CONVERSE

## WE'RE CHANGING OUR WORLD, SO WE CAN TRANSFORM YOURS.

We've had some dynamic changes happening on the Converse campus recently, and we want to bring you up to speed.

In July 2021, we won't be a college anymore; we'll be a university. And we're no longer only for women; men are now welcome to apply for fall 2021.

Plus, we are now test-optional, which means that you are no longer required to submit standardized test scores as part of your admissions application.

Located in Spartanburg, South Carolina, Converse is a dynamic learning environment that fosters creativity and encourages you to discover your voice, find your value, and take the lead. From our personal approach through the admissions process to helping you settle into your residence hall on Move-In Day, we take pride in sharing your journey and helping you be extraordinary.

And we're affordable: our tuition is one of the lowest undergraduate rates of any private college or university in the state and region.

We invite you to discover Converse for yourself. Join our diverse community of curious, dedicated students and explore your passions in a new way – and perhaps even find new interests along your journey.

If you have a lot to offer the world, we have a lot to offer—you.

## **FACULTY WHO MAKE A DIFFERENCE**

In classrooms, performance halls, research labs, and art galleries—it is the relationships between students and faculty that distinguish a Converse education.

## **LEADERS IN RESEARCH**

Some colleges prepare students for the “real world.” Our students live in it. Student/faculty research at Converse takes place across the campus in nearly every major. Choose a topic for research, pick a faculty mentor to work with, and get ready to be amazed by what you discover.

## **INTERNATIONAL STUDIES**

Imagine studying Business and Economics in Japan. History in Istanbul. Art in Paris. Education in Mexico City. Theatre in London. Converse offers a variety of international experiences that encourage students to broaden their horizons and step onto the global stage.

## **GRAD SCHOOL ADVANTAGE**

If you have ever wondered why the small classroom experience at Converse is such a benefit, all you have to do is look at the long list of prestigious schools that our graduates are attending.

Converse students are often awarded significant scholarships and stipends to further their studies. Personal faculty references and letters of recommendation can go a long way in helping secure a strong financial package for grad school.

## LIFE AT CONVERSE

Whether you live on campus or commute, the student life experience at Converse is where learning extends outside of the classroom.

With so many resources and our supportive community of faculty and staff to encourage you along your journey, you'll find student life can be a rewarding life.

## LEADERSHIP AND SERVICE OPPORTUNITIES

There are many opportunities to become an effective leader at Converse—get involved in campus organizations, participate in community service projects, or hold a Student Government Association office.

Our students engage in leadership roles tapping into their talents and skills to serve the broader community during their Converse years and beyond.

## NCAA DIVISION II SPORTS

Converse student-athletes are challenged and championed on the playing field and in the classroom. Here, success truly is more than a win-loss record.
