When purchasing your computer, please make sure it has the specifications needed to run the following software required for your major. Purchasing and maintaining a subscription to this software will become your responsibility as a Music Therapy or Music Education major.
Note: we recommend you do not purchase the software until after you are on campus and instructed to do so by your major advisor. This will save you the expense of subscription before it is actually required for class.

All General Music Majors:
- Pages
  - https://www.apple.com/pages/
- Garage Band
  - https://www.apple.com/mac/garageband/
