FAQ's

What application do I need on my computer to open a secure Official PDF Transcript? The Official PDF Transcript is protected with advanced PDF security and therefore requires Adobe Reader or Adobe Acrobat. The latest version of the free Adobe Reader may be downloaded at (get.adobe.com/reader/).

How long is an order held? We cannot hold a credit card pre-authorization for more than 30 days, so all open orders are cancelled after 30 days. The document requester is sent a notification email when the order is cancelled, informing them of the cancellation and giving them instructions on entering a new order if desired. **The Exception** to this are orders **On Hold** for **Grades** or **Degree**. These orders have special processing that allows them to exist beyond the 30 day mark.

When is my credit card charged? When your order is initially placed, your credit card will be authorized for the purchase amount. After the document(s) are successfully processed, your credit card will be charged.

My Transcript is Missing or has Incorrect Data?

Parchment serves as an exchange platform for transcript credentials. This means that Parchment facilitates the request of the transcript(s), thereby notifying the school that the transcript needs to be processed. It is the responsibility of the school to fulfill this request since they are the only entity that has access to your credentials. Once the school has approved the request and sent it, Parchment is responsible for delivering it electronically or by mail to the destination(s) outlined in the order. **Parchment delivers transcripts exactly as they are provided from the sending institution. If you have a question in regard to the content or accuracy of the transcript data included in your transcripts, please contact your school directly.**
