretical approaches which contribute to the current trends in art therapy paradigms and the requirements for becoming a credentialed art therapist. This includes psychological, cultural and sociological backgrounds as well as knowledge of art history.
- 3. Demonstrate knowledge of ethical considerations and sensitivity to the creative processes of diverse and vulnerable populations through field experiences, observation, and reporting on these through verbal and written documentation.

STUDENT LEARNING OUTCOMES

- 1. Students will demonstrate a strong foundation in the use of basic art media including drawing, painting and ceramics.
- 2. Students will demonstrate a comprehensive knowledge of the historical and theoretical approaches which contribute to the current trends in art therapy paradigms and the requirements for becoming a credentialed art therapist. (psychological, cultural and sociological backgrounds as well as art history).

BACHELOR OF FINE ARTS DEGREE PROGRAMS

The Bachelor of Fine Arts degree programs are professional degrees comprised of intensive, highly structured courses of study designed to prepare students for careers in the interior design profession, as professional artists, or as preparation for graduate studies.

STUDIO ART

The mission of the Bachelor of Fine Arts Degree provides an exploratory opportunity for students to create with a broad base of media working toward mastery in the studio area(s) of their choice. This professional degree provides students with a studio experience that fosters the development of a personal body of work in concept, theory, and practice.

STUDIO PROGRAM GOALS:

Upon graduation, the Bachelor of Fine Arts with a studio art major will be able to:

1. Produce artwork that successfully utilizes design elements and principles and demonstrates mastery level of their chosen medium/media.
2. Communicate personal concept(s) through a written artist statement, gallery presentation and solo exhibition, and personal website.
3. Reference historic and contemporary art in relationship to their own and other artists' works.

INTERIOR DESIGN

The mission of the interior design program is to produce liberally educated professional designers qualified by their education to enhance the function and quality of interior spaces. Those who complete the requirements of this program will, through their knowledge of interior design principles, practices, and techniques, be able to make contributions to their society's quality of life and productivity. Graduates of the program will be able to apply their knowledge to protect the health, safety, and welfare of the public they serve through their profession.

INTERIOR DESIGN PROGRAM GOALS:

Upon graduation, the interior design major will:

- Combine design theory, creativity and functionalism to develop effective interior solutions.
- Create design solutions featuring human- centric design that responds to user needs and promotes health and well-being.

3. Justify their design decisions through written and verbal statements. Develop entry level design knowledge and skills.

STUDENT LEARNING OUTCOMES

1. Interior design majors will combine design theory, creativity and functionalism to develop effective interior solutions.
2. Interior design majors will create design solutions featuring human-centric design that responds to user needs and promotes health and well-being.
3. Interior design majors will justify their design decisions through written and verbal statements.
4. Interior design majors will utilize their knowledge and skills to complete entry level interior design responsibilities.

The interior design major, consisting of 74 credit hours, provides a professional program directed toward both the residential and commercial aspects of interior design. Course content features the creative design process, design theory, space planning, human-centric design , drawing software, graphics, finishes and furnishings, building systems, lighting, sustainable design, history of interiors, and professional practices. Students are able to document their learning and communicate with professional drawing and presentation formats.

Dedicated studios feature individual work stations with locking storage, computers, printers, print resources, and sample storage. Students use AutoCAD, Revit, SketchUP Pro, Photoshop, InDesign, and Microsoft Office. Students are required to have their laptops with AutoCAD and SketchUP, Podium and the Adobe Creative Suite software. See the computer and software recommendations on our Campus Technology website [http://www.converse.edu/office/campus- technology/computer-recommendations/](http://www.converse.edu/office/campus-technology/computer-recommendations/). Interior design majors interact with professional designers and trade experts on and off campus through a variety of activities. Each interior design major completes a professional interior design work experience and the Center for Career Development supports this graduation requirement. Student memberships in professional organizations are encouraged.

388. GLOBAL PERSPECTIVES IN ART EDUCATION/THREE CREDITS.

GEP, Major, Elective credit. The purpose of this course is to examine various cultures and art from around the world and determine how to promote conceptual understanding of diversity in the K-12 classroom. Students will explore art education using a global lens, design comprehensive units and develop reflective and critical thinking skills. This course is appropriate for the following degree programs: BA Art Education, BA Early Childhood, BA Elementary Education, and BA Special Education. Benchmark II. Meets Non-European/non-anglophone and Writing Intensive Requirements. Lab fee.

412h. DIRECTED STUDENT TEACHING IN ART/ TWELVE CREDITS

Major credit. Beginning in Fall 2020, in order to be placed for student teaching, teacher candidates must pass the state required PRAXIS II exams in the area of student teaching. Students normally take this course, which integrates theory and practice, during the senior year. The 60-day course includes observation, participation, and directed teaching experience in a local public school. The experience requires conferences with the Program Director, College Supervisor and the cooperating teacher, demonstration

of the integration of technology into instruction, and attendance at such required seminars as training sessions, orientation sessions, and other workshops. The College Supervisor visits the student teacher periodically during the semester. Students must request a student teaching placement by October 1 for Spring Term placement in the following year or by March 1 for Fall Term placement in the following year. Pass/fail grading. Offered Fall and Spring Terms. Special fee. Meets the GEP capstone and writing intensive requirements.

499. HONORS THESIS IN ART/THREE CREDITS

Prerequisites: GPA of at least 3.0; permission of the student's major professor (adviser); approval of the Department of Art and Design faculty and other prerequisites as outlined in the Nisbet Honors Guidelines. This course is an elective senior thesis for majors who wish to pursue Honors in an area of studio art, art history, art education or art therapy. The Senior Honors Thesis in art demonstrates the student's ability to do sustained work, conduct systematic research, to organize materials effectively, with the intention of producing an outcome that results in either a series of artworks or research paper as is appropriate to her area.

ART HISTORY

*100. ART APPRECIATION/THREE OR FOUR CREDITS JAN TERM

GEP, Elective credit. An introduction to the visual arts. Introduces the student to the major art movements and artists. Lecture and discussion on the materials, forms, and processes of art with the aim of giving insight into the functions and content of art objects. Course content may vary. May not be applied to major in art.

*125. FIRST-YEAR SEMINAR/THREE CREDITS

GEP First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first-year students are required to take a 3 credit- hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course. May not count as a fine arts GEP requirement if the course is Art 125: 2D Design or Art 125: 3D Design.

*199H. FRESHMAN HONORS SEMINAR/ THREE CREDITS

GEP, Elective credit. A study of a selected subject within the discipline which will vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines.

*200. INTRODUCTION TO ART BEYOND THE WEST / THREE CREDITS

GEP, Major, Minor, Elective credit. This course will provide a broad introduction to traditional non- western art in various regions of the world, including but not limited to Asian, African, and Pre-Columbian art. The purpose and context as well as the style of the art and architecture will be examined. Non-European and non-Anglophone.

*201. INTRODUCTION TO HISTORY OF WESTERN ART I/THREE CREDITS

COURSES OF INSTRUCTION THEATRE

*100. INTRODUCTION TO THEATRE/ THREE CREDITS

GE, Elective credit. This course is designed for anyone interested in theatrical production. Theatre history and theory are covered with an emphasis on the production process. The mounting of one or more plays for Theatre/Converse is an intrinsic part of the course and allows the student to experience first-hand concepts and processes dealt with in lectures and assigned readings. No previous theatre experience is necessary.

*102. SCRIPT ANALYSIS/THREE CREDITS

GE, Major, Minor, Elective credit. This course focuses on contemporary dramatic literature. Emphasis is placed on positioning scripts in historical and theoretical contexts including discourses on how representation makes and challenges identity in performance. Play scripts are analyzed as the foundation documents for the choices made by directors, designers, and actors in the creation of theatrical performances.

*104. INTRODUCTION TO ASIAN THEATRE/THREE CREDITS

GE, Elective credit, non-European/non-anglophone. This course introduces students to various forms of traditional and contemporary theatre as they relate to their native cultures throughout East and Southeast Asia. In addition to exposure to a variety of theatrical forms, students will have the opportunity to explore and experience elements of production methods and performance styles found in theatre forms across India, China, Korea, Japan, and Southeast Asia.

*105. THEATRE AND DANCE STUDY-TRAVEL/ FOUR CREDITS

GE, Major, Minor, Elective credit. This course is designed to provide an intensive look at theatre and dance arts by combining readings and classroom discussions with extended travel to study the theatre and/or dance performance histories of different countries, regions, and cultures, including but not limited to major domestic and international theatrical centers.

110. VOICE AND DICTION/THREE CREDITS Major, Minor, Elective credit. This course is a study of voice production with major emphasis placed on laboratory work designed to help the student develop greater clarity, flexibility, and expressiveness in the speaking voice.

115. ACTING: FUNDAMENTALS/ THREE CREDITS

Major, Minor, Elective credit. This studio course is an introduction to the craft of acting, including training in concentration, movement, imagination, and acting technique. Students will acquire the skills necessary to audition for a role in a theatrical production, including choosing and developing monologue materials and preparing an actor's headshot and resume.

118. VOICE FUNDAMENTALS OF SINGING/ THREE CREDITS

This course will explore the singing of Musical Theatre pieces in a group class setting. Topics include breath, performance anxiety, vocal health, and posture. Classes will be a combination of both lecture and studio vocal work.

120. PUBLIC SPEAKING / THREE CREDITS Elective credit. Through observation, analysis and practice this course explores the processes and techniques of effective oral communication. Emphasis will be placed on gathering and organizing material, critical thinking, effective listening, successful vocal delivery, as well as practicing a variety of public speaking situations including impromptu and planned speeches.

*125. FIRST-YEAR SEMINAR/THREE CREDITS

First-Year Seminars (FYS) constitute a common and academically significant experience in a student's first year at Converse. All incoming first- year students are required to take a 3 credit-hour FYS course in the fall semester, choosing from a variety of discipline specific topics. Each FYS carries the corresponding departmental prefix, but with a common course number (except designated honors sections). Each FYS course is designed to have no more than 18 students, and counts in some designated category of the General Education Program. Strong writing and speaking components are elements of the course.

201. STAGECRAFT/THREE CREDITS

Major, Minor credit. This course familiarizes the student with the fundamentals of the physical production process. Among the areas covered are materials, tools, and safety, construction methods, electricity, and plan reading. Offered Fall term.

THR 202 DRAFTING/ENGINEERING FOR THE STAGE/THREE CREDITS

Major, Minor, Elective credit. Prerequisite: THR 230 or permission of the instructor. The course will focus on drafting techniques and problem solving as it applies to the engineering of the building of the scenic elements for a play.

*203. SURVEY OF THEATRE HISTORY I: 500 B.C.E. TO 1660/THREE CREDITS

GEP, Major, Minor, Elective credit. This survey is an examination of representative plays and staging practices, focusing on the Greek, Roman, Medieval, Renaissance, and Neoclassical periods and including selected non-western theatrical developments such as Noh and Kabuki theatre and Sanskrit drama. Writing Intensive.

*204. SURVEY OF THEATRE HISTORY II: 1660 TO PRESENT/ THREE CREDITS

GEP, Major, Minor, Elective credit. This survey is an examination of representative plays and staging practices, focusing on the Restoration and 18th century sentimentality, 19th century melodrama and 20th century realism including the Romantic, Modern and Postmodern periods. This course also considers selected non-western theatrical developments such as Peking Opera, Balinese, African, Latin American and Indian forms.

The GPA for all Bachelor of Music with Performance majors, the Bachelor of Music with a Composition major, the Music Therapy major, the Bachelor of Musical Arts in Contemporary Music (Media Applications), the Bachelor of Arts with a music major, as well as the Music Minor, and all Music Certificate programs is calculated using all music courses taken at Converse. Students must have a minimum GPA of 2.0 in all Converse Music courses to graduate.

ADMISSION

Enrollment in all undergraduate programs at Converse College is open only to women. To be admitted to the Petrie School of Music, a prospective student must satisfy the admission requirements of Converse College and pass a performance audition. Prospective students are encouraged to visit the campus for an interview and audition. A recording may be submitted in lieu of an audition if circumstances prohibit a live audition.

All students must audition. Non-keyboard instrumentalists are encouraged to audition with an accompanist (recorded accompaniment is not permitted). Composition majors must also submit examples of original compositions; Bachelor of Musical Arts candidates may use a combination of the audition procedures. Students may be asked to sight-read during the audition.

Audition requirements:

Piano: Two pieces, memorized, from contrasting style periods.

Organ: Two pieces from contrasting style periods.

Voice: Three solos, memorized, from contrasting style periods. One selection should be in Italian.

Strings: Two solos from contrasting style periods. Memorization is encouraged, but not required.

Winds: Two solos from contrasting style periods.

Percussion: Percussionists should provide their own sticks, mallets, and music. Performance on two of the following areas is required:

Snare drum: Rudiments and a prepared solo or etude.

Timpani: Two solos in contrasting styles.

Marimba: Major scales and arpeggios, two solos in contrasting styles.

Composition: Examples of original compositions are submitted to faculty for review Bachelor of Musical Arts in Contemporary Music (Media Applications) may present examples of original compositions.

MUSIC THERAPY

A student auditioning for the Music Therapy major must complete TWO individual auditions. One of the auditions should be performed in one of the above instruments and must satisfy all of the audition requirements for that instrument or voice. The prospective music therapy student must also complete an interview with the Coordinator of Music Therapy and sing a memorized popular song while accompanying herself on either piano or guitar.

FACULTY

Faculty members in the Petrie School of Music are teacher/artists committed to quality teaching and continued performance. They are in demand as solo recitalists, members of chamber and large ensembles, conductors, and clinicians. Faculty members are also active in research.

ADVISERS

Upon enrolling at Converse College, students in the Petrie School of Music are assigned a freshman mentor. By the end of the freshman year, the student is assigned an adviser who will work with her for the remaining years of her degree program. Normally, the adviser is in the student's major area of music (e.g. major instrument, music education, music therapy, etc.) The role of the adviser is to facilitate the student's completion of an academic program. Although every effort will be made to provide assistance, it is the ultimate responsibility of the student to satisfy all degree requirements.

COURSE OFFERINGS

At the first meeting of a class, students receive a syllabus from the instructor which details the expectations for the course.

The College reserves the right not to offer courses for which the enrollment is less than seven. If a course is cancelled, an effort will be made to accommodate the student.

Courses are offered in a sequence. Courses are offered every term, once a year, or once every two years. In collaboration with advisers, students must carefully select courses when offered. Normally, courses will be offered only when scheduled. Music majors are required to earn grades of C- or higher in all core music history, music theory and piano classes (see course descriptions) in order to advance to higher levels. In addition, a grade of C- or better must be earned in all major courses leading to specific music degrees. Fees for Performance Studies courses are not refundable after the College drop-add period.

ADVANCED PLACEMENT

Advanced Placement credit is available in Music Theory based on CEEB Advanced Placement tests. Students with a minimum score of four receive credit for MUT 101.

Students wishing to receive additional theory credit do so by taking the diagnostic exam administered by the Petrie School of Music during the summer before matriculation (this applies even to those having Advanced Placement credit); further exemption testing may be required.

FRESHMAN SEMINARS

All freshman music students are required to enroll in a freshman year seminar class. MUH 125: Music History I serves as the freshman seminar class for most music students.

HONORS IN MUSIC

Honors recognition in music is available to students of high achievement. Students should consult the Petrie School of Music Student Handbook for guidelines.

TRANSFER STUDENTS

To be eligible for the bachelor's degree with a major in music, the student must complete not less than the last 42 semester hours of coursework at Converse.

Credit in performance studies is determined by the standards established in the Petrie School of Music. For students majoring in performance, credit for previous study is determined by audition with the faculty, either at the time of registration or with the approval of the Head of the Petrie School of Music, during the first term of study at Converse.

Placement examinations in music history and theory are normally required to determine whether equivalent standards have been met. Credit toward graduation is not given for courses taken to satisfy deficiencies.

The application of transferred music credits to the Converse degree program remains tentative until all auditions and examinations have been satisfactorily completed.

For students transferring to Converse, all coursework attempted prior to enrollment at Converse will be evaluated to determine if the coursework is eligible to be transferred. Only coursework taken at Converse will be used to determine the cumulative grade point average. If these admission requirements are not met, the student may be denied admission to the Petrie School of Music. A student who does not meet the entry requirements is advised to declare another major.

Students transferring to Converse with fewer than 24 credit hours will be required to enroll in a freshman seminar course.

FACILITIES

The Petrie School of Music is housed in the Blackman Music Hall, one of the finest music facilities in the southeastern United States. Daniel Recital Hall, a 340-seat hall, is also located in Blackman. Large scale performances are presented in Twichell Auditorium, an excellent 1500-seat concert hall which serves not only the School of Music and the College, but also the upstate region. The collection of music books and recordings is housed on the first floor of the Gwathmey Wing within the Mickel Library. This 50,000 volume resource is supervised by professional library staff.

MUSIC FOR THE NON-MAJOR

Academic courses in the Petrie School of Music are open to all Converse students regardless of major or area of study. Courses which have prerequisites are identified in the Courses of Instruction.

The Petrie School of Music offers music courses which may be used to satisfy the Fine Arts Requirement in the College's General Education Program.

Performance studies (private lessons) are available for all Converse students, subject to the approval of the Head of the School of Music. Enrollments are limited by available resources. There is an additional fee for private lessons above the cost of tuition.

Music ensembles are open to all students based upon audition and approval of the ensemble director.

BREVARD MUSIC CENTER

Students in good standing in an accredited college, or students who have been accepted for admission to an accredited college, may enroll for Converse College credit in the Advanced Division of the Brevard Music Center, Brevard, North Carolina. Brevard offers a summer session of six weeks in which the normal workload for students taking credit consists of one course, private lessons, and their major ensemble. Any exception must be approved by the Center's Education Director.

LAWSON ACADEMY OF THE ARTS

The mission of the Alia Lawson Academy of the Arts is to welcome the community to the arts experience through instruction and creative participation in music, dance, and drama. The program is open to all ages and the curriculum includes special activities for the young child. Activities take place at the Academy located in the wing of Twichell Auditorium and in Blackman Music Hall.

The Alia Lawson Academy of the Arts is accredited by the National Guild of Community Schools of the

Arts and holds membership in the South Carolina and National Federation of Music Clubs. The philosophy is focused toward providing programs of high quality, low cost, and deep commitment to life- enrichment and development.

BACHELOR OF MUSIC WITH A MUSIC EDUCATION MAJOR

The music education major is administered jointly by the School of Education and the Petrie School of Music. Students should apply to the Teacher Education Admissions Committee for admission into an education degree immediately upon the completion of the General Music course, which includes the Clinical I experience. The application must be approved by the Teacher Education Admissions Committee no later than six months prior to student teaching.

The following requirements must be satisfied in order to be officially admitted to a music education program:

1. Completion of at least 45 hours of coursework;
2. Minimum cumulative GPA of 2.75;
3. A passing score on all parts of the Core Praxis Examination prior to entering MUE311
4. Any person having attained the SAT or ACT score set by the State Board of Education shall be exempt from the Praxis I requirement. (ACT = 24, 2-part SAT=1100, or 3 part SAT=1650.);
5. Successful completion of EDU 360;
6. Successful completion of Clinical I Experience;
7. A passing mark on the sophomore performance jury;
8. Following the sophomore performance jury, a successful professional skills and dispositions review with music education faculty.

After admission to the Teacher Education Program, a student must maintain at least a 2.0 GPA during the senior year to be eligible for a placement in student teaching. A student planning to student teach in the Fall Term of her senior year must submit her application by February 15 of the junior year. A student planning to student teach in the Spring Term of her senior year must submit her student teaching application by June 15 of the senior year. Only those students currently accepted in a degree program can be eligible for student teaching.

Other requirements prior to student teaching include an application for certification to the South Carolina State Department of Education and a FBI background check. Details about this application and other requirements are available on the Education Department webpage at converse.edu and from departmental staff. Generally, the applications for certification are due by February 15, a year in advance of fall term student teaching, and by June 15, a year in advance of Spring Term student teaching.

The PRAXIS II Specialty Area Test entitled Music: Content and Instruction (0114) is required for graduation from Converse College with a degree in music education. This test score, in addition to a score on the PRAXIS II Principles of Learning and Teaching Test, must be submitted to the Director of the Professional Education Unit no later than the spring of the academic year in which student teaching is completed.

Beginning in Fall 2020, in order to be placed for student teaching, teacher candidates must pass the state required PRAXIS II exams in the area of student teaching.

BACHELOR OF MUSIC WITH MUSIC THERAPY MAJOR

Music therapy is the systematic application of music elements and interventions, facilitated by a certified music therapist in a health care or educational environment, to promote therapeutic change in clients/ students with a wide variety of disabilities and challenges. This professional degree program prepares students to meet entry-level competencies set by the American Music Therapy Association in order to prepare for professional practice in music therapy. Clinical and musical competencies are tracked throughout the program as part of the advising process. Students who successfully complete four years of coursework and a six-month internship at an approved healthcare facility will have met requirements to graduate and become eligible to sit for the national board certification examination administered by the Certification Board of Music Therapists.

An audition/interview is required before acceptance into the music therapy program. In order to enter into upper division coursework, and apply for the music therapy internship, students must pass the Functional Music Examinations I and II which are administered prior to enrolling in practicum (MTY and the music therapy internship (MTY 484), respectively. The director will assist the student in applying for the internship and serves as academic supervisor alongside the on-site internship supervisor to insure that all AMTA competencies have been met.

STUDENT LEARNING OUTCOMES

1. Students will demonstrate musical competence for clinical use.
2. Students will apply music psychology and music therapy research to music therapy clinical work.
3. Students will design and implement music therapy processes for assigned field work populations.

Prerequisite: Approval of the Music Curriculum Committee. Projects of independent study approved by the faculty and the Music Curriculum Committee.

MUSIC THERAPY (MTY)

151. INTRODUCTION TO MUSIC THERAPY/ TWO HOURS

No prerequisite; open to non-majors. This course introduces the student to the field of music therapy including a description of professional practice, and history of the profession, and surveys music therapy applications with a variety of clinical populations. The course also presents the student with experiential learning opportunities that are critical to developing clinical/self-reflective skills in the profession.

152. GUITAR CLASS I/ONE CREDIT

No prerequisite; open to non-majors if space is available. A course designed to address and expand upon guitar competencies delineated in the American Music Therapy Association Professional Competencies document. Those competencies include:

1. Accompany self and ensembles proficiently.
2. Employ simple strumming and fingerpicking techniques.
3. Tune guitar using standard and other tunings (Open E, Drop D, Double Drop D)
4. Perform a basic repertoire of traditional, folk, and popular songs with or without printed music.
5. Harmonize and transpose simple compositions in several keys.

250. CLINICAL PROCESSES I/TWO CREDITS

This course is an introduction to the music therapy clinical process with cases that illustrate clinical competencies contained in the AMTA Professional Competencies document. Assessment, treatment planning, clinical observation, data collection, session design, evaluation and documentation will be covered. Case examples and video clips with diverse clients will serve as a driving force for this course, illustrating a client-centered approach to treatment. Students will be asked to reflect on their values, beliefs and attitudes toward client groups and begin to examine the relationship between self and therapist role.

251. CLINICAL PROCESSES II/ ONE CREDITS

This course is an extension of learning about the music therapy clinical process with on-site observations that illustrate clinical competencies contained in the AMTA Professional Competencies document. Assessment, treatment planning, clinical observations, data collection, session design, evaluation and documentation will be reviewed as applicable to professional music therapy practice in different sites. Analysis and synthesis of these observations will serve as a primary focus for this course, illustrating a client-centered approach to treatment. Students will be asked to reflect on their personal values, beliefs and attitudes toward client groups and begin to examine the relationship between self and therapist role.

252. GUITAR CLASS II/ONE CREDIT

Prerequisite: MTY 152 or permission of instructor; open to non-majors if space is available. A continuation of the development of guitar competencies including finger-picking, blues styles, open tunings and development of more advanced clinical repertoire.

253. MUSIC THERAPY METHODS AND MATERIALS/TWO CREDITS

Develop theoretical and applied competencies necessary for the implementation of therapeutic/ recreational music interventions to prepare for the practicum experiences in community facilities. One major emphasis of this course is directed towards the student's initial development of applied skills through exercises requiring the presentation of specific musical competencies. Course objectives relate to the rationale, planning, development and implementation of therapeutic musical activities and interventions for individuals with physical disabilities. The Functional Music Skills Examination I is administered after this course is completed.

254. MUSIC THERAPY ENSEMBLE/ONE CREDIT

Prerequisite: MTY 253 or by permission of the instructor. This course was designed to 1) increase competencies in performance skills, specifically in the areas of accompanying, solo work, arranging and group performance and to enhance the acquisition of selected functional music skills considered essential to the practicing music therapist; 2) to develop a personal performance style; 3) to increase leadership skills through planning and implementing performances, and 4) to create public awareness of the music therapy profession.

261. PIANO APPLICATIONS IN MUSIC THERAPY/ ONE CREDIT

Prerequisites: MUA 101-103, MUA 201-203. The focus of these weekly lessons will consist of addressing AMTA piano competencies expected of the practicing music therapist. These lessons do not prepare the student for jury/recital requirements in piano. They do prepare the student for the piano requirement of the Level I and Level II Functional Music Examinations, a graduation requirement for the Music Therapy degree. Course content adheres to the keyboard requirements articulated in the AMTA Professional Competencies, 4.1-4.5.

341. PSYCHOLOGY OF MUSIC/THREE CREDITS

Prerequisite: Basic Statistics recommended; open to non-majors. This course surveys the research literature and principles of the psychological foundations of music behavior including psychoacoustics, music perception, affective and physiological responses to music, music learning and measurement. Class evaluations will be based on reviews of journal articles, oral presentations, and chapter tests.

351. MUSIC THERAPY WITH EXCEPTIONAL INDIVIDUALS/THREE CREDITS

Prerequisite: MTY 253 or by permission of the instructor. This course will cover approaches to music therapy with children with developmental disabilities including autism, mental handicaps and learning disabilities. Clinical approaches congruent with those encountered in a special education setting will be the focus of this class, including music therapy assessment and treatment planning as part of the Individualized Education Plan (IEP), applied behavioral analysis and behavior modification techniques as well as data gathering and documentation. Offered in alternate years.

353. RESEARCH IN MUSIC THERAPY/ TWO CREDITS

Prerequisite: MTY 351 or permission of the instructor. This course is designed to address competencies in music therapy research as defined in the AMTA Professional Competencies document (24.1-24.5). Student enrolled in this course will 1) become familiar with the purpose and methodology of historical, quantitative, and qualitative research, 2) develop the ability to analyze and critique both qualitative and quantitative research; 3) develop specific techniques in the qualitative and quantitative study of music and non-musical behaviors; 4) continue to develop scholarly writing skills; 5) apply selected research findings to clinical practice. Offered in alternate years.

381,383, 481, 483. MUSIC THERAPY PRACTICUM/ TWO CREDITS

Prerequisites: MTY 253 and passing the Functional Music Examination I. The music therapy practicum provides opportunities for the music therapy student to apply theories, principles, concepts, and skills acquired through other aspects of the music therapy curriculum in actual clinical settings. Practicum helps the student develop greater knowledge and sensitivity to the needs of clients, develops greater self-awareness, strengthens necessary clinical and musical competencies, and cultivates a student's unique style of working. The continued development of clinical competencies (delineated in the AMTA Professional Competencies document) prepares the student for the required six-month clinical internship. Four semesters of practicum are required in four different health care settings supervised by a Board Certified Music Therapist.

451. MUSIC THERAPY WITH ADULT POPULATIONS/ THREE CREDITS

Prerequisites: MTY 353, MTY 383 or *permission of the instructor*. This senior level music therapy course is designed to develop AMTA professional competencies in exceptionality (B.11.) relevant to working with adults with psychiatric diagnoses. The course also addresses the relationship between developmental/ psychological theories and music therapy practice. Ethical issues, assessment, devising appropriate treatment strategies with age appropriate methods and materials with adults and older adults will also be covered. Self- monitored peer groups will enhance self- reflection and completion of experiential assignments complementing lectures by the instructor.

453. CLINICAL AND PROFESSIONAL ISSUES IN MUSIC THERAPY/THREE CREDITS

Prerequisite: MTY 451 or *permission of the instructor*. This is the pre-internship capstone music therapy course, leading to acceptance to the six-month internship. In addition to lectures and peer group assignments, individualized sessions will be arranged with the instructor to assist in internship placement, and to develop the intern contract and Individualized Training Plan in cooperation with the internship supervisor. Self-monitored peer groups will continue from MTY 451, (or groups facilitated by a Board Certified Music Therapist not affiliated with the College) with assignments complementing lectures by the instructor.

470. DIRECTED INDEPENDENT STUDY/ ONE TO FOUR CREDITS

Prerequisite: *Approval of the Music Curriculum Committee*. Projects of independent study approved by the faculty and the Music Curriculum Committee.

484. MUSIC THERAPY INTERNSHIP/ THREE CREDIT

Prerequisites: *Completion of all Music Therapy coursework, passing the Functional Music Skills Examination*. The music therapy clinical internship is considered the capstone course for music therapy majors and is the culmination of the professional degree program in music therapy. The course constitutes a six-month (900 hours or the equivalent) resident internship at a clinical site approved by the American Music Therapy Association. Prerequisites for the internship include successful completion of all other curriculum requirements for the music therapy degree, including the Functional Skills Examinations I, II. Learning is achieved on-site under the collaborative supervision of a Board Certified Music Therapist and the Director of the Music Therapy Program at Converse College. Pass/fail grading.

493. HONORS THESIS IN MUSIC THERAPY/ THREE CREDITS

Prerequisites: *Admission into the Nisbet or Music Honors Program. Minimal GPA of 3.0. Permission of the student's major professor, approval of the Curriculum Committee of the Petrie School of Music; other prerequisites as outlined in the Nisbet Honors Guidelines*. This course is an elective senior thesis for music therapy majors who wish to pursue Honors in Music Therapy. The Senior Honors Thesis in Music Therapy demonstrates the student's ability to do sustained work, conduct systematic research, to organize materials effectively, and to write in a technical style consistent with submission requirements to a professional music journal.

470. DIRECTED INDEPENDENT STUDY/ ONE TO THREE CREDITS

Prerequisite: Approval of the Music Curriculum Committee. Projects of independent study approved by the faculty and the Music Curriculum Committee.

481. MUSIC COMPOSITION/THREE CREDITS

Prerequisite: MUT 383. For composition majors, culminating in MUT 410: Senior Recital. Twenty hour minimum weekly commitment including a one-hour lesson, seminar experience and composing.

483. MUSIC COMPOSITION/THREE CREDITS

Prerequisite: MUT 481. For composition majors, culminating in MUT 410: Senior Recital. Twenty hour minimum weekly commitment including a one-hour lesson, seminar experience and composing.

485. SENIOR PROJECT/NO CREDITS

Prerequisite: Approval of the faculty. The project consists of a lecture-recital or capstone. A \$50 scheduling fee is required for the lecture-recital.

493. HONORS THESIS/THREE CREDITS

Prerequisite: MUH 501 for music theory majors. An optional scholarly research paper for music theory majors, or an original five-minute (minimum) composition of large proportions of advanced structure for composition majors, who are pursuing honors in their major areas. The thesis topic must be approved in advance by the student's major professor and the Music Curriculum Committee.

NISBET HONORS PROGRAM

LAURA FEITZINGER BROWN, *director, arts and humanities,*

WILLIAM CASE, *director, science and education*

The Nisbet Honors Program began in 2000 when Converse alumna Marian McGowan Nisbet '62 and her husband Olin established an endowment to support a full Honors Program.

The mission of the Nisbet Honors Program is to offer the academically gifted student the challenge and community in which she may grow to her full potential. The Honors Program provides priority registration as well as opportunities to do independent research with faculty mentors, to take honors courses with other academically gifted students, to meet nationally known visiting scholars, to receive funding for study-travel, and to meet socially to discuss intellectually challenging topics. The program is designed to prepare academically gifted students for strong graduate programs in their chosen fields, for success in professional positions, and for balanced lives.

An unusual feature of the Nisbet Honors Program is its emphasis on interdisciplinary learning. Our interdisciplinary seminars have two faculty from different fields in the classroom throughout the entire course. While learning how different disciplines approach the tasks of collecting and interpreting evidence, students learn to make sense of our complex world.

Admission to the program is competitive and is by invitation only. A select number of entering freshmen are invited into the program based on their outstanding high school performance and their potential for success in college. Students who do well once they have begun their studies at Converse are also considered for the program; freshmen must complete at least 12 hours at Converse to be invited to apply.

REQUIREMENTS

To complete the Nisbet Honors Program and be recognized at graduation, students must satisfy the following requirements in terms of academic achievement and coursework.

ACHIEVEMENT

She must continue to perform well in her academic courses. Students who consistently achieve a GPA below 3.2 or who receive below a B- in two or more honors courses may be asked to leave the program. Students may not graduate from the Honors Program with a GPA below 3.2 and may not receive credit toward program completion for an honors course for which they receive a grade below C-.

COURSEWORK

Because the Nisbet Honors Program is interdisciplinary and aims to give students a broad base of knowledge, students will not be allowed to take all of their coursework in only one department or with only one professor.

A student must take the following courses:

- **Freshman Honors Seminar**
(or, if the student enters after her freshman fall, another honors course to replace it)
- **Interdisciplinary Honors Seminar**
Students who successfully complete Freshman Honors course take these small interdisciplinary courses. Professors from different fields team teach these courses. Recent offerings include "Mental Illness through Musical Theater" and "The 1960's in History and Music."
- **Junior Honors Seminar (HON 399H)**
One credit, pass/fail, open to upperclassmen, with priority given to juniors and seniors.
- **Either a Senior Honors Thesis**
(see below) or two more honors experiences (such as two additional honors courses, an honors directed independent study, an honors module or some combination of the above). Generally only one honors directed independent study or honors module counts toward program completion.

SENIOR HONORS THESIS

Completing a senior honors thesis allows a student to receive honors in her major area. It is one way that a student may complete the Nisbet Honors Program. Because of the distinction that honors in field conveys and the effort required, only exceptionally qualified and extremely committed students should attempt an honors project. To qualify, students must have an overall GPA of 3.25 and a GPA of 3.50 in her major field by the end of the Fall Term of her junior year.

The thesis enables qualified students to pursue additional independent and intensive work within their major area. Generally, the project will be a research paper that follows the discipline's guidelines

for superior research. In creative fields, such as music, theater, and applied art, creative projects are appropriate. Interdisciplinary projects are also encouraged.

The project should be a substantial project planned so that it can be done in the time available using the resources available. The major evaluative criterion is the quality rather than the amount of work. A research paper should generally be from 20-40 pages. Departments using performance standards should establish criteria that require a substantial project of superior quality.

Because each department may have additional guidelines which supplement and further define the procedures and qualifications for honors work, no later than Fall Term of their junior year, honors students interested in an honors thesis must consult a faculty adviser and a Nisbet Honors Program co- director for additional guidance. Detailed guidelines and deadlines must be followed and are available from a program co-director. Music students should also consult with Petrie School of Music faculty.

Nisbet Honors Program students completing an Honors In Field project should register for six hours of "honors" or "thesis" credit during the senior year (usually split as three hours in fall and three hours in spring).

Many departments have a designated research course for this purpose; assigning grades for the thesis/ honors courses is left to the department.

COURSES OF INSTRUCTION

***199H. FRESHMAN HONORS SEMINAR**

GEP credit. A study of a selected subject within the disciplines: topics vary from term to term. The course is designed to encourage student participation in the intellectual processes through class discussion, research and writing, special projects, problem solving, and evaluation and defense of positions. When the subject matter duplicates that of another course, credit toward graduation will be granted for only one of the courses. Offered periodically in rotation with seminars in other disciplines.

***299H. INTERDISCIPLINARY HONORS COURSE**

GEP, Major, Elective credit. This course is team- taught by faculty members in two departments and is open to Nisbet Honors Program participants and, when space is available, to others who meet Honors Program guidelines.

HON 300H. HONORS DIRECTED INDEPENDENT STUDY/THREE CREDITS

With permission of an Honors Program co-director and permission of the mentoring professor, a student in the Honors Program may arrange to do an independent study with a professor. An honors DIS generally must involve either a substantial independent research project or the course material from a regular honors course. These independent studies must follow the usual Registrar procedures for regular DIS courses. Students should submit a copy of their HON 300H DIS contract and syllabus to the Honors Program co-directors no later than the last day of classes of the long term before the term in which the student plans to do the independent study.

Honors Modules allow students to take a non-honors course and adapt it so that it counts for honors program credit by completing a contract with the instructor. The student and instructor agree to the work required to have the course designated as "honors," and the contract requires approval by the Nisbet Honors Program. Upon approval and successful completion of the contract, the course will be designated as "honors" on the student's transcript. Check with program directors for details on eligibility requirements and deadlines.

NON DEPARTMENTAL COURSES

*ATH 263. Jainism/THREE CREDITS

GEP, Elective credit. Pre-requisites: REL 100 or 104. This course approaches the minority Indian religion of Jainism through anthropological textual, and historical information concerning ethics, narratives, festivals, rituals, worldview, and other various roles and practices of men and women in different sects and subsects. ATM 100. INTERDISCIPLINARY FOUNDATIONS I/TWO CREDITS

Major, Minor credit. Prerequisite for ATM 200 and all SOA courses at the 300-level or above. This "arts foundations" course is an introduction to the common elements that all the arts, including art and design, music, and theater and dance share. The course introduces and explores critical topics including creative process, collaboration, and performance, as well as professional aspects of the arts including presentation of self and networking; it concludes with an exploration of each student's personal path from training to a successful career in the arts.

ATM 200. INTERDISCIPLINARY FOUNDATIONS II/ONE CREDIT

Major, Minor credit. Prerequisite for all SOA courses at the 400-level or above. A continuation of ATM 100.

ATM 214. LABORATORY FOR MEANING AND VALUE IN ART/THREE CREDITS

Prerequisite: Admission to the Art and Cognition Certificate Program or permission of the instructor. The goal of the laboratory experience is to enable the student to synthesize the disciplines of art, psychology and/or mathematics through specific projects designed by the students themselves, a faculty mentor and/or the certificate program director. This experiential course may be scheduled during any term with specific activities to be determined by its content and format. Each student is required to enroll in and complete two terms of the lab while enrolled in the Art and Cognition Certificate Program. Other students may enroll for elective credit. A lab fee is included.

ATM 255. CREATING YOUR BRAND/ THREE HOURS

Required for Music Business and technology Certificate students or may be used as an elective in other programs. This cross-disciplinary course provides an opportunity for each student, in any major or minor, to create, build and begin marketing her own brand based on models from the field. Building from the time-honored resume and into the Digital Age, students will establish personalized brands marketable for internships and post-secondary jobs in any professional, but especially those in the arts.

ATM 265. ARTS MANAGEMENT AND ORGANIZATIONAL STRUCTURE/ THREE CREDITS

Minor credit. This course will provide students with the practical skills required for the successful management of arts organizations. Areas covered will include budgeting, marketing/publicity, fundraising, audience development, analysis of financial statements, contracts, board governance, and issues associated with the founding of a non-profit organization.

ATM 365. ARTS LEADERSHIP AND PROGRAM DEVELOPMENT/ THREE CREDITS

Minor credit. Prerequisite ATM 265 or permission of the instructor. This course will provide students with the opportunity to develop knowledge of arts management by exploring current issues and emerging trends in technology, arts and cultural policy while developing their writing for proposals, grants, and marketing. Students will develop an understanding of program management and the challenges facing administrative leaders of arts and cultural organizations.

ATM 465. PROFESSIONAL INTERNSHIP IN ARTS MANAGEMENT/THREE CREDITS

Minor credit. Prerequisites ATM 265 and ATM 365: arts management minor requirements and approval of the Arts Management minor coordinator within their specialty (Art, Theatre or Music). This internship is designed to provide experience for the student interested in pursuing a career in arts administration at a museum, art gallery or theatre, music and arts organizations.

CLP 100. INTRODUCTION TO LEADERSHIP/ THREE CREDITS

Elective credit. This course introduces students to the historical development of leadership, the skills necessary for leaders, leadership styles, and will provide students an opportunity to function as leaders in solving a community problem.

CIM 300. INDIVIDUALIZED MAJOR CAPSTONE PROJECT/THREE CREDITS

Major credit. The student completing an Individualized Major is required to register for this non-departmental course in the spring or her junior year to be pursued in the fall of her senior year. This course encompasses the student's senior capstone project that connects all three disciplines of her Individualized Major. The capstone project must be approved by the student's Individualized Major committee before registering. Capstone.

CON 101. CAREER EXPLORATION AND PLANNING/ONE CREDIT

Elective credit. This course is a one-credit hour course designed to help first-year and sophomore students learn how to approach career decision making. Through a process of self-discovery, students will explore their own capacities, skills and interests. Students will also learn to take advantage of past experiences and current unexpected opportunities, transferring them to their future career possibilities.

CON 102. FROM STUDENT TO PROFESSIONAL: JOB SEARCH STRATEGIES/ONE CREDIT

Elective credit. This course is a one-credit junior and senior level course designed to provide students with the necessary tools for their job search. Topics include interviewing, resume writing, and transitioning to professional life. Students will develop a resume and other job correspondence, explore successful interview techniques, identify transferable liberal arts skills and learn basic job-search strategies as well as prepare for transitioning to the world of work.

CON 214. EXPERIENTIAL LEARNING/0 to SIX CREDITS

Elective or Major credit as determined by the department. A course which combines academic study with experiential work. Emphasis is on integrating on-campus and off-campus study under the supervision of departmental faculty in specially approved course offerings. This work may include selected volunteer work with given programs or agencies, travel-study experiences, and approved service learning experiences. No student may count more than six semester hours of such course work in any combination of departments toward degree credit. Offered periodically, changing syllabus

CON 215. EXPERIENTIAL LEARNING THROUGH PEER MENTORSHIP/ ONE CREDIT

Elective, pass/fail. May be repeated once for credit. This course is designed for students who have successfully navigated the first-year experience and can contribute to student success in the Student Success Seminar and the First Year Seminar. It offers an opportunity to participate in the activities of small seminar while contributing to the social and academic adjustment of first-year students. Students accepted for this program must be in good academic standing. Students are also required to have approval from the Associate Provost for Student Success and the faculty teaching the SSS or FYS course. The peer mentor role is not a teaching assistant and will not assess or evaluate student academic performance.

***ENV 101. INTRODUCTION TO ENVIRONMENTAL SCIENCE/FOUR CREDITS**

GEP, Minor, Elective credit. An introduction to environment as it relates to humans. This interdisciplinary course explores the way that humans impact and are impacted by their natural environment.

***ENV 150. SPECIAL TOPICS/ THREE OR FOUR CREDITS**

GEP, Elective credit. Four hour course will have a laboratory component. Some offerings may be eligible for minor credit. Selected topics in introductory level environmental science. Lab Fee for those offerings that have a laboratory component.

INTERDISCIPLINARY MINORS

ARTS MANAGEMENT

MARY CARLISE, *coordinator*

MISSION STATEMENT

The arts management minor at Converse College seeks to prepare students to lead and manage arts and cultural organizations. The program will assist students to develop their capacities as executives, fundraisers, planners, marketers, and financial managers in the nonprofit and for-profit arts.

STUDENT LEARNING OUTCOMES

Evidence of basic knowledge of the visual, musical, dance and theatrical arts is indicated by the student's successful completion of exams and assignments in fine arts courses.

Skills to organize and manage a Board and the staff of an arts organization will be exhibited in the successful design of a Board and demonstration of management capabilities in course assignments, as well as during the internship.

Demonstration of fundraising ability will be displayed through grant writing experience and other fundraising concepts such as donor campaigns in class assignments and in the internship.

Exhibition of marketing skills and community development will be evidenced in course assignments including at least one marketing campaign, and in an internship where community involvement and marketing will be practiced.

SOCIAL ENTREPRENEURSHIP

MADELYN YOUNG, *adviser*

This interdisciplinary minor in Social Entrepreneurship is for students of all majors who are interested in learning how to create and maintain social enterprises in the context of making a broader contribution to society. Coursework covers social entrepreneurship, best practices in public and private sectors, and the knowledge required to start a business with a social mission. Social entrepreneurship minors are required to take the introductory course (BAD203) that analyzes social enterprise models and studies the fundamentals of entrepreneurship. Through the elective offerings, students have the option to tailor coursework to their academic interests and professional aspirations. Students completing a Social Entrepreneurship minor are required to participate in at least one Sullivan Foundation Social Entrepreneurship Retreat Weekend, held in the fall and spring, throughout their time at Converse.

The minor consists of 18 – 21 hours to include the following:

BAD 203: Introduction to Social Entrepreneurship.....	3 or 4 hours
BAD 340: Marketing.....	3 hours

CAREER AND PRE-PROFESSIONAL PROGRAMS

The programs presented in this section of the catalog have been created to help students relate their liberal arts education to career goals. Their general characteristics are explained in the chapter titled “Academic Life.” While it is necessary to point out that the success of students in gaining employment or admission to graduate school depends most of all upon their own initiative, talents, and efforts, many of our students find these career-oriented programs to be helpful in identifying their own objectives, gaining practical experience, and realizing their career ambitions.

Career programs are those that provide prerequisite training for a particular career that may be entered immediately after graduation or after further study. They are groups of courses that do not constitute a major. Majors (such as accounting, business administration, interior design, and education) that provide this kind of training are described in the departmental courses of study. Pre-professional programs are those that provide prerequisite training for graduate study leading to a professional degree. Internships, some of which are included in these programs, are described in the departmental course listings, and further information may be obtained from the department. See also the Guidelines for Internships, available from the Center of Student Development and Success.

PRE-LAW

JEFFREY J. POELVOORDE, *adviser*

Department of History and Politics Law schools require no specific undergraduate curriculum for admission. No particular major is necessarily the best preparation for the study of law. Law schools seek students who have strong conceptual and analytical skills, high verbal facility, and the ability to think creatively. One means of measuring these abilities is the Law School Admission Test (LSAT) used by all law schools to evaluate prospective candidates for admission. These LSAT scores, college grades, and letters of recommendation are the usual criteria for admission to law school. There is no better preparation for success on the LSAT and in the study of law than a rigorous, broad, liberal arts program.

The aspiring law student should pursue a program that requires diligent reading, analysis, critical thought, and ample written and oral expression. Pre-law students often choose majors in accounting, English, finance, history, politics, philosophy, religion, sociology or economics—all of which provide strong training in the necessary skills.

At Converse, pre-law students follow courses of study that meet their particular needs and interests. The success of our students in gaining admission to law schools verifies the soundness of this approach. Individuals interested in pre-law should consult the pre-law adviser, who, working in conjunction with academic advisers, helps pre-law students plan their programs.

The following are suggestions that have proven to be good preparation in the past.

POL 101: American Government
PHI 100: Introduction to Logic
or PHI 180: Problems of Philosophy
ECN 201: Microeconomic Principles and/or
ECN 202: Macroeconomics Principles
HST 201: American History to 1877 and/or
HST 202: American History since 1877

RECOMMENDED UPPER DIVISION COURSES DURING SOPHOMORE THROUGH SENIOR YEARS

Although none of these courses are required, we believe that they are particularly useful both for understanding the nature of the legal profession and preparation for success in law school. Individual students should make selections according to her personal academic interests and the areas of law which she may be contemplating. Students interested in international law might take more courses in international subjects in politics, history, economics, etc; those interested in environmental issues might emphasize the several courses in this area in the sciences, history, politics, etc.; those interested in gender issues could pursue relevant courses in women's studies, history, politics, English, sociology, psychology, and religion; those interested in business would emphasize work in this area and should take at least two courses in accounting; those interested in social welfare areas might consider psychology, sociology, or related areas. Many other concentrations exist as well.

PRE-MINISTRY

JASON LOSCUITO, *adviser, College Chaplain*

Students who are considering careers in ministry are encouraged to take a broad range of courses, especially within the various disciplines of the humanities. A major in religion is not usually a prerequisite for admission to a divinity school or seminary. Some basic courses in the study of religion, however, may provide helpful background. The chaplain is available to meet with any student considering such a career to discuss her own sense of calling to this vocation and to help her get in touch both with other pre-ministry Converse students as well as people from the community who may be of help in clarifying the appropriate steps toward such a career.

At the end of their years at Converse, students considering a vocation in ministry should have a clearer idea regarding their own sense of “calling to the ministry” as well as practical guidance and information necessary to determine what the next step might be for them. To accomplish this, the chaplain will:

1. meet with individuals and groups of students to discuss the meaning of calling to ministry, as well as the practical aspects of ministry and the different forms that ministry may take.
2. attempt to ensure that students who are considering ministry have been placed in touch with other students who are considering the same profession and with religious leaders from their own faith communities who are equipped to guide them in the particular process required by their faith community to move toward a career in ministry.
3. work with Professional Development to ensure that there are opportunities for Converse students to meet and talk with other people, but particularly women, who are presently engaged in ministry and to provide religion internships for those who want to explore the possibility of this profession in a more in- depth and structured manner.
4. arrange for the return to campus of ordained alumnae who will serve as role models for Converse students as they lead campus worship.
5. work with other members of the Department of Religion, as well as representatives of various faith communities, to inform students about the opportunities available at various seminaries and divinity schools.

PRE-HEALTH PROFESSIONS

EDNA STEELE, *adviser*

Department of Biology, Chemistry and Physics Pre- Health Professions Programs are designed to assist students planning to attend medical, dental, and veterinary schools. They also assist students who have interests in physical therapy, occupational therapy, physician assistant programs and other health-oriented careers. Students are provided assistance in course selection so as to tailor their academic experience to the requirements of the various programs. Students are also encouraged to participate in related internship experiences.

These programs are not majors. Although most pre-health professions students major in biology, chemistry, or biochemistry, these programs are open to students with any major. The programs do not appear on a student's academic record. Students in these programs seek the advice of the adviser or someone designated by the adviser, and they research the entrance requirements for specific programs.

PRE-DENTISTRY

The successful pre-dental student must have a strong foundation in biology, chemistry, physics and mathematics. Applicants should successfully complete as many science courses as possible to prepare for

the dental admission test (DAT) and dental school curriculum. Students should contact individual dental schools for specific prerequisite information. Required prerequisite courses for prospective dental students generally include:

General Chemistry	8 hours
Organic Chemistry	8 hours
Physics	8 hours
Biology or Zoology	8 hours
English	6 hours
Mathematics	6 hours
Science Electives.....	8 hours

(Microbiology, Biochemistry, Anatomy, Genetics, Histology, Physiology, etc.)

Science courses should include laboratory work.

Majoring in science is not a must, but completion of pre-dental science requirements is necessary. Take the DAT (<http://www.ada.org/en/education-careers/dental-admission-test>) at least a year prior to seeking admission to dental school. Completion of at least one year of college level courses in biology, general chemistry and organic chemistry is recommended before taking the DAT. Dental office shadowing experience is highly recommended.

Early application to the dental school is important. Apply for admission at least a year in advance of the planned enrollment date. Information on application deadlines and application forms can be obtained at the following website: <http://www.ada.org/en/education-careers/careers-in-dentistry/be-a-dentist/applying-for-dental-school>.

PRE-MEDICINE

The successful pre-medical student must have a strong foundation in biology, chemistry, physics, and mathematics. The required courses vary depending on the school. To find school-specific requirements, refer to the Medical School Requirement Website. Most schools require the following:

General Chemistry	8 hours
Organic Chemistry	8 hours
Biochemistry	4 hours
Physics	8 hours
Biology or Zoology	8 hours
(Cell Biology highly recommended)	
Algebra and Calculus.....	6 hours
English	6 hours
Psychology	3 hours

Science courses should include laboratory work.

Honors, independent study, a well-rounded sampling of extra curricular activities, and research work are highly encouraged as these activities demonstrate scholarly, in-depth, and lifelong learning skills. Additional upper-level biology and chemistry coursework is recommended, as it will help to prepare the student for the Medical College Admission Test (MCAT). It is desirable to have the required coursework completed at the end of the junior year, and to take the entrance exams during the summer between the junior and senior year. For admission, both the GPA and MCAT scores are critical. Clinical experience through either internships or volunteer work is also highly recommended.

Early application to medical school is important. Information on application deadlines and application forms the following website: <https://students-residents.aamc.org/applying-medical-school/applying-medical-school-process/deciding-where-apply/medical-school-admission-requirements/>

PRE-OCCUPATIONAL THERAPY

Requirements for admission to the occupational therapy program vary. Students will need to contact individual programs for their specific requirements. To apply for entry-level Master or Doctor of Occupational Therapy, the student should have completed the following general education requirements: English, Mathematics, Introductory Biology, and Humanities courses. The following prerequisite courses must be completed by the application deadline:

Statistics	3 hours
Human Anatomy	4 hours
Human Physiology	4 hours
Human Growth and Development.....	3 hours

Sociology/Anthropology	3 hours
Abnormal Psychology	3 hours
Science courses should include laboratory work	

Applicants are required to take the GRE (Verbal, Quantitative, and Writing Components). A minimum GPA of 3.0 is required for most programs, It is also to student's advantage to research the field of occupational therapy (OT) through internships or volunteer work. Some schools give credit to applicants who have completed a minimum of 30 hours of volunteer/work experience in OT with proper documentation of service and performance completed and signed by the supervising OT practitioner.

PRE-PHYSICAL THERAPY

Students interested in applying to the Doctor of Physical Therapy (DPT) program must obtain a baccalaureate degree from accredited institution of higher education and must complete the following prerequisite courses prior to enrollment:

Statistics	3 hours
Chemistry	8 hours
Physics	8 hours
Biology	8 hours
Human Anatomy	4 hours
Human Physiology	4 hours
General Psychology	3 hours
Human Growth and Development.....	3 hours
Science courses should include laboratory work	

Students should be familiar with the specific requirements of the school in which she intends to apply. Applicants are required to take the GRE (Verbal, Quantitative, and Writing Components). A minimum GPA of 3.0 is required for most programs, It is also to the student's advantage to research the field of physical therapy through internships or volunteer work and have her experiences and work hours properly documented. For specific requirements for admission to Physical Therapy School, check the website of the institution you wish to apply to.

PRE-PHYSICIAN ASSISTANT

Requirements for admission to the physician assistant program vary. Students will need to contact individual programs for their specific requirements. A baccalaureate degree obtained from accredited institution of higher education is required prior to matriculation. Health care experience is recommended and in some cases required. In addition, some programs require direct patient care while others accept shadowing health care professionals. Applicants are required to take the GRE (Verbal, Quantitative, and Writing Components). A minimum GPA of 3.0 is required for most programs, although most programs report 3.5 average GPA. The American Academy of Physician Assistants maintains a website aapa.org that explains the profession, career opportunities and programs offered in the United States of America. Applicants to the program are generally required to complete the following prerequisite courses prior to admission:

Statistics or Biostatistics.....	3 hours
General Chemistry	8 hours
Organic Chemistry or Biochemistry.....	3 hours
Biology	4 hours
Human Anatomy	4 hours
Human Physiology	4 hours
Microbiology	4 hours
Medical Terminology	1 hour
Human Growth and Development.....	3 hours
Science courses should include laboratory work	

PRE-VETERINARY SCHOOL

A pre-veterinary medical student can choose any undergraduate major. However, she must fulfill the course requirements for admission to the veterinary schools to which she plans to submit an application. Most veterinary schools list the following requirements.

REQUIRED COURSES

Biology/Zoology	8 hours
General Chemistry	8 hours
Organic Chemistry	8 hours
Biochemistry	3 or 4 hours
Physics	8 hours
English (Composition and Writing)	6 hours
(some schools do not accept AP English credit) Humanities and Social Sciences	18 hours

RECOMMENDED COURSES

Comparative Anatomy	4 hours
Cellular Biology (required at UT)	4 hours
Genetics (required at NC State)	4 hours
Microbiology (required at NC State)	4 hours
Animal Nutrition (not Human) (required at NC State)	3 hours
Statistics (required at NC State)	3 hours

TO BE COMPETITIVE, AN APPLICANT MUST MEET THE FOLLOWING ELIGIBILITY REQUIREMENTS

Cumulative GPA	at least 3.5
Required Course GPA	at least 3.5
Last 45 Credit hours GPA	at least 3.5

The student should also demonstrate, with proper documentation, an understanding of the veterinary medical profession and proper animal care through internships or volunteer works in a veterinary clinic. Some students gain experience by participating in research, breeding, rearing, feeding and showing of both small and large animals, domestic or wildlife. Most veterinary schools require a minimum number of hours of veterinary experience under direct supervision of a veterinarian at the time of application. In addition, participation in undergraduate research, independent studies, athletics, honors program, active involvement in extracurricular activities, and leadership roles in school organizations are also taken into account. Applicants are also required to take the GRE (Verbal, Quantitative, and Writing Components).

A student interested in veterinary programs should consult with the pre-health professions adviser to plan her curriculum to meet these requirements. The following website provides information about specific admission requirements at each US Veterinary School. www.aavmc.org.

APPLYING TO VETERINARY SCHOOL:

For information on the application process, deadlines and other requirements, please consult the Veterinary Medical College Application Service (VMCAS) website.

PRE-PHARMACY

SHERRY STRICKLAND, *adviser*

Department of Biology, Chemistry and Physics

Pre-pharmacy is a 2-, 3- or 4-year program required for admission to PharmD. Programs. The length of this pre-professional program will depend upon the abilities of the individual student, the pharmacy school of her choice, and her career goals. Pre- pharmacy students need to show a strong aptitude toward the sciences. Since pharmacy schools vary in their admission policies, a student should contact the school of her choice for its requirements.

The total semester hours that must be completed prior to matriculation is 66 hours which includes the following courses:

Biology	8 hours
General Chemistry	8 hours
Organic Chemistry	8 hours
Microbiology	3 hours
Human Anatomy	3 hours
Human Physiology	3 hours
Economics	3 hours
English Composition	3 hours
English Literature	3 hours

Speech/Verbal Skills/ Public Speaking.....	3 hours
Statistics	3 or 4 hours
Calculus	3 or 4 hours
Physics	3 or 4 hours
Psychology	3 hours
Liberal Arts Electives	9 hours

Science courses should include laboratory work

Students pursuing the four-year pre-pharmacy program will major in chemistry or biology. Most pharmacy schools require prospective students to take the Pharmacy College Admission Test which does include some questions about human physiology, human anatomy and basic biochemistry.

ART AND COGNITION CERTIFICATE

This twelve hour certificate can be completed in one year. The certificate requires basic courses and is completed with a selection of Art and/or Psychology courses to be chosen by the student in consultation with her faculty Mentor/Advisor. Multiple electives are offered to design a program relevant to the student's area of interest with the laboratory experience at the center of the certificate program. Students should work with an advisor to coordinate courses and sequencing in the certificate program.

Category 1: Choose at least one course from the following list.

ART 111/125: 2D Design.....	3 hours
ART 112/125: 3D Design.....	3 hours
DAN 110: Beginning Modern Dance.	2 hours
DAN 111: Beginning Ballet	2 hours
DAN 113: Beginning Tap.....	2 hours
DAN 114: Beginning Jazz	2 hours

MMD 303: Electronic Music for Video and Performance	3 hours
MMD 311: Recording and Sound Reinforcement.....	3 hours
PSY 310: Statistics and Experimental Design I.....	3 hours
PSY 311: Statistics and Design II	3 hours
THR 115: Acting Fundamentals	3 hours

Category 2: Choose one from the following list. Students may choose a second Category 2 course as a Category 1 elective course.

ART 355: Survey of Art Therapy	3 hours
MTY 151: Introduction to Music Therapy	3 hours
MTY 341: Psychology of Music	3 hours
PSY 100: General Psychology	3 hours

Category 3: Required Lab

ATM 214: Laboratory for Meaning and Value in Art	6 hours
--	---------

Two semesters are required at 3 hours per semester.

Total hours 12 hours ART111/125, 112/125, 355 have required lab fees. Also, ART335 requires permission of the instructor.

BUSINESS PROFESSIONALISM CERTIFICATE PROGRAM

Students in all majors increasingly need to demonstrate professionalism in order to obtain jobs. The Business Professionalism Certificate is open to all Converse students who have declared any major at Converse.

Certificate requirements: Students who have declared any major at Converse may enroll in the program. In addition to an internship and coursework, students complete a portfolio of activities, and after completion of all the requirements to satisfactory standards is verified, they will receive a certificate.

Certificate requirements:

Internship	3 hours
CON 101: Career Planning & Exploration	1 hour
CON102: From Student to Professional: Job Search Strategies.....	1 hour

Choose six hours of coursework from the following: 6 hours

- ACC/BAD/ECN 191: Excel
- ACC 211: Accounting Principles 1
- ATM 265: Arts Management and Organizational Structure
- ATM 365: Arts Leadership and Program Development
- BAD 206: Business Communication
- BAD 330: Management
- BAD 340: Marketing
- CSC 208: Data for Business
- ECN 201: Microeconomics
- ECN 300: Descriptive and Inferential Statistics
- FIN 200: Personal Finance
- POL 303: Social Statistics
- THR 120: Public Speaking

Other courses may be added with the approval of the chair of the Economics, Accounting and Business department, or their designated representative.

RESERVE OFFICER TRAINING CORPS (ROTC)

LIEUTENANT COLONEL BRYAN R. DUNKER., CAPTAIN DEMETRICK MOSELEY,
MASTER SERGEANT THEODORE CRAIG, MR. SIMON STRICKLEN

Military Science offers a Basic Course and an Advanced Course. Satisfactory completion of six semester hours in the Basic Program qualifies the student for selection into the Advanced Course. (Satisfactory completion of a four-week Basic Camp in the summer after the sophomore year, suitable prior military experience, or three years of JROTC may substitute for a portion of the basic course as means of qualifying for the Advanced Course.) Successful completion of the Bachelor degree, including the 12 credit hour Advanced Course, a 3 credit hour American Military history course, and advanced camp in the summer between the junior and senior years, qualifies the graduate for a commission as a Second Lieutenant in the United States Army Active Component, National Guard or Army Reserve.

All students seeking a commission are required to participate in a weekly leadership laboratory. The Military Science Department does not offer a major. There is no military obligation for participating students in the Basic Course, but students selected to enroll in the Advanced Course incur a military obligation from three to eight years.

Prospective Converse students may compete for up to a four- year scholarship. Full-time students, already on campus may compete for up to a three- year Army scholarship. Army scholarships are totally merit based and can be pay full tuition and fees or room and board (capped at \$10,000 yearly).

These are funded at 100% per year for tuition and fees with \$1,200 per year for books. In addition, scholarship recipients receive a stipend of \$350 per month for sophomores (three-year scholarships only), \$450 per month for juniors and \$500 per month for seniors. Stipends are for spending money and subsistence. Contact the Scholarship and Enrollment Officer at 864.597.4338 for details.

MIL 101. INTRODUCTION TO THE ARMY/ ONE CREDIT

This course introduces Cadets to the Army and the Profession of Arms. Students will examine the Army Profession and what it means to be a professional in the U.S. Army. The overall focus is on developing basic knowledge and comprehension of the Army Leadership Requirements Model while gaining a big picture understanding of the Reserve Officers' Training Corps (ROTC) program, its purpose in the Army, and its advantages for the student. Cadets also learn how resiliency and fitness supports their development as an Army leader.

MIL 102. FOUNDATIONS OF AGILE AND ADAPTIVE LEADERSHIP/ONE CREDIT

This course introduces Cadets to the personal challenges and competencies that are critical for effective leadership. Cadets learn how the personal development of life skills such as critical thinking, time management, goal setting, and communication. Cadets learn the basics of the communications process and the importance for leaders to develop the essential skills to effectively communicate in the Army. Cadets will begin learning the basics of squad level tactics that will be reinforced during an optional weekly lab facilitated by MIL III Cadets and supervised by Cadre.

MIL 201. LEADERSHIP AND DECISION MAKING/ TWO CREDITS

This course introduces to the Cadets an understanding of the Adaptability Army Learning Area. The outcomes are demonstrated through Critical and Creative Thinking and the ability to apply Troop Leading Procedures to apply Innovative Solutions to Problems. The Army Profession is also stressed through leadership forums and a leadership self-assessment. Students are then required to apply their knowledge outside the classroom in a hands-on, performance-oriented environment during optional Leadership Lab team building exercises, and Field Training Exercises.

MIL 202. ARMY DOCTRINE AND TEAM DEVELOPMENT/TWO CREDITS

This course focuses on Army doctrine and team development. The course begins the journey to understand and demonstrate competencies as they relate to Army doctrine. Army Values, Teamwork, and Warrior Ethos and their relationship to the Law of Land Warfare and philosophy of military service are also stressed. The ability to lead and follow is also covered through Team Building exercises at squad level. Students are then required to apply their knowledge outside the classroom in a hands- on performance-oriented environment during a weekly lab facilitated by MIL III Cadets and supervised by Cadre.

ADVANCED PROGRAM

MIL 301. TRAINING MANAGEMENT AND THE WARFIGHTING FUNCTIONS/THREE CREDITS

This course focuses on training management and the warfighting functions. It is an academically challenging course where you will study, practice, and apply the fundamentals of Training Management and how the Army operates through the Warfighting functions. At the conclusion of this course, you will be capable of planning, preparing, and executing training for a squad conducting small unit tactics. Includes a mandatory lab per week using peer facilitation overseen by MIL IVs, supervised by ROTC Cadre.

MIL 302. APPLIED LEADERSHIP IN SMALL UNIT OPERATIONS/THREE CREDITS

This course focuses on applied leadership in small unit operations. It is an academically challenging course where you will study, practice, and apply the fundamentals of direct level leadership and small unit tactics at the platoon level. At the conclusion of this course, you will be capable of planning, coordinating, navigating, motivating and leading a platoon in the execution of a mission. Includes a mandatory lab per week using peer facilitation overseen by MIL IVs, supervised by ROTC Cadre. Successful completion of this course will help prepare Cadets for the month-long Advance Camp, which you will attend in the summer at Fort Knox, KY, a commissioning requirement.

MIL 401. THE ARMY OFFICER/THREE CREDITS

Focuses on development of the Army Officer. Students will develop knowledge, skills, and abilities to plan, resource, and assess training at the small unit level. Additionally, students will learn about Army programs that support counseling subordinates and evaluating performance, values and ethics, career planning, and legal responsibilities. As part of the Cadet Battalion Staff, students will teach, coach, and mentor subordinate Cadets, providing practical expertise in small unit operations. Includes a mandatory lab per week overseeing MIL III lesson facilitation and supervised by ROTC Cadre.

MIL 402. COMPANY GRADE LEADERSHIP/ THREE CREDITS

This course teaches students the knowledge, skills, and abilities required of junior officers pertaining to the Army in Unified Land Operations and Company Grade Officer roles and responsibilities. This course includes reading assignments, homework assignments, small group assignments, briefings, case studies, practical exercises, a midterm exam, and an Oral Practicum as the final exam. The Oral Practicum explores students' preparation for the 20 Army Warfighting Challenges (AWFC) covered throughout the ROTC Advanced Course. Successful completion of this course prepares students for post- bachelor Army training in their assigned branch. Includes a mandatory lab per week overseeing MIL III lesson facilitation and supervised by ROTC Cadre.

THE ALUMNAE ASSOCIATION

The mission of the Converse College Alumnae Office is to provide a comprehensive array of programs and services for the college's alumnae and graduate alumni. The programs and events are designed to serve the alumnae and keep them in touch, informed, and invested in their alma mater.

The Alumnae Office begins working with students as freshmen, sponsoring events to increase their awareness of the Alumnae Association and of their responsibilities as future alumnae. After graduation, the Alumnae Office serves as their link to the College, keeping them informed and involved with the College, and recognizing them for their accomplishments.

The mission is accomplished by the following:

- Organizing and traveling to events in various regional areas
- Organizing reunions
- Organizing on and off-campus lifelong learning opportunities for alumnae, parent, students, and friends of the College
- Maintaining a network of alumnae volunteers who help in the areas of student recruitment, providing internships, hosting events, and helping with fundraising
- Keeping track of alumnae careers, marriages, births, deaths, and maintaining files on each alumna
- Informing alumnae about their friends and the college through the alumnae section of the Converse Magazine and the e-newsletter, A View from the Tower.
- Working with students to educate them about their future role as alumnae
